This Celebrated Native Wine is made from the juice of the Concord Grape, raised in this Country. Its Invaluable

Tonic and Strengthening Properties

are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.

Speer's P. J. Sherry,

A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.

SPEER'S P. J. OR PEDRO J. BRANDY.

This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.

Speer's Sambuci Wine!

celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.

Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting indica and children.

AS A DIURETIC,

it imparts a healthy action to the kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

ALFRED SPEER, Proprietor,
Office, 34 Warren Street, New York.
Mt. Prospect Vineyards, Passaic, New Jersey.

Cathartic Pills

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases caused by derangement of the stomach, liver, and bowels, which require prompt and efficacious treatment. AYER'S PILLS are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel, or any injurious properties, and can be administered to children with perfect safety.

AYER'S PILLS are an effectual cure for Constipation or Costiveness, Indigestion, Dyspepsia, Loss of Appetite, Foul Stomach and Breath, Dizziness, Headache, Loss of Memory, Sunkenness, Biliousness, Jaundice, Rheumatism, Eruptions and Skin Diseases, Dropsy, Tumors, Worms, Neuralgia, Colic, Gripes, Diarrhea, Dysentery, Gout, Piles, Disorders of the Liver, and all other diseases resulting from a disordered state of the digestive apparatus.

As a Dinner Pill they have no equal.

While gentle in their action, these Pills are the most thorough and searching cathartic that can be employed, and never give pain unless the bowels are inflamed, and then their influence is healing. They stimulate the appetite and digestive organs; they operate to purify and enrich the blood, and impart renewed health and vigor to the whole system.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in local sites whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

FACTS WORTH KNOWING.

Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known are so skillfully combined in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and

THE BEST HEALTH AND STRENGTH RESTORER EVER USED.

So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disease, or if you need a mild stimulant, or appetizer, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.

Remember! PARKER'S GINGER TONIC is not a rum drink, but the *Best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger preparations, and all other Tonics. Try a 50c bottle. Your druggist can supply you. ta14

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered him effect that it was but a trifling ailment, and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary means to be effectually relieve of it before the day of suffering and gloom comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of Boston, of the success and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed free to those who send 10 cents, in consequence of the great demand for Dr. Sherman's personal presence. He will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Dr. J. A. SHERMAN

251 Broadway, cor. Murray St., N. Y.,

— AND —

American and Foreign PATENTS.

[ESTABLISHED 1865.]

GILMORE & CO., Successors to CHIPMAN, HOSMER & CO., Solicitors, Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. Charge for making preliminary examinations. No additional fees for obtaining and conducting a rehearing. Special attention given to interferences. Cases before the Patent Office, Extensions before Congress, Infringement Suits in different States, and all business appertaining to Applications for Patents. Send stamp to GILMORE & Co., for Pamphlet of sixty pages.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & Co. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.

Arrears of Pay and Bounty.

Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & Co., and a full reply after examination, will be given you free.

Pensions.

All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.

Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.

Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & Co. is thus secured. We desire to win success by deserving it. Address

22ND

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

SATURDAY, JULY 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decision:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

Cuticura

REMEDIES

Have achieved the most noted success of any Medicines of Modern Times.

Messrs. Weeks & Potter have never doubted the specific properties of CUTICURA, CUTICURA RESOLVENT, and CUTICURA SOAP, for the speedy, permanent, and economical cure of Humors of the Blood, Skin, and Scalp. They are, however, astonished at their universal success; for it was to be expected that in the hands of some they would fail solely from spasmodic or ignorant use of them.

They are enabled to say without fear of contradiction that no remedies ever achieved in the short space of one year the number of wonderful cures per formed by CUTICURA REMEDIES.

SALT RHEUM

Covering the Body for Ten Years, Permanently Cured.

LAW OFFICE OF CHAS. HOUGHTON, 17 Congress Street, Boston, Feb. 2, 1878.

MESSRS. WEEKS & POTTER: *Gent emen.*—I feel it a duty to inform you, and through you all who are interested to know the facts, that a most disagreeable and obstinate case of Salt Rheum or Eczema, which has been under my personal observation in this firm for the proportion of the present time,—about ten (10) years,—covering the greater portion of the patient's body and limbs with its peculiar irritating and itching scab, and to which all the known methods of treating such disease has been applied without benefit, has completely disappeared, leaving a clean and healthy skin, under a few days of profuse application of CUTICURA.

I can and do heartily advise all similarly afflicted to try the remedy which has been so effectual in this case. Very truly yours,

CHAS. HOUGHTON.

LIVER COMPLAINT

And Dyspepsia Treated by the Resolvent, Gains 5 1-2 pounds on one Bottle.

Gentlemen,—I have had Liver Complaint and Dyspepsia, with running sores on the side of my back, for ten years. Doctors did me no good. I have been suffering for eight years and did not good. Everything I ate distressed me. I got reduced from 190 to 122 pounds. At last I tried the RESOLVENT and it helped me right off, and on one bottle I gained five and one-half pounds. It is doing the business, and I am going for it strong. Yours truly, JOHN E. R. Y.

414 WABASH AVE., CHICAGO, ILL., Nov. 15, 1878.

NOTE.—CUTICURA is admirable, assisted in cases of extreme physical weakness, or when the virus of scrofula is known to lurk in the system, by the internal use of the CUTICURA RESOLVENT, without doubt the most powerful blood purifier and liver stimulant in the world.

CUTICURA SOAP is an elegant toilet and medicinal soap, unsurpassed in the treatment of all external ailments. For chapped hands, rough skin and tan, sunburn, sore and tender skin troubles, it is unexceptionable as a soap for the toilet, the nursery and bath, and the most elegant, refreshing, and healing of leaders the public.

These great remedies succeed where all others heretofore in most bad cases have failed, diseases new and original properties never before successfully combated, heretofore.

THE CUTICURA REMEDIES are prepared by Weeks & Potter, Chemists and Druggists, Boston, and sold by Druggists. Price of CUTICURA, small boxes, 50 cents; large boxes, containing two and one-half times the quantity of small, $1. RESOLVENT, $1 per bottle. CUTICURA SOAP, 25 cents per cake; by mail, 30 cents; 3 cakes, 75 cts.

COLLINS' VOLTAIC ELECTRIC PLASTERS

In its annihilation of Pain and Inflammation, in the Vitalization of Weak, Paralytic and Painful Nervous Parts and Organs, in the curing of Chronic Weakness of the Lungs, Heart, and Kidneys, in the Absorption of Poisons from the Blood through the Pores, and the Prevention of Fever and Ague, Liver Complaints, Malarial and Contagious Diseases, they are wonderful. Get the genuine.

Daily Chronicle.

Wholesale Destruction of Fish.

A correspondent of the Boston *Journal* complains of the destruction of innumerable young fishes which find shelter in the eel-grass along our shore. These breeding places and nurseries are ruthlessly despoiled by the porgie fishermen who in order to catch a few barrels of alewives for bait, drag their great nets through them and ruthlessly slaughter millions of young fish.

But a very small portion of the public comprehend the extent of this wholesale destruction of a most valuable article of food. Let any one search the beaches of the Beverly shore after the porgie fishermen have been seining and a southerly wind has been blowing, and he will find among the sea-weed and eel-grass that these nets have torn from the bottom an immense amount of fish and lobsters in the form of spawn and in the various stages of development, decaying in the sun. Or let him be near when the great trap nets that so frequently obstruct the passages between the islands that dot the coast from Salem to Magnolia are being emptied, and he will be amazed at the great quantities of cod, haddock, hake, tautog and cunners that have been killed, and being too small for market, are thrown into the sea again.

Especially is this true of the mackerel fishery by the use of seines. The fish whose size is just too large to clear the mesh attempt to escape, and getting fast in are net, are rendered valueless, and are necessarily killed in removing them. Besides the wholesale destruction of these fish, the decay of the dead matter soon renders the water as the air polluted, so much so that the fish seek new waters.

While the government with most commendable zeal is striving to increase the supply of food-fish by artificial breeding, and thus restock our bays and harbors, these fish seiners and trappers are exterminating them at a vastly more rapid rate. And until something is done to check this, it is useless for the government to attempt to improve these great fields laid waste by them.—*Cape Ann Bulletin.*

Would not Offend Him.

A young lady residing near Belfast, in Ireland, was visiting some relatives in New Jersey a few winters ago. She pretended to be very much puzzled over the democratic state of affairs in our Republic. The village baker was a justice of the peace, and a shoemaker had been elected assemblyman, while the state senator from that district was a coarse, illiterate man—none of them by any means gentlemen, as she understood the word. She went skating with the children one afternoon, and after her return, told a friend that on the pond the butcher's boy had greeted her, and offered to assist her in putting on her skates.

"You didn't allow him to do so, did you?" demanded her friend a little indignantly.

"Oh yes," she said, "and skated with him, too. I didn't know but he'd be President of the United States some day, and I didn't want to offend him."

Joseph T. Shirley, a respected citizen of Conway, formerly on the Portland police service, committed suicide last Thursday morning by hanging. No cause is assigned.

Honored and Blest.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were skeptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.—*Democrat.*

—What the hotel is to the American, says an English reviewer, the club is to the Englishman. "At the club he can dine like a prince for the price he would pay at a pothouse." He has books, a smoking room, friends if he wishes, and an ability to avoid them if he wishes. Fifty cents a day is the average expenditure in a day for a member of a London club who uses alcoholic drinks.

"Invaluable for Piles and Kidney Diseases."

SWANTON, VT., Sept. 19th.

"I suffered greatly for years from Piles, and tried various remedies for relief without success until I used Kidney-Wort. If the disease shows symptoms of return, as has been the case, I have never failed to check it by the use of this medicine! I have a son about eleven years old who had for years uniformly wet his bed nights, and all the prescriptions of different physicians were ineffectual in checking it. I was assured by a physician "Kidney-Wort" was just the medicine to cure him, and sure enough, a trial was completely successful. I regard the medicine invaluable for piles and kidney diseases." SAMUEL BULLARD.

—Moonlight excursions are advertised along the Hudson river all summer long, without the least reference to the moon. If they have plenty of beer aboard no one complains.

"Stubbs, did you ever see a phonograph?" "Yes; and it was saying, Take *Adamson's Botanic Balsam* for coughs and colds, and asthma."

—"Doctor," said a gentleman to his pastor, "how can I best train up my boy in the way he should go?" "By going that way yourself," blandly replied the pastor.

Fickle in appetite, irresolute in mind, and subject to melancholy, try Malt Bitters.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

SATURDAY, JULY 31, 1880.

FOR PRESIDENT.

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT.

Chester A. Arthur,

OF NEW YORK.

Our Foreign Traffic.

We exported and imported more merchandise last year than ever before in the history of our country, our exports exceeding those of the previous year by $125,000,000, while our imports increased $222,000,000. The total value of our foreign commerce the past year was $1,503,679,498.

The export of breadstuffs for the year ending June 30th, 1880, was valued at $277,000,000. The value of provisions exported was $120,000,000. Total, $397,000,000. The increase over the previous year was $86,000,000 This looks as if the world would starve without America.

News and Notes.

The transportation of silver is becoming a serious question in the treasury department. The mint and the sub-treasury in San Francisco are overflowing with silver coin, and an application is made for a transfer east of $2,000,000. The cost of transporting this sum, at the rates charged by the express companies and railroads, would be $20,000, or one per cent. Silver bullion costs more in San Francisco than in Philadelphia, and yet the silver dollar can be used for circulation in the middle and eastern states. The question of the mode in which this silver can be transported, and where it can be most easily stored, and not exceed the amount of the $20,000 appropriated for vault room, is now being considered by the treasury department.

At Kingston, Wis., July 29th, Uriah Utley, aged seventy-six years, was shot seven times by his son Frank, aged twenty-eight. The parricide says he acted in self defence, but the case is believed to be one of deliberate murder.

Herbert Marshall, aged twenty-eight years, engineer at the Hoble house in Portland, attempted suicide by shooting on Thursday night last, and will probably die. Family difficulty was the cause.

Frederick E. Goodrich, who succeeded Colonel Charles G. Greene as editor of the *Post*, and who now occupies the position of chief editorial writer of the Boston *Globe*, has just completed a biography of General Hancock, which will be published by Lee & Shepherd.

The census of Minnesota shows a population of 708,072, an increase of 340,366 since 1870.

The body of Mrs. Fred Martin, wife of the engineer of the yacht Mamie, sunk in the recent collision at Detroit, has been found in the cabin of the sunken vessel. Only one body remains undiscovered.

On Monday evening of last week a schooner took one hundred and forty barrels of large mackerel off Block Island. They are worth $35 per barrel.

Steamer Geo. Shattuck arrived at Halifax July 29th, from St. Pierre, bringing four men belonging to schooner G. P. Whitman of Gloucester, Mass., named Daniel Griffin, John White, Elias Landry and Charles Ray. They were tending trawls, got lost in a fog and were picked up by barque Leamington, from Liverpool, and landed at Sydney, C. B. They were forty hours in a boat without food or water. The George Shattuck also brought from St. Pierre two men belonging to schooner Alice M. Williams of Gloucester. They were also tending trawls, got lost in a fog, and after two days and nights were picked up by a French vessel and landed at St. Pierre.

In Georgia, on the night of July 28th, fifteen masked men went to the house of Joe Thompson, a colored man living fifteen miles from Atlanta, beat him and his wife terribly, shot his son fatally, and killed his daughter on the spot. Four arrests have been made.

At Moberly, Mo., July 29th, as a man named J. C. Corlew was being taken into court by a sheriff to be tried for a rape committed on a Mrs. Crump at a hotel in Moberly last March, he was shot at by the woman's husband and others. Corlew ran into the court room and out into the street again, through stores and alleys, and finally into the upstairs room of a saloon, where Crump fired six more shots into him, killing him instantly.

Isaiah Carr, who was incarcerated in Kent county, R. I., jail to await examination for killing his nephew in Coventry, was found dead in his cell Wednesday morning, July 28th. He probably committed suicide.

James Gordon Bennett has resigned the presidency of the Narragansett Gun Club, of Rhode Island. His reasons are that he cannot ignore the fact that the Rhode Island legislature recently passed a law prohibiting pigeon shooting, for which the club was organized, and that as a law-abiding citizen, it would ill become him to remain at the head of an organization whose pastime was considered illegal by the legislature. Hence he respects the law by handing in his resignation to the club.

John H. Clemenshaw, the man who swore so strongly that he saw Charles De Young fire a shot at I. M. Kalloch before the latter murdered De Young, was on July 29th convicted of perjury in so swearing, at San Francisco.

E. M. Marble, the commissioner of patents, recently said in an interview that not two patents in 100 pay the cost of obtaining them. The chief of the issue division says that at least one-fourth of the patents taken out pay the inventor a good profit over the cost of obtaining them. A number of years ago, Secretary of the Interior Thompson caused an inquiry to be made into the same matter, and it was reported that the value of patents issued would average about $10,000 each.

A company with a cash capital of $5,000,000 has bought the telephone patents of Daniel Drowbaugh, a poor Harrisburg, Pa., mechanic, and of one Klemm of New York, these patents ante-dating, as is claimed, those issued to Bell, Gray and Edison, which are now in general use. The new company brags that it will drive all other telephones out of the market or force the Gray, Bell and Edison lines to pay them a handsome royalty, and claim that they will be able to establish lines by which messages can be transmitted for almost nothing.

Congressman Wellborn of Texas seems determined to kick up a row at West Point by reappointing Buck, the young cadet who recently stabbed a son of John G. Thompson at the military academy, and stands indicted for the crime before a New York criminal court.

It is announced that Gen. B. F. Butler, J. Moody Boynton, Esq., and John M. Devine, all of Massachusetts, Mr. Trevilick of Michigan, Jessie Harper of Illinois, Congressman De la Matyr of Indiana, S. F. Norton, editor of the Chicago *Sentinel*, Gen. West of Mississippi, and Mr. Cloud, the colored orator of Mississippi, will all in a very few days appear upon the stump in Maine, having been engaged by the greenback state committee.

Astronomers tell us that we are entering upon a period when an occurrence will take place in the heavens which has not been known for more than eighteen centuries. The four largest of the planetary bodies, Jupiter, Uranus, Saturn and Neptune, approaching their perihelion point in space, are sweeping in their gigantic orbits nearer and nearer to the sun, and their simultaneous approximation to the central mass of the solar system has inspired some minds with fear as to the possible results to that planet on which we dwell. There is no need for anxiety, however, as such an event has happened several times before and probably will happen often again, without causing the smallest inconvenience to any human being.—*London Telegraph.*

New Hampshire Items.

William Henry's blacksmith shop, at Claremont, was set on fire by children playing in the second story, July 29th. The children in their fright took refuge in the attic, and were with difficulty rescued. The loss is fully covered by insurance.

At a recent circus performance in East Jaffrey, the ring master, Charles Nutting, in the absence of the lion tamer, Charles Chadwick, rashly attempted to remove one of the wild animals from the cage, when he was set upon by the tigress, "Kate," which with one blow of her paw stripped nearly every vestige of clothing from his body, and threw him over her head as a cat would a mouse. Nothing daunted, however, he grappled with his adversary, and a terrific battle ensued in which, for a few minutes, it was a difficult thing to tell which would get the best of the fight. Finally the ring master succeeded in overpowering his antagonist, and she was removed. The ring master was well nigh exhausted, but by the application of proper restoratives was soon able to be about again. He says that the value of the "three great shows combined" would not tempt him to enter that cage again unless accompanied by Herr Chadwick and his spear.

The petitioners in the Manchester & Keene railroad case now ask that G. A. Ramsdell, Esq., receiver, be authorized to contract with responsible parties to open and operate the road, which was granted at a hearing on July 27th, at Manchester. The Nashua & Lowell road claim the right to operate the lower end of the road, but the court gave them till August 9th to determine whether they will operate the whole line. If not, some other arrangement will be authorized by which the public will be accommodated until the legal questions now pending are fully determined.

On Sunday, July 25th, a party of nearly 200 men from Lancaster and Dalton joined in an unavailing search for the body of Silas Hurlburt, the old gentleman who has been missing for so long a time from his home in Lancaster. It is believed he perished in the woods.

Manchester has filled up so fast recently with French Canadians that it has been found necessary to form another French Catholic society. Rev. Father Tirren from Maine will take charge of it. Arrangements have been made for building a new church immediately. The new building will be located on the west side of the river.

Upwards of 300 persons took passage last Thursday morning from Weirs to Alton Bay, via the steamer Lady of the Lake, to attend the closing services of the Free Baptist centennial at the grave of the late Rev. Perry Randall.

Eat Slow

and clean your mouth afterwards with SOZODONT, and your teeth will be in condition to do their work for years. Those who do dyspeptics bolted their food because they had no good teeth to masticate properly. Chew fine, eat slow, and use SOZODONT.

Mothers! Mothers! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle. 4

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C* D&WLJan81

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Dr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, with at length: He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to Office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deodeaim

NOTICE.

THE BOARD OF INSPECTORS OF CHECK LISTS give notice that they will be in session at the City Building, THURSDAY, July 22d, WEDNESDAY, July 28th, and SATURDAY, July 31st, 1880, from 9 o'clock A.M. to 12 M., and from 2 to 5 o'clock P. M. on each of said days for the purpose of revising and correcting the list of voters.

They will also be in session at the same place from 8 to 10 o'clock A. M. and from 1 to 2 o'clock P. M. on the day of election for the purpose of furnishing certificates to any person whose name may have been omitted and whom the Board are satisfied has resided in the Ward one year next preceding said election.

Per order of the Board of Inspectors of Check Lists of the City of Portsmouth.

J. H. GARDINER, *Clerk.*

Portsmouth Savings Bank.

THE ANNUAL MEETING of this Corporation will be held at the Bank, WEDNESDAY, August 4th, at 4 o'clock P. M.

JOS. HILLER FOSTER, *Clerk.*

July 27, 1880.

Proposals for River and Harbor Improvements in Maine, New Hampshire and Massachusetts.

PROPOSALS in duplicate, addressed to the undersigned, will be received at his office in Portland, Maine, until 3 o'clock P. M. on Tuesday the 17th day of August 1880, at which place and time they will be opened in the presence of the bidders, for work for improving the following named rivers and harbors to wit:

1. Lubec Channel, Maine, about 130,000 cubic yards of dredging.
2. Cathance River, Maine, about 30,000 cubic yards of dredging.
3. Gut opposite Bath, Maine, about 200 cubic yards of sunken ledge to be removed.
4. Richmond's Island Harbor, Maine, about 2,500 tons of granite grout.
5. Lake Winnipiseogee, N. H., about 7,000 cubic yards of dredging.
6. Portsmouth Harbor, N. H., breaking up and removing about 700 cubic yards of sunken ledge, and about 2,000 tons of Rubble stone.
7. Merrimac River, Mass., about 25 cubic yards of sunken ledge to be removed.
8. Boston Harbor, Mass., about 200,000 cubic yards of dredging.
9. Plymouth Harbor, Mass., about 40,000 cubic yards of dredging.
10. Provincetown Harbor, Mass., about 750 tons of Rubble stone.

Persons desiring to make proposals for any of the above works are requested to apply to the undersigned, at his office, No. 11 Clamp's Block, Congress Street, Portland, Me., or at No. 20 Pemberton Square, Boston, Mass., for specifications and for further information concerning the same.

Proposals must be made *separately for each work*, as required by the specifications, and be accompanied by the requisite guaranty—each proposal and guaranty to be in *duplicate*, on printed forms, which will be furnished on application at this office—and when transmitted, must be so indorsed on the *sealed* envelope as to indicate, before being opened, the particular work bid for.

The undersigned reserves the right to reject all bids which in his opinion are not reasonable; also the bid of any failing bidders or contractors or of any other person who, in his belief, will not faithfully, satisfactorily and promptly perform the contract.

AROUND HOME.

See notice of auction sale to-day, by C. Dwight Hanscom & Co., of a barge and an omnibus.

The six per cent discount on taxes expires to-day, Saturday. Four per cent discount is allowed for a while longer.

It is said that the Craig house on Middle street has been purchased for the Misses Young of Greenland, formerly of this city.

The fine sidewheel steamer Stamford will make trip to the Shoals and back on Sunday, landing passengers on Smuttynose island. She will leave Commercial wharf at one o'clock. See advt.

It is rumored that Miss Annie B. Torrey of the American Union Telegraph Co. is to be transferred to Dover, to be succeeded here, as operator, by Mr. Joseph O. Neff, now at Portland, formerly an operator in this city.

On Friday last Mr. William Ward ran out from his place of business, No. 19 Dennett street, a handsome fifteen-foot flag, bearing the names of Hancock and English. The Christian shore democracy seem to enthuse considerably over the "superb soldier."

At a well-attended meeting of the greenback-labor party, held Friday evening, it was resolved "that inasmuch as no political significance is attached to the municipal election, it is deemed inexpedient to make nominations, but to reserve our forces for the pending presidential campaign."

The *Journal* tells the *Times* that the latter paper misses its guess, when it attributes to the collector of customs all of the editorials of the *Journal*. The collector has all he can do to take care of national politics and hold up Rollins until the rest of the enjoyers of patronage give the signal to let him drop for the coming man.

Arrangements have been made for the public opening of the Franklin Opera hall; Mr. Henry C. Barnabee, with a talented corps of dramatic and musical performers, will do the honors of the occasion. There is some talk of the reproduction of "Pinafore." The "Ideal" company, could it be brought together, would no doubt fill the hall.

Persons wanting a quiet Sunday excursion to the Shoals can be accommodated by taking the steamer Mystic, which leaves here at about half-past ten o'clock in the forenoon, touching at Appledore on coming and going, and remains at Star island three hours. Those wishing to visit Smuttynose will have boats supplied them free of charge.

The rain storm on Wednesday of this week, was accompanied in some places with a heavy fall of hail. A small quantity fell in the south part of this city. At the Farragut house, Rye beach, the hail was so thick that objects only at a short distance could be seen. At Seabrook the hail shower was very severe, it falling in large quantities, the wind blowing it into drifts, which were utilized by the boys, who made it into balls, blending a winter scene with the extreme of summer. Considerable damage was done to vegetation in that vicinity.

One of the handsomest democratic campaign banners ever raised in this state will be thrown to the breeze in front of the residence of Alexander Robinson at the Creek, this evening at seven o'clock.* The banner is thirty feet in length by twenty in width, with portraits of Hancock and English six feet in length, and full names of the candidates upon it. Speeches will be made by several gentlemen, among whom are expected Hon. John K. Tarbox of Lawrence, and others. The Rye band has been engaged to furnish music for the occasion.

Rev. Wm. H. Alden, D. D., left on Thursday last to spend his vacation at Saratoga.

MUNICIPAL AFFAIRS.

In board of mayor and aldermen, regular meeting, Thursday evening, July 29th;

Wm. Ward was granted leave to encumber McDonough street for building purposes, and Dennis Shea to open Islington and Market streets to lay drain.

Voted to pay John Griffin $9.75 for damage done to his barber shop by a rocket on the night of July 5th.

The following supervisors of elections were appointed: Ward one, Charles H. Besselievre, George W. Fox; ward two, John T. Mortimer, Samuel R. Gardner; ward three, Charles W. Taylor, William Alton; ward four, William B. Randall, Aaron Rand.

REPUBLICAN NOMINATIONS.

The republican caucuses in wards one and two were held on Friday evening, the nominations being as follows:

Ward one. Aldermen — William F. Noyes, Charles A. Shannon, George T. Vaughan; Councilmen, William H. Gardiner, Freeman R. Garrett, John T. Newton, Robert King, George W. Frost; Assessors, George W. Pendexter, Joseph H. Berry, Thomas J. Mitchell; Overseer of the Poor, Henry M. Clark.

Ward two. Aldermen—Jeremiah F. Hall, John H. Slater, Thomas E. Call; Councilmen—John M. Clark, Charles Manent, Alfred M. Lang, Charles F. Shillaber, Albert C. Anderson, Warren P. Webster; Assessors—Ebenezer F. Brackett, Lewis G. Davis, Benjamin F. Webster; Overseer of Poor, Samuel S. Green.

DEMOCRATIC NOMINATIONS.

The democratic mayoralty caucus was held at the State street schoolhouse (the "old ward six" ward room) on Friday evening, and Josiah H. Morrison was nominated without any opposition, receiving 524 votes. Hon. Daniel Marcy, Edwin D. Coffin, James F. Jenness, and Benjamin M. Parker were appointed a committee to notify Mr. Morrison of his nomination. There was a large attendance and considerable enthusiasm.

Mr. Morrison has so industriously applied himself to his business at the west end that he is perhaps less known to many of our down-town people than any man who would be likely to receive the democratic nomination. He as a member of the board of aldermen from his ward shew himself to be a capable and faithful city father, and is a shrewd, farseeing and straight-forward man, and if elected would no doubt look well after the interests committed to his charge. Whether the nomination is merely complimentary, or means a struggle for the mayoralty, will best be shown on election day.

The democrats of ward four caucussed on Friday evening, and made the following nominations: Aldermen — Henry S. Hartshorn, William S. Hazel; Councilmen—Charles E. Senter, Willard M. Gray, Howell C. Russell, Daniel Geary; Assessors, Henry F. Wendell, William P. Bennett; Overseer of the Poor, Benjamin F. Mugridge.

YORK COUNTY ITEMS.

There are three parties camping out on the Chauncey's creek shore of Gerrish's island, Kittery.

Fred Bradgdon, an unmarried man twenty-seven years of age, hanged himself in Wells on the night of July 29th.

The faith convention at Old Orchard beach, conducted by Dr. Cullis of Boston, assisted by Drs. Peck, Earle, Bishop Fallows, and others, opened last Thursday.

Diamonds valued at seven hundred dollars were stolen from the room of W. L. Sturner of Toronto, on the afternoon of July 28th, by unknown thieves at Old Orchard beach.

Abraham Lincoln Post, No. 29, G. A. R., was organized at Wells on Monday, July 26th, with C. H. Smith as post commander. The new post starts out with twenty-three charter members.

It seems that Ichabod Cole's democracy was not pliable enough to suit the greenback element of the party assembled in convention at Portland this week, and only seven unadulterated democrats cast their votes for him as a nominee for congress, while Gen'l Anderson filled the bill, and satisfied both the greenback and democratic conventions. Ichabod must learn to labor and to wait, until he becomes conscious of the fact that a modern democrat must be able to accommodate his "principles" to the demands of the hour.

The greenback convention of the first congressional district of Maine (York and Cumberland counties) was held in Portland, July 29th, with John H. Hammond of North Berwick in the chair. The democratic convention met on the same day. The result of the day's work was the joint nomination of Gen. Samuel J. Anderson, a Bourbon copperhead, for congress, Deacon E. H. Gove of Biddeford, greenbacker, who very anxious for the nomination, being left out in the cold altogether, he getting but thirty-six votes to seventy-six for Anderson. Mose Harriman, of Kennebunk, was "vindicated" by receiving two votes, and made a speech. Gen. Anderson also made a speech, in which he lauded the doctrine of state supremacy, denounced the national banking system, recommended paying the bonds of the United States in silver, and said the democrats and greenbackers are close together on the currency question.

The post-office department officials estimate the total deficiency of the present fiscal year at $2,600,000, and if it is kept within this amount it will be less than in any previous year since 1867, when it was unusally small.

BOW MISSION SERVICES.

Band of Hope meeting this afternoon at three o'clock, at Bow mission hall.

Gospel temperance meeting this evening at 7:30 o'clock. All are welcome.

Bethel service Sunday afternoon at 4:15; seafaring men especially invited.

Appledore and Oceanic Hotels,

ISLES OF SHOALS.

Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.

☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge*. The wharf of the steamer is a short distance from the railway station, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"

Newcastle, N. H.

This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and inviting walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The temperature of the bathing at the "Wentworth" is especially invitiating to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house affords fine views. Its *cuisine* will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

Indian Depredations.

The fair reader shudders when she thinks of the settler's wife watching, from the door of her rude hut, the retreating form of her husband going out to his daily labor—going out perhaps to return not again, for before nightfall a savage hand may have laid him low among the prairie grasses. Or it may be a child, a bright-eyed daughter, is snatched away in an unguarded moment, to grace the next war dance. When we read the heart-rending details of these savage depredations, we are apt to blame the government for not taking more strict precautions to insure the settler's protection. But we daily read of the depredations of that arch-fiend, consumption, with scarcely a thought of the terrible inroads it is making on human life. Tens of thousands of homes are annually desolated by consumption to one by Indian outrage. Like the Indian, consumption oftenest comes stealthily, and no danger is apprehended until the victim suddenly finds himself hopelessly ensnared, and death's fatal arrow ends the scene. Dr. Pierce's Golden Medical Discovery, a powerful alterative, or blood-purifier, and tonic, has restored thousands of consumptives who had tried every other remedy recommended to them, without obtaining any relief, and are willing to testify to its remedial powers.

—An otherwise estimable young man who recently joined an archery club, asked the fair being whose striped hose he some time hoped to have the honor of buying if she would not like to become a toxophilite, but she said her family had been Presbyterians so long that she should feel quite lost in any other denomination.

A fool once more.

"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a U. S. flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her, she is now as well and strong as any man's wife, and it cost me only two dollars. Such folly pays.—H W., Detroit, Mich.—*Free Press.*

—Recorder—"You have been behaving very badly. You not only got drunk, but you resisted the officer and used improper language." Prisoner—"I say, did you ever get drunk, and then just about the time you felt tired and wanted to go to sleep, did you ever have a policeman paw you about like you were a green watermelon? Say!" Recorder—"No; I was never drunk." Prisoner—"Then don't talk."

Rich in fat-producing material beyond all other foods and medicines are Malt Bitters.

—An Ichthyophagous club has been started in New York. It is calculated to ruin the reputation of any husband who goes home late at night, and tries to tell where he has been.

A Medicinal Wine for Kidney Complaint.

In this age of "extended liquors," it is pleasant to know that there is one article of pure wine in the market for medicinal use. We have reference to Speer's Sambuci Wine, which was on exhibition at the Fair, and a glass was given to each visitor who claimed it. A glass was proffered to me, and I touched it to my lips somewhat unwillingly, but was agreeably disappointed in finding it one of the most delicious wines I had ever tasted. I doubt whether there is a vineyard in the Old or New World that can yield a wine at all comparable to this in richness and delicacy of flavor. Mr. Speer prepares it by a new process peculiar to himself, without the addition of spirits, and each bottle he sells is guaranteed to be four years old. It is largely used in the New York and European hospitals for dropsy, gout and all kidney complaints. It has found its way, it would seem, to London and Paris hospitals, as the best wine to strengthen and build up a consumptive or debilitated system.—*Boston Evening Transcript.*

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage Hire, and stop at *Grand Union Hotel*, nearly opposite Grand Central Depot. 350 elegant rooms reduced to $1 and upwards per day. European Plan. Elevator. Restaurant supplied with the best. Horse Cars, Stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in the centre of the block. apl8d(tu)eow

CIRCUIT COURT OF THE UNITED STATES.

DISTRICT OF NEW HAMPSHIRE.

Goodyear Dental Vulcanite Co. vs. James M. Folsom. Same vs. Alphonso Severance. In equity. Opinion by *Lowell, J.*, July 23d, 1880.

I have been applied to at Boston for an order preceding an injunction in these cases, which are pending in New Hampshire, though the circuit court will be sitting there in a few days, on the ground that the district judge of New Hampshire cannot issue the writ, sitting as the circuit court, when a circuit judge can be found. This point of law I do not agree to. Sec. 719 of the revised statutes contains certain qualifications of the powers of district judges, which had become of little use long before the statutes were revised, and were supposed by many persons to have been repealed. That section authorizes writs of injunction to be granted by any justice of the supreme court, and by any judge of the circuit court in cases where they might be granted by the courts themselves, respectively, with certain limitations as to the place where the judge of the supreme court shall hear the application. Then follows the part referred to by the petitioner: "And an injunction shall not be issued by a district judge, as one of the judges of a circuit court, in any case were a party has had a reasonable time to apply to the court for the writ; nor shall any injunction, so issued by a district judge, continue longer than to the circuit court next ensuing, unless so ordered by the circuit court."

At the present time, the district judge has full and unrestricted power to hold the circuit court (Rev. Stats. § 609), and it is not easy to find a reason for restricting his powers as a judge of the court in any particular. I am satisfied that this section does not mean that the circuit court cannot issue the writ when held by the district judge, as fully and freely in all respects as when held by the circuit justice, or by two judges. It refers to writs issued in vacation; and "the circuit court next ensuing" shows this quite distinctly.

This part of section 719 is taken from the act of 13th February, 1807, 2 Stats. 418. In 1842, a statute gave plenary power to the supreme court to make rules in equity, and by Rule 55, which is still in force, that court recognizes the equal power of both justices of the circuit court in this particular. Judge Conkling, in his Treatise (3d ed. p. 240, 5th ed. 219), points out that the rule recognizes this equality, and is of opinion that it repeals the statute. He has no doubt that under the power given the supreme court to make rules, by the act above cited, they might repeal such a statute. It is to be observed that the law of 1842 did not contain the limitation which we find in Rev. Stats. § 917, that the rules are to be "not inconsistent with any law of the United States." Still, it is probable that this was implied. Instead, therefore, of saying that the supreme court repealed the law, we may say they construed it as not impairing the equality of the two judges when acting in the circuit court, but as applying merely to writs issued in vacation.

It was originally the law that a quorum of the circuit court consisted of two judges (Stat. 1789, § 4; 1 Stats. 74). In 1793, power was given to one justice of the supreme court to hold the circuit court when the district judge should be absent or interested, etc. (1 Stats. 333). In 1802, any judge of the circuit court being the only one in attendance, was given power to hold the court (2 Stats. 156.) From this statute has grown up the practice, which had become entirely settled in 1842, and is now fully recognized by statute (Rev. Stats. § 609), that the district judge has as full power to hold the circuit court as is possessed by any other judge of that court. But in 1807, the theory of congress probably was that the regular terms of the circuit court would be held by two justices, as, in practice, they were at that time. The meaning, then, of the statute was, that a plaintiff should not apply to the district judge, as such, that is, to a judge as distinguished from the court, if the court was sitting, or was about to sit, in term, so that he had opportunity to apply to what was supposed to be a full bench. Rule 55, in like manner, provides that the writ may be granted by the circuit court in term, or by either judge thereof in vacation, to last until the next term.

It must be taken to be the law still, that the district judge not acting through the court, but signing the writ himself in vacation, should not do so when the circuit court is sitting or can be applied to; and should limit its operation to the next ensuing term. But the district judge has full power to hold the circuit court for all purposes, including this. Such is the plain meaning of Sect. 609, and of Rule 55 of the supreme court; and such has been the practice for forty years. When, therefore, the circuit court is held by the district judge, there is an opportunity to apply to that court, and it has full power in the premises. The reports are full of such cases; for instance, Howe vs. Underwood, 1 Fisher, 160, in which case nothing in the record or the orders shows that Judge Sprague held the court, and the writ was in the usual form.

"While sitting as circuit judge his [the district judge's] authority was co-extensive with that of any other judge sitting in the same court." Sawyer, J., 3 Sawyer, 134, 140. The circuit court is the circuit court, and no law requires that the record should show who holds it, and our records, for a great many years, did not show it. A writ issued by that court is not issued by the district judge. Power is given by this same Sect. 719 to the circuit judge to issue the writ, but it is much more doubtful whether he can issue it as judge, acting at a distance from the clerk's office, when the circuit court is sitting, than it is whether the circuit court held by the district judge can do so. Rule 55 gives the powers to a judge only in vacation, and the power of the supreme court to limit and qualify the statute in that respect I do not doubt. It, in fact, puts all the judges under similar restrictions to those which the statute imposes on the district judge. I have, therefore, no power to issue the writ here, and there is no necessity for my going to New Hampshire. The plaintiff may apply to the circuit court presently to be held by Judge Clark, at Portsmouth, for the order to show cause.

Petition denied.

Chambers's Encyclopædia.

15 Vols. Over 13,000 Pages. Price during July, $6.25.

Among the wonderful things which have been accomplished for lovers of good books by the "Literary Revolution," perhaps the most wonderful is the reproduction of this great Encyclopædia at a merely nominal cost.

It is a verbatim reprint of the last English edition, in 15 beautiful volumes, clear nonpareil type, handsomely bound in cloth, for $7.50; the same printed on finer, heavier paper, wide margins, and bound in half Russia, gilt top, price $13.00. The first ten volumes are ready for delivery. Vol. II will be ready July 15. The remaining volumes will be completed by October next.

$6.25. AN AMAZING OFFER. $6.25.

The more widely and rapidly these volumes are scattered, the greater is their influence in inducing other purchases of this and our many standard publications. Accordingly we give special terms to early subscribers.

To all, whose orders and money are received during the month of July, we will supply the 15 volumes, in cloth, for $6.25 and in half Russia, gilt top, for $12.50. To any one sending from any place, where we have no special agent (usually the leading bookseller of the town), a club of five orders, we will allow a commission of 10 per cent. The volumes issued will be sent at once by express, and the remaining volumes when completed.

A specimen volume in cloth will be sent, post-paid, for 50 cents, or in half Russia, gilt top, for $1.00, and may be returned at once if not satisfactory.

The "CHAMBERS'S ENCYCLOPÆDIA" comprises the first 15 volumes of our "Library of Universal Knowledge," and the remaining volumes, complete in themselves, will be sold separately when published.

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

FACTS WORTH KNOWING.

Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known, are so skillfully combined in PARKER'S GINGER TONIC as to make it a perfect *Blood Purifier and*

THE BEST HEALTH AND STRENGTH RESTORER EVER USED.

So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney or Liver Disorder, or if you need a mild stimulant or appetizer, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.

Remember! PARKER'S GINGER TONIC is not a rum drink, but the *Best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, Ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. ta14

RUPTURE

DR. J. A SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury usual to other methods, now has permanently at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by direct external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered him off that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the dangers of strangulated groin comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Dr. J. A. SHERMAN

251 Broadway, cor. Murray St., N. Y.,

— AND —

43 Milk St., Boston.

Beware of certain confidence men and imposters who represent themselves as Dr. Sherman.

American and Foreign PATENTS.

[ESTABLISHED 1865.]

GILMORE & CO., Successors to CHIPMAN, GILMORE & CO., Solicitors, Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. Additional fees for obtaining and conducting a re-hearing. Special attention given to Interference Cases before the Patent Office. Extensive practice before Congress, Infringement Suits in different States, and all litigation appertaining to Inventions or Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & Co. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.

Arrears of Pay and Bounty.

Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & Co., and a full reply after examination, will be given you free.

Pensions.

All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.

Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.

Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & Co. is thus secured. We desire to win success by deserving it. Address

GILMORE & CO.,

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the members of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st, rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

KIDNEY-WORT

THE ONLY MEDICINE

That Acts at the Same Time on THE LIVER, THE BOWELS, and the KIDNEYS.

These great organs are the natural cleansers of the system. If they work well, health will be perfect; if they become clogged, dreadful diseases are sure to follow with

TERRIBLE SUFFERING.

Biliousness, Headache, Dyspepsia, Jaundice, Constipation and Piles, or Kidney Complaints, Gravel, Diabetes, Sediment in the Urine, Milky or Ropy Urine; or Rheumatic Pains and Aches,

are developed because the blood is poisoned with the humors that should have been expelled naturally.

KIDNEY-WORT

will restore the healthy action and all these destroying evils will be banished; neglect them and you will live but to suffer.

Thousands have been cured. Try it and you will add one more to the number. Take it and health will once more gladden your heart.

Why suffer longer from the torment of an aching back?

Why bear such distress from Constipation and Piles?

Why be so fearful because of disordered urine?

KIDNEY-WORT will cure you. Try a package at once and be satisfied.

It is a dry vegetable compound and

One Package makes six quarts of Medicine.

Your Druggist has it, or will get it for you. Insist upon having it. Price, $1.00.

Telephones in Thunder Showers.

People having telephones in their houses were rather alarmed during the recent heavy thunder storm, and a general impression prevails that the instruments are dangerous. The fact is, a house is safer with than without a telephone. The following from the Rutland *Herald* should be read by everybody interested in the subject: "It is of much importance to understand the relations which the telephone wires and the instruments attached bear to the electric current in the atmosphere during a thunder storm. The telephone, hung upon the hook, should be left there until the shower is over. The crack and the flash will do no damage, and the lightning arrester, which is the wire leading the current to the ground, will cause it to hop off without harm. Every house with a telephone is really much safer than one without, since the wire acts as a lightning rod, and is as efficient for that purpose as most rods in use. While there is no cause for alarm in a thunder shower on account of the presence of wires and instruments, it is very unwise to use them while a shower is near. The sharp crack which is observed in the telephone with each flash of lightning is liable to injure the ear of a person who may be operating at that time, or result in a severe shock to the nervous system. Every house having an instrument, and the entire community, is safer from harm during an electric storm than without that protection. The intelligent and proper use of the telephone, as herein suggested, is all that is necessary. This instruction should be strictly observed."

An Omission.

A campaign life of General Hancock, written by A. T. Freed and published by a Chicago house, has come to hand. We look with interest to find the author's explanation of General Hancock's removal from New Orleans, and this is what we read:

"The policy thus laid down and acted upon provoked the greatest opposition in the north, and General Grant was induced to annul some of Hancock's orders. The latter, however, could not be induced to change his conduct, and he wrote to a friend, 'Nothing can intimidate me from doing what I believe to be honest and right.' Congress took up the matter, and legislation aimed at Hancock was introduced, so that in 1868 he was impelled to ask to be relieved of his command. This was done, and he was assigned to the department of the Atlantic, with headquarters at New York."

It is curious that the author should omit to state that the real cause of Hancock's removal was his transgression of his own executive order by an arbitrary interference with the civil authorities, and the appointment of nine citizens of his own selection in place of regularly elected members of the city government. This incident is an historic fact, and it is a pity to have it overlooked. We fear that Hancock's biographers propose to maintain the same silence on that point as the democratic press has done. Gen. Hancock made a "superb" figure as a military dictator, and he should have the credit of it.—*Boston Journal.*

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—*Press.*

—A consumptive-looking man, lame and feeble and carrying a pint bottle full of something, halted a pedestrian and said: "I found this bottle on the corner back there, and I wish you'd tell me what's in it." The other took it, removed the cork and snuffed in a full breath. The next instant he staggered against a wall, clawing the air and choking and gasping, and it was a full minute before he blurted out: "Why, you infernal idiot, that's hartshorn." "Well, I'm perfectly willing to take your word for it without extra insults," observed the invalid in an injured voice, and he took his bottle and walked off like a man who had been abused without the least excuse.

MONUMENTS TO DISCOVERERS. A friend of ours hearing it said that "all famous discoverers have a monument," remarked: "Yes, all but one; the discoverer of Bright's disease. But there is a man, Wm. E. Clarke, of Providence, R. I., who is entitled to a monument, for he makes a medicine that cures Bright's disease, and all diseases of the kidneys, liver, bladder, and urinary organs. It is called Hunt's Remedy, the great kidney and liver medicine.

Sold by all druggists. Trial size, 75 cents.

—A woman will take the smallest drawer in a bureau for her own private use, and will store in it dainty fragments of ribbon, and scraps of lace, foamy ruffles, velvet things for the neck, bundles of old love-letters, pieces of jewelry, handkerchiefs, fans, things that no man knows the name of, all sorts of fresh-looking, bright little articles that you couldn't catalogue in a column, and at any time she can go to that drawer and pick up any one of them she wants without disturbing anything else. Whereas a man having the biggest, deepest, and widest drawer assigned to him will put into it a couple of socks, a collar-box, an old necktie, two handkerchiefs, a pipe and a pair of braces, and to save his life he can't shut the drawer without leaving more ends of things sticking out than there are pieces in it.

Consumption or debility in its first stages promptly arrested by Malt Bitters

Portsmouth Chronicle.

MONDAY, AUGUST 5, 1880.

FOR PRESIDENT.

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT.

Chester A. Arthur,

OF NEW YORK.

The Letters.

Gen. Hancock, after a fortnight's preparation, has been able to produce a letter, from which appears to be eliminated all political or personal angularities. It is a good piece of composition, remarkable for what it does not say beyond a few generalities. He thinks that no incompetent or dishonest person should ever be entrusted with public office, which is a trust, not a bounty. Rather queer talk for a leader of a party whose sole aim just at this time is to put in practice the Jacksonan theory of the victors shaving up the spoils. But the general is by no means the first democrat in prominent position who can say one thing and mean another.

Mr. English's letter also has appeared, and has a political flavor about it. He wants a new deal. He has much cheap talk which is hardly in keeping with the dignity of the correspondence, but apparently intended to take with the people who enjoy that kind of a thing. It has more snap as well as nonsense than Hancock's, and at the same time has that adaptability or elasticity without which no democratic candidate can stand well with the varied elements of his party.

News and Notes.

A sad accident, resulting in death, occurred in Boston Saturday afternoon. Two widow ladies Mrs. Lucy Pettis, sixty-three years old, and her daughter Mrs. Mary Prince, attempted to walk on board the steamer Nahant on a gang plank which rested on the wharf only, when they were precipitated into the water. They were rescued by the mate of the steamer, but Mrs. Pettis received injuries from which she died in about an hour. Mrs. Prince it is feared was injured internally, but is still living.

Two children were drowned at Woonsocket, R. I., Friday evening, by breaking through the plank cover of a mill trench. Afterwards, while search for the bodies was being made, the stairs attached to the building over the trench broke down under the weight of the people, and several were precipitated into the race-way. Miss Ida Newhouse was badly hurt, and another girl less severely.

Edward Kensett of Bridgeport, Conn., bought ten grains of morphine on Monday night of last week. He then went to a saloon, talked pleasantly with two or three friends whom he met, and at parting shook hands with them, and said, "Well, good bye, for I'm either going to kill myself or go to sea." He was under alcoholic influence, but only slightly so, and made the remark quoted in the most natural manner. He went home, took the poison, and died from its effects the next day.

A number of horses in Boston and vicinity are suffering from a new disease which paralyzes the muscles of the throat, and subsequently those of the body, with fatal results.

The census returns from every district in Oregon show a population of 275,535, an increase of ninety-three per cent.

Preparations on a magnificent scale have been made at Chicago for the reception of the Knights Templar at their conclave there, beginning August 16th. The procession will number 18,000 to 25,000. The erection of an asylum, arches and grand encampment has begun. A hundred thousand invitations to a grand ball at the exposition building have been issued; 1,389 tents are erected in the camp, and 7,200 people can be accommodated in them; $4,000 in prizes will be awarded for drilling. Fireworks, and calcium and electric lights, will be features of each night's celebration.

At an examination in Philadelphia, a few days ago, it appeared that there is a regular organization in that city of girls about ten years of age, for the purpose of blackmailing professional men. Some of the girls, it is said, make from $4 to $5 per day by their nefarious business, being instructed and sent out by their mothers.

Another Spanish outrage is reported, in the searching of the American schooner George Washington when fourteen miles off the coast of Cuba by a Spanish gunboat. The schooner's papers were examined, her crew mustered and her hold searched by an armed boat's crew.

The court of inquiry in the case of Rev. John Morse, at Dexter, Me., after hearing the testimony, has suspended him from the ministry until after the next conference.

A bark which arrived at St. Johns, Newfoundland, last week, from England, brought in what is believed to be the figure-head of the missing training ship Atalanta. It is painted white, and represents a goddess. It was picked up in latitude 46 12 north, longitude 22 30 west.

An Englishman fifty years old is in jail at Newburyport for bigamy, he having four wives living.

It is reported that Gen. Dumont, inspector general of steamboats, says the evidence taken at New London regarding the Narragansett disaster shows conclusively that the collision was entirely unjustifiable, and due to most reckless mismanagement.

Capt. H. B. Pettengill of the customs force seized $300 worth of liquors and a valuable team belonging to Mark French, a notorious smuggler, at Eden, Vt., last Thursday. The liquors were brought from Montreal.

At Haverhill, Mass., Friday, John Matthews, a colored man twenty-four years old, was instantly killed by jumping from a train in motion.

A yacht club was organized in Gloucester, Mass., last week. It is called the Cape Ann yacht club, and Bennett Griffin is the commodore.

According to the last census of London, when compared with the most recent returns of the inhabitants of New York, Philadelphia, Chicago, Boston and Cincinnati, the united populations of these six American cities just about equal the population of the British capital.

The late earthquake which destroyed the city of Manila is the second experience of the kind for the unfortunate people within twenty years. In 1863 almost every house was thrown down and over 300 persons were killed. The houses hereafter will doubtless be constructed of wood or built of one story.

On July 24th the bark Tiber brought to New York from Shanhai the iron that composed the only railway China ever had. Ten years ago three Connecticut Yankees obtained the right to build and operate a horse railway from Woo-Sung to Shanghai, a distance of sixteen miles. The iron and materials were shipped from this country, and it is the fragments of these which now return to New York. From the beginning the railroad met with the most persistent opposition of the peasant proprietors through whose land the road ran. Every evil of storm, flood, drought, sickness of man and beast, shortness of crops, etc., was ascribed to the anger of the spirits outraged by the new-fangled mode of locomotion. The road was built and operated by steam engines for about six months, but few patronized it. Finally the government brought the road, tore up the rails, leveled down the grades and sold the material for old iron. So it returns to the place from which it started, an unappreciated attempt at improvement.

The Lackawanna was at Panama June 26th, but did not allow any one on shore, on account of yellow fever; she was to sail for Callao the same day. The Adams had sailed for Callao previously.

The Editor's Diary.

The editor of a Texas paper gives the following figures from a statistical memorandum of his life, in answer to the conundrums in last month's *Printer-Advertiser*:

Been asked to drink	11,362
Drank	11,362

—He was a little verdant or he never would have said: "Perhaps we had better walk on till we come to a settee where we can sit together." "Oh! no," she replied sweetly; "you sit down in the chair and I will be the settee."

—Irish repartee is proverbial. A professional man addressed an artisan, who was waiting in his hall, rather brusquely: "Hallo, you fellow, do you want me?" The answer was neat. "No, yer honor, I am waiting for a gentleman."

New Hampshire Items.

Joseph Goin and John Martel, two Frenchmen, the former about twenty-one years old and unmarried, and the latter married, are under $800 bonds to appear to answer to a charge of attempted outrage upon Mrs. Laommie Searles of Manchester, last Thursday forenoon. The lady was assaulted on the public road about a mile from Manchester, but her screams brought help at once.

A bold robbery occurred at the farm house of John F. Jones, two miles out of the village of Claremont, last Thursday, while the men were working in the hayfield. A man about forty years of age called at the house and asked the servant a few questions; then proceeding around the house, entered by a window, taking $65 belonging to Horace Dean, overlooking other valuables in his flight. No clue has been discovered yet.

Mr. Joseph Stone has resigned his position as agent of the Manchester mills. The name of his successor is not yet announced.

A locomotive of a new pattern is being built at the Concord railroad repair shop at Concord. The boiler instead of being round, is flat, some two feet thick by seven wide and twelve long, the tubes running horizontally. This boiler rests over the fire box and in the middle of the locomotive, the engineer's position being in a little cab, similar to the wheel-house on a steamer, at the forward end, while the fireman's position is at the other end as in ordinary locomotives. A young man named Stevens is the inventor, and the advantage sought to be derived is economy of fuel.

A Public Duty.

We are not in the habit of puffing any sort of patent medicines in our columns, for the business of a newspaper is to let people know what is going on in the world, and not lend aid to what may be an imposition. But we happen to know Dr. David Kennedy of Rondout, N. Y., and can personally testify to the excellence of the medicine which the doctor calls "Favorite Remedy." And if a word of ours will persuade anybody to use it, and thus find relief from suffering, no professional etiquette shall hinder us from saying that word. For diseases of the blood, kidneys and bowels it has no equal. We would not be without it for five times the dollar that it costs.—*Daily Times.*

PEARLINE.—With this article, it is claimed, the family washing can be done with ease, with economy and despatch, and as it is thoroughly disinfectant, it will be seen that when used the result is pure and healthful. As there are imitations of this in the market, be sure and get the genuine, manufactured only by James Pyle, New York.

Eat Slow

and clean your mouth afterwards with SOZODONT, and your teeth will be in condition to do their work for years. Thousands of dyspeptics bolted their food because they had no good teeth to masticate properly. Chew fine, eat slow, and use SOZODONT.

THE RAPIDITY with which the First Mortgage Bonds of the Toledo, Delphos & Burlington R. R. Co. are being taken up is not surprising when the facts are considered. These bonds are 20 years to run at 6 per cent, and are issued at the rate of less than a $7000 per mile of finished road. The mortgage is only $1,250,000 on 185 miles, which is exceedingly small when it is considered that most roads are mortgaged from $15,000 to $25,000 per mile. Only $400 per mile is required to meet the interest upon these bonds. Address the well-known banking house of Geo. Wm. Ballou & Co. at Boston or New York.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle. 4

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C.* D&WlJan31

Defensive Medication

Is a precaution which should never be neglected when danger is present, and therefore a course of the Bitters at this season is particularly desirable, especially for the feeble and sickly. As a remedy for biliousness, dyspepsia, nervousness and bowel complaints, there is nothing comparable to this wholesome restorative.

For sale by all Druggists and Dealers generally.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what there is Stricture of the Urethra, with at bottom. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deodsaulm

Proposals for River and Harbor Improvements in Maine, New Hampshire and Massachusetts.

PROPOSALS in duplicate, addressed to the undersigned, will be received at his office in Portland, Maine, until 3 o'clock P. M. on Tuesday the 17th day of August, 1880, at which place and time they will be opened in the presence of the bidders, for work for improving the following named rivers and harbors to wit:

1. Lubec Channel, Maine, about 130,000 cubic yards of dredging.
2. Cathance River, Maine, about 30,000 cubic yards of dredging.
3. Gut opposite Bath, Maine, about 200 cubic yards of sunken ledge to be removed.
4. Richmond's Island Harbor, Maine, about 2,500 tons of granite grout.
5. Lake Winnipiseogee, N. H., about 7,000 cubic yards of dredging.
6. Portsmouth Harbor, N. H., breaking up and removing about 700 cubic yards of sunken ledge, and about 2,000 tons of Rubble stone.
7. Merrimac River, Mass., about 25 cubic yards of sunken ledge to be removed.
8. Boston Harbor, Mass., about 200,000 cubic yards of dredging.
9. Plymouth Harbor, Mass., about 40,000 cubic yards of dredging.
10. Provincetown Harbor, Mass., about 750 tons of Rubble stone.

Persons desiring to make proposals for any of the above works are requested to apply to the undersigned, at his office, No. 11 Clapp's Block, (on Congress Street, Portland, Me., or at No. 20 Pemberton Square, Boston, Mass., for specifications and for further information concerning the work.

Proposals must be made *separately for each work*, as required by the specifications, and be accompanied by the required guaranty each proposal and guaranty to be in *duplicate*, on printed forms, which will be furnished on application at this office—and when transmitted, must be so indorsed on the *sealed* envelope as to indicate, before being opened, the particular work bid for.

The undersigned reserves the right to reject all bids which in his opinion are not reasonable; also the bid of any failing bidders or contractors or of any other person who, in his belief, will not faithfully, satisfactorily and promptly perform the contract.

GEO. THOM, Colonel of Engineers, Bvt. Brig. Gen. U. S. A.

AROUND HOME.

Rev. Edward H. Hull of Worcester preached at Appledore on Sunday.

Yacht Brenard, from Boston, was in the lower harbor on Saturday, bound east.

The Appledore took out one hundred and fifty passengers on her Saturday trips.

The steamer Startled Fawn was at York harbor on Saturday, with an excursion party from Newburyport.

Steamer Gen. Bartlett, of Newburyport, was at Hampton beach on Saturday with a party from the former place.

It was on the 2nd of August, 1852, just twenty-eight years ago this morning, that the first number of the DAILY CHRONICLE was issued.

The republicans of Newmarket flung two flags to the breeze on Friday night More than one thousand people were entertained with music, speeches and fireworks.

Rev. Henry W. Bellows, D. D., of New York, who was announced to preach at the Unitarian church on Sunday, was unable to appear by reason of illness. Dr. Bellows has for some days past been the guest of Rev. James DeNormandie.

The Dover board of trade has tendered to Hon. Alexander Ramsey, secretary of war, and Col. T. F. Barr, judge advocate, who accompanies Secretary Ramsey as military secretary, a clam-bake at Dover point on such date as may be named. The secretary is on a tour of inspection among the fortifications of New England.

The next session of the Rockingham County Temperance Association will be held at Hampton town hall, Thursday, August 5th, forenoon and afternoon. A collation will be furnished all comers, by the citizens. All are invited to attend. The railroad fare will be reduced, and it will be a very cheap and enjoyable occasion.

There was quite a gathering of the democracy at the Creek on Saturday evening, to witness the unfurling of the democratic campaign banner in front of the residence of Alexander Robinson. Music was furnished by the Rye cornet band, and speeches were made by Albert R. Hatch and Howe Call. The demonstration closed with a grand display of fireworks.

The *Times* of Saturday evening said: "The inspectors of check-lists are busy to-day, the republicans disputing every democratic case, no matter how clear." That statement is entirely unfounded; the *Times* cannot mention any "clear democratic cases," which the republicans disputed. We fear our neighbor has read the Troy, N. Y., *Press*, a democratic paper which recently promulgated the following code of democratic political morality: "Our people do not only demand that the party press shall show the skillful abandon of the prize-fighter, but they insist that no demand of social propriety shall hedge about any candidates If to defeat him it is necessary to tell a story of his private life, which in all other discussions is sacred, it must be told. *And the Truth need not prevail.* A lie well stuck to is the secret of power in political discussion."

WALK YE IN THE WAY.

Ambitious politicians who leave the democracy, even with the understanding that they are temporarily absent to aid the party by promulgating the greenback heresy, find it difficult sometimes to resume their former position without creating a jealousy in the ranks of the home guard. An instance of this kind was seen at the very large and enthusiastic mayoralty caucus of the democrats on Friday evening last. Mr. Morrison receiving a unanimous vote, it became necessary to inform him of his nomination as candidate for mayor, and request his acceptance. Mr. Howe Call, an attendant of the caucus, was named as one of the committee, when Henry F. Wendell, Esq., the leader of the party in that safe guard of democracy, ward four, and who is always held in reverence by the members of his party for his long services rendered, both in office and out, rose to a point of order, and put the somewhat pertinent enquiry as to how long Mr. Call had been a member of the democratic party! This was inopportune. Here was a return of the prodigal son, and the only calf available was the honor of serving on this committee which should go to the malt house on Saturday morning and have a taste of the best brew of the candidate's beer. It was not the time for such irrelevant conundrums to be put, and Mr. Wendell, who is to be properly cared for should Hancock succeed Hayes, ought to have been more generous, and shown less jealousy concerning the "silver-tongued orator." But often in politics such is the fate of rising genius. Indeed—

"Many are *cat ed* but few are chosen."

Mr. Call stepped down and out, and a democrat concerning whose orthodoxy there could be no question was selected to succeed him upon this important committee work,—and the purity of the democracy remains intact.

REPUBLICAN NOMINATIONS.

The republicans of ward three and four caucused on Saturday evening, and nominated the following candidates:

Ward three. Alderman—George H. Alton; Councilmen—George Campbell, Frank E. Marden; Assessor—Charles H. Hayes; Overseer of Poor—Charles S. Whidden.

Ward four. Aldermen—William H. Rollins, John E. Ham; Councilmen,—Lafayette V. Newell, George Humphries, Langdon M. Perkins, Charles E. Leach; Assessors—Oliver Ayers, John Nutter; Overseer of the Poor—Charles W. Gardner.

Ward committee, ward three: Charles W. Taylor, William Sladen, Daniel W. Adams, John Turner, Frederick Thomas, George H. Alton, Phinehas D. Hoyt, George Campbell, Samuel Taylor, James Stearns. Chairman, Charles W. Taylor; secretary, Frederick Thomas.

DEMOCRATIC NOMINATIONS.

The democratic caucus of ward two made the following nominations: Aldermen—Samuel Barrett, Daniel E. Leavitt, Darius F. Williams; Councilmen—Chas. J. Mason, William J. Fraser, Jefferson C. Rowe, Samuel J. Gardner, Herman Manson, Samuel W. Moses, Jr.; Assessors—William T. Frye, William D. Varrell, George B. French; Overseer of the Poor—John S. Wendell.

"CHILDREN, YOU SHOULD NEVER LET"--ETC.

The "Barrington Ring" and invited guests had one of their old-time love feasts at Hotel Wentworth last Wednesday, at which the party nominations for the entire state were parcelled out for formal ratification by the state convention.

We cut the above precious morsel from the Manchester *Union* of to-day, July 30th. It was evidently written by that dirty Hessian, who cut such absurd antics here in Dover not long since; and who is now in the same business for his board, in Manchester. It is a miserable fling at as respectable a party,—democrats and republicans both—as ever went out of Dover or any other city. "Invited guests" of the "Barrington ring," were they? You foolish and disgusting liar! They fixed up and "parcelled out" the republican party nominations, did they? That is what you mean, if you mean anything. When, how, and in what sly corner of the hotel was it done? Nobody there knew anything about it. No such thing happened. No such thought entered anybody's head. It is a lie made up out of nothing, and embodies a contemptible slur, not only upon the visitants on that occasion, but also upon the hotel and its proprietors. We repel it with the scorn and contempt it deserves.—*Dover Democrat.*

Expelling an Infidel Mason.

Masonic circles in Indiana are much exercised over a matter growing out of the "Chainey heresy." Chainey was pastor of the First Unitarian church of Evansville, Ind. Becoming infected with rationalistic views, he startled his congregation one night by a declaration that he had lost his faith in God; that public prayer by him was mockery; that the hymn-books of the church would serve a better purpose if sold for waste paper, and that, if he continued his ministry, it must be on that basis of belief. Mr. Chainey was a member of Reed masonic lodge, and for some years was its chaplain. Soon after the delivery by him of a sermon of rationalistic tendencies, efforts were made to have him arraigned before the lodge for infidelity. No formal steps were taken, however, until about a month ago, when he was served with summons to appear and answer to charges and specifications, seven in number, the most important of which charged him with denying the existence of God; saying that prayer was a hideous mockery, and uttering words in contempt of masonry. The last was not sustained, but the others were, and he was expelled for "un-masonic conduct" in uttering false thoughts, doubts and opinions. Mr. Chainey was absent, but was represented by counsel, who filed what may be termed a demurrer, claiming that the charges did not constitute a masonic offense. The demurrer was over-ruled, and a plea of not guilty was entered. Upon that plea issue was joined. His sermon was offered and accepted in evidence. Oral testimony was heard and expulsion followed. Two other masons, who indulged expressions of like belief, are expecting to be expelled, and one has already been summoned for trial.

Discussion on the subject is rife in masonic circles, and in talking of the question, the injunction of secrecy in regard to lodge matters is temporarily forgotten. It is maintained by many masons and others that the simple avowal of a want of belief in deity does not constitute a denial of God's existence. Many well-informed masons hold also that masonry does not require an affirmative belief in a personal God or supreme being, and that in France the avowal thereof has not, for a long time, been required of candidates for masonic orders. It is further claimed that, though the grand lodge of France was for a long time refused recognition in England and America, now, in some states of this country and in all England it is fully recognized and its members regularly admitted. The controversy has given rise to the question, "Is masonry becoming infected with infidelity?" Some masons answer that the introduction of such a test of fitness as a belief in deity was an innovation, made within a few hundred years. However that may be, the two lodges of Evansville have put themselves on record as being opposed to even the lack of affirmative belief. Mr. Chainey's case is to be appealed to the Indiana grand lodge. His counsel is the master of the Mount Vernon (Ind.) lodge. If the case is not sustained, the discipline of that member will logically follow, as his lodge fully sustains him in holding views similar to those of the Rev. Mr. Chainey, and knowing that he held them, has re-elected him six or seven times in succession. The question of what next will be a puzzling one.—*Cincinnati paper.*

The Soldiers' Daughters' Home is an interesting British charity, begun twenty-five years ago. More than eight hundred soldiers' daughters have been reared within its walls, and three hundred and fifty have been placed out as school-mistresses and other teachers, or in domestic service. Of the girls admitted during the last year, fifteen were daughters of soldiers who were killed or wounded during the war in South Africa.

A bold scheme for crossing the English channel contemplates a line of steel tubes sixteen feet in diameter, ballasted so as to make it weigh one and a quarter tons to the foot less than the water displaced, and held at a depth of thirty-five feet below the surface (so as not to impede navigation) by being anchored by chains to caissons sunk to the bottom. Through this floating tunnel of twenty miles or so it is proposed that railway trains shall pass.

An Earnest Wish.

Rev. E. F. L. Gauss, Galena, Ills., writes: "For over ten years I had been a great sufferer from pains in the small of the back and region of the kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief, except perhaps momentarily, and I was finally advised, being unable to fulfill the duties of my calling, to go abroad and seek the climate of my youth. In Germany and Switzerland, eminent physicians, after cross examinations, declared my sufferings to arise from disease of the kidneys, of long standing, and could do me no good. I was, however, benefitted by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble grew again so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains at once grew less, and now, after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and look again the very picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed I consider the Day Kidney Pad Co. God's agents and great benefactors of mankind. May all the suffering be helped as I have been, is my earnest wish."

William H. Swett, aged about forty years, was drowned in Portland harbor, Me., Friday, by the capsizing of a sail boat. His body was recovered.

A Good Introduction.

Favorite Remedy was introduced into Connecticut in 1877, at the solicition of Rev. J. G. Smith, of Hartford, who, after having suffered for years from chronic liver disease and indigestion, obtained the medicine and was cured. This faithful pastor, thinking of the bodies as well as the souls of his people, at once commenced the advocacy of "Favorite Remedy" among them, and has been the happy instrument of saving scores of lives. Favorite Remedy is now as well and favorably known in Connecticut as along the Hudson. One dollar a bottle. All druggists sell it. Dr. David Kennedy, Proprietor, Rondout, N. Y.

Rufus Hulett of Fairhaven, Vt., accidentally shot himself with a gun on Tuesday of last week, and died immediately. He went under a barn with the gun to drive out some sheep.

DIED.

EMERY. In Jacksonville Fla., on the 21st of July, Dr. Chandler S. Emery, aged 66 years, a native of Eliot, Maine.

BRAXTON. In Wakefield, Mass., July 30th, Robert A. Braxton, aged 19 years, son of Mr. Robert Braxton, formerly of this city.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.

☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.

This Hotel will open June 20. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall, for dancing, theatricals and concerts, a commodious billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by electric lights, steam yacht for excursions, &c., &c.

The preparations for the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for bathing at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from all sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

F. W. HILTON & CO.,
Rockingham House, Portsmouth, N. H.

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.—*Albany Times.*

—"No, Samuel," calmly replied Mrs. Bartlett, in answer to his furious and sarcastic questions, "no. It isn't because there's no gray cloth in town that I patched your summer trousers with seal-brown basket-cloth, but I'm going to break you of your loafersh habit of going in your shirt-sleeves about the business hours, or I'll make you the laughing stock of the town." And when Mrs. Livermore makes up her list of "superfluous women" she leaves Mrs. Bartlett out every time.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND, the great medicine for the cure of all female complaints, is the greatest strengthener of the back, stomach, nerves, kidneys, urinary and genital organs of man and woman ever known. Send for circulars to Lydia E. Pinkham, Lynn, Mass.

—The other day a New York man sent to the Washington National bank of Westerly, R. I., a five-dollar bill issued by the Washington bank March 6th, 1814, which he had inherited with other papers from the estate of his grand-father in Ohio. The gentleman sent the bill to the bank simply as a curiosity, but the officers promptly remitted him its full value, though begging to be excused from remitting also the three hundred or more dollars it would have earned at compound interest.

Equally adapted to the feeble or robust, male or female, are Malt Bitters.

"Stubbs, did you ever see a phonograph?" "Yes; and it was saying, Take *Johnson's Belladonna Balsam* for coughs and colds, and asthma."

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage Hire, and stop at *Grand Union Hotel*, nearly opposite Grand Central Depot. 250 elegant rooms reduced to $1 and upwards daily. Eleven Elegant Restaurants supplied with the best. Horse Cars, Stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in order to avoid the block. ap26 4tmngs80

Chronicle Correspondence.

WASHINGTON D. C., July 29th.

The president has ordered that, in addition to his duties as general commanding the department of the east, General Hancock shall assume, temporarily, command of the department of the south. This action has of course no bearing upon the candidacy of the general, but as it forcibly presents the fact that the necessities of the service may at any time require that he be assigned to duties in the performance of which he might be compelled to increase or decrease his political prospects, it will probably strengthen his determination to resign from the army.

At the treasury, it is said there will be a very slight reduction of the debt for the month of July, if any. This is not because of less receipts, but of larger payments for interest, and other expenses.

Cabinet meetings now-a-days are not meetings of members of the cabinet. Two only were present at the last meeting, and one of them had postponed his departure from the city in order to be present. It has been suggested lately that, as the stated meetings generally are of no consequence whatever, they be dispensed with, at least during the hot weather, the President summoning his advisers only when there is need of advice.

The sad case of the Ponca Indians is now attracting the attention of many who desire to see justice and humanity exercised in the treatment of the "Nation's wards." The history of this case may not be familiar to your readers, and I will give it in a few words:

The Ponca Indians owned—by treaty—a tract of land in Dakota. Their claim to this land was and is as good as that of any property holden in the country, and was recognized and approved by a senate investigating committee. But the Indian bureau, with no shadow of law or justice, drove the Indians off, and compelled them to settle in a sickly portion of the Indian territory, where they now are. Since settling there *one-third have died from climatic diseases*; and 115 of them, determined to enjoy the benefits of their lands, left the reservation in the Indian territory, returned to Dakota, and on their own lands have cultivated more ground than have the 400 remaining in the Indian territory.

The Indians brought suit to recover their lands, but their counsel is not allowed to communicate with them, nor are they allowed the legal favors shown to the most abandoned criminals. The Indian bureau made inquiries as to their condition in the Indian territory, and received a report from the agent that they were happy, contented and anxious to remain. The investigation ended there, and the outrage continued. It is known now, and was suspected when the agent so falsified their condition, that these Indians were and are utterly broken-spirited and helpless, under the outrages committed upon them; that the money appropriated to make them comfortable has been used by the agent to built fine houses for himself and his assistants, while the Indians are compelled to live in miserable huts; that he has abused his lawful authority, and established a despotism among these defenseless savages, disgraceful alike to the civilization of the age and the boasted liberties of our government. He has not stopped even at murder, as upon a slight pretext he shot one of the chiefs in his office. The attention of the Indian department has been called again and again to the facts in this case, but without avail; after awhile the young men in charge of the department will realize the mistake they have made.

KNOX.

A Ruined Poem.

"I called to see you about that poem of mine you printed the other day, on the 'Surcease of Sorrow.'"

"I don't remember it," replied the editor.

"Of course you don't; because it went into the paper under the infamous title of 'Smearcase To-morrow.'"

"A stupid blunder of the compositor's, I suppose."

"Yes, sir; and that's what I want to see you about. The way in which that poem was mutilated was simply scandalous. I haven't slept a night since. It exposed me to derision. People think I am an ass. Let me show you."

"Go ahead," said the editor.

"The first line, when I wrote it, read in this way:

'Lying by a weeping willow, underneath a gentle slope.'

That is beautiful, poetic, affecting. Now, how did your the sheet present it to the public? There it is! Look at that!" Made it read this way:

'Lying to a weeping widow, to induce her to elope.'

Weeping *widow*, mind you! A widow! Oh, thunder and lightning! This is too much! It's enough to drive a man crazy! Let me read you another verse. I wrote:

'I swell the flying echoes as they roam among the hills,
And I feel my soul awakening to the ecstasy that thrills.'

Now, what do you s'pose your miserable outcast turned that into? Why, into this:

'I smell the frying shoes as they coast along the balls,
And I feel my soul mistaken in the ecstacy that whirls.'

Gibberish, sir! Awful gibberish! I must slay that man. Where is he?"

"He is out just now," said the editor. "Come in to-morrow."

"I will," said the poet; "and I will come armed."

Then he put on his hat, shouldered his umbrella, and drifted off down stairs.

—Beggars description—The story of a tramp.

PERRY DAVIS'

VEGETABLE

PAIN KILLER

A PURELY VEGETABLE REMEDY

For Internal and External Use.

It is a SURE CURE for all the Diseases for which it is recommended, and is ALWAYS PERFECTLY SAFE in the hands of even the most inexperienced persons.

It is a sure and quick remedy for COUGHS, SORE THROAT, CHILLS, and similar troubles; affords instant relief in the most malignant forms of DIPHTHERIA, and is the best known remedy for RHEUMATISM and NEURALGIA.

THE OLDEST, BEST, AND MOST WIDELY KNOWN FAMILY MEDICINE IN THE WORLD.

It has been used with such wonderful success in all parts of the world for CRAMPS, CHOLERA, DIARRHŒA, DYSENTERY, and all BOWEL COMPLAINTS, that it is considered an unfailing cure for these diseases.

HAS STOOD THE TEST OF 40 YEARS' CONSTANT USE IN ALL COUNTRIES AND CLIMATES.

It is RECOMMENDED by Physicians, Missionaries, Ministers, Managers of Plantations, Work-Shops, and Factories, Nurses in Hospitals—in short, by Everybody everywhere who has ever given it a trial.

IT IS WITHOUT A RIVAL AS A LINIMENT.

It should always be used for Pain in the Back and Side, and before going to bed, relief in all cases of Bruises, Cuts, Sprains, Severe Burns, Scalds, etc.

NO FAMILY CAN SAFELY BE WITHOUT IT. It will annually save its cost in doctors' bills, and its price brings it within the reach of all. It is sold at 25c. 50c. and $1.00 a bottle, and can be obtained from all druggists.

PERRY DAVIS & SON, Providence, R. I.

Proprietors.

TRADE MARK

DAY'S Kidney PAD

IS STRONGLY ENDORSED.

Rev. E. F. L. GAUSS, Galena, Ill., writes—"For over ten years I had been a great sufferer from pains in the small of the back and region of the kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief, and I was finally advised to go abroad and seek the climate of my youth. In Germany and Switzerland the ablest physicians, after close examination, declared my sufferings to arise from disease of the kidneys of long standing, and could do me no good. I was, however, benefited by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, than the old trouble grew again to intensness to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains at once grew less and are now, after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and looks again the very picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed, I consider the Day Kidney Pad Co., God's agents and great benefactors in a double kind. May all the suffering be helped as I have been so my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have ever tried."

J. ARIMORE & DEAN, Druggists, Niles, Mich.—"Our lady's business—DAY'S KIDNEY PAD—is having a large sale and gives better general satisfaction than any remedy we ever sold."

CASPER SWEITZER, Policeman, Lancaster, Pa.—"I have been a great sufferer from Kidney and Urinary Complaints. I paid $2.00 for Special Pad (extra size), $3.00; Children's, $1.50. Our book—'How I Was Saved'—I received from a story of this new discovery, and a large record of cures. Enclosed I send you $5. Send Pad to me."

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now offered, and seeking a sale on our reputation, we deem it due the afflicted to warn them. Ask for DAY'S KIDNEY PAD and take no other.

WHIPS! All qualities and prices; at LARRABEE'S, 20 Congress St.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who have the assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION, Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to pernicious habits or inherited. He is a Nerve specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. dm&tu eotnov80

HEAL THYSELF

SPEER'S

PORT GRAPE WINE!

Used in the principal Churches for Communion purposes. Excellent for Invalids and the Aged.

SPEER'S PORT GRAPE WINE,

FOUR YEARS OLD.

This Celebrated Native Wine is made from the juice of the Oporto Grape, raised in this Country. Its Invaluable

Tonic and Strengthening Properties

are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated and suited to the various ailments that reflect the weaker sex. It is in every respect A WINE TO BE RELIED ON.

Speer's P. J. Sherry,

A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.

SPEER'S P. J. OR PEDRO J. BRANDY.

This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.

Speer's Sambuci Wine!

celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.

Recommended for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.

AS A DIURETIC,

it imparts a healthy action to the kidneys and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic affections.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

RUPTURE

DR. J. A SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury treasured by many who have been tortured at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by medical treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is the most dangerous ailment that, if not progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved or it hereafter the day of suffering and gloom comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand upon Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday and Tuesday he may be consulted at his New York office, and Wednesday, Thursday and Friday, at his Boston office, each week. Respondents, in writing or calling, the address is

Dr. J. A. SHERMAN

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1883.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

CANTERBURY SHAKERS' BLOOD-PURIFYING SARSAPARILLA.

Prescribed by Physicians and Druggists for nearly Fifty Years.

THE SHAKER'S SARSAPARILLA is just what it purports to be.—*Dixi Crosby, M. D.* I have long prescribed it, and I think it is most valuable medicine.—*Jeremiah Blake, M. D., Gilmanton, N. H.* Have known it for nearly half a century. Our confidence in it is in no way impaired.—*Carlton & Hovey, Druggists, Lowell.* I speak with confidence of it, having prescribed it for eighteen years.—*S. M. Dinsmor, M. D., Franconia, N. H.* Give me the Shakers' Sarsaparilla in preference to all others.—*C. A. Guilmette, M. D., Boston.* I have the most unbounded confidence in its healing and renovating properties.—*Wm. R. Prescott, Druggist, Portsmouth, N. H.* I consider it the best preparation made.—*A. G. Wilber, Druggist, Boston.*

Do not fail to make a trial of this great Blood Purifier, Appetizer, and Tonic, the best and best of all medicines called Sarsaparilla, which is prepared from selected SHAKER ROOTS, HERBS AND BERRIES by the CANTERBURY SOCIETY OF SHAKERS, and is beyond all comparison the purest, safest, and most effective family medicine in the world. Ask for CANTERBURY SHAKERS' SARSAPARILLA. The genuine is signed by THOMAS CORBETT, its inventor, and sold by druggists generally.

SHAKER VILLAGE, N. H., Jan. 1, 1880.

☞ Enclose Stamp for Shaker Manual.

DRAIN PIPE.

A KRON DRAIN PIPE, all sizes, for sale at No 5 Elm street.

SAMUEL CLEAVES & SON.

Daily Chronicle.

The *International Review* for August contains articles from writers of known ability and acknowled repute. The magazine is published in New York by A. S. Barnes & Co., but is under Bostonian editorship. The contents are, the caucus in England by W. Frazer Rae; Masson's life of Milton, by Mr. Locke, one of the editors; Gamefood of America, by Wm. Minot; two anti-slavery leaders, by Col. Higginson; The undiscovered country, a review of Howell's new novel, in which Mr. Brooks Adams patronizingly encourages the *Atlantic* editor, and is hopeful of improved characters in Mr. Howell's coming works; Italian popular poetry, by T. F. Crane; The nominations, a sketch of the convention results in the presidential campaign, by Horace White; National ethics, by Rowland Conner, and cotemporary literature, or passing notices of sixteen publications. The review is sent for $5 per year, single copies fifty cents. It is one of the most enjoyable periodicals which come to our table; first, it is always readable, that is if one can expend the time in reading it; and second, its admirable typographical execution invites us to peruse its pages from its superior excellence.

Recovering Her Child.

A brave woman, disguised beyond recognition, followed her husband for a week in order to recover her child. Finally she discovered that the little one had been left in a convent at Atchison. She drove at once to the retreat. Not knowing who she was or what she came for, the sisters opened the door at her bidding and allowed her to enter the house. She stood that she wanted to see the little girl. She was very restless and uneasy, refusing a seat and walking the floor continually until the child appeared. Disguised as the woman was, the child recognized her at once, and ran into her outstretched arms, crying, "Oh, my mamma." The woman hugged the child to her breast with one arm, and with the other tried to open the door. Failing in this she called to the driver outside to kick the door in. A scene of excitement ensued, and for a few moments there was a desperate struggle between the sisters and the determined woman, the sisters endeavoring to retain their charge, and the mother struggling to rescue it. The driver finally succeeded in forcing the door open, and the woman with her child in her arms was free. She placed the child in the carriage, entered it herself, drew a pistol, and pointing it at the terrified sisters said, "Come and take my child," and the hackman drove off.

Bad Anyway.

"How is your son coming on?"

"Oh, I am having a power of trouble with him."

"What's the matter now?"

"Well, you know, I couldn't send him to school, because, thanks to Gov. Roberts, there are no free schools, and I could not afford to send him to a private school."

"Yes, I know that is so."

"Well, I sent him away from Galveston out to the frontier, and as luck would have it he was convicted of horse stealing and got five years in the penitentiary."

"That was bad."

"No, it wasn't, for you see at the penitentiary he could learn a trade and become a useful citizen."

"Well, that's good."

"No, it ain't, for Governor Roberts has pardoned him out on account of his youth and ignorance!"—*Galveston (Texas) News.*

"Invaluable for Piles and Kidney Diseases."

SWANTON, VT., Sept. 19th.

"I suffered greatly for years from Piles, and tried various remedies for relief without success until I used Kidney-Wort. If the disease shows symptoms of return, as has been the case, I have never failed to check it by the use of this medicine! I have a son about eleven years old who had for years uniformly wet his bed nights, and all the prescriptions of different physicians were ineffectual in checking it. I was assured by a physician "Kidney-Wort" was just the medicine to cure him, and sure enough, a trial was completely successful. I regard the medicine invaluable for piles and kidney diseases." SAMUEL BULLARD.

About a year ago Mr. J. Cahill, editor of the Chicago *Pilot*, placed four daughters, from five to twelve years of age, in the custody of the Gray Nuns at Buffalo, N. Y., to have them out of the way of his wife, with whom he had quarrelled. Saturday the mother, who was unknown, visited the nunnery, found the children, and drawing a revolver upon the nun who had them in charge, took them away, and succeeded in escaping from the city with them.

PEARLINE.—With this article, it is claimed, the family washing can be done with ease, with economy and despatch, and as it is thoroughly disinfectant, it will be seen that when used the result is pure and healthful. As there are imitations of this in the market, be sure and get the genuine, manufactured only by James Pyle, New York.

A Rio Janeiro despatch says the bank of the Province at Porto Alegre has been robbed of $125,000.

Malt Bitters build up the nervous and muscular system as so overcome disease.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

TUESDAY, AUGUST 3, 1880.

FOR PRESIDENT,

James A. Garfie d,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

A Short Stay at Salem.

The eastern-bound traveller, waiting at Salem, finds himself in a cleanly, well-ordered city, full of evidences of respectability and former thrift. He seems to discover that all trains run toward Boston, and but few can be found coming east. He walks the quiet and well kept streets, and he is reminded that here, nearly eighty years ago, Hawthorne was born, and he at once sets forth to walk down Derby street to get a view of the custom-house made famous from the fact that here the celebrated writer spent a portion of his years as surveyor of the port of Salem. The approach to the custom-house does not seem like the usual route to a mercantile resort. Indeed, the wharves seem to hide behind old buildings, or else to have run away from the street, in search of the harbor, which appears to have been located on the wrong side of the town; or at any rate, the city appears, unlike most commercial places, to have been built on the east side of the harbor, and one wonders where the gentry of Salem found the "West End" in times when the East India trade made the merchant princes of the old city famous for their wealth.

The brightly gilt eagle frowns over the custom-house entrance, as described by Hawthorne in his introduction to "The Scarlet Letter." The ancient bird looks fierce and with apparently as much pride of position as if the commerce of a great city paid tribute beneath its talons. Indeed, the eagle seems to plume itself upon its permanent situation, and like some of the subjects claiming under the law of civil service, to silently insist that it cannot be removed. We gaze in at the basement window, and discover an ancient beam that once was used by the weigher when the India and South American trade flourished at this port. We pass up Orange street, which runs between the building and the home for aged women, and see the spacious yard grown with grass, and are impressed with the quiet serenity that reigns all around the building.

Here it was that the brave Gen. Miller was collector, and Hawthorne, the gifted writer, was surveyor. We wonder if they ever assisted in packing a caucus, or doing the dirty work required of incumbents in latter days, and we saunter back to the station looking for the "town pump" and other land-marks, by which the writer made Salem's fame more enduring than did her Pingrees, her Bertrams, or her Kimballs. We pass the eminently respectable three-story houses on Essex street, in front of some of which the grass surreptitiously peers between the sidewalk and the fence, like a guilty trespasser. We recall in imagination the walk up and down this Essex street on the olden time, of merchants neatly clad, and with characters as bright and shining as were their well-polished gold-headed canes. We look in vain for any except a coal vessel at the wharves, in the harbor of this now suburb of Boston. We pass the old Essex coffee-house, where Jos. S. Leavitt of North Hampton kept, and conducted the Salem dons on their journeys to Bangor in the era of the Eastern land speculation, and come again in sight of the tunnel, of which Friend Chase said, before its construction, that persons enough would come over the road to examine the wonderful and unusual sight to more than pay the interest on the cost of building, by their fare, and again reach the station.

We enjoy much in reminiscence of Hawthorne, whose description of his visit to the Shoals, armed with a letter from Peirce, afforded him such a generous reception at the hands of the elder Laighton twenty-eight years ago, his talks with Mr. Thaxter, and whist playing with "an agreeable young lady from Portsmouth," and Oscar's shooting at the shark which made a call at Appledore on one September afternoon. Indeed, how many pleasant things written by Hawthorne crowd the memory as we sit in the station ruminating upon his books, disturbed not by the almost unceasing passing of trains, until "No. 45" arrives, and brings us again to our own region of daily toil and routine existence.

News and Notes.

J. C. Oakes of Danville, Va., aged nineteen years, on Saturday night fatally stabbed R. L. Ranney, aged fifteen.

Roman Byer, a New York Central railroad man, while drunk, was run over and killed near Rome on Sunday.

A report from Youngstown, Ohio, says that a captive balloon at that place, well inflated, while up with a man and woman from the country, broke loose on Saturday and ascended to a great height, and disappeared in a northeasterly direction. Despatches were sent ahead to keep a lookout for it. It was feared it would drift into the lake.

A telegram from Fremont, Neb., says that old John Bender, the head devil of the gang of murderers in southeastern Kansas, whose butchery of Dr. York and a dozen others created so much excitement seven years ago, was arrested by Sheriff Gregg at Richland, thirty-five miles west of Fremont, some days ago, and is now lodged in jail. He was with a woman, travelling eastward on foot.

Her Royal Highness the Princess Louise embarked on board the steamer Polynesian at Quebec, Saturday morning, for England.

A report from Bullet county, Ky., announces the killing of Turner Wilson by Benjamin Johnson at Balltown last Friday. The two quarrelled about a bet. Johnson gave the lie, when Wilson drew a pistol. John Fulton took Wilson's pistol away to prevent bloodshed. Johnson drew, when Wilson sprang forward and tried to disarm him, but failing, was shot in the abdomen. Johnson, who is a son of Ex-Lieut. Gov. Johnson, fled to his father's house in Bardstown, and the officers are reported afraid to attempt his arrest.

S. W. Hoffman, ex-auditor of Cincinnati, was arrested Saturday night on an affidavit of Julius Dexter, of the sinking fund commission, charging him with the misappropriation of two Cincinnati bonds of a thousand dollars each while city auditor.

The Bank of Colorado, at Leadville, was attached Saturday on a check of $290, which they were unable to pay, on account of E. T. Lane, the cashier, having absconded with the funds of the bank. The amount of loss to the depositors is not stated.

George W. Mason of Leesburg, Va., recently forsook his second wife, eloping with a sister of his first wife, and was arrested at Long Branch on Saturday night, by a Leesburg officer, for abandonment. Mason is very well off.

Two children, picking berries in the woods near Milford, N. J., Friday, and found the body of a well-dressed elderly man hang to a tree. It was identified as Alfred C. Chandler, two weeks missing from Milford. He was sixty-one years old, and lived in comfortable circumstances.

At Savannah, Ga., Saturday, Sallie Moore, (colored,) while in charge of a constable from the jail to obtain bonds, was met by Tom Golden, a colored barber, and after a few words Golden shot her in the temple, killing her instantly. The woman had had a difficulty with Golden, who was at once arrested for the murder.

John Melick, a ship broker, who pleaded guilty at St. John, N. B., to three charges of forgery, Saturday, was sentenced to fifteen years' imprisonment.

Mary Ennis, aged fifteen years, fell into the canal at Durhamville, N. Y., Sunday; Stephen Murray, aged twenty-one, her cousin, attempted to save her, and both were drowned.

John F. Erpenbeck, aged thirty-five years, a saloon keeper at Baltimore, committed suicide, Saturday, on his wife's grave in Holy Cross cemetery, by shooting himself in the head with a pistol. His wife died two months ago.

Max Burckhardt, editor and proprietor of the *Humorist*, a German weekly of San Francisco, committed suicide on Sunday, by taking morphine. He was a native of Berlin, and fifty years of age.

Rev. T. B. Miller, Dean of the Philadelphia University of Medicine and Surgery, was arrested Sunday upon a charge of forgery. The alleged forgery consists in antedating a series of lecture tickets at the time of granting a certificate to a student, and in writing the names of professors on them.

It now appears that Gen. Burroughs' brigade was not entirely destroyed by the Afghans near Candahar, he having reached the citadel of Candahar with a considerable portion of his force. He lost heavily in men, but inflicted such loss upon the Afghan forces that there was no pursuit of the British after the battle was over.

Concerning hot summers, it is recorded in a volume of the Smithsonian contributions to knowledge that the highest temperature recorded as having been noticed in the states is 121 degrees at Fort Miller, Col., in 1853, and at Fort Boise, Idaho, in 1861. The lowest temperature recorded is fifty-three degrees below zero.

At one o'clock Monday morning, in Providence, R. I., Edward Payson Weston commenced a six-days' walk, undertaking to beat the best previous six-days' record.

Charlie Jones, son of D. W. Jones of Auburn, Me., was fatally hurt, Saturday, by having shot through his lungs a bullet accidentally fired from a revolver which a hired man was cleaning.

Maurice Sullivan, thirty-five years of age, of Lawrence, Mass., was shot Sunday afternoon by Special Officer L. H. Mitchell of Methuen, the ball passing nearly through his body, inflicting a wound which will probably prove fatal. Sullivan, with five others, was detected stealing fruit by Officers Mitchell and Whittier, who endeavored to arrest one of the gang, when the others turned upon the officers, taking away their clubs, with which they beat Whittier, knocking him down and afterwards kicking him. Finding the thieves likely to get the better of the officers, Mitchell drew his revolver and fired two shots, the second taking effect on Sullivan as stated.

Gov. Colquitt of Georgia went to Jonesboro', Friday night, with the Gate City Guard of Atlanta, to prevent an attempt on the part of friends to rescue the prisoners jailed on the charge of the murder of Millie Thompson (colored), beating her father and mother, and fatally wounding her brother. Jonesboro' was in great excitement over the affair. Sheriff Archer met with resistance in attempting to arrest some of the parties charged with the crime. Seven prisoners were taken to Atlanta by the Gate City Guards and jailed there for safe keeping, and others will probably be arrested. Sam Cook, one of the prisoners, turned state's evidence and implicated all the rest, but subsequently retracted and said he was frightened into the confession. It is announced that "there is an uncompromising demand for a full investigation, and if the guilty parties are found Georgia will have a wholesale hanging."

A San Francisco dispatch states that the cutter Corwin, sent out by the government in search of the missing whaleships Mount Wollaston and Reliance, was jammed in the ice for several days about June 13th in Behring sea, but reached Michaelovski June 19th. The Corwin then crossed to St. Lawrence islands, where she found the inhabitants had been in a state of partial starvation for two years. The first village visited was entirely deserted. The second, some miles distant, presented a frightful scene of desolation, with not a living being to be seen. The dead lay unburied on the hillsides and in their beds, just as they expired. Further westward, at the North Cape, a similar spectacle was witnessed. At first it was thought there had been an epidemic, but there is no doubt the mortality was caused by starvation, from which from 200 to 500 persons died. Happily a whale was caught, and the lives of the remnant of the settlements were preserved. No tidings had been gained of the missing ships.

Gustavus Vintsenger, of the firm of Marks & Co. of New York, is held for trial by Commissioner Osborne on the charge of shipping inflammable material under a false name, in violation of the United States statute. It is alleged that on the 9th of June, Vintsenger shipped for the West Indies, on steamer Star of the West, fifty cases of turpentine under the name of tar, the fraud being discovered at the other end of the voyage.

The body of a young, well dressed girl was found Saturday in the mud on the shores of Barren island, New York harbor. The face was cut and bruised, and it is believed that she was murdered on Coney island, and thrown into the water.

George Keys, a candy manufacturer, of Brunswick, Me., while lighting a fire with kerosene, Saturday evening, was seriously and probably fatally burned, his clothes taking fire. The building in which he lived and carried on business was destroyed, with the contents.

The public debt statement shows a decrease of the public debt during July of $5,576,053.41; cash in the treasury, $198,890,305.20; gold certificates, $12,689,290; certificates of deposit outstanding, $15,535,000; legal tenders outstanding, $346,681,016; fractional currency outstanding, $7,265,710.37; refunding certificates outstanding, $1,167,350; debt, less cash in treasury, $1,936,996,244.93.

—Two of the best amateur piano players of Galveston gave the anvil chorus the other night at a little social gathering. After the applause had ceased one of the young ladies said it was beautifully rendered. "Yes," said a young man who is not musical, "it brought real tears to my eyes. It reminded me so vividly of the time when I used to work in a blacksmith shop, with a cooper shop next door."

—"This is a nice time of night for you to be coming in," said a mother to her daughter, who returned from a walk at ten o'clock. "When I was like you," continued she, "my mother told me not allow me out later than seven o'clock." "Oh, you had a nice sort of a mother," murmured the girl. "I had, you young jade," said the mother; "a nicer mother than ever you had."

—Boys and girls should be taught to swim long before they are allowed to devote themselves to mathematics, ceramics, philosophy or dancing, which last is considered an indispensable concomitant to the education of a fashionable child. Among a hundred young men capable of leading the Germans with skill and grace there are not half a dozen who could save their own lives if suddenly plunged into deep water.

A Public Duty.

We are not in the habit of puffing any sort of patent medicines in our columns, for the business of a newspaper is to let people know what is going on in the world, and not lend aid to what may be an imposition. But we happen to know Dr. David Kennedy of Rondout, N. Y., and can personally testify to the excellence of the medicine which the doctor calls "Favorite Remedy." And if a word of ours will persuade anybody to use it, and thus find relief from suffering, no professional etiquette shall hinder us from saying that word. For diseases of the blood, kidneys and bowels it has no equal. We would not be without it for five times the dollar that it costs.—*Daily Times.*

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was emi nently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deod&o1m

Proposals for River and Harbor Improvements in Maine, New Hampshire and Massachusetts.

PROPOSALS in duplicate, addressed to the undersigned, will be received at his office in Portland, Maine, until 3 o'clock P. M. on Tuesday the 17th day of August 1880, at which place and time they will be opened in the presence of the bidders, for work for improving the following named rivers and harbors to wit:

1. Lubec channel, Maine, about 130,000 cubic yards of dredging.
2. Cathance River, Maine, about 30,000 cubic yards of dredging.
3. Gut opposite Bath, Maine, about 200 cubic yards of sunken ledge to be removed.
4. Richmond's Island Harbor, Maine, about 2,500 tons of granite grout.
5. Lake Winnipisseogee, N. H., about 7,000 cubic yards of dredging.
6. Portsmouth Harbor, N. H., breaking up and removing about 700 cubic yards of sunken ledge, and about 2,000 tons of Rubble stone.
7. Merrimac River, Mass., about 25 cubic yards of sunken ledge to be removed.
8. Boston Harbor, Mass., about 200,000 cubic yards of dredging.
9. Plymouth Harbor, Mass., about 40,000 cubic yards of dredging.
10. Provincetown Harbor, Mass., about 750 tons of Rubble stone.

Persons desiring to make proposals for any of the above works are requested to apply to the undersigned, at his office, No. 11 Clapp's Block, Congress Street, Portland, Me., or at No. 26 Pemberton Square, Boston, Mass., for specifications and for further information concerning the same.

Proposals must be made *separately for each work*, addressed to the undersigned, and be accompanied by the requisite guaranty—each proposal and guaranty to be in *duplicate*, on printed forms, which will be furnished on application at *this office*—and when transmitted, must be so indorsed on the *sealed envelope* as to indicate, before being opened, the particular work bid for.

The undersigned reserves the right to reject all bids which in his opinion are not reasonable; also the bid of any failing bidders or contractors or of any other person who, in his belief, will not faithfully, satisfactorily and promptly perform the contract.

AROUND HOME.

Municipal election to-day.

Mr. Daniel Littlefied will launch in a few days a steam yacht to be called the Swan.

The steamer Sampson has been repainted outside, and had a new jacket put on her smoke-stack.

The thermometer stood at eighty degrees above zero on the verandah of the Oceanic hotel at the Shoals, at noon on Sunday.

Rev. Father Edmund Quincy Sheafe Waldron, of Baltimore, officiated at St. Mary's Catholic church in this city on Sunday.

Early Sunday morning, at Dover, the house and barn of Edward O'Hare, and the house of Patrick Grimes, were burned. Grimes' loss is said to be about $1000, and O'Hare's $1600.

The schooner Nettie Adams arrived at this port on Sunday afternoon with sixty-one barrels of mackerel, of which thirty barrels were number one's; she also sold fifty barrels before coming into port.

Tickets to Hamptom over the Eastern railroad, for the temperance meeting Aug. 5th, will be only forty cents for the round trip, (half fare,) provided fifty tickets are sold. To be had at the station.

The teachers, pupils and others connected with the Newmarket Sunday schools, to the number of about three hundred, had an excursion to Old Orchard beach on Wednesday of last week, leaving Newmarket at about half-past seven o'clock in the morning, and arriving at Old Orchard in two hours. The zionists arrived home a little after seven o'clock in the evening.

About fifty passengers were taken to the Isles of Shoals last Sunday by the steamer Mystic. The trip was made in about one hour, the ocean being as calm as a mill-pond, although the wind was southeast. The party was one that could not be objected to by the most fastidious, and we only wonder why more of our citizens do not avail themselves of this Sunday trip, which gives them three hours at either Appledore or Star islands; or if parties prefer, boats will land them at Smuttynose or White islands. The accommodations on the steamer are excellent.

BOW MISSION SERVICES.

The meetings conducted at the mission hall each week do not diminish in interest, though of course, like all other meetings, they are not so largely attended now as in cooler weather. It is curious to note the varied interests and workers in the religious meetings; friends meet from all the churches, and some not connected with any particular church take part, in the interest of temperance and reform; and almost all conceivable ideas and opinions are held, and sometimes promulgated, yet in almost every instance with the best of motives and feelings. A weeks ago a brother suggested that he did not think we ought to be so very personal in these things, but he wanted the meeting to understand that in November he was going to vote for Hancock and English! This little political episode was passed over with a rousing temperance song.

The gospel temperance meeting, Saturday evening, was in charge of Mrs. James Sanborn, who gave an account of a visit to Old Orchard, Me., which was very interesting to the audience. Mr W. H. Pearson, of Lewiston Me., contrasted Lewiston and Portsmouth from a temperance point of view. Several others made remarks.

Acting City Missionary Loyne conducted the bethel service, Sunday afternoon; subject, "The gospel feast."

The reform club held a very interesting session Sunday evening. Mr. B. F. Thorndike delivered an address on the Sunday-closing question, which was listened to with close attraction—which on such a very warm evening was quite a compliment to the speaker and the club. Mr. Cole, superintendent of the Washingtonian Home for Inebriates at Boston, and a veteran temperance worker, was also present, and addressed the meeting. Mr. Cole is always a welcome visitor at the club meetings, and we do not wonder that Col. Kent finds in him a valued friend; few men know better than he how to talk and work for temperance, and few have had the experience with the demon of the still that he has had. L.

YORK COUNTY ITEMS.

Sunday afternoon three daughters of Mr. Southworth of Edes falls, Lewiston, Me., while bathing were thrown into deep water by a rolling log, and drowned. The oldest was sixteen years of age.

On Saturday morning Abram Currier, a farmer of Kennebunkport, while driving cows from an inclosure into which they had broken, was attacked by a ram and butted in the abdomen, receiving injuries from which he died Monday morning.

The barn of Theodore Ware, Jr., of York, with several tons of hay, farming tools, etc., was burned at three o'clock Monday morning by a fire supposed to have been set by a tramp. Loss $800; insurance $100. The house was saved by the strenuous and well-directed efforts of the people on the place, and the neighbors.

Chase's mills, York, which have been lying idle for some time, have been leased by Frank Bottomly, of Athol, Mass., quite an extensive mill proprietor in other places, and with new machinery, etc., will start up at once in the manufacture of cotton-warp flannel. Mr. Bottomly having contracts ahead for all the goods the mill can turn out.

The Tremont Gun club of Boston had a pigeon-shooting tournament near Eliot depot on Thursday of last week. The Dover *Democrat* in mentioning the fact says: "Four hundred and fifty birds were victims of this outrageous practice. This is what is called sport, and we hope at the next meeting of the Maine legislature, some action will be taken to put a stop to this making Maine the bird-slaughter-house of Boston sports. A half a dozen of our citizens witnessed the affair, and they speak of the 'fun' enjoyed."

—Don Quixote evidently knew the tricks of travellers in towns where Sunday liquor laws were in force. He said: "When one door is shut another is opened."

—Mark Twain would have every steamboat compelled to carry in a conspicuous place the following notice: "In case of disaster, do not waste precious time in meddling with the life-boats—they are out of order."

—Some fellow has devised a machine that will "add up a column of figures a foot long in six seconds." "Figures a foot long" must be easier to add up than the little fellows only an eighth of an inch in length.

—The young married woman at the seaside hotel flirts all the week and endeavors to pass for an artless maiden, and the arrival of her better half on Saturday afternoon plunges her adorers in the depths of despair.

—A little boot-black picked up a cigar stump in front of a Galveston hotel, and after examining it for a moment, said mournfully to a comrade: "I say, Bill, I believe we are going to be quarantined this year, and everything is going to be dear." "What makes you think so?" "Just see how little the cigar stumps are already."

—The New York Tombs has never had but one gallows builder, who began forty years ago, when a young capenter, and is now rather an old man. He demanded as an important feature in the arrangement that his name should be kept secret, and in this point he has been successful. He now has an assistant to do the work, which he personally superintends.

—A pretty little anecdote is told of a child in Newton. She was called one day by her mother to speak to another lady standing near, who, she was told, was a grandmother. Looking at her for a moment she quickly said: "Oh, no, she is not a grandmother; she is too new to be a grandmother; grandmothers have gray hair and wear spectacles." And she could not be convinced of the fact.

—The Kansas supreme court has been taking a judicial view of the small boy. In a suit against a railroad company to recover damages for injuries caused by a turn table on which the wounded boy was playing, the court said: "Everybody knows that by nature and by instinct boys love to ride, and love to move by other means than their own locomotion. They will cling to the hind ends of moving wagons, ride upon swings and swinging gates, slide upon cellar doors and rails of staircases, pull sleds up hill in order to ride down upon them on the snow, and even pay to ride upon imitation horses and imitation chariots swung around in a circle by means of steam or horse power. This last is very much like riding around in a circle upon a turn-table. Now, everybody, knowing the nature and the instinct common to all boys, must act accordingly. No person has a right, even on his own land, to place dangerous machinery calculated to attract and entice boys to it, there to be injured, unless he first take proper steps to guard against all danger; and any person who thus does leave dangerous machinery exposed, without first providing against all danger, is guilty of negligence."

DIED.

KINNEAR. In Newcastle, July 30th, John Kinnear, aged 31 years and 6 months.

Eat Slow

and clean your mouth afterwards with SOZODONT, and your teeth will be in condition to do their work for years. Thousands of dyspeptics bolted their food because they had no good teeth to masticate properly. Chew fine, eat slow, and use SOZODONT.

COUGHS.—*"Brown's Bronchial Troches"* are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few simple remedies of the age.

THE THROAT.—*"Brown's Bronchial Troches"* act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. *"Brown's Bronchial Troches"* will almost invariably give relief. Imitations are offered for sale; many of which are injurious. The genuine *"Brown's Bronchial Troches"* are sold *only in boxes.* Tu,th&f,&c

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. Appledore and Oceanic Hotels,

ISLES OF SHOALS.

Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at seven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:30 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30, P. M. in season for the afternoon trains west and east.

☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the station, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"

Newcastle, N. H.

This Hotel will open June 20. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from all sides of its house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire Items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Indian Depredations.

The fair reader shudders when she thinks of the settler's wife watching, from the door of her rude hut, the retreating form of her husband going out to his daily labor—going out perhaps to return not again, for before nightfall a savage hand may have laid him low among the prairie grasses. Or it may be a child, a bright-eyed daughter, is snatched away in an unguarded moment, to grace the next war dance. When we read the heart-rending details of these savage depredations, we are apt to blame the government for not taking more strict precautions to insure the settler's protection. But we daily read of the depredations of that arch-fiend, consumption, with scarcely a thought of the terrible inroads it is making on human life. Tens of thousands of homes are annually desolated by consumption to one by Indian outrage. Like the Indian consumption offends not stealthily, and no danger is apprehended until the victim suddenly finds himself hopelessly ensnared, and death's fatal arrow ends the scene. Dr. Pierce's Golden Medical Discovery, a powerful alterative, or blood-purifier, and tonic, has restored thousands of consumptives who had tried every other remedy recommended to them, without obtaining any relief, and are willing to testify to its remedial powers.

Some weeks ago it was reported that the Russian Count Schouvaloff won from Prince Demedoff, in one night, at baccarat, $3,000,000. Whereupon, Count Loris Melikoff, chief minister of the czar, pointed out to his majesty that such gambling was dangerous to society, politically as well as socially. The czar has ordered Count Schouvaloff to return or remit seven-eighths of this large gambling debt. So Prince Demedoff has only to pay $400,000 for his evening's amusement. Enough to break some of us, even at the reduction.

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage Hire, and stop at *Grand Union Hotel*, opposite Grand Central Depot. 550 elegant rooms reduced to $1 and upwards per day. European Plan. Elevator. Restaurant supplied with the best. Horse Cars, Stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in the corner of the block. 4-10-6m*eow*29

Naval Gazette.

The Tennessee arrived at Portland on Sunday.

Pay Director C. P. Wallach is detached from duty as fleet paymaster of the North Atlantic station, and ordered to settle accounts. Paymaster James Hoy is ordered to the Tennessee, and as fleet paymaster of the North Atlantic station

According to the Boston *Herald* Gen. Butler's friends say that he will not run for the governorship of Massachusetts this year, but will make matters lively in the seventh district, where he will be the independent - greenback - labor - reform-democratic candidate for congress.

The New York *Times* has a despatch from Burlington, Vt., stating that Wm. J. Farr has been brought there for medical treatment. He has had a republican flag flying from his hotel at East Middlebury, and was warned to take it down. Not doing so some parties called him up at night, Thursday, gagged and dragged him into the road. He was taken into a barber's shop and again asked to strike his flag. He refused. The gang then held him while they shaved off his beard and all the hair on his head, making four scalp wounds with the razor. They then took him to the bank of Otter creek, and asked him again if he would take down his flag. He refused. They then tied his feet together, bandaged his mouth and threw him into the creek, and drew him out by the rope, three times. They then tied him to a tree, leaving him. He was found senseless there on Friday morning, and taken home. He was terribly bruised, and the scalp wounds will disgure him for life. The sheriff and attorney of Addison county are endeavoring to discover the ruffians.

There is another presidential candidate in the field. Gen. John W. Phelps of Brattleboro, Vt., has written a letter accepting the nomination for president by the National Anti-Masonic society. It is thought he will get as many electoral votes as Gen. Neal Dow will.

Gov. Blackburn of Kentucky in a recent speech defended Gen. Garfield against the attacks of the newspapers upon his good name and fame. He said that he had a fellow feeling in this particular, and "knew that Gen. Garfield's defamers were not worthy to undo the latches of his shoes." Gov. Blackburn places a very low estimate upon the character of a majority of his party editors.

Minnie Shroeder, whose husband killed Dr. Lefevre in San Francisco, is a daughter of Rev. Dr. Horatio Stebbins, for many years pastor of the First Parish church in Portland, Me., where Minnie is remembered as a young lady of sweet disposition and graceful manners. She recently shocked her husband and father by confessing that she had been seduced by Dr. Lefevre, and that criminal intercourse had continued for two months. Mr. Shroeder became almost violently insane, and shot and killed Lefevre at the latter's office.

A Medicinal Wine for Kidney Complaint.

In this age of "extended liquors," it is pleasant to know that there is one article of pure wine in the market for medicinal use. We have reference to Speer's Sambuci Wine, which was on exhibition at the Fair, and a glass was given to each visitor who claimed it. A glass was proffered to me, and I touched it to my lips somewhat unwillingly, but was agreeably disappointed in finding it one of the most delicious wines I had ever tasted. I doubt whether there is a vineyard in the Old or New World that can yield a wine at all comparable to this in richness and delicacy of flavor. Mr. Speer prepares it by a new process peculiar to himself, without the addition of spirits, and each bottle he sells is guaranteed to be four years old. It is largely used in the New York and European hospitals for dropsy, gout and all kidney complaints. It has found its way, it would seem, to London and Paris hospitals, as the best wine to strengthen and build up a consumptive or debilitated system.—*Boston Evening Transcript.*

The committee in charge of the New York *Herald* Irish relief fund have dissolved. They disbursed a total of $341,054.58. Thus ends a charity of unprecedented proportions, started promptly and liberally, conducted wisely and cheaply, and closed without ostentation.

Nervous debility, weakness and decline prevented by a timely use of Malt Bitters.

THE GREAT INVENTION

FOR WASHING AND CLEANSING

Is hard or soft water, WITHOUT SOAP, and without danger to the finest fabric.

SAVES TIME and LABOR AMAZINGLY,

and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but PEARLINE is the only safe article. Always bears the name of James Pyle, New York.

HUNT'S REMEDY

CURES WHEN ALL OTHER MEDICINES FAIL, as it acts directly on the Kidneys, Liver, and Bowels, restoring them at once to healthy action. HUNT'S REMEDY is a safe, sure and speedy cure, and hundreds have testified to having been cured when physicians and friends had given them up to die. Do not delay, try at once HUNT'S REMEDY.

Send for pamphlet to

WM. K. CLARKE, Providence, R. I.

Prices, 75 cents and $1.25. Large size the cheapest. Ask your druggist for HUNT'S REMEDY. Take no other.

DAY'S Kidney PAD

IS STRONGLY ENDORSED.

Rev. E. F. L. GAUSS, Galena, Ills., writes—"For over ten years I had been a great sufferer from pains in the small of the back and region of the Kidneys, which was most excruciating and at times almost intolerable. Doctoring brought no relief, and I was finally advised to go abroad and seek a change of my physicians in Germany and Switzerland, eminent physicians, after close examination, declared my sufferings to arise from disease of the Kidneys, of long standing, and could do me no good. I was, however, benefited by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble grew again so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains at once grew less and are now, after wearing the second pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and look again the very picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed, I consider the Day Kidney Pad Co., God's agents and great benefactors of mankind. May all the suffering be helped as I have been in my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have ever tried."

CAUTION. Owing to the many worthless Kidney Pads now seeking a sale on our reputation, we deem it opportune to warn them. Ask for DAY'S KIDNEY PAD and take no other.

GEO. C. GOODWIN & CO., Gen'l Agents, Boston.

WHIPS! All qualities and prices; at LARRABEE'S, 26 Congress St.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains valuable and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to pernicious habits or inherited. He is a Nerve specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. F. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. dm&th &Ginov80

HEAL THYSELF

SPEER'S

PORT GRAPE WINE!

SPEER'S PORT GRAPE WINE,

FOUR YEARS OLD.

This Celebrated Native Wine is made from the Juice of the Purest Grapes, pressed in this Country. Its Invaluable

Tonic and Strengthening Properties

are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.

Speer's P. J. Sherry,

A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.

SPEER'S P. J. OR PEDRO J. BRANDY.

This noted Brandy is a pure distillation from the grape, and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.

Speer's Sambuci Wine!

celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.

Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.

AS A DIURETIC,

it imparts a healthy action to the kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

FACTS WORTH KNOWING.

Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known are scarcely mentioned in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and

THE BEST HEALTH AND STRENGTH RESTORER EVER USED.

So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disorder, or if you need a mild stimulant, or appetizer, PARKER'S GINGER TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.

Remember! PARKER'S GINGER TONIC is not a rum drink, but the *best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. tu14

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the usual cutting, injury trusses inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered him off that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be relieved or relieve of it before the day of suffering and gloom comes upon him.

Persons from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity throughout this country and the West Indies. The afflicted should read it and inform themselves of it.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and marked to show no step in the cure, consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between the New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Dr. J. A. SHERMAN

251 Broadway, cor. Murray St., N. Y.,

—AND—

43 Milk St., Boston.

Beware of certain confidence men and imposters who represent themselves as Dr. Sherman. taug28

American and Foreign PATENTS.

[ESTABLISHED 1865.]

GILMORE & CO., Successors to CHIPMAN, PARKER & GILMORE, Solicitors of Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. No additional fees for obtaining and conducting a re-hearing. Special attention given to Interference Cases before the Patent Office. Extensions before Congress, Infringement Suits in different States, and all litigation appertaining to Inventions or Patents. Tracts free. Address GILMORE & CO., for Pamphlet of sixty pages.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under acts of 1850 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.

Arrears of Pay and Bounty.

Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & CO., and a full reply after examination, will be given you free.

Pensions.

All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.

Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.

Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & Co. is thus secured. We desire to win success by deserving it. Address

GILMORE & CO.,

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE,

IN THE City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

TESTIMONIALS.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 18, 1879.

R. H. EDDY, Esq.—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many valuable patents for me and others. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

MORSE & ILSLEY,

NO. 3 PLEASANT ST., - UP ONE FLIGHT

To the Hon. Judge of Probate for the County of Rockingham.

RESPECTFULLY represents MARCELLUS BUFFORD, administrator of the estate of WILLIAM B. ELCOWD, late of Portsmouth in said County, deceased, that the Personal estate of said deceased is not sufficient to pay the just demands against the same; that said Elcowd died seized of the right in equity to redeem certain mortgaged real estate, situate in said Portsmouth and bounded and described as follows; a lot of land with buildings thereon situated on South street and bounded northerly by South street, easterly by land formerly owned by Daniel Pearson, and of Catherine L. Pearson, and southerly and westerly by land of said Pearson; also three undivided fourth parts of a lot of land situated on said South street with a dwelling-house thereon, bounded northerly by South street, easterly and southerly by land of Catherine L. Pearson, and westerly by land of said William B. Loud; also three undivided fourth parts of a lot of land situated on Livermore street with a two-story house thereon, and bounded northerly by Livermore street, easterly by land of Thomas H. Odiorne, southerly by land of heirs of Alfred M. Hoyt, and westerly by land of Albert R. Hatch; also three undivided fourth parts of a lot of land situated on Bridge street with a brick dwelling house thereon, and bounded northerly by Daniel street, easterly by land of Caroline Q. Wendell, southerly by land now or late of heirs of Hall Yarrell and others, and westerly by land of Joseph H. Broughton; all the said real estate being subject to a mortgage to the Portsmouth Savings Bank, on which was due at the decease of said William B. Elcowd, $2,000 and interest semi-annually from Jan. 29, 1879; which equity of redemption is subject to the right of dower of the widow of said deceased, and to the right of the widow and minor child of said deceased to a homestead in the last described lot. And said deceased died also seized of the right of dower in the real estate of his father, which is not sufficient with the personal estate to pay the just demands against his estate.

That therefore the petitioner may be licensed to sell at public auction the right in equity of redeeming the real estate of said deceased aforesaid together with the reversion of the dower and homestead for the payment of said demands.

Dated the seventeenth day of July, A. D. 1880.

MARCELLUS BUFFORD, Administrator.

State of New Hampshire, Rockingham ss.

Probate Office at Exeter, in said County, July 12th, A. D., 1880.

Upon the foregoing petition it is ordered, that a hearing be had thereon at the Court of Probate to be holden at Exeter in said County, on the 3d Wednesday next following the third Tuesday of August next; and that the petitioner notify the heirs of said deceased, and all persons concerned or interested therein, to appear at said Court, and show cause, if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Portsmouth Daily Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least one week previous to said Court.

By order of Judge.

WOODBURY M. DURGIN, Register of Probate.

ONE OR TWO SMALL CHILDREN to board, or a BABE to bring up by hand. A pleasant home, and the best of care. Enquire at No. 56 Pleasant Street.

Cuticura

REMEDIES

Have achieved the most noted success of any Medicines of Modern Times.

Messrs. Weeks & Potter have never doubted the specific properties of CUTICURA, CUTICURA RESOLVENT, and CUTICURA SOAP, for the speedy, permanent, and economical cure of Humors of the Blood, Skin, and Scalp. They are, however, astonished at their universal success; for it was to be expected that in the hands of some they would fail solely from sub-mediocre or ignorant use of them.

They are enabled to say without fear of contradiction that no remedies ever achieved in the short space of one year the number of wonderful cures per annum by CUTICURA REMEDIES.

SALT RHEUM

Covering the Body for Ten Years, Permanently Cured.

LAW OFFICE OF CHAS. HOUGHTON, 17 Congress Street, Boston, Feb. 2, 1878.

MESSRS. WEEKS & POTTER: *Gentlemen*—I feel it a duty to inform you, and through you all who are interested in knowing, that I was most disagreeably and obstinate case of Salt Rheum or Eczema, which has been under my personal observation from its first appearance to the present time,—about ten (10) years,—covering the greater portion of the patient's body and limbs with its peculiar irritating and itching scab, and to which all the known methods of treating such disease has been applied without benefit, has completely disappeared, leaving a clean and healthy skin, under a few days of precise application of CUTICURA.

I can and do hereby advise a trial in fairly afflicted to try the remedy which has been so effectual in this case. Very truly yours,

CHAS. HOUGHTON.

LIVER COMPLAINT

And Dyspepsia Treated by the Resolvent, Gains 5 1-2 pounds on one Bottle.

Gentlemen,—I have had Liver complaint and Dyspepsia, with running sores on the side of my back, for ten years. Doctors did me no good. I have been confined to my room and did no good. Every thing I ate distressed me. I got reduced from 178 to 142 pounds. At last I read the RESOLVENT, and bought one bottle and one bottle I gained five pounds in one month. It is doing the business, and I am good for 178 strong.

Yours respectfully, JOHN H. H. Y.

14 WABASH AVE., CHICAGO, ILL., Nov. 15, 1878.

NOTE.—CUTICURA is admirable, assisted in cases of extreme physical weakness, or when the virus of scrofula is known to lurk in the system, by the internal use of the CUTICURA RESOLVENT, without doubt the most powerful blood purifier and liver stimulant in the world.

CUTICURA SOAP is an elegant toilet and medicinal cosmetic, CUTICURA is the treatment of all exterior affections. For chapped hands, rough skin and hair, scaly scalp, and the lesser skin troubles, it is indispensable, as a soap for the toilet, for nursery, and bath it is beyond elegant, refreshing, and medicinal beyond all rivals.

These great remedies succeed where all others have failed, or have had but temporary success, and are grand specifics never before successfully combated; incredible.

THE CUTICURA REMEDIES are prepared by Weeks & Potter, Chemists, 170 Tremont Street, Boston, and sold by druggists. Price of CUTICURA, small boxes, 50 cents; large boxes, containing two and one-half times the quantity of small, $1. RESOLVENT, $1 per bottle. CUTICURA SOAP, 25 cents; 3 cakes, by mail, 80 cents; 3 cakes, 75 cts.

COLLINS VOLTAIC ELECTRIC PLASTERS

In the Annihilation of Pain and Inflammation in the Vitalization of Weak, Lame and Paralyzed Nervous Parts and Organs, in the curing of Chronic Weaknesses of the Kidneys, Heart, and Kidneys, in the Absorption of Poisons from the Blood through the Pores, and the Prevention of Fever and Ague, Liver Complaints, Malaria, and Contagious Diseases, they are wonderful. Get the genuine.

SAMUEL CLEAVES & SON.

Daily Chronicle.

Two Murderous Fools.

A duel was recently fought near Jacksonborough, Campbell county, Tenn., which resulted in the instant death of the two principals, John W. Bibee and B. F. Roach. The difficulty arose over a political discussion, each being champions of the respective candidates for sheriff in that county. They first met on the streets in Jacksonborough, and a heated discussion ensued, followed by blows, when the combatants were separated by bystanders. They then agreed to meet at night a few miles from town, when they would end their difficulty with pistols. The particulars of the duel are yet unknown, it being believed that no one witnessed the tragedy. Bibee was shot through the neck and Roach through the breast. Their instant death followed. Bibee was about nineteen years of age, the son of a very prominent citizen of Jacksonborough. Roach was a married man, and leaves a large family.

The Baby.

The baby is a revolutionist. He ruthlessly upsets established customs, breaks in on confirmed habits, and sways despotic command in his realm. There can be no conservatism where there is a baby. He is a radical of radicals, and he seems to have a hydrophobic horror of anything and everything that savors of the old order of things. He is an indefinable compound of arrogance and amiability; is amusing and exasperating; tyrannical and condescending; affable and dictatorial.

When his sucks his fists and protrudes his cheeks, or forgets his autocratic state in the engrossing effort to dine off his toes or the house cat's tail, he becomes an object of curious and affectionate interest. When he learns to creep and takes it into his small head to try the effect of overturning a kettle of hot water on himself, or an experimental plunge into the cistern, he excites rather more than a mild solicitude, that is equalled only by the emotions he arouses when he manages to get hold of the paternal razor with the evident intention to try its edge on his tongue.

Such manifestations of eccentricity as a heels-over-head tumble down stairs, pulling the tablecloth off for the delight of hearing the china crash, mutilating your Sunday coat with the newly-ground family scissors, or making the souls of horse-car drivers quake by his squatter-sovereignty predilections in favor of the track, soon lose their terrors on the principle that familiarity breeds contempt.

If there is any danger, near or remote, into which he does not project himself before he reaches the age of two years, he is of a verity the far-famed "most wonderful baby in the world." But it is the mothers old baby to whom (for which) the grown-up world pays profoundest homage.

The acutest observers of human nature must fail of anything like intelligent classification of him. He is a law unto himself, inexplicable, elusive, never of the same mind on two occasions, and a creature of most doubtful issue in respect of his intentions about permitting a quiet night to pass. In short he is The Baby, the most helpless object in the universe, and the incarnation of an absolute monarchy.

With reference to everything else, animate or inanimate, the terms Big and Little are merely relative; but the baby is a living defiance of that and all other laws. He is at once the smallest and the largest factor in the human problem. His rule being of short duration, its despotic character is correspondingly pronounced. He is presumed to have originated the adage about making hay while the sun shines, and the huge winrows he piles up attest his appreciation of his own wisdom.

—A practical sort of youth was detected at Erie, Pa., in robbing the money drawer of his employer, and confessed the crime with great apparent penitence. The alderman who tried the chap was so affected by his penitence that he concluded to take him to jail himself that he might lecture him in the line of reformation. They started together, wending their way leisurely to the prison-house. The lecturer bestowed some excellent advice to the recreant clerk, telling him to avoid evil and "flee from the wrath to come." The chap fled, and the outwitted and conscientious aldermen has not had the pleasure of seeing him since that abrupt separation.

Portsmouth Chronicle.

[Entered at the Post Office at Portsmouth, N.H., as second-class matter.]

WEDNESDAY, AUGUST 4, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

How Fusion Refuses to Fuse.

The democratic press would like their readers believe that all is lovely with "fusion" in Maine, and that the old Jacksonian "mint-drops democracy," with the advocates of "fiat money" and denouncers of national banks, will come up to the polls as one man in support of that bloated national banker, William H. English. But all is not lovely, after all, as the following, written to the Boston *Post* by a "Jacksonian democrat" of Bath, Me., indicates:

Doubtless many democrats, outside of this state, think it singular that the fusionists do not hang together better than they do in their common opposition to the republican party. A superficial observer would see no reason, perhaps, why the two opposition parties in Maine should not unite temporarily for the defeat of the reigning dynasty. It is not strange, but it is true nevertheless, that very few people outside of this state, and by no means all in the state understand the political situation here. Anyone who is conversant with state politics must know that a great majority of the leaders of the greenback party are ex-republicans. Most of these men were not as prominent as they wished to be in their own party, and while desiring to devise some means of getting their heads into the public crib, they were yet not ready to join the democratic party, and were obliged to seize upon some issue with which to form a new party, as leaders of which they might ride into power. These sorcheads, with a few office-seeking politicians from the democrats, manage the greenback machine in Maine. The rank and file are composed of a few republicans, a few honest believes in soft money, and a much larger number of bamboozled democrats.

The Maine democrats were on the high road to success, when a few selfish men, seeing that their party bade fair to come into power, and fearing lest they would not be the ones to get the offices, steadily fell in with a few republican politicians of a similar type, and assisted them to push forward the greenback movement. But, besides ruining their party's chance of success, these men overreached themselves, for their movement has failed *and will fail again.* Even were there no principles involved, one can readily understand how distasteful it would be to real democrats to assist in boosting into power regenade republicans, wild theorists and deserters from their own party. The spectacle of genuine Andrew Jackson democrats voting into office such men as Fogg, Murch, Gove & Co., is not edifying, to say the least.

From present appearances I should hardly say that the election of Plaisted could be reckoned as a probability. I personally know of a number of straight democrats in this place, and one prominent one at least, outside of it, who intend either to vote the republican ticket, not vote at all, or make up a ticket of their own.

And now it is announced that Solon Chase, the great-great-grandfather of greenbackism in Maine, and owner of "them steers," refuses to accept a nomination on a fusion electoral ticket, and denounces the action of the greenback and democratic state committees.

News and Notes.

The exports of domestic produce from New York for the week ending Wednesday, July 28th, amounted to $8,683,000, nearly $2,000,000 ahead of the corresponding week of last year. Twenty cargoes of corn, averaging 75,000 bushels, have been sent to Hamburg and Bremen within a short time to be used in the distilleries.

Martin Shay was accidentally shot in the abdomen at Newport, R. I., Sunday, while fooling with a toy pistol, and died Monday afternoon.

Representative Joseph J. Nichols of Lawrence, Mass., was the victim of three-card monte men, recently arrested in Chelsea. They succeeded in getting $15 from the guileless legislator at Revere beach recently.

J. Eddie Powers of Newburyport, six years old, was instantly killed Monday evening while playing upon a pile of plank, a number of them falling upon his head, crushing it to a jelly.

Wm. Vail went to sleep on the railroad at Jamesville, Mass., Sunday morning, and was rudely awakened by being knocked off his seat by the "Owl train." He was picked up and taken to Worcester and sent to the hospital, where he was found to be only slightly injured.

The dory Little Western, Capt. Thomas, the smallest craft which ever crossed the Atlantic ocean, arrived at Gravesend, Eng., from Gloucester, Mass., on Monday.

W. H. Ryan and Joseph F. Grier were the principals in a prize fight at Gloucester, Mass., late Saturday night. Officers Martin J. Williams and Gilman S. Williams, in their endeavors to prevent the fight, were set upon and severely handled. In the police court, Monday morning, the fighters were fined $15 and costs each for mutual assault, and bound over to the supreme court for assault on the officers. There were twenty spectators at the contest.

Col. Bodine, the noted rifleman, and captain of the American team in various international rifle matches, arrived in New York on the 2d inst. from Europe, with other members of the American team which has been shooting in Ireland and England. Bodine's gun-case, on examination by the customs officers, was found to contain two pairs of kid gloves, six pairs of ladies' silk hose, six ladies' silk scarfs, and three rolls of black silk, 134 yards in all. The goods and the case of rifles were seized under the smuggling act, and sent to the seizure room.

Edward Egan, a barkeeper at Malta, a small town three miles from Leadville, Col., was killed Monday by a ranchman named James Brady, an old settler. Brady was returning from a circus, and while under the influence of liquor entered the saloon where Egan was barkeeper, the latter being asleep on the counter. He was helping himself to a drink, when Egan awoke. A few blows were exchanged, when Brady drew a revolver and shot Egan through the heart. The murderer escaped, but was subsequently arrested.

Enoch Alexander, a half-witted pauper, of Brunswick, Me., while walking on the railroad bridge Sunday, was struck by an engine and killed and knocked into the river. The body was recovered. The engineer was in nowise to blame, as he gave due warning, and there was ample time to spare for Alexander to step aside. It is supposed he was too much frightened to move.

A Madison (Ind.) despatch says: B. Smith (colored) was knocked down at the polls Monday at Millon, Ky., by Amos Fox, a white man. He was then set upon by other white men, one of whom, named Cornman, stabbed Smith several times, and another broke his skull with a club, inflicting fatal injuries. Cornman was arrested.

At Meriden, Conn., Saturday, Walter Lewis, fifteen years old, was drowned in the Naugatuck river while bathing. On Sunday, James Waterman, a youth of seventeen, was drowned while bathing at Black pond, three miles from Meriden.

While on the way from the railroad station in Montville, Conn., to his residence in that town, on Thursday evening of last week, Hon. Elisha H. Palmer was knocked down, kicked and beaten by several men who had followed him from the station for that purpose. The injuries Mr. Palmer received are quite severe, and will confine him to his house for considerable time. He believes his assailants are persons who had taken offense at his attitude in relation to prohibiting the sale of liquor in Montville. He was in New London on Thursday, distributing posters announcing the time and place of the prohibition convention.

There are now in New York eighty-five Protestant Episcopal churches. Their number has doubled in twenty-five years.

A Long Fast.

Among the miraculous cases of long-continued abstinence from food that of Simeon Moon, of Clinton county, Ohio, deserves mention, it having occurred about three years ago. Mr. Moon owned a beautiful farm near Martinsville, and was not only in comfortable circumstances but surrounded by an interesting family and kind relatives and neighbors. He was a confirmed dyspeptic, and notwithstand his pleasant circumstances, formed a desire to destroy himself, which he finally attempted by cutting his throat. The gash was not deep enough, and the surgeons soon got him in a fair way to recover. He was still determined to die, and declared that he would starve himself in spite of everything. He refused food, and for nine weeks lived without taking more than a spoonful or two of liquid, which was forced through his teeth against his will and resisted by all the strength he could muster. Protestations by his devoted wife and children, and other friends, were of no avail. Die he must, die he would, and die he did at the end of nine weeks' fast. About two weeks before his death he sent for the undertaker and bargained with him for a coffin. He demanded that it be made at once, and brought to the house, though the family earnestly protested against that being done. When the coffin was carried in and placed by his bedside, he examined it carefully, finally expressing himself satisfied with it in every respect. The family still indulged hopes of being able to persuade him from his purpose of starving himself to death. Neighbors argued with him, and friends expostulated, but all without avail, and death finally put an end to a scene that created much wonder and excitement at the time.

—How sharper than a serpent's tooth it is to have a ledger in the same house learning to play the cornet.

A Good Introduction.

Favorite Remedy was introduced into Connecticut in 1877, at the solicition of Rev. J. G. Smith, of Hartford, who, after having suffered for years from chronic liver disease and indigestion, obtained the medicine and was cured. This faithful pastor, thinking of the bodies as well as the souls of his people, at once commenced the advocacy of "Favorite Remedy" among them, and has been the happy instrument of saving scores of lives. Favorite Remedy is now as well and favorably known in Connecticut as along the Hudson. One dollar a bottle. All druggists sell it. Dr. David Kennedy, Proprietor, Rondout, N. Y.

James T. De Jarnett has been indicted at Danville, Va., for the murder of his sister, whom he found in a house of ill fame. He attempted suicide in jail, Saturday.

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—*Pres.*

A cornice fell from a building in Freeport, Ill., Sunday, crushing to death Miss Bertha Dietrich, and fatally injuring Anna Mensen Kamp. Others had a narrow escape.

DRUGGISTS say that Lydia E. Pinkham's Vegetable Compound is the best remedy for female weakness that they ever heard of, for it gives universal satisfaction. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

Pitnam Sneeden of Haddensville, N. J., shot and fatally wounded an unknown burglar Sunday night.

By martial deeds, in olden time,
Fame was achieved in battle glory;
But full as worthy and sublime
The fame, in which we moderns glory;
And for such fame, well won, bards might embalm,
SANFORD'S JAMAICA GINGER bears the palm.

The population of Portsmouth, Rhode Island, is 1979, or eighty-six gain since 1875, when the population was 110 less than in 1870.

As a food and as a medicine nothing in medicine can compare with Malt Bitters.

Pawtucket, R. I., claims to have the finest illuminated clock in the country

Or high or low, or rich or poor,
None would foul teeth or breath endure,
If they but knew how sure and swift
Was SOZODONT, that price less gift,
In giving beauty, life and tone
To every charm the mouth can own.

Mrs. Winslow's Soothing Syrup.

REV. SYLVANUS COBB thus writes in the *Boston Christian Freeman*:—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and to parents unbroken rest at night. Mothers with sick babies know these blessings. Here is an article which works to perfection, and which is harmless for the sleep which it affords the infant is perfectly natural and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any considerations whatever. Sold by all druggists. 25 cents a bottle. 5

A Happy Impulse!

While at dinner in the cars recently, one of New York's wealthiest steamboat owners read the advertisement of the Louisiana State Lottery Company. He felt an irresistible impulse to buy a ticket. It was on the morning of the June drawing, and he telegraphed for a ticket, the lists had not closed at No. 319 Broadway, New York city, and he received from M. A. Dauphin at che— he best one solid horse—then to his surprise, in a few hours afterwards, he received a notice informing him that he had drawn $3,000. "In three days my horse was luck?" Any information about the next drawing on the second Tuesday of the month will be given on application to M. A. Dauphin, New Orleans, La., or same person at No. 319 Broadway, New York city

See a Woman!

In another column, parking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C.* D&W1Jan81

LOST.

ON TUESDAY, Aug. 3d, a MALACCA CANE with a gold head, silver band inscribed "C. C. Burt, from his Lodge, N. Y.," and silver ferrule. The finder will be liberally rewarded on returning the same to PRESTON'S DRUG STORE.

WITH THE

PATENT DUPLEX GRATE.

Bakes day or night without replenishing fire. No poking or shaking required; a single turn of the Duplex Grate removes all clinkers, leaving a fresh fire. The Most Perfect Range in this City!

John P. Sweetser,

46 MARKET STREET - - PORTSMOUTH.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Singerties, N. Y., had been treated for seven years by various physicians for what they called Stricture of the Urethra, with no benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man in he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to Office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deod&o1m

Proposals for River and Harbor Improvements in Maine, New Hampshire and Massachusetts.

PROPOSALS in duplicate, addressed to the undersigned, will be received at his office in Portland, Maine, until 3 o'clock P. M. on Tuesday the 17th day of August 1880, at which place and time they will be opened in the presence of the bidders, for work for improving the fo lowing named rivers and harbors to wit:

1. Lubec Channel, Maine, about 130,000 cubic yards of dredging.
2. Cathance River, Maine, about 30,000 cubic yards of dredging.
3. Gut opposite Bath, Maine, about 200 cubic yards of sunken ledge to be removed.
4. Richmond's Island Harbor, Maine, about 2,500 tons of granite grout.
5. Lake Winnipiseoger, N. H., about 7,000 cubic yards of dredging.
6. Portsmouth Harbor, N. H., breaking up and removing about 700 cubic yards of sunken ledge, and about 1,000 tons of Rubble stone.
7. Merrimac River, Mass., about 25 cubic yards of sunken ledge to be removed.
8. Boston Harbor, Mass., about 200,000 cubic yards of dredging.
9. Plymouth Harbor, Mass., about 40,000 cubic yards of dredging.
10. Provincetown Harbor, Mass., about 750 tons of Rubble stone.

Persons desiring to make proposals for any of the above works are requested to apply to the undersigned, at his office, No. 31 Clapp's Block, Congress Street, Portland, Me., or at No. 28 Pemberton Square, Boston, Mass., for specifications and for further information concerning the same.

Proposals must be made *sep rately for each no-L*, as requi ed by the specifications, and be accompanied by the requisite guaranty—each proposal and guaranty to be in *duplicate*, on printed forms, which will be furnished on application at *this* office—and when transmitted, must be so indorsed on the *sealed* envelope as to indicate, before being opened, the particular work bid for.

The undersigned reserves the right to reject all bids which in his opinion are not reasonable; also the bid of any failing bidder or contractors or of any other person who, in his belief, will not faithfully, satisfactorily and promptly perform the contract.

THE WEATHER.

Probabilities for New England, To-day.

WASHINGTON, D. C., August 4.

Cloudy or partly cloudy weather, occasional rain, winds mostly northeasterly, nearly stationery temperature stationary or lower barometer.

AROUND HOME.

The Manchester *Mirror* says that the Heavy Artillery of this city has voted to disband.

Admiral Alfred Taylor, U. S. N., and Nathaniel Thayer of Boston, are at the Oceanic.

Schooner Helen F. Tredick arrived on Tuesday with about eighty barrels of mackerel.

Constructor Philip Hichborn, U. S. N., is in the city, and is a guest of Constructor Wilson.

The big excursion steamer Empire State is announced to make a trip from Boston to the Shoals on Sunday.

Commodore James C. Palmer, late surgeon general of the navy, is spending the season at Little Boar's Head.

Andrew French, of Kittery, has been granted a patent for a fountain pump, the date of the patent being July 20th.

Forty-five barrels of extra mackerel, one hundred to the barrel, were brought into this port by a schooner on Tuesday morning.

Schooner Anna M. Nash arrived at Doane's wharf on Monday evening, with two hundred and seventy barrels of mackerel, caught within ten days.

The republicans of Epping had a flag-raising last Saturday evening, with addresses by Ex-Gov. Prescott, F. P. Carpenter, Esq., and Hon. O. C. Moore of Nashua.

Grand Chancellor Commander Foss, of the Grand Lodge of New Hampshire, Knights of Pythias, paid an official visit to Damon Lodge, No. 9, of this city, on Tuesday evening.

We tender our acknowledgments to Messrs. Plumer D. Norton, Wm. S. Hazel, Frank W. Rand and J. A. N. Rugg, for prompt furnishing of election returns on Tuesday.

Admiral T. T. Craven, who is summering at the Pepperrell house at Kittery point, finds some of his school-fellows now among our resident citizens, with whom he attended, in his boyhood, the Lancasterian school in this city.

Elder A. A. Waite has his gospel tent pitched on Columbus avenue, near the Providence depot in Boston, and gives lectures and "chalk talks" to the children each afternoon, and to the public generally every evening excepting Saturday. He has large audiences.

Gen. Kilpatrick, than whom there is no better speaker on the republican stump, will open the presidential campaign for the republicans in this city on Thursday evening, Aug. 12th. The republicans, especially the "Boys in blue" element, will give the gallant general a cordial reception.

Steamer Stamford came up to Rollins' wharf on Tuesday noon, with a party of one hundred persons from Gloucester, Mass. On her excursion to Boston from this city on Thursday she will make no stop on her passage, and will remain in Boston eleven hours. The indications are that she will have a large party.

It was the train which ran express to Portsmouth and the White mountains, well filled with summer tourists, and had just emerged from Salem tunnel, when a vinegar-faced old maiden of thirty summers remarked to her gentleman companion, "Tunnels are such bores!"—which nobody can deny. But a young lady of about sweet eighteen, who sat in a seat immediately in front of the ancient party, adjusted her hat, brushed her frizzes back, and said to the perfumed young man beside her, "I think tunnels are awful nice."

A STIRRING BLAST.

There is considerable blasting going on in the Cocheco factory yard at Dover, where a large ledge is in process of removal to make way for the foundations of the proposed new mill. Saturday evening a blast was fired, and not being properly protected, made things quite lively in that neighborhood for a time. Big rocks flew about in all directions, over and into buildings, striking upon roofs and in the streets, and hurting several people. A stone half as big as a man's head struck on top of the mill on Central street, and bounded off, striking an awning-frame in front of a jewelry store. Another fragment, about the size of a peck measure, went through a third-story window of No. 2 mill, taking along the window and frame, and portions of the brick-work. A Frenchman named Peter Cole, who was at work some distance away, had one of his arms broken by a flying stone, and a fourteen-years-old daughter of John Gorman was knocked senseless while standing on the steps of her father's house in Waldron street; the girl was badly hurt, and for a time there was no hope of her recovery. Two of the stores in Bracewell's building had their large plate-glass windows smashed in, the damage to each window being $75. A man named Daniel Dore had a narrow escape from instant death, a stone weighing over two hundred pounds whizzing past his head at the distance of a few inches. Considering the number of people endangered, it is remarkable that no lives were lost.

CITY OFFICERS-ELECT.

Mayor, William H. Sise.

Aldermen, ward one, William F. Noyes, Charles A. Shannon, George T. Vaughan; ward two, Jeremiah F. Hall, John H. Slater, Thomas E. Call; ward three, Jeremiah Sanborn; ward four, Henry S. Hartshorn, William S. Hazel.

Six republicans and three democrats.

Common Councilmen, ward one, William H. Gardner, Freeman R. Garrett, Nicholas P. Bryant, John T. Newton, Robert King, George W. Frost; ward two, John M. Clark, Warren P. Webster, Charles Manent, Alfred M. Lang, Charles F. Shillaber, Albert C. Anderson; ward three, George Campbell, Frank F. Marden; ward four, Charles E. Senter, Willard M. Gray, Howell C. Russell, Daniel Geary. Twelve republicans and six democrats.

Assessors of Taxes, ward one, George W. Pendexter, Thomas J. Mitchell, Joseph H. Berry; ward two, Lewis G. Davis, Ebenezer F. Brackett, Benjamin F. Webster; ward three, Alexander L. Rand; ward four, Henry F. Wendell, William P. Bennett. Six republicans and three democrats.

Overseers of Poor, ward one, Henry M. Clark; ward two, Samuel S. Green; ward three, William H. Canty; ward four, Benjamin F. Mugridge. Two republicans and two democrats.

THE CITY ELECTION.

The result of the municipal election on Tuesday is the choice for a third term of Col. William H. Sise, the republican candidate for mayor, and the usual majority of members of the city government.

The election is in its results significant, because it shows two things: first, that the republicans have at last learned to yield their personal preferences and vote the ticket after the usual preliminary nominations have been announced; and second, that there is a good working republican majority of voters in Portsmouth.

When the CHRONICLE doubted whether the nomination of the ex-alderman of Albany street was intended as anything more than complimentary, our neighbor of the *Times* pretty distinctly informed us that the democracy "meant business this time." From this announcement the uncertain, coy and hard to please, members of the party who sit on the fence and wait to be persuaded as to their duties as citizens, drew a hopeful inference. We presume the democracy, as they promised, did their level best, and the result is shown in detail in another column. The prediction of the democracy that they were to elect Morrison, only promulgated after a quiet still hunt of several days, served only to stimulate the otherwise confident republicans to better exertions. Indeed, for a rainy dog day in this season, when politics are, from the habits of so many years, so little enjoyed, we think the result a very creditable one to the republicans of our city. The democrats put forward their best man for mayor, and the republicans, however they may previously have considered the inexpediency of the third term as applied to the mayoralty, have won a substantial victory; and the Morrison boom, with its flags, its brass band, its pyrotechnics, and its out-of-door eloquence from veteran orators or newly-returned prodigal sons, has fallen short of the mark.

—"When an Englishman goes on a holiday he looks for fresh experience." When a Frenchman goes he tries to find a racket that he never fully finds. When a German goes on a holiday he looks for fresh leaves, and even if he has only a laurel branch on the side of a bit of grass he fancies himself under the green. When an Italian goes on a holiday he sings and puts himself into nice personal appearance, wondering whether men are as fully aware of his presence as girls would be. When an American goes on a holiday he says, "Never mind the sandwiches, Mary; we can find plenty to drink along the road."

—According to a fashionable New York corset-maker, the women by no means have a monopoly of that detestable piece of wearing-apparel. She says she makes a great many corsets for men. "Some wear them because they wish to seem less corpulent; others because they want their support; and not a few, who do not really need them, to give themselves erect, graceful shapes, lace and buckle and strap themselves just as carefully as women do. Lawyers and bookkepers, people who write a good deal and are apt to get round-shouldered, wear corsets frequently; also gentlemen who ride on horseback and wish to have an erect look. I prefer not to mention names among my gentlemen customers. Should I do so, you would hear some of the prominent names of New York, but they might not like that notoriety."

MARRIED.

PORTER—LAIGHT N. In this city, at the Unitarian church, on Tuesday afternoon, August 3d, by Rev. James DeNormandie, Moulton G. Porter of Washington, D. C., and Miss Mary S. Laight n, youngest daughter of the late Benjamin D. Laighton Esq., of this city.

DIED.

CASWELL. In Concord, Aug. 1st, Mrs. Christina M. Caswell, aged 39 years, widow of A. J. Caswell of Portsmouth. Interment in this city.

BUTLER & LAIGHTON,
No. 1 Market Square.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the shoals. Steamer leaves Jones' wharf, near foot of Deer street, at 9:45 and 6 A. M., after arrival of the morning trains from Boston and Concord, and at 4:15 P. M. Returning leaves the Islands at seven A. M. and leaving at Portsmouth in season to connect with the 8:25 train for Boston, and the train for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains westward north.
☞ Baggage checked for those hotels is transported between the Boston railway station and the wharf free of charge. The wharf of the steamer is about one minute from the station in Portsmouth, and there is no time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.
This Hotel will open June 25. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping room, a spacious Music Hall for dancing, theatricals and concerts bowling alleys, billiard room, a passenger elevator operated by steam, large and elegant stables for private equipages, the grounds graded and laid out in style, steam yacht for excursions, &c., &c.
The temperature on the bluffs at the "Wentworth" is especially bracing, and those unable to endure the shore climate to more exposed localities, in a colder latitude, will find it just the place for a change. The sanitary arrangements are perfect, and the pleasant place for boating all kinds of ladies and children. The drives in the adjoining beaches and other points of attraction in this vicinity are surpassed. The lawn, containing fifteen acres, surrounding the house, gives an excellent promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.
An orchestra of twenty selected musicians, under the direction of Mr. John J. Benham, has been engaged for the season.
The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from all sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address
F. W. HILTON & CO.,
Rockingham House, Portsmouth, N. H.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels arrived at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Albert Coppley, of McDaniels' P. O., Ohio, Makes a Statement.

"I have been a great sufferer for years with inflammation of the kidneys, and a nervous disease that caused a twitching of the face, mouth and eyes to such an extent that I could not appear in company. Day's Kidney Pad has entirely cured me, and I shall never fail to do all I can to have its merits known.

—Some fellow has devised a machine that will "add up a column of figures a foot long in six seconds." "Figures a foot long" must be easier to add up than the little fellows only an eighth of an inch in length.

THE TERROR OF PHYSICIANS.—Many learned doctors consider well-developed Bright's disease of the kidneys incurable. They despair when they detect its well-known symptoms. Nevertheless, there is a cure for this worst of kidney diseases. Hunt's Remedy has restored many and many a victim of Bright's disease to sound health. All kidney, bladder, liver and urinary complaints are quickly cured by Hunt's Remedy, the great kidney and liver medicine. Sold by all druggists. Trial size, 75 cents.

—Mark Twain would have every steamboat compelled to carry in a conspicuous place the following notice: "In case of disaster, do not waste precious time in meddling with the life-boats—they are out of order."

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.—*Albany Times.*

—Don Quixote evidently knew the tricks of travellers in towns where Sunday liquor laws were in force. He said: "When one door is shut another is opened."

All the nourishment of malt liquors, without their objections, can be found in Malt Bitters.

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage hire and stay at *Grand Union Hotel*, nearly opposite Grand Central Depot. 350 elegant rooms reduced to $1 and upwards per day. European Plan. Elevator. Restaurant supplied with the best. Horse Cars, stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in the centre of the block. ap18tday30

Siding Council, No. 85, Royal Arcanum—First and Third Tuesday evenings of each month, at Hall No. 244 Market street.

Greenville Library Association, at hall No. 5 Congress street. Library open Sundays to members or subscribers. Library open every Saturday evening.

Naval Gazette.

A naval circular will be issued declaring the new rules for the prevention of collisions at sea in force so far as the navy is concerned. This code has been agreed on by the principal nations of the world and will go into operation September 1st. It applies to the merchant marine as well as to the regular navies, but congress having failed to consider the matter at its last session American merchant ships will be governed by the old rules, and much confusion and many difficulties will necessarily arise until congress takes the proper action, the President at present having only power to adopt the new code for the navy.

Commander Morrill will be ordered to the command of the Yantic as soon as that vessel is put in commission.

Political Notes.

Another large shipment of gold—about $930,000—from London to New York, is announced by cable. This does not look as if commercial men abroad or at home share the affected alarm of the stalwarts over an impending depression in trade to be caused by the election of General Hancock.—*N. Y. World.*

No; it rather presupposes a general confidence in the soundness of business, based upon the generally-conceded election of Garfield, by the far-seeing men at home and abroad.

The Lynchburg *Virginian* alludes to Gen. Grant as "the inglorious commander," and to Gen. Hancock as "the superb soldier and democrat."

Alabama and Kentucky had elections for local and minor state officers on Monday. The democratic candidates everywhere had overwhelming majorities, of course, but the democratic managers have not yet decided just how big the majorities shall be.

New Hampshire Items.

William Caswell of Wentworth committed suicide, Saturday night, by cutting his throat. Cause, ill health.

John Shirley, a resident of Conway, living near the Fryeburg line, committed suicide on Wednesday of last week, by hanging.

Capt. George H. Dodge and Lieutenant Henry H. Garrett have resigned their commissions in Company I, 1st Reg't N. H. N. G., on account of their business relations.

George F. Russell's barn at Woodstock was burned Sunday night.

J. H. Fogg's house and barn at Milford were burned Tuesday morning, and a young man named Wm. F. Hatch was burned to death in attempting to rescue the live stock. Loss $3500; insurance $2300.

Hollis Smart, for forty years in the employ of the Boston & Maine railroad, most of the time as conductor, died at his residence in Great Falls on the 31st ult., at the age of seventy-five years.

A Sad Affair.

Miss Carrie Odell, a daughter of Samuel Odell of Charnock street, Beverly, Mass., committed suicide on Saturday evening by drowning herself in the harbor. Her body was discovered on Sunday morning. The affair is said to be the result of a morbid idea that she was disgraced by an unfortunate event in Salem some days ago. It appears that she entered the store of Bigelow & Webber to buy a shawl, and that as no one attended her for some minutes she picked up a shawl to examine it. A saleswoman charged her with attempting to steal it, and she was taken into custody by order of the firm. Afterwards, as she was identified by parties in the store, the charge was dropped. The affair so worked on her nervous temperament that her suicide was the result.

A despatch from Tuscarora, Nevada, says: Deputy Sheriff W. B. Weaver and Wm. B. Hammond fought over a game of cards this morning, when Hammond was killed and Weaver was mortally wounded.

A Public Duty.

We are not in the habit of puffing any sort of patent medicines in our columns, for the business of a newspaper is to let people know what is going on in the world, and not lend aid to what may be an imposition. But we happen to know Dr. David Kennedy of Rondout, N. Y., and can personally testify to the excellence of the medicine which the doctor calls "Favorite Remedy." And if a word of ours will persuade anybody to use it, and thus find relief from suffering, no professional etiquette shall hinder us from saying that word. For diseases of the blood, kidneys and bowels it has no equal. We would not be without it for five times the dollar that it costs.—*Daily Times.*

—Irish repartee is proverbial. A professional man addressed an artisan, who was waiting in his hall, rather brusquely: "Hallo, you fellow, do you want me?" The answer was neat. "No, yer honor, I am waiting for a gentleman."

Office of S. M. Pettingill & Co., No. 10 State Street, Boston.

It gives me great pleasure to say that Adamson's Botanic Balsam cured me of a severe cold, to which I have been subject, especially during the winter months, and I have in many instances recommended it to my friends, and all have been benefitted by its use. We think it has no equal as a cough mixture.

U. L. PETTINGILL.

TRADE MARK. DAY'S Kidney PAD

IS STRONGLY ENDORSED.

Rev. E. F. L. GAUSS, Galena, Ill., writes—"For over two years I had been a great sufferer from pains in the small of the back and weakness of the kidneys, which seemed to be excruciating and at times almost insufferable. Doctoring brought no relief, and I was finally advised to go abroad and seek the climate of my youth. In Germany and Switzerland, eminent physicians, after close examination, declared my sufferings to arise from disease of the kidneys of long standing, and could do me no good. My wife, however, persuaded by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble grew again so intolerable as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, put it on, and the pains left. Were I fully assured that the pains at once grew less and are now, after wearing the second pad, entirely gone, I do not think I can be in doubt that I am entirely cured, as I write this some weeks after pad arrived. I am strong and look again the very picture of health." I write this my gratitude, impelled, I suppose, by the Kidney Pad Co., God's agents and great benefactors of mankind. May all the suffering be helped as I have been is my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used Day's Kidney Pad three weeks and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.—(30 years in business)—"DAY'S KIDNEY PAD is having a decided sale and gives better general satisfaction than any remedy we ever sold."

CASPER WEITZEL, Policeman, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 25 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing great good here. It sells every day and gives universal satisfaction."

For sale by drug lists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $2.00; Special Pad, extra size, $3.00; Children's, $1.50. Our book, "How a Life was saved," giving the history of this new discovery, and a large record of most remarkable cures, sent free. Write for it. Address,

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now flooding a sale on the reputation of our Pad, we deem it due the afflicted to warn them. Ask for DAY'S KIDNEY PAD and take no other.

GEO. C. GOODWIN & CO., Gen'l Agents, Boston.

KIDNEY-WORT

THE ONLY MEDICINE

That Acts at the Same Time on

THE LIVER, THE BOWELS, and the KIDNEYS.

These great organs are the natural cleansers of the system. If they work well, health will be perfect. If they become clogged, dreadful diseases are sure to follow with

TERRIBLE SUFFERING.

Biliousness, Headache, Dyspepsia, Jaundice, Constipation and Piles, or Kidney Complaints, Gravel, Diabetes, Sediment in the Urine, Milky or Ropy Urine; or Rheumatic Pains and Aches,

are developed because the blood is poisoned with the humors that should have been expelled by urine.

KIDNEY-WORT

will restore the healthy action and all these destroying evils will be banished; health and strength will be restored.

Thousands have been cured. Try it and you will add one more to the number. Take it and health and happiness will once more gladden your heart.

Why suffer longer from the torment of an aching back?

Why bear such distress from Constipation and Piles?

Why be so fearful because of disordered urine?

KIDNEY-WORT will cure you. Try a pack age at once and be satisfied.

It is a dry vegetable compound and

One Package makes six quarts of Medicine.

It is as easy to take as it will get it for you. Insist upon having it. Price, $1.00.

PERRY DAVIS'

VEGETABLE

PAIN KILLER

A PURELY VEGETABLE REMEDY

For Internal and External Use.

Is a SURE CURE for all the Diseases for which it is recommended, and is ALWAYS PERFECTLY SAFE in the hands of even the most inexperienced persons.

It is a sure and quick remedy for COUGHS, SORE THROAT, CHILLS, and similar troubles; affords *instant relief to the most malignant forms of* DIPHTHERIA, and is the best known remedy for RHEUMATISM and NEURALGIA.

THE OLDEST, BEST, AND MOST WIDELY KNOWN FAMILY MEDICINE IN THE WORLD.

It has been used with such wonderful success *in all parts of the world* for CRAMPS, CHOLERA, DIARRHŒA, DYSENTERY, and all BOWEL COMPLAINTS, *that it is considered an unfailing cure for those diseases.*

HAS STOOD THE TEST OF 40 YEARS' CONSTANT USE IN ALL COUNTRIES AND CLIMATES.

It is RECOMMENDED by Physicians, Missionaries, Ministers, Managers of Plantations, Work-Shops, and Factories, Nurses in Hospitals—in short, by Everybody everywhere who has ever given it a trial.

IT IS WITHOUT A RIVAL AS A LINIMENT.

It should always be used for Pain in the Back and Side, and *relief and permanent relief* in all cases of Bruises, Cuts, Sprains, Severe Burns, Scalds, etc.

NO FAMILY CAN SAFELY BE WITHOUT IT. It will annually save many times its cost in doctors' bills, and its price brings it within the reach of all. It is sold at 25c., 50c. and $1.00 a bottle, and can be obtained from all druggists.

MEDICINE CHEST IN ITSELF. A PURELY VEGETABLE MEDICINE FOR INTERNAL AND EXTERNAL USE. PERRY DAVIS & SON

PERRY DAVIS & SON, Providence, R. I.

Proprietors.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; or SELF-PRESERVATION!

Exhausted vitality, nervous and physical debility or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains 300 solid and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to previous habits or inheritance. He is a Nerve specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISWELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience.

SPEER'S

PORT GRAPE WINE!

Used in the principal Churches for Sacramental purposes, and prescribed by Physicians for Invalids and Ladies and Weakly Persons and the Aged.

SPEER'S PORT GRAPE WINE,

FOUR YEARS OLD.

This Celebrated Native Wine is made from the juice of the Oporto Grape, raised in this Country. Its Invaluable

Tonic and Strengthening Properties

are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is eminently beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.

Speer's P. J. Sherry,

A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.

SPEER'S P. J. OR PEDRO J. BRANDY.

This noted Brandy is a pure distillation from the grape and is equal to the first Hennessy or Otard Dupuy; for medicinal purposes it can be relied upon as strictly pure.

Speer's Sambuci Wine!

celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.

Invaluable for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.

AS A DIURETIC.

it imparts a healthy action to the Kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

ALFRED SPEER, Proprietor,

Office, 34 Warren Street, New York.
Mt. Prospect Vineyards, Passaic, New Jersey.

FACTS WORTH KNOWING.

Ginger, Buchu, Mandrake, Stillingia, and many others of the best medicines known are so skillfully combined in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and

THE BEST HEALTH AND STRENGTH RESTORER EVER USED.

So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disorder, or if you need a mild stimulant, or appetizer, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.

Remember PARKER'S GINGER TONIC is not a rum drink, but the *Best a d Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. ta14

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 25 years or more for his successful method of treating Rupture without the annoyance and injury incident to the use of Trusses, may be consulted at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture, the local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it will, if the law of nature, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is sure to grow worse if neglected, it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved and I believe the day of safety and good comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The Rupture Shield should read it and interest themselves.

Is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Dr. J. A. SHERMAN

251 Broadway, cor. Murray St., N. Y.,

—AND—

43 Milk St., Boston.

Beware of certain confidence men and imposters who represent themselves as Dr. Sherman. taug28

American and Foreign PATENTS.

[ESTABLISHED 1865.]

GILMORE & CO., Successors to CHIPMAN, HOSMER & CO., Solicitors, Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. No additional fees for obtaining and connecting a rejoinder. Special attention given to Interference Cases before the Patent Office, Extensions before Congress, Infringement Suits in Different States, and all litigation appertaining to Inventions or Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,989,360 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & Co. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.

Arrears of Pay and Bounty.

Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & Co., and a full reply after examination, will be given you free.

Pensions.

All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & Co.

Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims, and the Southern Claims Commission.

Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & Co. is thus secured. We desire to win success by deserving it. Address,

GILMORE & CO.,

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decision:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has been with such popular favor heretofore, and which will again be presented for

Daily Chronicle.

Hancock to Sherman.

General Hancock's letter to General Sherman, dated Dec. 28, 1876, now made public for the first time, is a very harmless document, and is negatively evidence that the position of Hancock towards Tilden at the time of the memorable controversy over the electoral vote has been entirely misrepresented. We need hardly point out, however, that if he has been placed in a false light, it is not the fault of the republicans, but of his own friends. It was stated, before the Cincinnati convention, at a private democratic conference in the state of Vermont, that Hancock had written to Sherman that he would obey the orders of Tilden, provided Tilden took the oath of office; that is, in substance, that he proposed to settle the disputed legal controversy for himself, and that Tilden would be recognized by him as his superior officer, if he went through the form of assuming the duties of President. Nothing of this kind appears in the published letter, and it becomes necessary either to assume that General Baldy Smith and the other parties who supposed themselves in Hancock's confidence were totally in error about the Hancock-Sherman correspondence, or else that this single letter was followed by others of a more compromising nature. This puzzle we leave others to solve, but it would be interesting to know what General Smith now has to say about the matter. The letter made public will be far more satisfactory to the republicans than to the democrats, for it is a singular fact that this story of Hancock's willingness to back Tilden at all hazards was told *to strengthen him as a candidate for nomination at Cincinnati.* The democrats are in fact placed in rather an awkward position. The more acceptable they make their candidate and professions of principles to the republicans, the weaker the candidate and their platform grow with the democratic party. They are just now in danger of proving too much, in their anxiety for the independent vote. It is only fair to say, however, that the tone of this letter is entirely unobjectionable. It is of less importance that Hancock shows that his notions of the constitutional way out of the electoral controversy were very crude, and, that nothing which he expected afterwards came to pass.—*Worcester Gazette.*

A Remarkable Cure of Kidney Troubles.

HIGHGATE, VT., Nov. 1.

Gentlemen: It is with grateful heart that I can recommend the Kidney-Wort to any one suffering, as I have been, from piles and kidney troubles, especially the gravel. I was taken with these complaints while in the army in 1863; growing worse and finding no relief in the hospital, I was discharged from service. I sought the best medical advice; tried various patent medicines, and spent more than five hundred dollars in the fruitless effort to obtain relief. I continued to grow worse, and for about three years no urine passed from me except by the use of the catheter. For more than two years I was unable to walk, and confined to my bed most of the time. The pain, yea, the agony that I endured, no pen can describe. In this condition, a neighbor urged me to try the Kidney-Wort. Feeling that if it killed me it would prove a merciful relief from suffering, I commenced its use, and, strange as it may seem, after having used about three packages, I was relieved of all appearance of the disease and able to attend to my usual work. This was a year ago last June, and since that time I have had no return of my old complaints.

URIAL BUNDY.

Baptiste Ferschneider, cook at the United States hotel, at Saratoga, N. Y., was shot dead in fun by a room-mate, August Brimmer, on the night of the 3d inst. They were going to bed in their room. Ferschneider was undressed and Brimmer undressing, when the latter pointed an "unloaded" revolver at his friend in fun. The ball struck Ferschneider over the left eye, killing him instantly.

Better than Foreign Port.

Speer's Port Grape Wine is better than imported port, and, since the adulteration of the latter, it must take its place. It is pure and really excellent and health giving.—*Troy Times.*

Members of the board of health of New York, and other prominent physicians, use this wine for their patients and in their own families.

A burglar entered the house of John McMahon, at Chicago, on the morning of the 3d inst., shot him dead in bed and escaped.

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—*Press.*

Steamship Coquimbo had a man killed, two plates started and a breach of twenty feet made in her side, at Valparaiso, by the explosion of a case of benzoline in the cargo.

Unfermented Canadian barley malt and fresh hops are the ingredients of Malt Bitters.

Mrs. Harriet Small, an aged lady of Newburyport, fell from her chair on the 3d inst., cracking the socket of one of her hips, breaking one wrist and suffering other injuries. Mrs. Small, sixty years ago, gave birth to four children at one confinement.

Portsmouth Chronicle.

[Entered at the Post Office at Portsmouth, N.H., as second-class matter.]

THURSDAY, AUGUST 5, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

"Men of Great Wealth."

The fact that so many rich men are on the democratic national finance committee is worrying the republicans. The list includes August Belmont, Norvin Green, Judge Hilton, Austin Corbin, Samuel D. Babcock and Abram S. Hewitt. Some of these are millionaires, and all of them are understood to be men of great wealth. Mr. Belmont, as every one knows, is a leading banker; Mr. Green is president of the Western Union Telegraph Co.; Judge Hilton is well known from his intimate relationship to the great Stewart estate; Mr. Babcock is president of the New York chamber of commerce; Mr. Corbin is a prominent financial and business man, and Com. Garrison an elevated railroad and steamship king.—*Democratic exchange.*

This is one of the means the democratic press uses to indicate that, though Tilden has retired, yet the treasury of the party will be filled.

The fact that the democratic party is run by its rich men in every state, has long been patent. What would the democratic party in New Hampshire be without Frank Jones? The party dare not make a move save with his previous consent. It impatently waits to see if he will consent to allow his name to be used, and to pay the bills of the next campaign; and Mr. Jones in New Hampshire is what August Belmont is in New York. The trained politicians who have waited long and patiently, are restive under this leadership; but of what avail is this? Theirs is not the leadership; they follow. They bow to the giant "millionaires" of whom the democratic papers proudly boast. We hear now no denunciation in democratic resolutions of "Capital arrayed against labor," and that kind of demagogue talk. Now, Capital draws its cheque, and purchases the delegates, nominates its favorites, subscribes to the campaign fund, and decrees the conduct of the party. Men who seek promotion therein know full well that merit will not avail them in this unequal contest; and the history of the prominent men of the party to-day will, when told hereafter, be but a sketch of the successful men of wealth, instead of a narrative of the career of patriotic and statesmanlike members of a once proud and professedly pure party.

Wealth may be a good campaign boast for a party's use, in certain quarters, but it is in the end a demoralizing source of weakness; and none more sorrowfully see this than the thinking men of the party, who are compelled to retire to insignificant places before the glittering glamour of the faction in the democratic party who "are understood to be men of great wealth."

The Warner Men's Choice.

The republicans of Warner at a recent meeting adopted the following.

Resolved, that learning that there would be a contest over the coming nomination for congress in the second district, Hon. James F. Briggs, the present able member, being a candidate for renomination, and other eminent republicans being also contestants, the republicans of Warner will take occasion to present to the republicans of the district and to the congressional convention when assembled, the name of William E. Chandler, whom we commend as a republican of positive opinion, radical politics, large experience, and certain, if nominated and elected, to be eminently useful to his constituents and the state; and if a change is to be made we earnestly urge his nomination.

News and Notes.

LaFrance H. Mitchell of Methuen, Mass., who shot Maurice Sullivan, a fruit thief, on the 1st inst., was arraigned in the police court at Methuen on the 3d, on a charge of murder. He pleaded not guilty, and his case was continued until after the inquest. Defendant was held in $500 for further examination.

The store of James Finch at Millerton, N. Y., was robbed at one o'clock Tuesday morning, the 3d inst. Finch was bound and gagged, and the safe robbed of $1,000 in cash, $275 in checks, and $1,000 in postage stamps belonging to the post-office, which is in the same building. The thieves, three in number, escaped.

The Chilian transport Loa was blown up in the harbor of Callao by a Peruvian torpedo boat, set afloat by a Peruvian officer on the 3d of July. The boat was an ordinary one, with 300 pounds of dynamite under a false bottom, on which was placed considerable fruit, etc., and so arranged that any additional weight would explode the dynamite. The Loa's crew discovered it, towed the boat alongside, and an explosion occurred. The Loa was almost lifted out of the water, then sank in a few minutes. Every house in Callao was shaken to its foundations, and other ships in the harbor shook as if from an earthquake. About 150 men perished. Forty were picked up by boats in the water, but many of them will die. The second commander was wounded. The surgeon and one engineer were the only officers who were saved.

Sixteen years ago, in Germany, Nicholas Perne was jealous of Wm. Miller, and tried to kill him. Perne was sent to prison, and Miller and Perne's wife came to New York and were married. Recently Perne got out of prison by expiration of his sentence, and followed the couple here. After a long search he found Miller, and threatened to kill him. He has been arrested and put under bonds to keep the peace.

A Masonic reception is to be tendered in New York to Commander Gorringe, who brought over the obelisk.

The chiefs at the Los Pinos, Col., agency have signed the treaty, and now the other Indians are anxious to sign, fearing that they may not get a part of the $60,000 which the commission is authorized to pay out as soon as arrangements for the removal of the Utes are perfected, which will probably be sometime next fall.

Mrs. John G. Saxe, wife of the poet, died at her home in Brooklyn on the 31st ult., of bronchitis. She was sixty years old, a native of Bridport, Vt., and lived in Albany for some years. She had been unable to do any literary work for the past year on account of illness. She leaves two sons and one daughter, all grown up.

The dead body of Samuel Wheeler, a laboring man of Gloucester, Mass., thirty-eight years old, was found on the railroad in that town at a crossing, on the 2d inst. The body was terribly mangled.

A Bloomington, Ill., special says much excitement prevails there over a shooting affray, which grew out of the seduction of the step-daughter of S. R. Black, an old and respected citizen, by a married man, named Wm. Koehne. When charged with the crime by Black, Koehne confessed, whereupon the former broke his cane over Koehne's head, and as he fled fired five shots after him. Two of the balls hit Koehne, but he escaped and has not been discovered by officers, who are now on his track on the charge of seduction.

"The Stranglers of Paris," soon to be issued by Messrs. T. B. Peterson & Bros., Philadelphia, is one of the most exciting and absorbing novels ever given to the public. It treats of a strange murder, the search for the assassins, their capture and trial, going through the entire course of French criminal justice. Its author is the famous Adolphe Belot.

New Hampshire Items.

Twenty-eight hundred chairs for the new Tremont Temple, Boston, are being manufactured in Nashua.

Abel G. Shattuck, a wealthy bachelor, who resided with his brother, Zachariah Shattuck, at a farm house near Round pond, in the outskirts of Nashua, was kicked in the head on the 2d inst. by a horse that he was bedding in a stall, receiving injuries from which he died that night, remaining unconscious to the time of his death. His age was sixty-nine years.

Chronicle Correspondence.

WASHINGTON, D. C., Aug. 2d.

There was a good deal of pleasure expressed here yesterday when General Hancock's letter to General Sherman, dated Dec. 28th, 1876, was published. The friends of the former had assurances that the letter was harmless, but I conversed with many men who thought well of the general, and who wished to do so still, who feared that he had in some way compromised himself. For this reason they felt relief when the easy, good-natured, off-hand letter was put before them.

An effort will be made to induce Secretary Sherman to give to the public a detailed statement of government receipts and expenditures for the past five months. It will be remembered that the reported reductions of the public debt averaged fourteen millions for the three months preceding the Chicago convention, and only two millions for the two months after the secretary's defeat at that convention. Of course no one believes the secretary himself falsified figures in his own interest, but it is not too much to say that many believe false figures were given out by his subordinates. No doubt the whole matter can be easily explained, and the deep interest everybody feels in matters connected with the debt is reason enough for the suggested publication of full particulars.

Secretary Evarts has received from Hon. Augustus Morris, acting executive officer of the United States commission at the Sidney, New South Wales, international exhibition, a list of the awards to exhibitors from the United States. There are 288 awards to our exhibitors, most of them for articles in common use, and for which our manufacturers will receive largely increased orders because of the extended knowledge of their wares gained by consumers attending the exhibition. Mr. Morris seems to have discharged intelligently the duties which devolved upon him on the retirement of Dr. C. C. Cox, executive officer of the commission, whose health became greatly impaired.

The democratic letters of acceptance are the theme of considerable gossip here. The comments published by the *Star* of this city indicate the general opinion. It says, as to the sentiments expressed touching them, it depends altogether upon the political feelings of those with whom one speaks. Republicans generally admit that Hancock's letter is a good one, yet they say that it fails to treat of the great financial question, and is a remarkable letter not in what it does say, but in what it fails to say. The English letter invited a good deal more criticism, and is looked upon by republicans as a genuine old-fashioned democratic fusilade. The democrats generally are pleased with the letters; they are regarded as short enough to be sweet, and emphatic enough for all purposes. Some of the southern stalwarts are inclined to think Hancock a little too emphatic, especially as to the enforcements of the war amendments to the constitution. KNOX.

Political Notes.

Wonder how many of the republican papers that have been making charges against General Hancock on account of his letter to General Sherman will now have the fairness to publish his letter, or inform their readers that they have failed to find in it any ground for their charges against its writers.—*Times.*

It was not the "republican papers" that made "charges" against Hancock on account of his letter to Sherman, at all; it was his own party friends—Gen. "Baldy" Smith and the editor of the leading democratic paper of Vermont, and other prominent democrats—and they made the "charges" to strengthen him with the southern democrats in the national convention.

The Vermont "kuklux outrage" story, concerning the villainous treatment of a republican at East Middlebury, is pronounced a hoax.

The greenback convention of the fourth congressional district of Maine met on the 4th inst. at Bangor, and renominated George W. Ladd for Congress. The alleged democratic convention met at Bangor on the same day, and also nominated Ladd.

— The individual who called tight boots comfortable, defended his position by saying that they made a man forget all his other troubles.

Or high or low, or rich or poor,
None would forfeit teeth or breath endure,
If they but knew how sure and swift
Was SOZODONT, that priceless gift,
In giving beauty, life and tone
To every charm the mouth can own.

THE FIRST MORTGAGE BONDS of the Toledo, Delphos & Burlington R. R. Co., are being eagerly bought by the most conservative capitalists, because of the safety of the securities, which run 30 years at 6 per cent., and on account of the very small mortgage upon the road. It is a small issue upon a large and valuable property. Such bonds are scarce and are quickly taken out of the market at high prices. Messrs. Geo. Wm. Ballou & Co., 72 Devonshire street, Boston, and 8 Wall street, New York, have the loan for sale.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only* in *boxes.* Tu,th&F,&O

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to Office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deodaGlm

THE WEATHER.

Probabilities for New England, To-day.

WASHINGTON, D. C., August 5.

Cloudy weather, with rain, followed by clearing weather, winds mostly northerly stationary or higher barometer.

AROUND HOME.

Smelts are being caught from the south mill bridge.

The schooner Grace Choate arrived on the 4th inst. with eighty-two barrels of mackerel.

The steamer Mystic was taken off her regular route on the 4th inst., to have a new key fitted to her propeller. She is running again to-day.

The republicans of North Hampton had a flag raising on the 4th inst., with addresses in Hobbs' hall, Hon. O. C. Moore of Nashua being one of the speakers.

Mr. Charles F. Hodgdon (brother of Alderman Hodgdon) and family, of Quincy, Ill., are in this city on a visit to friends, after an absence of more than fifteen years.

The schooner Cumminger arrived at this port on the 4th inst. from Lingan, Cape Breton, with two hundred and ninety-six tons of coal for the Portsmouth Gas Light company.

The schooner John G. Huntington, of Barnstable, Mass., a vessel of 154.70 tons register, has been purchased by Cyrus L. Brown of this city, and will hereafter hail from Portsmouth.

C. Sullivan & Co. had in their fish market on Tuesday of this week a sea bass weighing seventy pounds, taken in one of the weirs at the mouth of the harbor. This is the biggest bass we ever heard of.

Arrangements were completed for a grand chowder party down the harbor on Wednesday, by a number of gentlemen and their friends, but owing to the rain the affair has been postponed to Saturday.

Mr. Frank Hidden, of Star island, Isles of Shoals, had a narrow escape from drowning recently, having been capsized while going from Smuttynose to Star island in a small boat. He was about used up when rescued.

Work on the foundation of the new cotton mill at Newmarket was commenced by a large gang of laborers on the 2d inst. The building is to be 264 feet long, ninety-four feet wide, and two stories high, with a basement.

The republicans of Epping met in the band hall in that town on Tuesday evening of this week, to form a Garfield & Arthur club, but on account of the inclemency of the weather the attendance was small, Ex-Gov. Prescott, Col. B. W. Hoyt and others, who were expected to be present, being probably kept away thereby. The meeting opened with W. H. Stickney, Esq., in the chair; Frank W. Miles was chosen temporary president, and C. W. Sanborn temporary secretary. Remarks were made by Messrs. Stickney, Miles and others, and then on motion of Levi G. Towle, Esq., the meeting adjourned to Tuesday evening, Aug. 10th, at 7:30 o'clock.

The positive declination of Mr. J. V. Hanscom to be again nominated for assessor, in ward three, deprives the city of the services of a man of practical common sense and marked fidelity in any position of trust he may be called upon to fill. Mr. Hanscom, we infer, was compelled to forego the discharge of this duty for the reason that his time is so much occupied with other business affairs demanding his attention. Henry F. Wendall, Esq., also declined a re-nomination, but his political friends insisted upon his service and his name was placed upon the ticket in ward four. Mr. Wendall's business experience and long acquaintance with property in our city, make him a valuable member of the board. Benj. F. Webster, Esq., who has served in former years, is again returned as an assessor, and will be a valuable acquisition to the board. The office of assessor is not by any means a popular one, but the longer a member of the board remains in office the better service is he able to render his constituents, though perhaps in an equal ratio it tends to diminish his personal popularity.

The yacht Thistle, William Branan master, with a party of gentlemen from City point, South Boston, bound east, put into this port on Tuesday of this week on account of heavy weather.

The scow supporting Mr. Chas. E. Walker's coal-hoisting engine lost a plug on Sunday, the 1st inst., and filling with water rolled over, dumping the engine into the dock. The machine was fished out on the 4th, having suffered but trifling damage.

Dover has a new paper, the *Daily Republican*, published by the Garfield & Arthur club, at two cents per copy, or $1.50 for the campaign. The first number appeared Aug. 2d. It is a wide-awake paper, and starts out as if intending to do good work for the right during the presidential contest.

PORTSMOUTH SAVINGS BANK.

The corporation of the Portsmouth Savings bank held its annual meeting at the banking rooms on Wednesday afternoon, the 4th inst., William H. Rollins, Esq., president of the corporation, presiding.

The treasurer's report shew the present deposits—including July dividend—to be $2,249,909.16, being an increase of $879,-653.06; the present number of depositors is 1,821, being 249 more than one year since.

A balloting was had for officers. Wm. H. Rollins was unanimously elected president. Ezra H. Winchester, John P. Hart, Wm. W. Cotton and Edwin A. Peterson were admitted as members of the corporation. The board of trustees chosen were John Stavers, Lyman D. Spalding, Samuel Adams, J. H. Thacher, Charles H. Mendum, Charles Robinson, John Knowlton, John Sise, Benjamin F. Webster, John Laighton, Thomas E. Call, Charles H. Rollins, Daniel Marcy, Henry M. Clark, Marcellus Bufford, Charles M. Laighton, George L. Treadwell and Washington Freeman, the latter being nominated to fill the vacancy caused by the death of the late Wm. R. Preston.

The subject of certain improvements proposed to be made by the First National bank to their banking house, and in which this bank was asked to participate to some extent, was discussed, and referred to a committee to report at an adjourned meeting to be held on Monday, the 9th inst.

BOARD OF INSTRUCTION.

The annual meeting of the board of instruction was held on Wednesday evening, the 4th inst. Present, Mayor Sise, Mrs. Knight, Mrs. Wilson, and Messrs. Locke, Hoyt, Newton, Vaughan, Sherburne, Knight, Pender. [Mrs. Anna B. Wilson, Daniel J. Vaughan and Andrew B. Sherburne, members-elect for three years, qualified, and took their seats.]

John Pender was elected secretary.

D. J. Vaughan was chosen a member of the high school committee, for three years.

Committee were appointed as follows:

Saleries—Vaughan, Mrs. Wilson, O. M. Knight;

Examination of teachers—Hoyt, Goodrich, Mrs. Knight;

Text books—Gardner, Pender and Vaughan;

Truancy—Knight, Newton, Sherburne;

Purchases—Locke, Gardner, Knight;

Dist. one—Hoyt, Locke, Mrs. Knight;

Dist. two—Pender, Mrs. Wilson, Newton;

Dist. three—Gardner, Sherburne, Goodrich.

Messrs. Vaughan, Knight and Sherburne were appointed a committee to arrange grade committees, and reported the following, their report being accepted and adopted:

Grammer grade—Hoyt, Knight and Goodrich;

Intermediate—Mrs. Wilson, May and Knight;

Primary—Mrs. Knight, Pender and Locke;

Suburban—Gardner, Vaughan and Newton.

It was voted that the intermediate grade, and the second division of the grammer schools, close at 4:30 o'clock P. M., during September.

The committee appointed to consider the establishing of a rate of tuition for non-resident pupils, were granted further time to report.

POLICE COURT.

WEDNESDAY, Aug. 4; *Batchelder, J.*

Sylvester L. Durgin, of Greenland, charged with the larceny of a gold scarf-pin from Charles O. Robinson, of this city, was adjudged guilty and sentenced to twenty days in jail, and to pay $8.25 costs.

LIQUOR RAID.

On Wednesday of this week, at the instance of several of the best citizens of Hampton, who state that the summer boarding business is very much injured by the indiscriminate sale of liquor, Sheriff J. Horace Kent made search for liquors in fourteen different places in Hampton, and in twelve of them secured evidence of illegal traffic. The persons implicated were taken before Justice Lamprey in the afternoon; two of them pleaded guilty, and paid $50 and costs each, the other ten being held in $200 each to answer before the supreme court.

YORK COUNTY ITEMS.

The United States despatch steamer Tallapoosa, Lieut. McRitchie commanding, arrived at the navy yard on Wednesday evening of this week, from Washington via intermediate stations.

A man whose name we could not learn fell out of a wagon near the "overhead" railroad bridge in Kittery, just beyond the end of the Portsmouth bridge, and was very badly hurt. It is said he works for a Mr. Moody, of York, and was intoxicated at the time of the accident.

At an afternoon prayer meeting in connection with the recent Faith convention at the Old Orchard camp-ground, it is said that one of the prayers offered was for Superintendent Furber of the Boston & Maine railroad, praying that he might be faithful to his agreement in regard to railroad fare, and not charge $3.60 from Boston to Old Orchard and return, instead of $3 as he was said to have agreed. Probably a campaign slander.

Monday morning, the 2d inst., a train hand discovered the dead body of a man suspended to a maple tree between the Eastern and Boston & Maine railroad tracks, near the depot at North Berwick. It was cut down, and recognized as the body of a man named Johnston, a resident of North Berwick. He was an inmate for some time of an insane asylum, and it was evident he had committed suicide while laboring under insanity.

Garfield's Record.

At fourteen he was at work at a carpenter's bench.

At sixteen he was a boatman on the Ohio canal.

At eighteen he was studying in the Chester, O., seminary.

At twenty-one he was teaching in one of Ohio's common schools, pushing forward with his own studies at the same time.

At twenty-three he entered Williams college.

At twenty-six he graduated from Williams college with the highest honors of his class.

At twenty-seven he was a tutor at Hiram college, Ohio.

At twenty-eight he was a principal at Hiram college.

At twenty-nine he was a member of the Ohio senate—the youngest member of that body.

At thirty he was a colonel of the Forty-second Ohio regiment.

At thirty-one he was placed in command of a brigade, routed the rebels under Humphrey Marshall, helped General Buel in his fight at Pittsburg Landing, played a prominent part in the siege of Cornith, and in the important movements along the Memphis & Charleston railroad.

At thirty-two he was appointed chief of staff of the army of the Cumberland, participated in the campaigns in middle Tennessee and in the notable battle of Chickamauga, and was promoted to the rank of major-general.

At thirty-three he was in congress, the successor of Joshua R. Giddings.

At forty-eight, having been continuously in congress since he was thirty-three, he was elected to the United States senate.

And now at forty-nine he is nominated for the Presidency of the United States.—*Albany Journal.*

—"There!" said Vogle, the other evening, as he entered the room, "that job's done, and now for a good, lazy summer." Of course all wanted to know what the "job" was. "Oh, it is nothing," he said, "only my diary, you know. I've just finished writing it up till next November."—*Boston Transcript.*

—A patent medicine advertisement reads thus: "When a lethargic feeling pervades your system; when you have a disinclination to move about; when you have an abhorrence to exercise, your liver is inactive." This will be glad tidings to many people who have always thought they were lazy when they felt that way. Now they will know that it was only their liver that was lazy.

—An anecdote is told of a physician who was called to a family to prescribe for a case of incipient consumption. He gave them a prescription for pills, and wrote the direction: "One pill to be taken three times a day in any convenient vehicle." The family looked in the dictionary to get at the meaning of the prescription. They got on well till they got to the word vehicle. They found "cart, wagon, carriage, buggy, wheelbarrow." After grave consideration they came to the conclusion that the doctor meant the patient should ride out, and while in the vehicle he should take the pill. He followed the advice to the letter, and in a few weeks the fresh air and exercise secured the advantage which otherwise might not have come.

DIED.

VARRELL. In this city, Aug. 3d, Mrs. Nancy W. Varrell, widow of Mr. Hall Varrell.

☞ Funeral from No. 8 Chapel street, Friday afternoon at two o'clock.

HANSON. In Eliot, July 31st, Mr. William Hanscom, aged 76 years.

F. W. DE ROCHEMONT & SON.

THE
New Hampshire Gazette!
Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

—THE—
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Advice to Consumptives.

No man, however unclean, would drink muddy, dirty water. A party which occupies a room for hours breathing the same air, might be compared to a party of bathers drinking the water in which they bathe. The patient must keep the window of his bed-room open. Night air is fresh air without daylight. In close, crowded rooms the patient suffering from lung complaints breathes consumptively. By taking these precautions and using Dr. Pierce's Golden Medical Discovery and Pleasant Purgative Pellets, fully one-half of the cases of lung complaints would be cured in six months. For cough and irritation of the lungs do not always indicate the presence of consumption although it may result in that disease, and if consumption has already become deeply seated in the system, this is the most efficient course of treatment that can be pursued outside of any institution that provides special facilities for the treatment of this disease. Dr. Pierce's celebrated Invalids' Hotel is such an institution. Send stamp for descriptive pamphlet containing also a complete treatise upon consumption, explaining its causes, nature, and the best methods of treating it, together with valuable hints concerning diet, clothing, exercise, etc., for consumptives. Address World's Dispensary Medical Association, Buffalo, N. Y.

John Buenger was arrested in Jackson township, Pa., Aug. 3d, for illicit distilling. Evidence of his guilt was found on the premises, and it was discovered that he had been in the business eighteen years.

Truly wonderful in nervousness, general debility, emaciation and dropsy,—Malt Bitters.

A seven-years-old daughter of John Booth of Lancaster, Pa., died Monday night, the 2d inst., of hydrophobia She was bitten seven weeks ago.

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage Hire, and stop at *Grand Union Hotel*, nearly opposite Grand Central Depot. 350 elegant rooms reduced to $1 and upwards per day. European Plan. Elevator. Restaurant supplied with the best. Horse Cars, Stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in the centre of the block. 1 19 1m 30

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Ladd and Market streets.

Bennett and his Newspaper.

Since his father's death, Mr. Bennett, Jr., has had the entire control of the *Herald*, and although he has not shown the great abilities for which the elder man was noted, he has proved himself an able manager and evinced a keen appreciation of the journalistic wants of the American people. As a mere chronicle of the events of the day, the *Herald* is unsurpassed either in this country or in Europe, but as a teacher or guide in political or other affairs, it is sadly deficient. The men employed upon the journal are, as a rule, ignorant and uneducated. Valuable news is often sacrificed for so-called sensations, which commonly fall flat. An absurd hobby is mounted for a month or more and then expires, ridden to death. But, in spite of these deficiencies, the *Herald* is *facile princeps* among grubbers for news. Mr. Bennett, Jr., is intensely jealous and suspicious of his own employees. He has always refused to employ an efficient managing editor, lest some of his own powers might be usurped. So he keeps a species of clerk who does not dare to move hand or foot without first consulting his owner, even at the expense and delay of cabling to Europe. His suspicious nature is constantly shown by the immediate removal of any person who has acquitted himself with marked ability in some particular department. So it comes that the office boy of to-day is the managing editor of to-morrow, and the political editor of one week the police court reporter of the next.

He has quarrelled with most of the men who have given him a world-wide reputation. MacGahan and Stanley, who had risked their lives in his service, were treated with the basest ingratitude, and the sod is not yet green over one who spent his life in helping to build up the *Herald*, and who dragged himself home from the office with fifty-four cents, his last week's pay, to die of hunger and fatigue. The enterprise of the *Herald* in obtaining news has often been spoken of, and it is fully great. But such expeditions as the journey of Stanley and the voyage of the Jeannette or the $100,000 subscribed to the Irish famine fund must scarcely be considered in this light. They are merely shrewd advertising dodges, and it would be as absurd to praise the adventurers who own the quack medicines, the advertisements of which deface the rocks of the Hudson river, for their patronage of art, as to compliment Bennett, Jr., upon his love of science or his philanthropic soul.

Mr. Bennett, Jr., is in the receipt of a princely income from the revenues of the paper, and he spends the greater part of it abroad. He makes only brief visits to the United States, evidently preferring such society as he is admitted to in Europe to his uncertain and unsatisfactory social position in New York. This probably accounts for the fact that he is in style and sentiment more like a European than an American. It also explains the cause of the difference between the *Herald* and strong, vigorous and influential American journals like the *Sun* and *Tribune*. The former is unsurpassed in enterprise, and as a collector of news has all the advantages of an enormous capital and a single wealthy proprietor. Yet, as leaders and directors of public opinion, the latter journals are as far above it in position and influence as it is possible to conceive.—*New York Hour.*

—"A seasidal residence" is the latest phrase invented to describe a two-roomed hut within sight of the ocean.

—Mrs. J. V. Alexander of Big Sandy, Texas, found that her fourteen-months-old infant fretted unless it was placed on the dining-room floor to play. Staying behind the door an unusual time, she looked for it, and was horrified to see the child patting a very large black snake upon the head, and dividing its bread with it, and the reptile showing its appreciation by wagging its tail. The snake came into the room from a hole in the floor.

—Cultivation by steam has been successfully accomplished in England with a steam digger, a recent invention, which, worked by a single cylinder engine of eight horse power, under seventy pounds pressure of steam, digs at the rate of ten acres per day land that takes three horses to plow an acre per day at the same depth. It is claimed, also, "that the diggers in penetrating the ground ease the weight of the engine to a considerable extent off the traveling wheels, and also by their back action drive the engine forward."

A first-class cigar can now be found for ten cents. The "Noriega" is old fashioned hand-made, and good, reminding the smoker of days gone by.

Sold by J. H. Thacher, Henry F. Gerrish, C. E. Laighton & Son, at the Rockingham house, and by Laighton Bros. & Co. at the Shoals.

Shroeder, who killed Dr. Lefevre in Oakland, Cal., was on the 3d inst. held to answer without bail. Counsel gave notice of application to the superior court for a habeas corpus.

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See otherwise.—*Albany Times.*

CURES WHEN ALL OTHER MEDICINES FAIL, as it acts directly on the Kidneys, Liver, and Bowels, restoring them at once to healthy action. HUNT'S REMEDY is a safe, sure and speedy cure, and hundreds have testified to having been cured by it when physicians and friends had given them up to die. Test it and be at once HUNT'S REMEDY.

Send for pamphlet to

WM. E. CLARKE, Providence, R. I.

Prices, 75 cents and $1.25. Large size the cheapest. Ask your druggist for HUNT'S REMEDY. Take no other.

JAMES PYLE'S

PEARLINE

THE GREAT INVENTION

FOR WASHING AND CLEANSING

In hard or soft water, WITHOUT SOAP, and without danger to the finest fabric.

SAVES TIME and LABOR AMAZINGLY, and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but PEARLINE is the only safe article. Always bear the name of James Pyle, New York.

KIDNEY-WORT

THE ONLY MEDICINE

That Acts at the Same Time on

THE LIVER, THE BOWELS, and the KIDNEYS,

These great organs are the natural cleansers of the system. If they work well, health will be perfect. If they become clogged, dreadful diseases are sure to follow with

TERRIBLE SUFFERING.

Biliousness, Headache, Dyspepsia, Jaundice, Constipation and Piles, or Kidney Complaints, Gravel, Diabetes, Sediment in the Urine, Milky or Ropy Urine; or Rheumatic Pains and Aches,

are developed because the blood is poisoned with the humors that should have been expelled naturally.

KIDNEY-WORT

will restore the healthy action and all these destroying evils will be banished; neglect them and you will live but in pain.

Thousands have been cured. Try it and you will add one more to the number. Take it and health will once more gladden your heart.

Why suffer longer from the torment of pain nothing back?

Why bear such distress from Constipation and Piles?

Why be so fearful because of disordered urine?

Kidney-Wort will cure you. Try a package at once and be satisfied.

It is a dry vegetable compound and One Package makes six quarts of Medicine.

Your *Druggist has it, or will get it for you, if asked when buying.* Price, $1.00.

H. H. HUNTINGTON & CO., Proprietors, Burlington, Vt.

(Will send you one, post paid.)

THE BEST HOTEL IN THE WORLD

THE BUCKINGHAM

FIFTH AVENUE & FIFTIETH STREET

OPPOSITE CATHEDRAL

NEW YORK

NEAR GRAND CENTRAL DEPOT.

THREE MINUTES WALK FROM ELEVATED R.R. STATION.

JOSLIN & FULLER

PROPRIETORS.

WHIPS! All qualities and prices; at LAIRABEE'S, 56 Congress St.

Appledore and Oceanic Hotels,

ISLES OF SHOALS.

Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8.20 train for Boston, and the trains for the White Mountains *via* Conway and the Notch, and at 3.30 P. M. in season for the afternoon trains west and north.

☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge*. The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"

Newcastle, N. H,

This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatrical and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house offers fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundred edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to perilous habits or inherited. He is a Nervo specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER,

No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience.

If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disorder, or if you need a mild stimulant, or appetizer, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.

Remember! PARKER'S GINGER TONIC is not a rum drink, but the *Best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger preparations, or other Tonics. Try a 50c. bottle. Your druggist can supply you. tu14

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 25 years, has discovered the superior method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and every man who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise, or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extensive bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme published in connection with each regular drawing hereafter, and which will again be presented for

August Drawing.

R. H. EDDY, Solicitor of Patents.

TESTIMONIALS.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.

DISCOVERER OF

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, DIRECTS THE VITAL POWER ARIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS RADICAL and CURE. It STRENGTHENS THE BACK AND PELVIC REGION; IT GIVES TONE TO THE WHOLE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

If will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory.

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Lydia Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 25 cts. per box.

GEO. C. GOODWIN & CO., Boston.

Sold by Druggists.

LAXATIVE AND CATHARTIC.

Highly recommended by leading physicians

For CONSTIPATION and BILIOUSNESS.

Very Pleasant to the Taste.

Persons of sedentary habits, those who have neuralgia or other chronic diseases which require a laxative, confirmed invalids and the aged, all who need a mild and certain laxative should use *suits of confirmed, use with confidence*, will find them an invaluable remedy. Very obstinate Constipation attended with Piles will yield to them. They are especially adapted to CHILDREN who dread the disagreeable taste and unpleasant action of other medicines. Infants can safely take them. *Always keep them in the house.* PRICE 50 CENTS PER JAR.

IF FOR SALE BY ALL DRUGGISTS.

SMITH'S MEDICATED PRUNES.

KIDNEY WORT

THE ONLY MEDICINE

That Acts at the Same Time on THE LIVER, THE BOWELS, and the KIDNEYS.

These great organs are the natural cleansers of the system. If they work well, health will be perfect; if they become clogged, dreadful diseases are sure to follow with

TERRIBLE SUFFERING.

Biliousness, Headache, Dyspepsia, Jaundice, Constipation and Piles, or Kidney Complaints, Gravel, Diabetes, Sediment in the Urine, Milky or Ropy Urine; or Rheumatic Pains and Aches,

are developed because the blood is poisoned with the humors that should have been expelled naturally.

KIDNEY-WORT

will restore the healthy action and all there distressing results will disappear, health then and you will live but to suffer.

Thousands have been cured. Try it and you will add one more to the number. Take it and health will come more gladdens your heart.

Why suffer longer from the torment of an aching back?

Why bear such distress from Constipation and Piles?

Why be so fearful because of disordered urine?

KIDNEY-WORT will cure you. Try a package at once and be satisfied.

It is a dry vegetable compound and

One Package makes six quarts of Medicine.

Your Druggist has it, or will get it for you. Insist upon having it. Price, $1.00.

GEO. C. GOODWIN & CO., Gen'l Agents, Boston.

Daily Chronicle.

In Blue and Gold.

"Well, since you mention it yourself, Hal, I will confess that I was surprised to find you engaged to Miss Brookfield," said Ned Chester to a life-long chum, Hal Elmendorf, (the two young men were leisurely strolling through Maple avenue,) for when I went abroad, you were most emphatically denouncing the heartlessness and selfishness and extravagance and a few of my amiable characteristics—according to your way of thinking at the time—of society girls, and apparently sincere in your declared resolution to live and die a bachelor rather than marry one of them. And your letters have given no hint of a change in your sentiments. Quite the contrary. Your last, by-the-bye, was most perplexing. No woman's letter could have been more so. In it you suddenly jumped from the Clauson mine to 'a sweet, wild rose,' of whom you had previously told me nothing. If I remember aright, the sentence introducing her ran thus: 'And the dividends this year are much larger than this sweet, wild rose that I have found in this lonely place, and am almost persuaded to court and marry, after the manner of Tennyson's landscape painter.'"

Elmendorf threw away his cigarette, looked thoughtfully into space a moment, dropped into a still slower walk, and asked, "Should you like to hear all about it, old fellow?"

"Of course I should," replied Chester. "Lives there a man with soul so dead, who ever to himself has said, 'I take no interest in sweet, wild roses?' And besides that, haven't I been the confidant of all your love affairs, since you were twelve, and awfully smitten with the pretty girl in Wild's confectionery? Drive ahead! I'm all attention."

"As you remarked a few moments ago," began Elmendorf, "just before you crossed 'the briny' I became disgusted with fashionable young ladies in general, and, as you did not remark, for fear of hurting my feelings, with Eudora Brookfield in particular. It was rather hard on a romantic sort of a fellow, who was awful spoons on a girl, to be told by that girl that his fortune considerably enhanced his attractions in her eyes, and that, for her part, she thought love in a cottage, on *less* than five thousand a year, must be the dreariest of existences. We quarreled, as you know, and parted. She went, shortly after, to Newport, and I, filled with scorn of managing mammas, and fortune-hunting daughters, donned a blue flannel suit and coarse broad-brimmed hat, and carrying with me only a small valise, started for anywhere—anywhere out of the world.

"At noon of my second day's travel, the train stopped at a quiet, tree-embowered station, and following the impulse of the moment, I jumped off, and struck into a lonely, shady road, resolving to keep on, on foot, until Fate should say 'Thus far, and no farther.' Ned, that road was certainly the loniest road I ever saw. Not a person did I meet, not a house did I see, in an hour's brisk tramp. But I trudged on; and the more Eudora's beauty and grace flitted before me, the more her sweet voice rang out in the song of the birds, the more my heart yearned for her smile, the more I determined to put miles between us. I would *not* be married for my fortune. I would be loved for myself, or not at all. And stronger in resolution at every step, I suddenly found myself in front of a small, gray cottage—I remembered instantly that Eudora had a silk dress of the same shade of gray—half covered with woodbines and rose vines, that stood just at the entrance of a dense wood, where grew oaks, maples, willows, elder bushes, blackberry bushes, and Heaven only knows how many other things planted there by the winds and the birds. A cow with a young calf beside her was lowing in a field opposite, and a brook was sparkling in the sunshine, a short distance away.

On the porch of this cottage sat a middle-aged woman, sewing. To her, hat in hand, I advanced, and humbly preferred a request for a drink of water. And she, rising with hospitable quickness, bade me take the seat she left, while she went to the well. I sank into the chair, for I was aweary, and soon she returned with a glass of water and a glass of milk. I drank them both—not at once, of course, but during the conversation about the weather that ensued—and had risen to depart, when the prettiest girl in blue and gold that I ever beheld came tripping up the garden path, a pail of water in each hand. 'A sweet, wild rose,' I said to myself, and sat down again, convinced by a single glance at that lovely face and form that this cottage was 'Fate's no farther.'

Accordingly, I told mine hostess that I was a poor story-writer (you will admit that that was no lie, for all the editors to whom I have submitted my manuscript have said the same thing), with a book to finish, and that of all places in the world to finish it, her beautiful quiet home seemed the best, and I begged her to let me stay a few weeks, promising to make her as little trouble as possible. 'Well, I don't see nothin' agin it, if father and daughter don't,' said she, and away she went again, and then the murmur of voices in the hall, I knew the matter was being discussed by the family. And in a few moments a shrewd-looking old man appeared, and looked at me sharply, and asked bruscely, 'Kin you 'ford to pay four dollars a week?' I told him I thought I could, and he seized my valise and carried it into the cottage, I following. Ned, old chap, it *was* a lovely spot, and no mistake. Every morning the birds awakened me with their songs, and they were so fearless, never having learned how cruel men can be, that they flew in at my window and perched upon the frame of the old looking glass—such a rum old glass, crooked my nose and crossed my eyes—and watched me dress; and fra-

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

FRIDAY, AUGUST 6, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

News and Notes.

The Hop Bitters Manufacturing company has offered a reward of $100 for news of Horace B. Phillips, manager of the Hop Bitters base ball club, who has been missing since Saturday night, the 24th ult., he having left Rochester, N. Y., at that time with money to pay the club. He is about twenty-eight years old, five feet six inches in height, slight built, with thin face and dark blue eyes.

Advices from Havanna report that official information has been received there of the unconditional surrender of Maj. Gen. Garcia Iniguès, (Calixto Garcia,) Brig. Gen. Fonesca and three companions, being all that remained of the last expedition that landed on the island of Cuba with Garcia.

James Cohill of San Francisco, assayer, fired a harmless shot at Mrs. N. Sheline on the 4th inst., and then shot himself through the head. Cause unknown.

Dennis Hayes, a San Francisco milkman, was shot dead by Michael Dolan, on the 4th inst., in a trifling altercation.

Mrs. John H. Sullivan, wife of a Chicago saloon keeper, is under arrest for murder of a French sailor named Bourgoud, who was pitched out of the saloon into the gutter, after which Mrs. Sullivan smashed in his chest with an empty beer keg.

At Chambersburg, Pa., on Monday, the 2d inst., great excitement was created by the discovery of the dead body of Robert Allison, a resident of Chambersburg, in a cornfield of Christian Stouffer, a well-to-do farmer. Allison was shot through the back. Stouffer acknowledged that he did the shooting on the previous Saturday night; that he saw a man in his field, and supposing he was stealing corn shot him with a rifle. After firing, Stouffer made no effort to discover who his victim was. The murderer was committed to jail.

The first mortgage bondholders of the Boston, Barre & Gardner railroad, who have declined to accept the compromise proposed by the directors, have been notified that a bill in equity is pending in the supreme court of Massachusetts, and they are asked to sanction the same.

Mr. Charles Bonney of Fall River, Mass., has been offered the position of leading tenor in a grand concert company being organized under the management of Henry C. Jarrett of New York. He will probably accept.

At Rochdale, Mass., on the night of the 2d inst., an iron tank car filled with naphtha jumped the track, and the concussion set the contents on fire. Next in the rear were two cars loaded with barrels of naphtha, and then came eleven cars loaded with corn, all which were burned. Aid was sent from Worcester, and sixteen cars at the rear of the train were saved.

At Brenham, Texas, on the 3d inst., Deputy Sheriff Will F. Garrett entered a house of ill-fame to make an arrest, and was shot dead by W. P. Allen. On the 4th, at Sherman, two farmers named Weaver and Cox had an altercation, and Cox was stabbed to death.

Secretary Evarts has received a dispatch in cipher from Constantinople saying that an American missionary named Harris has been murdered by Turks near that city. The Turkish government promises reparation.

Alderman Little of Portland, Me., recently introduced an order proposing to celebrate the two hundredth anniversary of the settlement of the town of Falmouth, now Portland, which occurred September 23d, O. S., 1680. It was adopted, and the other branch will probably concur, and the celebration come off.

Rufus L. Bingham, thirty-eight years of age, belonging to one of the leading families of Manchester-by-the-Sea, Mass., disappeared from his home with little or no clothing on, on the night of the 27th ult. A diligent search has failed to obtain any clue to his whereabouts. He is supposed to be laboring under an aberration of the mind, and grave apprehensions are felt for his safety.

The last of the Chinamen (eleven in number) employed by C. T. Sampson, the North Adams, Mass., shoe manufacturer, left on the 3d inst. for New York city, intending to engage in laundry work, where they can earn more money. Mr. Sampson at one time employed 140 of them. Now there is but one left in town, and he is engaged in the grocery and provision business. Sampson says he will do all in his power to keep the Celestials from locating in the town.

The barque Valkyrien has arrived at Quebec, having on board John Nolan and John Powers, two of the crew of fishing schooner Alice & William, of Gloucester, whom she picked up off the banks in a dory. The men lost their schooner while tending trawls, and were three days and nights without food or water before being picked up. On the second day they were adrift a large ocean steamer passed so close to them that they were hailed by a man on the bridge, but the steamer kept on without rendering them any aid.

Two Newburyport ships were sold last week, to go under the German flag.

A man was fishing near Cos Cob, Conn., the other day, with a gun in the boat. He caught a large fish, which flopped around in the bottom of the boat and in some way struck the hammer of the gun, and discharged it. The charge entered the man's sleeve and went out at the elbow, tearing away parts of his wrapper, shirt and coat sleeves, but not hurting him.

The new census brings out vividly the enormities of the rotten borough system of Connecticut. Four towns with a population of about 4,000 send to the state house of representatives as many legislators as do New Haven, Hartford, Bridgeport and Waterbury, with a population of 150,000. Full census returns show that the population of Connecticut is 623,166; a gain of 84,894 since 1870.

Seven men were assassinated, or nearly killed, in different towns in Kentucky, on the 3d inst., and it was not an unusually good day for pistol-shooting either. If it was the custom of that part of the country to arrest the perpetrators of these deeds of violence and make them suffer the penalties of the law, now almost nominal, it would have a very civilizing effect. It is true a story comes of eight white men now in jail in Georgia, for mobbing a colored man in his own house and killing his daughter and wounding his son, but this remarkable story needs confirmation. It may turn out like the yarn about the mobbing of the Vermont publican,—he was also a republican,—for hanging out a Garfield flag, and which is to-day shrouded by a halo of improbability by the assertion that there is no such tavern-keeper in the town.—*Worcester Gazette.*

New Hampshire Items.

The Gilmanton company at Belmont is laying the foundation for a factory 130 by 52 feet.

On Saturday, the 14th inst., the Knight Templar Commanderies of Concord and Manchester in the ranks of which will be Sir Knights from all parts of the state, will start on a pilgrimage to Chicago. The occasion is the triennial conclave of the Grand Encampment of the Knights Templar of the United States.

The hay crop is generally smaller through the state than was expected, though lowland grass is heavy. The early grain is hurt by drouth, but still the yield is good, and oats are very heavy here and there. The potatoe yield will be large. The fruit harvest will be ample for home consumption. Field wages are unusually high, being $1.50 a day in many back towns.

—A combined spy-glass and cane is now possible by a recent invention at Stuttgart. It consists simply of a concave eye-lens and convex object-glass, each fastened by a clamp to the cane, with their axes in the same line. The longer focus than usual of the object glass, and the space required between the lenses, necessitates a greater power than in ordinary field glasses. The lenses are from eighteen to twenty inches apart, and the object-glass is focused by sliding it along to the right point.

A Public Duty.

We are not in the habit of puffing any sort of patent medicines in our columns, for the business of a newspaper is to let people know what is going on in the world, and not lend aid to what may be an imposition. But we happen to know Dr. David Kennedy of Rondout, N. Y., and can personally testify to the excellence of the medicine which the doctor calls "Favorite Remedy." And if a word of ours will persuade anybody to use it, and thus find relief from suffering, no professional etiquite shall hinder us from saying that word. For diseases of the blood, kidneys and bowels it has no equal. We would not be without it for five times the dollar that it costs.—*Daily Times.*

—The Detroit *Post* declares that the belles of that city are desperate smugglers, especially the rich ones. There are hundreds of Detroit ladies wearing velvet or silk dresses who smuggled them over from Windsor, Canada, neatly folded about their angelic waists or disposed in their bosoms, while they passed the custom house officer, the lynx-eyed female detectives and the leading waiters, and with serene contenances walked off with their spoils. One lady boasts of the amount of goods she can carry over at a single trip. The smuggling mania has taken such possession of her that she has smuggled for her friends, merely to keep up the excitement. Portly women succeed much better than slender ones, since a slight additional fullness is hardly noticeable, while a thin lady is at once exposed.

The friends of temperance will find Malt Bitters invigorating and strengthening.

—Successful base ball pitchers, says an exchange, have very short lives in their positions, the most difficult at first to hit, becoming easy game to the heavy hitters in about four years. Especially is this the case when he is put in to pitch every game for a few seasons. Batters become familiar with his balls, and his different motions in delivering them. The best pitcher will fall in about three years, if played without relief. Spalding retired after six years; Matthews lasted seven years, but latterly faced no heavy hitters.

Or high or low, or rich or poor,
None would foul teeth or breath endure,
If they but knew how sure and swift
Was SOZODONT, that priceless gift,
In giving beauty, life and tone
To every charm the mouth can own.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronch al Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only in boxes.* Tu,th&f,&G

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C* D&WLJan81

FIVE SHARES in Portsmouth & Dover Railroad, and five shares in the Portsmouth Shoe Co., belonging to an estate, for sale by auction WM. H. HACKETT.

Defensive Medication

Is a precaution which should never be neglected when danger is present, and therefore a course of the Bitters at this season is particularly desirable, especially for the feeble and sickly. As a remedy for biliousness, dyspepsia, nervousness and bowel complaints, there is nothing comparable to this wholesome restorative.

For sale by all Druggists and Dealers generally.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deodaoim

AROUND HOME.

The price of the *Times* has been reduced to two cents a copy.

Mr. Alfred O. Larkin has leased for a term of years the residence of the late N. K. Walker, No. 9 Middle street.

Mr. Frederick F. Moses has bought for a residence the house No. 46 Islington street, formerly owned by John Stokell.

Copies of the NEW HAMPSHIRE GAZETTE can always be obtained at Moses Brothers' newspaper and periodical store on Congress street.

A prominent coal merchant in this city lost $50 on Market street, Thursday, but it was found by a young lady and restored to him in the evening.

The proposed excursion of the steamer Stamford from this city to Boston, on the 5th inst., was postponed on account of the weather, a dense fog prevailing outside preventing the boat from arriving here.

For the accommodation of the patrons of the Mutual Life Insurance company of New York, and others visiting National block, a cross-walk of broad pieces of Biddeford granite has been laid to the north side of Congress street.

The annual meeting of the General Association of New Hampshire, composed of ministers and delegates of the Trinitarian Congregational churchs, will be held in this city Sept. 14th, 15th and 16th. The meetings will be held in the North church.

Gen. Kilpatrick, the most dashing and successful cavalry general on either side during the war of the rebellion, and who as a stump orator is but a short distance behind Col. Bob Ingersoll, if indeed he is not Col. Ingersoll's equal, as not a few assert, will address the republicans of Portsmouth and citizens generally at Music hall on the evening of the 13th inst., on the issues involved in the present presidential campaign. There will be no spare seats in Music hall that night.

On Thursday last Mr. Isaac Dow had a fall of fifteen feet at the store of George B. French on Market street, now in course of rebuilding, and struck upon his left shoulder, spraining the shoulder and the upper part of the spine, and receiving a severe jarring generally, which rendered him insensible; fortunately no bones were broken nor dislocated. The accident was occasioned by the tilting of a staging-plank on which Mr. Dow stepped Dr. Folsom attended him.

At the meeting of the General Association of churches to be held in this city next month, the question of the taxation of church property will be reported on by a committee appointed last year. The special subject to be considered is "the ground upon which the state law is to be considered just, and hence to be supported; or the ground upon which it is to be otherwise considered—and recommend what action should be taken by the churches." The committee, which is an able one, is composed of Hon. Jonathan E. Sargent, Concord; Rev. J. G. Davis, Amherst: Hon. Edward Spalding, Nashua; Rev. G. B. Spalding, Dover; and Hon. Charles R. Morrison of Manchester.

A man who gave his name as Perkins and said he was engaged to work in Hon. Frank Jones' brewery, made arrangements for board on Thursday morning with Mrs. Davis, No. 14 Austin street; his room-mates were Messrs. Williard M. Gaul and Henry W. Howard. In the afternoon he took from trousers belonging to Mr. Gaul, which were hanging in the closet, the key of his trunk, from which he took fifty dollars. Mr. Gaul discovered his loss after supper, and as Perkins did not make his appearance and had not been seen after four o'clock in the afternoon, he naturally supposed him to be the thief. Perkins is described as being about five feet seven inches high, sandy hair and moustache, and light complexion. His dress was dark coat and trousers, and a light fancy vest. Some clothing was missed belonging to Mr. Howard. It is supposed that Perkins took the train for Boston at 5:00 o'clock or 6:50 P. M.

The chowder party for which arrangements were made for Wednesday, is postponed until Saturday next.

Anthony Chase of Seabrook is building a small steamboat to run on Hampton river, and carry parties to the beaches.

The fishing schooner Mary S. Hontvet, Hontvet master, of this port, was at Port Mulgrave, N. S., on the 1st inst., on her way home from the banks.

Capt. John S. Pray of this city has recently purchased three-sixteenths of the bark Cremona, of 607.91 tons register, and hailing from New York.

The present number of depositors in the Portsmouth Savings bank is 7,821, instead of 1,821 as stated in Thursday's paper—an increase of 249 over last year.

The steam-launch Swan went to the Wentworth on Thursday morning last, and is already a favorite addition to the many attractions of that famous resort.

The Tallapoosa, which arrived at this port on Wednesday evening, the 4th inst., brought several passengers, among them being Hon. Thos. L. Tullock, assistant postmaster at Washington, D. C., and Mrs. Tullock.

The *Democrat* says that, "on an average during the month of July the amount of cotton cloth manufactured daily in the Cocheco mills at Dover was 104,166 yards. This would be about 32,500,000 yards yearly, within a fraction of 18,466 miles, enough to reach in continuous belt three-fourths of the entire circumference of the globe. The printery turns out more than this, because a part of the cloth used there is purchased in other places."

Under date of Aug. 5th a North Hampton correspondent writes us as follows: "The republican flag-raising and attendant ceremonies at North Hampton did not take place yesterday afternoon as announced, owing to an accident, When the pole was nearly up the fall parted and let the pole down, breaking it in two pieces. Notwithstanding the storm, about three hundred persons were present; and nothing daunted at the ill success of this first attempt, the republicans of the town are full of vigor, and will have another staff in readiness for Wednesday, the 11th inst., when the Garfield & Arthur flag will be raised, with speeches by Hon, O. C. Moore, Hon. C. H. Bell and others."

COMMISSIONER'S COURT.

John B. Dominique, of Somersworth, was brought before United States Commissioner Hackett on Thursday last, charged with being a retail dealer in liquor without payment of the special tax required by law. The defendant denied that he was a dealer in liquor; claimed to be a respectable grocer in Great Falls, and that he had never sold liquor. The evidence did not show but one sale. The case goes up to the October term of the circuit court. Ray, United States attorney, for the government; Hatch for defendant.

BOYS IN BLUE.

A meeting of the henorably discharged Union soldiers and sailors will be held at Light Artillery hall, this (Friday) evening at 7:30 o'clock, for the puroose or organizing one or more "Boys in blue" clubs, the object being to aid the election of the republican candidates in the presidential canvass now opening. All veterans of the Union forces in the late war living in this vicinity are cordially invited to be present at the above-named place, and assist in the formation of the clubs. There are very many war comrades in this city and adjoining towns, and with few exceptions republicans—and we knew whereof we speak when we say that the principles they fought for in the bloody years of '61 to '65 they will vote to maintain in the great political battle in November.

"Rally round the flag, boys."

A WAIF.

A colored child about nine months old was found in the cemetery near the Eastern railroad station on Thursday afternoon last, and is supposed to have been abandoned by a colored woman who arrived on one of the morning trains, and was seen in the vicinity of the station during the forenoon and the early part of the afternoon with the child in her arms, and accompanied by an elderly white woman. The two women left this city for Boston on the three o'clock train; not long afterward the cries of the child led to its discovery in the cemetery, and it was removed to the almshouse. The telegraph was at once brought into requisition, and the conductor of the train on which the women left sent back word that they got off at Newburyport.

MUNICIPAL AFFAIRS.

In board of mayor and aldermen, regular meeting, Thursday evening, Aug. 5th:

Bills to the amount of $5085.03 were approved and ordered paid.

Joseph Spinney appeared before the board in explanation for his claim for damages for injury done to his house, caused by overflowage of water from the street into his cellar. Referred to city solicitor as to the city's liability in the case.

Mr. Leary appeared before the board to make a statement in relation to three sheep belonging to him killed by dogs, for which he claims damages. Referred to committee on claims, as to the amount of damage, and to confer with the city solicitor in relation to the liability of the city.

Committee on fire department reported recommending that the communication from the chief engineer in relation to using the water in the tank for fire purposes be referred to next board; as to the request of Kearsarge Engine company, for the city to furnish the members with new fire hats, recommended that the petitioners have leave to withdraw; accepted and adopted.

Committee on streets reported, recommending that the request of James Junkins for a sidewalk on Market street be granted, providing the abuttors pay one half the cost; and that the petition of Charles W. Gardner and others, be referred to next board; accepted and adopted.

The following resolution, offered by Alderman Laighton, was passed unanimously:

Voted, that the thanks of this board be extended to His Honor Mayor Sise, for the uniform courtesy and impartiality he has shown as presiding officer of this board during the past year, and that we tender to him our congratulations on his marked success as chief magistrate of the city, also our good wishes for his future welfare both as a public and private citizen.

Mayor Sise replied, thanking the board for their kind feelings toward him, and would in the future as in the past, try and merit a continuance of their confidence.

Committee on claims, to whom was referred the matter in relation to injuries of Mrs. Enos Gray, reported recommending that it be referred to next board; accepted and adopted.

Voted that the tax on house of Mrs. James Williams for 1879 be abated.

The city councils met in convention, when the official count of the votes for mayor was announced, and William H. Sise, having a majority of the votes cast was declared elected mayor for the ensuing year.

The subject of heating Cabot street school house was referred to the next board.

The common council passed under suspension of the rules the amendment to the ordinance in relation to the duties of the police in regard to fire alarm.

THAT DEMOCRATIC GAIN.

Mr. Editor: The *Times* prints in large letters at the head of one of its columns, that Mayor Sise's majority has been reduced by over three hundred votes. So it has; but let us see how. A city election seldom brings out the full strength of either party; last year Mayor Sise had in the four wards an aggregate vote of 851, this year he has 858—*a gain of seven*; last year his majority was 404, this year it is only 97; where did the 307 votes come from that reduced this majority? It was the increase of the democratic vote over last year, when that party lay in a dormant state; this year they arose like a phoenix from its ashes, and by combining their forces with that forlorn hope, the "greenbackers," increased their vote from 457 to 756. Had they remained in their lethargy of last year, Col. Sise would have been elected by a larger majority than that of former years; as it was, Mayor Sise led the republican tickets in the city by 29 votes. At the presidential election in 1876 the republicans polled 1206 votes, the democrats 1116, a total in the city of 2322; this probably represented about the entire strength of each party. Comparing that vote with that of Tuesday, the 3d inst., Mayor Sise received 71 per cent support from his party, while Mr. Morrison received only about 67 per cent of his. At the city election the March previous (1876) the democratic candidate for mayor was elected by a majority of 73. In the face of these facts I can see no Shibboleth for the democratic party, for if the state should gain as much in November for the republicans as our city has in this last election, the republican majority will be increased nearly eight per cent. "3."

YORK COUNTY ITEMS.

Wm. Johnson of North Berwick, who hung himself near the railroad station in that town on the 2d inst., used an ox-chain for the purpose.

The grain harvest in York county is nearly completed, and the crop everywhere is excellent, though the unfavorable weather has caused much trouble in getting it in.

A young man, said to belong in Lowell, Mass., jumped off an excursion train on the Boston & Maine railroad at Biddeford on the evening of the 5th inst., fell under the wheels, and was cut in pieces. The train was returning from Old Orchard, and bound to Lowell. The unfortunate man's name was unknown to our informant.

The dwelling house of Chas. Rutland of Kennebunkport was totally destroyed by fire, Tuesday morning of this week. Mr. Rutland and wife, the only occupants, arose quite early, and during the cooking of breakfast the fire took from some defect in the chimney, it is supposed. The fire was so far advanced when discovered that nothing could be saved above stairs. Insured $600.

The new schooner Elizabeth W. Smith, built at the yard of Charles H. Thompson in Kennebunk for a seiner, attracts much attention at Portland from the beauty of her model.

YORK COUNTY CONVENTION.

The republican county convention of York county, Maine, was held at Alfred on Thursday, the 5th inst., and was a large and enthusiastic gathering, there being 1500 people in attendance, with 400 teams and two bands. Speeches were made by Hon. Hannibal Hamlin, Hon. Eugene Hale, Hon. Thomas B. Reed and Gov. Davis, Mr. Hamlin explicitly announcing himself *not* to be a candidate for re-election to the United States senate.

Nominations were made as follows:

G. H. Wakefield, South Berwick; J. C. Beatty, Saco; C. F. Sanborn, Parsonfield, senators;

H. Deering, Saco, county commissioner;

C. R. Folsom, Biddeford, sheriff;

C. E. Weld, Buxton, treasurer;

N. Hobbs, South Berwick, judge of probate;

Moses A. Safford, Kittery, register of probate.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

A Good Introduction.

Favorite Remedy was introduced into Connecticut in 1877, at the solicition of Rev. J. G. Smith, of Hartford, who, after having suffered for years from chronic liver disease and indigestion, obtained the medicine and was cured. This faithful pastor, thinking of the bodies as well as the souls of his people, at once commenced the advocacy of "Favorite Remedy" among them, and has been the happy instrument of saving scores of lives. Favorite Remedy is now in well and favorably known in Connecticut as along the Hudson. One dollar a bottle. All druggists sell it. Dr. David Kennedy, Proprietor, Rondout, N. Y.

—When a tramp tells you he has had nothing to eat for three days, just throw Dr. Baker's case at him. Every law-abiding tramp should be satisfied with one meal in seven days.

THE TERROR OF PHYSICIANS.—Many learned doctors consider well-developed Bright's disease of the kidneys incurable. They despair when they detect its well-known symptoms. Nevertheless, there is a cure for this worst of kidney diseases. Hunt's Remedy has restored many and many a victim of Bright's disease to sound health. All kidney, bladder, liver and urinary complaints are quickly cured by Hunt's Remedy, the great kidney and liver medicine. Sold by all druggists. Trial size, 75 cents.

—The value of the timber destroyed by the recent forest fires in the southwest district of the province of New Brunswick is estimated at $300,000.

Discoveries by Accident.

The fact that many of the most valuable discoveries have been the result of chance rather than of design or contemplation, is again illustrated in Day's Kidney Pad.

—"How sad!" exclaimed one blade of a pair of scissors to the other; "How sad! We only meet to sever."

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage Hire, and stop at *Grand Union Hotel*, nearly opposite Grand Central Depot. 350 elegant rooms reduced to $1 and upwards per day. European Plan. Elevator. Restaurant supplied with the best. Horse Cars, Stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in the centre of the block. 1 yr&eow39

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Lafayette and Market streets.

[Concluded from first page.]

grance enough from the rose vines floated into that attic room in one day to have perfumed Eudora's handkerchiefs for a whole year.

As for Alice—the sweet wild rose—no poet ever dreamed of maid more beautiful. Large, innocent, dark blue eyes, with lashes so long that they cast a faint shadow on her rounded cheeks; mouth, nose, chin, ears, hands, feet, simply perfection; and a voice, not as musical as Eudora's, it is true, but with a childish ring and sweetness; and when she spoke, which was seldom, it was with a pretty modest hesitancy that made you long to catch her in your arms and kiss the words from her full red lips. I had only seen her three times, when I was madly in love with her, and thought the plain calico gowns she wore the prettiest gowns in the world. Her father and mother watched us closely, but that blessed (as I thought then) drouth had set in a week or so before my arrival, and in two or three weeks more our rain-water cask—we hadn't attained to the dignity of a cistern—was empty, and our well ran low, and much water had to be brought from the brook, and of course I helped the sweet wild rose to carry the pails, and (again, as I thought then) the brook was a blessed quarter mile from the house; and one day, after traversing this quarter of a mile with the pails and bonnie Alice, I wrote you a very long letter, in which among many other things, I reviewed my Eudora experience, and told you of the treasure I had found in the cottage by the wood. And a few days after posting this letter, I asked the sweet wild rose to be my wife. She raised those glorious, innocent blue eyes to my face for an instant, and then hid them upon my breast, while she whispered—the shy darling—

'Don't ask father and mother just yet, until I get used to the thought myself. It seems so very strange.'

'And are you sure you love me? And will you be willing to wear calico gowns, and live in a little cottage all your life?' said I.

'Try me,' she replied, with glowing cheeks and an arch smile.

'Now am I really loved,' said I to the birds, next morning—not having you, Ned, I made confidants of them, and like you, they never betrayed me. 'It is Hal Elmendorf wins the heart of Alice, not gems and gold, no longing for silks and velvets and satins, knows this simple country maid. She is even unaware of her own marvelous grace and beauty, and she is also unaware, it cannot be denied, of many of the rules of grammar and pronunciation. But these I can soon teach her, Heaven bless her!' And then I thought what delight it would be to see the guileless blue eyes open wide in pleasure and astonishment when, after gaining her parents' consent to our marriage, I placed a diamond ring upon the little hand. And I made up my mind to start for the nearest city immediately and obtain the ring.

So, pleading urgent business to my darling, as soon as breakfast was over, I bade her good-by for a day or two.

'Oh! if you should never come back,' she sobbed, clinging around my neck.

'But I will, dearest, I said, unloosing her lovely arms, and kissing the tears from her eyes. 'I shall be back again before you have time to miss me.' *And I was!* for I had only gone a mile or two when I discovered I had left my pocket-book behind, and full of anger against myself for my carelessness, I hastened back. As I neared the cottage, I heard loud voices—the voices of Mrs. Burdock, my prospective mother-in-law, and—could it be? Yes, it was my sweet wild rose.

'Well, it's a regular mess, and *I* don't know what to say to Bill Tryon when he comes back from sea,' the elder lady was saying. 'He'll raise the riff off the house.'

'Let him,' replied Alice. 'I'll build you a better house—nearer to folks; for I'm sure I never want to come back to this lonely hole, after I onst leave it.'

'But s'pose this man shouldn't be so rich after all?' persisted the prudent mamma.

'He's as rich as Screechus,' answered the daughter, in anything but a sweet voice. And oh! how dreadful the grammar and pronunciation sounded in it. 'Do you think I'd give up Bill, if I warn't sure of it? He writ a long rigmarole to some friend of his one day, and he lost a piece, and I found it—'

'The page almost ending with the Clauson mine, and nearly beginning with the sweet wild rose,' interrupted Chester.

"Just so," assented his friend. "But to go on with the conversation, to which I boldly confess I deliberately listened. 'I found it, he never missed it, and I read the note,' said the simple country maid. 'Some fash'nable girl wanted him for his fortune, and he got mad and cleared out, and walked round till he found me. A sweet, wild rose he calls me, and he ain't so far out, neither.'

'You'd better let your pa inquire about him, as you promised, before you marry him,' advised Mrs. Burdock.

'Rubbish! exclaimed the rose. 'Pa goin' snoopin' round might spoil everything. I know he's got lots of money, and I bet he's gone off to buy me something elegant now. Calico gowns, indeed! I'll wear silk every day of my life. But come along, ma, let's go up stairs. I'rage he's left his satchel unlocked, and we can rummage through it.'

'No, he hasn't,' said I, coming forward; 'but don't let that prevent your enjoying yourselves, ladies; here is the key, at your service.'

With a shrill scream, the sweet wild rose fled. I reached my room under the eaves in three bounds, gathered together my belongings, left some bank-bills on the table, and fled, too.

And I am to marry Eudora Brookfield a month from to-day."—*Harper's Weekly.*

DRUGGISTS say that Lydia E. Pinkham's Vegetable Compound is the best remedy for female weakness that they ever heard of, for it gives universal satisfaction. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

—"We don't want all this, we don't want it," said an attorney the other day to a voluble old lady on the witness stand. "It is irrelevant." But the witness paid no heed, and talked on, finishing with, "There, you've got it, whether you want it or not, and it isn't irrevereut, either."

Mothers never fail to recommend Malt Bitters as nourishing and strengthening.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!

For Diarrhœa, Dysentery, Cramps, Cholera,

AND ALL THOSE NUMEROUS TROUBLES OF THE ST MACH AND BOWELS SO PREVALENT AT THIS SEASON.

No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *there is seldom danger of the fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE:

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider I should not be doing my duty to the community did I not say this much. If I were attacked by the Cholera to day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

E. E. BERGINSEND,
Galena, Illinois.

Messrs. PERRY DAVIS & SON:

I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (one daughter 9 months, and the other three years old) with perfect success. It regulates their bowels, and stops all diarrhœa. My mother-in-law swears by it in all cases, both for internal and external use. I've used it in my family for five years, and *will not* be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours, L. F. MOORE,
Bangall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never do without it.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

CANTERBURY SHAKERS' BLOOD-PURIFYING SARSAPARILLA.

Prescribed by Physicians and Druggists for nearly Fifty Years.

THE SHAKER'S SARSAPARILLA is just what it purports to be.—*Dani Crosby, M. D.* I have long prescribed it, and I think it a most valuable medicine.—*Jeremiah Blake, M. D., Gilmanton, N. H.* Have known it for nearly half a century. Our confidence in it is in no way impaired.—*Carlton & Hovey, Druggists, Lowell.* I speak with confidence of it, having prescribed it for eighteen years.—*E. M. Dunnor, M. D., Pittsburgh, N. H.* Give me the shakers' Sarsaparilla in preference to all others.—*C. A. Gullmette, M. D., Boston.* I have the most unbounded confidence in its healing and renovating properties.—*Wm. R. Fry Cox, Druggist, Portsmouth, N. H.* I consider it the best preparation made.—*A. G. Wilbor, Druggist, Boston.*

Do not fail to make a trial of this great Blood Purifier, Appetizer, and Tonic, the first and best of all medicines called Sarsaparilla, which is prepared from selected SHAKER ROOTS, HERBS AND BERRIES by the CANTERBURY SOCIETY OF SHAKERS, and is beyond all comparison the purest, safest, and most effective family medicine in the world. Ask for CORBETT'S SHAKERS' SARSAPARILLA. The genuine is signed by THOMAS CORBETT, its inventor, and sold by druggists generally.

SHAKER VILLAGE, N. H., Jan. 1, 1880.

Appledore and Oceanic Hotels,

ISLES OF SHOALS.

Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals, because leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.

☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"

Newcastle, N. H.

This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious table for private coaches, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for bathing at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the hotel, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house affords fine views. Its *cuisine* will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or those indiscretions to manhood, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to pernicious habits or inherited. He is a Nervo-specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience.

RUPTURE

DR. J. A SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years as one for his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted weekly at his New York and Boston Offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment, and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exertion or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed free, sealed, to all who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

23RD

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE,

In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

August Drawing.

LYDIA E. PINKHAM'S

VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, PERFECTLY THE VITAL POWER RIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS **radical and entire. It strengthens** THE BACK AND PELVIC REGION; IT GIVES TONE TO THE WHOLE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory.

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 25 cts. per box.

GEO. C. GOODWIN & CO., Boston,
Sole Agents.

Sold by Druggists.

SMITH'S MEDICATED PRUNES.

LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS

THIS Fruit preparation is almost as pleasant to the taste as prunes prepared for the table, and embraces the best medicinal agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as affect those who are costive. They cause effective action of the bowels without nausea or griping and admit of continued use without the *nauseating* effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medicine is *entirely vegetable, and healthful.*

PRICE 50 Cts. PER JAR.

Recommended by all who have used them, who say, "they should be always kept in the house."

All Druggists deal in them.

The Smith Medicated Prune Co., Proprietors, Hartford, Conn.

CANTERBURY SHAKERS' BLOOD-PURIFYING SARSAPARILLA.

Prescribed by Physicians and Druggists for nearly Fifty Years.

THE SHAKER'S SARSAPARILLA is just what it purports to be.—*Dixi Crosby, M. D.* I have long prescribed it, and I think it is most valuable medicine.—*Jeremiah Blake, M. D., Gilmanton, N. H.* Have known it for nearly half a century. Our confidence in it is in no way impaired.—*Carlton & Hovey, Druggists, Lowell.* I speak with confidence of it, having prescribed it for eighteen years.—*S. M. Dinsmoor, M. D., Franconia, N. H.* Give me the shakers' Sarsaparilla in preference to all others.—*C. A. Gulinette, M. D., Boston.* I have the most unbounded confidence in its healing and renovating powers.—*Wm. R. Preston, Druggist, Portsmouth, N. H.* I consider the Syrup a preparation made.—*A. G. Wilcox, Druggist, Boston.*

Do not fail to make a trial of this great Blood Purifier, Appetizer, and Tonic, the first and best of all medicines called Sarsaparilla, which is prepared from selected SHAKER ROOTS, HERBS AND BERRIES by the CANTERBURY SOCIETY OF SHAKERS, and is beyond all comparison the purest, safest, and most effective family medicine in the world. Ask for CORBETT'S SHAKERS' SARSAPARILLA. The genuine is signed by THOMAS CORBETT, its inventor, and sold by druggists generally.

SHAKER VILLAGE, N. H., Jan. 1, 1880.

☞ Enclose Stamp for Shaker Manual.

— AT —

HUTCHINSON'S.

Daily Chronicle.

A Rough Translation.

A young lady moving in the most exalted circles of Galveston, after much toil and practice at the piano learned to play with considerable dexterity a piece entitled "Picnic Polka." It is something after the style of the celebrated "Battle of Prague," in which the listener can readily distinguish the roar of artillery, the rattle of musketry, the shouts of the soldiers and the groans of the dying. In the "Picnic Polka" the noise of the wind among the trees and the joyous carols of the birds are reproduced, the finale being a thunder shower which disturbs the sylvan revelers. It happens that a country cousin is in town just now, and the young lady thought she would play the piece to him and hear his comment. He is a plain, simple minded youth, and although not very bright, is very appreciative. She told him what the piece was and then proceeded to give him the "Picnic Polka." The first notes are rather slow and hesitating, the idea sought to be conveyed being the solemn solitude of the forest, through which the gentle zephyr (not heifer) sighs. After she got through with this preface, she asked him if he did not almost imagine himself in a lodge in a somewhat vast wilderness. He replied that he thought all that slowness meant the delay in getting off. Said he, "There is always some darned fellow oversleeps himself and keeps everybody else waiting."

She did not care to discuss the point with the ignorant fellow, so to conceal her emotions, she once more let herself out on the piano. The woods were filled with music. The mocking bird whistled as if his throat would split, the cuckoo filled the sylvan bowers with his repeated cry, while every and anon the mournful cooing of the dove interrupted the manly song of the lark.

"There, now, I guess you know what that sounds like," she said, as she paused.

"You mean that 'tootle, tootle, tootle, chug, chug, chug?' You bet I understand that. Many is the time at a picnic I've heard it from the mouth of a demijohn or the bunghole of a beer keg."

Her first impulse was to hurl the piano stool at him, but it passed off, and once more she went at the piano as if it was insured for over double its value. The thunder then growled, the lightning flashed (from her eyes), and the heavy drops are heard upon the leaves. She banged and mauled the keys at a fearful rate; peals of deafening thunder disturbed the atmosphere and re-echoed in still louder reverberations until it wound up in one appalling clap as a grand finale. Then, turning to the awe struck youth, she said:

"I suppose you have heard something like that before?"

"Yes, that's what the fellow with linen pants said when he sat down on the custard pie."

The audience found himself alone, but he picked up his hat and sauntered out into the street, densely unconscious that he had said anything out of the way.—*Galveston News.*

A Remarkable Cure of Kidney Troubles.

HIGHGATE, VT., Nov. 1.

Gentlemen: It is with grateful heart that I can recommend the Kidney-Wort to any one suffering, as I have been, from piles and kidney troubles, especially the gravel. I was taken with these complaints while in the army in 1863; growing worse and finding no relief in the hospital, I was discharged from service. I sought the best medical advice; tried various patent medicines, and spent more than five hundred dollars in the fruitless effort to obtain relief. I continued to grow worse, and for about three years no urine passed from me except by the use of the catheter. For more than two years I was unable to walk, and confined to my bed most of the time. The pain, yea, the agony that I endured, no pen can describe. In this condition, a neighbor urged me to try the Kidney-Wort. Feeling that if it killed me it would prove a merciful relief from suffering, I commenced its use, and, strange as it may seem, after having used about three packages, I was relieved of all appearance of the disease and able to attend to my usual work. This was a year ago last June, and since that time I have had no return of my old complaints.

URIAL BUNDY.

—Robert Morris, the great revolutionary financier, left two wills and a host of lawsuits behind him when he died in 1806, poor, friendless and forsaken. The division of his estate, or what was left of it, was completed in Philadelphia last week, after endless law-suits extending over three-quarters of a century. Heirs had so multiplied that the $11,855 to be divided was cut up into shares like "one-sixth of thirteen and one-half per cent."

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—*Press.*

—Hon. Townsend D. Cock, of Locust Valley, L. I., has a trained bull which he drives in harness to a buggy or cart. He is apparently as gentle and tractable as any horse. Mr. Cock frequently drives to the railroad station with his unique turnout. Mr. Samuel Underhill, of the same place, has another bull similarly trained. A race between the two animals is talked of.

Malt Bitters build up anew the nervous, osseous (bone) and muscular system.

—The Parisians have introduced square umbrellas. They are just as bad as the other kind—never round when it rains.

Portsmouth Chronicle.

[Entered at the Post Office at Portsmouth, N.H., as second-class matter.]

SATURDAY, AUGUST 7, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

News and Notes.

Pietro Balbo, the Italian wife-murderer, was hanged in New York on Friday.

Mrs. W. L. Gunnells, of Webster county, Ga., poisoned herself and her nine children on the 4th inst., with morphine. The woman and three of the children died; the others will recover.

Lynn, Mass., had a twenty-five thousand dollar fire on Friday.

O. W. Click, a somnambulist, while occupying a room with a friend named Phelps, at Tryo, Va., got up in the night and chopped Phelps' head off with an axe. Click was arrested, but knew nothing of the occurrence.

At Grand Metis, Ont., on the 2d inst., five drunken men from Matane attacked Wm. Page, postmaster, stabbing him with a bowie knife in the throat, and three times in the back. Two sons went to the rescue, and received a stab each from the same weapon. The wounds of Page, senior, are considered fatal. The five men were arrested.

At Olemingsburg, Ky., despatch reports the shooting fatally of Perry Jefferson at Maysleck on the 3d of August, by two negroes, and the subsequent lynching of the negroes. No further particulars are given. The same special notes that an organized band of regulators in the northern part of Fleming county have given Charles Marshall, who ran ,on an opposition ticket lately, twenty days in which to leave the county. The same order has been given another man. Both of the ostracized gentlemen are wealthy, and the citizens are excited.

At Laramie City, Wyoming, on the morning of the 5th inst., a man named A. C. Angelo was found dead beside the Union Pacific railway track. He had been run over by the cars, and ended his life by shooting himself through the heart. The man is probably St. Aubrey C. Angelo, correspondent of the Liverpool *Courier*, who was with Prince Napoleon in Zululand, when the latter was killed. Angelo had been writing up the west for his paper, and left Cheyenne on the 4th for Yellowstone Park, to join Secretary Schurz's party.

Middleton, Vt., the scene of the tar and feather outrage, is now excited by the alleged poisoning of the wife of Isaac Stevens, who has been ill for some time, by two hired girls named Rowe, who are under arrest.

An unknown man of intelligent appearance recently committed suicide at Shaftsbury, Vt., with Paris green, and was buried by the town.

A party went berrying on the Moosic mountain, in Pennsylvania, and at night, when they came together to start for home, a ten-years-old boy was missing. A search was made for two days and nights before finding him, and he was then almost dead from fatigue and hunger. Fright had crazed him, and he was discovered hidden under a bush, supposing that his friends were wild men, who meant to eat him.

Joseph Estes drowned himself at Mansfield, Mass., on the 5th. inst., throwing himself into a factory pond after tying one end of a line to a tree and the other end to one of his legs. Old age and poverty led to the act.

The man and woman arrested at Fremont, Nebraska, as "old man Bender" and his wife it is said have been fully identified. The old woman has confessed, and says the old man committed all the murders with which the infamous family have been charged. The party consisted of the old man and herself, young John Bender and his wife Kate, and the latter couple's four children.

Messrs. T. B. Peterson & Brothers have in preparation a "Sarah Bernhardt edition" of the younger Dumas' novel, "Camille; or, the fate of a coquette." The work will be important as a complete key to Mlle. Bernhardt's conception of Camille. It will also be a fitting souvenir of the French actress' visit to this country, and on the cover will be found a capital portrait of her. Paper cover, at a low price.

The government has taken measures for the prevention of further insults to our flag on the Cuban coast. The Powhatan has been ordered into Cuban waters, to perform patrol duty there. Owing to the prevalence, of yellow fever in Cuba, her officers have been forbidden to land at Cuban ports. The Powhatan will patrol for one month and then will be relieved by the Vandalia. It has not been the custom of the government to keep a vessel in West Indian waters during the summer months, but the insults recently reported have made this course necessary. It is thought the presence of the Powhatan will have a good effect.

A Fillibustering Story.

A St. Louis paper says that information comes from Texas that what is known there as the "Grand Army of Occupation," an organization whose object seems to be the invasion of Mexico, under Gen. Dalrymple, is assuming considerable proportions. Three hundred men are enrolled in Austin and vicinity, and the first regiment of Texas cavalry, of which Col. Armstrong of Austin is commander, has 300 members, and recruiting is going on. James, who is a general of the Texas militia, has been given command of a department embracing Texas, New Mexico, Arizona and California. He has appointed a staff, and consultations are held, but the results have not transpired. The movement is attracting a good deal of attention, and the belief is expressed that if the government does not interfere serious trouble will result.

New Hampshire Items.

O. L. Morrison, of Tilton, having lost four cattle within five weeks from some mysterious disease, has applied to the state authorities for an investigation. Mr. Adams expresses the opinion that the animals were poisoned by eating wild cherry.

George Farnham of Hookset was drowned in Massabesic pond on Thursday last, through the upsetting of a boat in which he was fishing.

Political Notes.

In order to try and check the Garfield and Arthur movement among the Union soldiers holding federal offices, the democratic national committee have authorized a notice to be given out that if the democratic party comes into power these Union soldiers will not be molested, but retained in their positions. This is regarded as a huge joke, in face of the fact that last winter the democrats turned out nearly every Union soldier holding a position under the national senate or house of representatives, and put in their places men who served in the rebel army.

The ostentatious declaration of Gen. Hancock that the amendments to the constitution are part of that instrument, and, as such, are inviolable, the reader will understand has been forced as a necessity upon Gen. Hancock, by the recent publication of his letter to Mr. Glover, in which he cordially approved the democratic platform of 1868, in which these amendments and the whole series of reconstruction acts were declared to be revolutionary, unconstitutional and void. Gen. Hancock will find that he cannot, though at the head of the solid confederate states, safely ignore the nationality of the Union in the presence of the American people.

In fifteen years the republicans have paid off nearly one-third of the national debt, and have reduced the annual interest charge about one-half. This exhibit is without parallel in history, and yet the democrats claim that "a change is needed."

Sense Like a Horse.

A man, armed with an army gun and a butcher knife, went into a south Arkansas newspaper office the other day, and remarked to a man sitting at a table:

"Are you the editor?"

"No, sir, I am the proprietor. Can I do anything for you?"

"I want the editor."

"On very particular business, sir?"

"No, not very. I simply want to kill him for publishing an article about me last week."

"Is your other business so pressing that you have to kill him this week?"

"If it's any accommodation I can wait a few days."

"I wish you would, for I sold him a calf some time ago, and he owes me five dollars on it. If you kill him now I'll never get my money."

"But you could take the calf back, and make what he has already paid clear of all expenses."

"That's a fact," said the proprietor, musing. "I'll send a boy after him. No; that would be taking advantage of him, and he might not like it. Call around next week, and I'll have him here."

The man left, and the newspaper man remarked to himself: "So much for disobeying my wife. She told me not to forget my pistols. If I hadn't played proprietor that fellow would have shot me with that old Yankee gun. I wouldn't be found dead, shot with such a gun. Next week, just about the time I'm busy, the fellow will come around again with his stalwart field piece. If he'd only come with an Arkansas pistol I wouldn't mind it, but it would be an eternal disgrace to be killed with that gun. After this I shall obey my wife. That woman's got horse sense, and looks into the future like a mule."

Not So Easily Fooled.

Chambers' Journal recalls an anecdote which is related of a certain Edinburg professor of natural history who was engaged in delivering a course of lectures on geology, but which had a result different from what was anticipated. One day a chosen band of his students acquired possession of a brickbat, which they painted a variety of specious hues, and placed among the other fossils and rocks on which their master was to discourse. The professor illustrated his lecture by reference to the specimens before him on the table, saying, for example, as he went on, "This is a piece of volcanic trap-rock," or "This is a piece of granite." At length he came to the mysterious stranger with the livery, and after taking it up in his hands and examinging it attentively for a few moments, he proceeded: "And, gentlemen, this is, I am sorry to say, a piece of foolishness."

A similar story is told of an American professor whose specialty was entomology. Some of his students, prepared a bug with great care, making it up of the wings, legs, etc., of the different insects. Carrying it to the professor they said: "Professor, here is a strange specimen that we have found. Can you classify it?" The professor studied it a few moments and then said, quietly: "Gentlemen, this is a lum-bug."

Sleep.

Sleep obtained two hours before midnight, when the negative forces are in operation, is the rest which most recuperates the system, giving brightness to the eye and glow to the cheek. The difference in the appearance of a person who habitually retires at ten o'clock, and of one who sets up until twelve, is quite remarkable. The tone of the system so evident in the complexion, the clearness and sparkle of the eye, and the softness of the lines of the features, is in a person of health kept at "concert pitch" by taking regular rest two hours before twelve o'clock and thereby obtaining the beauty sleep of the night. There is a heaviness of the eye, a sallowness of the skin, and absence of that glow in the face which should be fresh in expression and round in appearance, that readily distinguishes the person who keeps late hours.

"From the Gallows to Glory."

If we can believe the newspapers, one of the most common things of the day is for people to go from the gallows to glory. What culprit, in these days, ever walks tremblingly to the place of execution, is overwhelmed with shame and grief for the past, appalled at the terrible death that awaits him, and fearful lest he may be eternally lost? That is not the fashion. He must walk to the fatal platform "with a firm step." He must be "calmed and unmoved." He must have a little priestly ceremony, and then inform the spectators that he "freely forgives all the world," that he is "fully prepared to die," and that he expects in a few minutes to "be with his Saviour!" Well, now, if that isn't a cheap way to Paradise! One would almost conclude that the way to glory is effectually opened by the blood of murdered victims—not by the blood of Jesus Christ! We should like to have an occasional murderer feel that he is booked for *hell* rather than *heaven*.—*Bible Banner.*

—A boy will go in swimming and fool around the water for hours together; but when told to wash his face he will have almost a hydrophobic dread of a half pint of water in the basin.

—Dick told his wife when he saw her out walking in her new silk dress, that he never before fully realized the force of the novelist's remark of the heroine—"that she swept gracefully along."

—She had a pretty diploma tied with a pink ribbon, from one of our best young ladies' colleges. In conversation with a daring and courageous young man, after he had detailed the dangers and delights of riding on a locomotive, she completely upset his opinion of independent education of the sexes by inquiring; "How do they steer locomotives, anyhow?"

STRANGE BUT TRUE—that a large proportion of the ten cent cigars of the present day are too cheap and common to please any cultivated taste. The old-fashioned hand made "Noriegas" will fill the bill—try them and judge for yourself. Leading dealers sell them.

Or high or low, or rich or poor,
None would foul teeth or breath endure,
If they but knew how sure and swift
Was SOZODONT, that price less gift,
In giving beauty, like dual tone,
To every charm the mouth can own.

Mrs. Winslow's Soothing Syrup.

REV. SYLVANUS COBB this writes in the *Boston Christian Freeman*:—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething stage, on any considerations whatever. Sold by all druggists. 25 cents a bottle. 5

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C* D&WLJan81

AROUND HOME.

On Thursday last mackerel were seen in the Cocheco river within a mile of Dover.

The lobster catchers in this vicinity are taking up their pots, the season being about ended.

Col. Thomas P. Scott, of New York, visited the Shoals this week in his yacht Dreadnaught.

Rev. E. M. Grant, and his brother-in-law Prof. Cole of New York, have gone on a trip to the White mountains.

The hotels at the Shoals are filled to overflowing. Cots in the parlors and all other available places are now the general rule.

The tally-ho coach from the Farragut house, Rye beach, driven six-in-hand, appeared on our streets] last Friday afternoon.

The little steamer Pinafore, which plies between Appledore and Star islands, is doing a large business in proportion to her size.

Bass are plentiful just now in the waters of the Piscataqua river and Great bay. One was caught off Fort point a day or two ago weighing fifty-six pounds.

Hon. James Shaw, formerly of this city, and an ex-editor of the CHRONICLE, is paying a brief visit to his former home, after a residence of several years in the west.

A. P. Wendell & Co. have just received a fine lot of mocking birds, starlings and canaries, which can be bought cheap at their hardware store in Peirce's block, Market square.

Major Evarts W. Farr, member of congress from the third district of New Hampshire, returned to his home in Littleton on Friday evening from the Shoals, where he has been making a brief stay.

Seavey's creek is one of the most delightful resorts on the river. There are several beautiful groves of fine shade trees, good boat-landings, lots of delicious berries and good bathing facilities there. Ten boats landed parties there on Friday.

The report that Mr. Joseph Q. Neff, formerly manager of the Atlantic & Pacific Telegraph Co.'s business in this city, and now occupying a similar position at Portland, Me., is to take charge of the American Union Co.'s business in this city, we are informed is entirely unfounded, Mr. Neff knowing nothing whatever of any such proposed transfer.

The steam yacht Three Brothers, of Gloucester, arrived at this port on Friday. Sloop yacht Vivia, of Boston, arrived from a cruise to the eastward, Friday evening, bringing up in Fort cove at Newcastle. Yacht O. Enone, from Boston and bound to the eastward with a party, made a harbor here Friday afternoon, and came up to the city in the evening.

Seasonable indeed, in view of the marked prevalence of the internal disturbances called "summer complaints," is the advertisement in another column of Preston's extract of ginger and Preston's dysentery elixir, by Andrew P. Preston, son and successor of the late Wm. R. Preston. Of what value these preparations would be in cases of cholera we cannot say from experience, never having felt able to indulge in any expensive illness; but we know from personal use that nothing better is offered in the market to remedy the minor troubles which in the season of dog days and green fruit are liable to disturb the equanimity of the best regulated and most temperate individual. They are not "patent medicines" at all, but carefully compounded prepations of standard remedies, put up according to the formulas of one of the most skillful pharmacists our city ever produced, and largely used for forty years past.

"SEE, THE CONQUERING HERO COMES."

Even the old stagers of the democratic party admit that the attempt to hold out at arm's length Mr. Howe Call, when he returns to the fold, simply because while in the greenback army he told some pretty damaging truths concerning the democratic congressional sins, was ill-timed. The great increase of the democratic vote at the recent election is thought to be due, to no small extent, to the electric eloquence of the "Prodigal Son," and however much jealous rivals may seek to detract or diminish the weight of his political influence, they have to admit that on the occasion of his late speech there was more enthusiasm and "spirit" displayed among his auditors than has been witnessed in a democratic gathering in Portsmouth for a long while. Mr. Call is not only the "coming man," but he has already arrived, and the old line may as well move up first as last, and make way for this exemplar of modern democracy.

BOYS IN BLUE.

A large and enthusiastic meeting of ex-soldiers and sailors of the United States service, veterans of the late war, was held at the armory of the Light Battery on Friday evening, and was called to order by Capt. Wm. O. Sides; comrade John H. Locke was elected chairman, and comrade Edwin A. Tilton was unanimously chosen major commanding the battalion of "Boys in Blue," to take arrangements for organizing which the meeting was called. Various committees were appointed to take charge of the necessary details.

It was announced that samples of campaign uniforms would be exhibited at the armory at the next meeting, Monday evening, the 9th inst., when also choice of company and staff officers will be made.

A feeling of intense earnestness was apparent, combined with a spirit of harmony not always to be noticed on such occasions.

The roll may be found at the office of the city marshal—himself an old war-dog—where signatures are rapidly accumulating.

THE YOUNG DEMOCRACY.

A meeting of democrats, composed largely of persons who will vote the electoral ticket for the first time this year, with an intermixture of older voters, was holden at the old custom house, Friday evening about one hundred being present.

Walter A. Page was chosen temporary president, and George A. Blaisdell was chosen temporary secretary.

The permanent organization was completed by the election of the following officers:

President, Herman Manson;

Vice Presidents, Dennis J. Lynch, Geo. B. French, Geo. A. Blaisdell, Howard C. Russell;

Cor. Sec., Walter A. Page;

Rec. Sec., Daniel J. Hurley;

Finance Committee, Jas. F. Jenness, Justin D. French, Wm. H. Canty, Richard I. Waldron.

Voted: that the name of the club be "The Young Men's Democratic club," and that the club co-operate with the other clubs for the purpose of effecting the election of Hancock and English as president and vice president of the United States.

Voted: That the president and vice presidents be authorized to present to the club the names of four persons from each ward to act as an executive committee, and to prepare a constitution and by-laws for its acceptance.

AN OLD LAWSUIT.

The Newburyport *Herald* has the following in relation to the interminable "Seabrook beach case" which was at one time supposed to be settled: "Several years ago the town of South Hamptom, which claims to own under an old law, in laying out the townships of Rockingham county, what is known as Seabrook beach, commenced a lawsuit to eject one Richard Fowler, a fisherman, who had for many years lived on the beach, and whose rights as a 'squatter' had been before unquestioned. About the same time, Nelson Kimball, formerly of the Atlantic house, bought of Ananias Fowler, the well-known fisherman, who claimed to have a right to the beach, all his title in the same. Accordingly when the case went to the courts, Mr. Kimball, whose rights depended on the rights of Richard Fowler, assisted to contest it. For some ten or twelve years the case has been either before the courts or before referees, Mr. Fowler's side being managed by Samuel S. Goodall, Esq., of Boston. Lately it has been decided that Fowler is not trespassing on any property of South Hampton, so therefore, on that ground, he claims one-half the entire beach, while the heirs of Nelson Kimball claim the other. Since the case has been settled Mr. Goodall has come into possession of one-half of Fowler's share, or one-quarter of the whole, and has already ordered the frame for a summer cottage which will shortly be erected. But it looks as though the thing is not settled yet. Sewall Fowler, son of Ananias Fowler, has a fish hut on the portion claimed by Goodall, and refuses to budge, and Goodall has now entered suit to eject him. There may be new developments yet."

YORK COUNTY ITEMS.

The name of the man killed at Biddeford by a Boston & Maine railroad excursion train on the 5th inst., was John Murray, an employe in the cardroom of a mill at Lowell, Mass., where he has a mother and four sisters. He had been to Old Orchard with three of his sisters, and after the train started he found that two of the girls had been left at the beach; as he had their tickets he asked the conductor to allow him to get off at Biddeford, that he might go back and return with them on a later train. The conductor told him to wait till the train arrived at North Berwick, but instead of so doing he jumped off at the Biddeford station as the train went by at twenty-five miles an hour, and fell under the wheels, both legs being cut off and his head crushed, causing his death in less than two hours. His age was about eighteen years.

Mr. H. P. Abbott, proprietor of the steam brick-yard at Eliot, will make this season 2,400,000 bricks.

SUNDAY SERVICES.

At the Freewill Baptist church, on Pearl street, Rev. J. H. Yeoman pastor, preaching at 2:45 P. M.; prayer meeting at 7:00. Sabbath school at 10:30 A. M.

Gospel temperance meeting this evening at 7:30 o'clock. All are welcome.

Bethel service Sunday afternoon at 4:15; seafaring men especially invited.

Reform club meeting Sunday evening at 7:30.

A Joke on Barnum.

Barnum relates a good joke on himself, as follows: "I had a big park opposite Johnson's house here, containing Rocky Mountain deer, elk, reindeer, etc. Strangers would naturally suppose it belonged to Johnson's estate, and this mistake was emphasized by his jocular son-in-law, S. H. Wales, of the *Scientific American*, who put up at the entrance a board reading, 'All persons are forbidden to trespass, or disturb the deer. J. D. Johnson.' It was a good joke, and I let it stand. In about a week Johnson had a large party from New York visiting him, and after supper he took them out to enjoy the joke he had played on Barnum. Reaching the sign he wheeled them round, and saw to his dismay that I had added the words, 'Gamekeeper to P. T. Barnum.' He was called Barnum's gamekeeper' for some time by his friends. But a couple of months after that I gave a swell dinner at Iranistan to the directors of the bank, and I sent west for prairie chicken and other game. This came, and Johnson happened to find at the depot the great box addressed to me and marked 'game.' He told the express agent that he was Barnum's gamekeeper, and would take the box. It was delivered to his house, and when it arrived Johnson sent over a note to me saying that I had appointed him my gamekeeper, and that he had entered upon the duties of his office; that a box of game had come, and he should 'keep' it till I sent him an order for a new hat. I was a little chagrined, and I didn't exactly know what to do, but I actually heard the next day that the rascal was going to give a game supper himself, and I sent over the hat."

—Law'n order—Keep off the grass.

—A shrewd farm hand bought for $160 the big meteor which fell in Emmet county, Iowa, last year, and was laughed at by his comrades for what they conceived to be his idiocy. He has now sold it to the British museum for $6,500.

—The pleasures of the watering place resort ball room appear to have waned for the present. Fashion doesn't care to waltz in heated rooms, now that all her superfluous strength is consumed by lawn tennis, archery, and other outdoor sports. It is the children of the hotel who take the floor, and keep it until their nurses drag them off to bed at ten o'clock.

—When John Morrissey died, in May, 1878, he thought he was worth $150,000, and he bequeathed, after the payment of his lawful debts, $10,000 to each of his three sisters, and the residue of his estate to his wife. The executors have made such poor work with the assets that they now report only $14,750 to pay claims amounting to $54,535, leaving absolutely nothing for the widow and sisters.

THE WEATHER.

Probabilities for New England, To-day.

WASHINGTON, D. C., August 7.

Clear or partly cloudy weather, variable winds, stationary or higher temperature, nearly stationary barometer.

—A young lady had been spending the day with a bachelor minister and his sister. The young lady, whose name was Miss Hope, had been much gratified with the kindly treatment received at the good old manse, and on leaving expressed her thanks for the kindness of the minister, making at the same time the remark that she had not yet heard him in the pulpit; but she continued, "I will be over on Sunday to hear you." "I shall be very glad to see you, Miss Hope, and under the interesting circumstances, you might suggest a text for the occasion, and I will do all the justice to it I can." "I will be glad to do that, sir," replied the lady. "How would this one do—'Lay hold upon the Hope set before you?'"

JOHN W. CARD.

Advice to Consumptives.

No man, however unclean, would drink muddy, dirty water. A party which occupies a room for hours, breathing the same air, might be compared to a party of bathers drinking the water in which they bathe. The patient must keep the window of his bed-room open. Night air is fresh air without daylight. In close, crowded rooms the patient suffering from lung complaints breathes consumptively. By taking these precautions and using Dr. Pierce's Golden Medical Discovery and Pleasant Purgative Pellets, fully one-half of the cases of lung complaints would be cured in six months. For cough and irritation of the lungs do not always indicate the presence of consumption although it may result in that disease, and if consumption has already become deeply seated in the system, this is the most efficient course of treatment that can be pursued outside of any institution that provides special facilities for the treatment of this disease. Dr. Pierce's celebrated Invalids' Hotel is such an institution. Send stamp for descriptive pamphlet containing also a complete treatise upon consumption, explaining its causes, nature, and the best methods of treating it, together with valuable hints concerning diet, clothing, exercise, etc., for consumptives. Address World's Dispensary Medical Association, Buffalo, N. Y.

— "I say, old lady," said a man on a country road, "did you see a bicycle pass here just now?" "No, I didn't see no kind of sickle, mister; but just now I seed a wagon wheel runnin' away with a man. You kin believe it or no, I wouldn't if I hadn't seed it myself."

Excite the appetite, regulate the stomach and increase the flesh.—Malt Bitters.

— The man who loafs his time away around a one-horse grocery while his wife takes in washing to support him can always tell you just what this country needs to enhance its prosperity.

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage Hire, and stop at *Grand Union Hotel*, nearly opposite Grand Central Depot. 350 elegant rooms reduced to $1 and upwards per day. European Plan. Elevator. Restaurant supplied with the best. Horse Cars, Stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in the centre of the block.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Ladd and Market streets.

A Post-Officeless Place Indeed.

People who wish for some retreat beyond the reach of the postman, where they cannot be worried by receiving letters, should go to the island of St. Kilda, in the outer Hebrides, where they will find that prefer which they repine. The blessing, however, of "no letters," does not seem to be appreciated by the inhabitants of the island, whose grievances on this score are set forth in a remarkable petition lately presented to parliament by Mr. W. H. Gladstone: The petition is that of "John Sands, residing at Bankhead, in the county of East Lothian, representative of the people." Mr. Sands states that he lived for eight months, namely, from June 22, 1876, to February 22, 1877, in St. Kilda, and during that period had a good opportunity of observing the condition of the inhabitants of the island and sharing the miseries which they suffered through want of all postal communication with the rest of the world. In consequence of the failure of the agent of the proprietor of the island to send oatmeal, the islanders, who could not let their condition be known to those on the mainland, were reduced to short allowance of food. During the eight months Mr. Sands was on the island the inhabitants were in a state of painful suspense as to the fate of some of their relatives supposed to have been lost in a boat *thirteen years before*, but whom they had been informed were still living, and concerning whose fate they could get no information. On the 17th of January, 1877, nine shipwrecked Austrian sailors landed in St. Kilda, and remained there for five weeks, unable to escape or let their relatives know of their condition. Mr. Sands, "for want of a post, fell upon the desperate expedient of making small ships, and sending them off before the wind with letters in their holds, which mail packets, strangely enough, all arrived safely at places blessed with a postal system." A life-buoy carrying a bottle with letters inclosed, and rigged with a sail, went from St. Kilda to Orkney, and was the means of bringing a gunboat to the relief of the shipwrecked seamen, when Mr. Sands wisely took the opportunity of escaping from the island. Before leaving it he was furnished with a mandate written by the minister, and signed by "as many of the inhabitants as had not forgotten how to write their name," authorizing and begging him to "watch over their interests in the outside world, and especially to try and get a mail steamer sent to the island twice a year—namely, in spring and autumn." True to the trust reposed in him, Mr. Sands prays that this boon be granted to the unfortunate dwellers in St. Kilda.

What Tobacco is Made Of.

We have heard the tobacco user claim that the weed was food and drink to him, but never thoroughly believed him until a British parliamentary report on adulteration set forth the following schedule: "Sugar, alum, lime, flour or meal, rhubarb leaves, saltpetre, fuller's earth, starch, malt commings, chromate of lead, peas, meets, molasses, burdock leaves, jamblack, gum, red dye, a black dye composed of vegetable red licorice, scraps of newspaper, cinnamon stick, cabbage leaves and straw brown paper." This is convincing. Not only is it food and drink, but it is also house and land, paint shop and literature, with drugs, condiments and chemicals thrown in *ad lib.* Verily, tobacco is potent, but a little diffusive.—*Boston Transcript.*

Read the above, and then take a chew of this excellent food and drink? After doing that, put your lips to your wife's or your sweetheart's, and ask for a kiss. Bah! It is an insult to a pure woman to offer her the lips of a tobacco debauchee. Suppose she eats onions, raw and strong, three times a day, and chews assafoetida between meals, how would you like those lips? But you compel her to submit to a nastier habit.—*The Signal.*

Summer Resort Etiquette.

Andrews' *Queen* says it is quite proper at a summer resort to speak without an introduction to those whom you meet every day. Gentlemen should always raise their hats to their fellow boarders, and the acquaintance of ladies on the hotel piazza can hurt no one. The day the party leaves the hotel, that day the acquaintance can cease if the people so choose. A young man must be careful not to be pushing, and must of course be introduced to a party of ladies, or one young lady, before he could offer her any civilities or ask her to dance, but for the elderly and married ladies there need be no stiffness. Half of the pleasure of a watering-place is the informal chat, the picking up of a new acquaintance, the insight into a larger life.

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.—*Albany Times.*

—Beer sells for twenty-five cents a glass in Mexico. Oh, social Bacchus, just think what it must cost to elect a President in that country. Now we understand why they have so many revolutions in that country. A war is cheaper than a legitimate campaign.—*Burlington Hawkeye.*

Office of S. M. Pettengill & Co., No. 10 State Street, Boston.

It gives me great pleasure to say that Adamson's Botanic Balsam cured me of a severe cold, to which I have been subject, especially during the winter months, and I have in many instances recommended it to my friends, and all have been benefited by its use. We think it has no equal as a cough mixture.

U. E. PETTENGILL.

—Bracelets of white kid, mounted with narrow strips of gold, have flowers painted on them by lady amateur artists.

Better than Foreign Port.

Speer's Port Grape Wine is better than imported port, and, since the adulteration of the latter, it must take its place. It is pure and really excellent and health giving.—*Troy Times.*

Members of the board of health of New York, and other prominent physicians, use this wine for their patients and in their own families.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man in his who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deodsuiw

HUNT'S REMEDY

THE GREATEST KIDNEY AND LIVER MEDICINE EVER KNOWN.

HUNT'S REMEDY has saved from lingering distress and death hundreds who have been given up by physicians to die.

HUNT'S REMEDY cures all Diseases of the Kidneys, Bladder, Urinary Organs, Dropsy, Gravel, Diabetes, and Incontinence and Retention of Urine.

HUNT'S REMEDY concentrates sleep, creates an appetite, braces up the system, and renewed health is the result.

HUNT'S REMEDY cures Pain in the Side, Back, or Loins, General Debility, Female Irregularities, Disturbed Sleep, Loss of Appetite, Bright's Disease, and all Complaints of the Urino-Genital Organs.

HUNT'S REMEDY quickly induces the Liver to healthy action, removing the causes that produce **Bilious Headache, Dyspepsia, Sour Stomach, Costiveness, Piles, &c.**

By the use of **HUNT'S REMEDY** the Stomach and Bowels will specially regain their strength, and the blood will be perfectly purified.

HUNT'S REMEDY is purely vegetable, and meets a want never before furnished to the public, and the medicine may be placed in the hands of the youngest of children.

HUNT'S REMEDY is prepared expressly for the above diseases, and has never been known to fail.

One trial will convince you. For Sale by all Druggists. Send for Pamphlet to **WM. E. CLARKE, Providence, R. I.** Pieces, 75 cents, and $1.25 (large size).

JAMES PYLE'S

PEARLINE

THE GREAT INVENTION FOR WASHING AND CLEANSING

In hard or soft water, **WITHOUT SOAP,** and without danger to the finest fabric.

SAVES TIME and LABOR AMAZINGLY, and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but **PEARLINE** is the only safe article. Always bears the name of James Pyle, New York.

IS STRONGLY ENDORSED.

Rev. E. F. L. GAUSS, Galena, Ill., writes—"For over ten years I had been a great sufferer from pains in the small of the back and region of the kidneys; had to use suspenders; could not at times almost, transferable. Doctoring brought no relief and I was finally advised to go abroad and seek the climate of my youth. In Germany and Switzerland, the celebrated physicians, after close examination, declared my sufferings to arise from disease of the kidneys of long standing, and could do me no good. I was, however, benefited in health and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble came again so intense as to make life a burden. A few months ago I came to Philadelphia and tried Day's Kidney Pads, and I was surprised and delighted at the result. The second Pad entirely gone, and there can be no doubt, that I am entirely cured, as I write this some weeks after its use. I am strong and look the very picture of health. I write this perfectly voluntary, for I feel so fortunate only to have found gratitude. Indeed, I consider the Day Kidney Pad a God-send to humanity. To the manufacturers of my kind. May all the suffering be helped as I have been by my earnest wishes."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used Day's Kidney Pads for three months and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.,—"Sales in Niles of Dr. Day's Kidney Pad is having a large sale and gives better satisfaction than any other remedy we ever sold."

CASPER WEIDELI, Policeman, Lancaster, Pa.—"I have been a great sufferer from the kidney complaint, and after trying your Pad 25 days I feel better than I have in 8 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Kidney Pads are all right. It sells every day and gives universal satisfaction."

For sale by drug'ists, or sent by mail (free of postage) on receipt of the price—Regular Pad, $1.00; Special Pad (extra size), $3.00; Children's, $1.50. Our book, "How a life was saved," giving the history of this new discovery, and a large record of more remarkable cures, sent free. Write for it. Address

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now seeking a sale on our reputation, we deem it our duty to caution the public. Ask for **DAY'S KIDNEY PAD** and take no other.

Appledore and Oceanic Hotels,

ISLES OF SHOALS.

Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) from Portsmouth and the Shoals. Steamer leaves Jones' wharf, rear foot of Deer street, at eleven A. M., after arrival of the morning train from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8.20 train for Boston, and the trains for the White Mountains *via* Conway and the Notch, and at 3.30 P. M. in season for the afternoon trains west and north.

☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway station, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"

Newcastle, N. H.

This Hotel will open June 25. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward. Its healthful atmosphere, the easy manner in which it may be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The competition for the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for bathing at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from 2 sides of this house affords fine views. Its *cuisine* will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing lists of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

—THE—

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a week's invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical book published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION; Exhausted vitality, nervous and physical debility, or vitality impaired by the errors, youthful or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, wheti er due to peri cious habits or inherited. He is a Nervo specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. dm&th&ctnov80

HEAL THYSELF

SPEER'S PORT GRAPE WINE!

Used in the principal Churches for Communion purposes. Excellent for Ladies and Weakly Persons and the Aged.

SPEER'S PORT GRAPE WINE,

FOUR YEARS OLD.

This Celebrated Native Wine is made from the Juice of the Grape, and is used in this Country. Its Invaluable

Tonic and Strengthening Properties

are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the cancer. It is in every respect A WINE TO BE RELIED ON.

Speer's P. J. Sherry,

A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.

SPEER'S P. J. OR PEDRO J. BRANDY.

This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Dupuy; for medicinal purposes it can be relied upon as strictly pure.

Speer's Sambuci Wine!

celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.

Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.

AS A DIURETIC,

It imparts a healthy action to the Kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

ALFRED SPEER, Proprietor,

American and Foreign PATENTS.

[ESTABLISHED 1865.]

GILMORE & CO., Successors to CHIPMAN, HOSMER & CO., Solicitors. Patents procured upon the best terms. No fee in advance, no charge unless the patent is granted. No fees for making preliminary examinations. No additional fee for obtaining and connecting a re-issue patent. Special attention given to Interference Cases before the Patent Office, Extensions before Congress, Infringements and Litigation of Patents in all litigations appertaining to Inventions or Patents. Send stamp to GILMORE & Co., for Pamphlet of 32 pages.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.

Arrears of Pay and Bounty.

Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & Co., and a full reply after examination, will be given you free.

Pensions.

All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.

Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.

Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & Co. is thus secured. We desire to win success by deserving it. Address

FACTS WORTH KNOWING.

Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known are so skillfully combined in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and

THE BEST HEALTH AND STRENGTH RESTORER EVER USED.

So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disorder, or if you need a mild stimulant, or appetizer, the TONIC is just the medicine for you. It is highly curative and invigorating but never intoxicating.

Remember! PARKER'S GINGER TONIC is not a rum drink, but the *Best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. ta14

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 30 years—has been celebrated for his successful method of treating Rupture without the use of the knife, and injury usual to inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered him off that it was but a trifling affair; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy of special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send for it, free, in consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Dr. J. A. SHERMAN

251 Broadway, cor. Murray St., N. Y.,

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents.

TESTIMONIALS.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.—*Dear Sir*—You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

DAY'S Kidney PAD

TRADE MARK

IS STRONGLY ENDORSED.

"For over ten years I had been a great sufferer from pains in the small of the back and region of the kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief, and I was finally advised to go abroad and seek the climate of my youth. In Germany and Switzerland, eminent physicians, after close examination, declared my sufferings to arise from disease of the kidneys, of long standing, and could do me no good. I was, however, benefited by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble grew again so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains at once grew less and less, and after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and look again the very picture of health. I write this perfectly voluntarily, and it is dictated only by full and grateful gratitude. Indeed, I consider the Day Kidney Pad Co., God's agents and great benefactors of mankind. May all the suffering be helped as I have been to my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have tried in years."

LARIMORE & DEAN, Druggists, Niles, Mich.—"Pain in the small of the back, for which this is having a large sale and gives better general satisfaction than any remedy we ever sold."

CASPER WEITZEL, Policeman, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 25 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing great good here. It sells every day and gives universal satisfaction."

For sale by druggists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $2.00; Special Pad (extra size), $3.00; Children's, $1.50. Our book, "How a Life was saved," giving the history of this new discovery, and a large record of most remarkable cures, sent free. Write for it. Address,

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now seeking a sale on our reputation, we deem it due the afflicted to warn them. Ask for DAY'S KIDNEY PAD and take no other. 23 eow

HUNT'S REMEDY

THE GREATEST

KIDNEY AND LIVER MEDICINE

EVER KNOWN.

HUNT'S REMEDY has cured from lingering disease and death hundreds who have been given up by physicians to die.

HUNT'S REMEDY cures all Diseases of the Kidneys, Bladder, Urinary Organs, Dropsy, Gravel, Diabetes, and Incontinence and Retention of Urine.

HUNT'S REMEDY encourages sleep, creates an appetite, braces up the system, and renewed health is the result.

HUNT'S REMEDY cures Pain in the Side, Back, or Loins, General Debility, Female Diseases, Disturbed Sleep, Loss of Appetite, Bright's Disease, and all Complaints of the Urino-Genital Organs.

HUNT'S REMEDY quickly induces the Liver to healthy action, removing the causes that produce Bilious Headache, Dyspepsia, Sour Stomach, Costiveness, Piles, &c.

By the use of HUNT'S REMEDY the Stomach and Bowels will speedily regain their strength, and the Blood will be perfectly purified.

HUNT'S REMEDY is purely vegetable, and contains a want never before furnished to the public, and the utmost reliance may be placed in it.

HUNT'S REMEDY is prepared expressly for the above diseases, and has never been known to fail.

One trial will convince you. For Sale by all Druggists. Send for Pamphlet to

WM. E. CLARKE, Providence, R. I.

Price, 75 cents, and $1.25 (large size).

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.

DISCOVERER OF

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, RESTORES THE VITAL POWERS ALIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND VIGOR; CURES THE WORST FORMS OF LEUCORRHŒA, and entire. It strengthens THE BACK AND PELVIC REGIONS, GAINING RAPID ACCESS TO THE WHOLE SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, GAINING PAIN, WEAKNESS AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex, the Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory,

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles in one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 2 eow

GEO. C. GOODWIN & CO., Boston. Sold by Druggists.

SMITH'S MEDICATED PRUNES. LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS

THIS Fruit preparation is as pleasant to the taste as prunes prepared for the table, and employed by the best medical agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as are caused by those who are costive. They cause effective action of the bowels without nausea or griping, and admit of continued use without the inconvenience effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medication is *entirely vegetable and healthful.*

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians who say "they should be always kept in the house."

All Druggists sell them.

The Smith Medicated Prune Co., Proprietors, Hartford, Conn.

NEW GOODS!

—AT—

HUTCHINSON'S.

Daily Chronicle.

—Better bare feet and contentment therewith, than patent leather boots and a corn on each toe.

—A good conversationalist may make himself heard at a feast, but the small boy takes the cake.

—A liar begins with making falsehood appear like truth, and ends with making truth itself appear like a falsehood.

—One soldier killed another at Fort Stockton, and for punishment was forced, under a strong guard, to dig his victim's grave.

—It is asserted that in St. Augustine, Florida, is the oldest dwelling in the United States, built there in 1565 by Philip Melendez, a Spaniard. But in Santa Fe, New Mexico, is an ancient pueblo dwelling, still occupied by a number of native families, which a priest reported standing at the time of his visit in 1539.

—Representative Butterworth says: A great many people look upon a seat in congress as a big thing, but in a pecuniary sense it is most damaging. They say that you get $5,000. That's true, but look at the awful expense connected with it. Why, my political assessments take one-fourth of my salary, and there are a thousand incidental expenses. Then the boys are to feed. You have got to be liberal, or you are chalked down as stingy. Your donations are large to private friends and public charities, as a public man is always the first one they call on for relief; and add to this that you are forced to let go your private business, and you will soon see that there is nothing left in a congressman's salary to keep his family and sell in the way he would like.

Smoke the old-fashioned "Noriega" brands of cigars sold by the leading dealers in Portsmouth; always reliable.

Sold by J. H. Thacher, Henry F. Gerrish, C. E. Laighton & Son, at the Rockingham house, and by Laighton Bros. & Co. at the Shoals.

—"I go through my work," as the needle said to the idle boy. "But not till you are hard pushed," as the idle boy said to the needle.

Better than Foreign Port.

Speer's Port Grape Wine is better than imported port, and, since the adulteration of the latter, it must take its place. It is pure and really excellent and health giving.—*Troy Times.*

Members of the board of health of New York, and other prominent physicians, use this wine for their patients and in their own families.

For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

—A Citizen of Louisville, Ky., bitten by a licensed dog, brings a suit against the city for $10,000 damages. The point involved is one of interest.

Malt Bitters regulate, purify, strengthen and nourish the maternal functions.

BRIGHTON CATTLE MARKET.

For week ending Wednesday, Aug. 4.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 3805; sheep and lambs 9816; swine, 15,100; number western cattle 3643; eastern cattle 87; milch cows and northern cattle 169.

Prices of beef cattle per 100 lbs. live weight—Extra quality $5 37½ and $5 62½; first quality $5 00 and $5 30; second quality $4 50 and $4 87½; third quality $4 12½ and $4 37½; poorest grades of coarse oxen, bulls, &c., $3 37½ and $4 00.

Brighton Hides 8½c per lb.

Brighton Tallow 5½c per lb.

Country hides 7½ and 8c per lb.

Country Tallow 3½ and 4c per lb.

Calf skins 10 and 12c per lb, or from $1 25 and $1 75 per skin.

Lamb skins 75c each.

Sheared sheep skins 50c each.

Trade for beef cattle has been full as active as it was one week ago. The quality of the offerings was better upon an average than those in at last market. Prices upon all grades remain unchanged, and the larger portion of western cattle were sold early in the day yesterday. The demand for shipping cattle has not been so active as it was a week or two ago, the English markets for American cattle being reported dull at a decline in prices from 3 to 5c per lb from those which were obtained a short time since. There were a few beef cattle brought in from Maine this week of a common grade, but the demand for Northern and Eastern cattle remains rather inactive at present.

Working Oxen—The call for working oxen has been very quiet; only a few pairs each week being all the markets require. We did not notice but one or two pairs among those from Maine. We quote at one or two at $275 for 6 feet 8 inches, live weight 2280 lbs. for $100.

Store Cattle—Not any call for them, what few small cattle that are offered in market at present being bought up by butchers to slaughter.

Milch Cows—On account of the large number of cows which have been brought in of late the trade for milch cows continues dull, as usual, good cows being the exception. We quote sales of 1 springer at $55. 1 extra cow at $72.50, 1 springer at $47.50, 1 cow at $55, 2 milch cows at 44 each, 2 cows and calves at $45 each, 2 springers at $36 each, 1 milch cow at $40.

Sheep and Lambs—Western sheep cost, landed at Brighton, this week from 5 @ 6c, lambs from 5½ @ 6½c per lb. live weight. With the exception of a few which were bought for shipments to England they were owned by butchers.

Swine—Prices for fat hogs have advanced, costing this week landed at the slaughter houses from 5½ @ 5½c per lb. live weight.

Portsmouth Wholesale Prices.

Reported by BUTLER & LAIGHTON, Grocers.

Butter, per lb 20 to 28c.
Corn per bushel, Western 58c; Northern 60c.
Coal, Anthr. per ton $6.00, Smiths', per ton $6.00
Eggs per dozen, 18c.
Flour, Fancy, 7.00 @ 8.00; Ex. 9.00.
Fish per lb by the qtl. Cod 5 @ 6c; Pollock 2½.
Hay per ton, $14 @ $15.
Kerosene Oil per gallon, 11c.
Lard per pound, by the tub, 9c.
Lard Oil per gallon, 85c.
Molasses per gal., lb. Cuba 40c; N. O. 55 @ 6c.
Oats per bushels, 38 cents.
Potatoes per bushel, new 60c.
Pork per bll., $14.50 @ $16.50.
Plaster per ton, lump $6; ground $10.
Rye, Northern, per bushel, 85c.
Soap per lb, No. 1, 6 @ 7 cents.
Sugar per lb, Br. 8½ @ 10c; Gr. 10½; Crushed, 11c.
Tea per lb, Black, 40 @ 70c.; Green, 50c. @ 60c.
Wood per cord, Hard $6½ @ $7½; Pine $21.
Cheese 11 @ 12c. per lb.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

MONDAY, AUGUST 9, 1880.

FOR PRESIDENT.

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT.

Chester A. Arthur,

OF NEW YORK.

A Good Showing.

The fourth auditor of the treasury has addressed a letter to the secretary of the navy, stating that a careful examination of the accounts of the navy department, covering the four years from July 1st, 1875, to June 30th, 1879, has been made, and that the money transactions of this period, including $2,124,053 of navy pensions, amount to $70,541,710.34, embracing payments made by pay officers of the navy and naval pension agents, in all parts of the world and stations at home where disabled seamen received the bounty of the nation; that in disbursing this large sum, not a single officer has defaulted, nor has a single dollar been lost to the government. The returns for the fiscal year ending June 30th, 1880, are not all in, but from those received and examined the auditor thinks the showing will be equally as good as for the years named.

Naval Gazette.

The U. S. S. Alliance, Commander A. R. Yates, left St. Johns, N. F., on the 24th of July to search for the John Ryan shoal patches, Bertel and Nile rocks. She will complete surveys and be in Halifax the third week in August. She touched at St. Johns, N. F., to land the remains of Passed Assistant Paymaster George E. Baughman, who died at sea of apoplexy. Commander Yates telegraphs that the vessel will arrive at Halifax August 20th.

The U. S. S. Ashuelot, Commander Mortimer L. Johnson commanding, has returned from Hankow to Yokohama, and was expected to go from there with the Richmond to the mouth of the Peiho, conveying the U. S. Commissioners as far as Tien Tsin on their way to Peking.

A lad named Tabernacle, belonging in Baltimore, an apprentice on board the U. S. frigate Minnesota, fell from the rigging of that ship a distance of about one hundred feet, on the 7th inst. In falling he struck a spar a few feet below the place from which he fell, and thence rebounded to the water, where he was picked up almost immediately by a shore boat, and taken on board the ship. His only injury appeared to be a contusion on the head where he struck the spar, and this is not believed to be of a serious nature. It is believed that the striking of the spar was his salvation, as otherwise he would have fallen directly to the deck, and been killed instantly.

Capt. Robert W. Huntington, U. S. marine corps, has returned from his leave of absence, and resumed duty at the marine barracks, naval academy.

Commander C. S. Cotton, U. S. navy, left New York, August 5th, for San Francisco, Cal., en route to the Asiatic station, to command the Monocacy. He will leave San Francisco on the steamer sailing August 17th.

New Hampshire Items.

The indications are that by common consent Hon. Charles H. Bell of Exeter will be the republican nominee for governor in September, and that he will be invited to speak upon the issues of the presidential campaign during the canvass.

The New Hampshire State Temperance camp-meeting will be held at the Weirs, August 17th to 20th, inclusive. Most of the railroads will carry passengers at reduced rates.

The railroad commissioners have granted the Cheshire railroad the right to cross the Ashuelot railroad's property at Keene, and to enter the Eagle hotel property.

A seven-months-old child of Moses Keniston of Auburn was probably fatally burned by its clothes taking fire from a spark from the stove one day recently.

The New Hampshire Gospel Temperance association will hold a camp-meeting at Alton Bay camp-ground, Aug. 17th, 18th and 19th. Noted speakers will be in attendance. Reduced fares on the railroad.

David L. Morrill, an old and respected business man of Nashua, died Aug. 5th. He was a "forty-niner," going to California among the first settlers. He was well known in New England as a prominent provision dealer, and was sixty years of age.

Chief Justice Waite of the United States supreme court, and family, were guests of Ex-Gov. Smyth and wife, at Manchester, on Thursday of last week, on which day Gov. Head and wife, Ex-Gov. Cheney and wife, Col. Livermore of Boston, and many other prominent persons, attended a dinner complimentary to the chief justice and his party. Judge Waite and Ex-Gov. Smyth went to the mountains on Friday.

News and Notes.

During a thunder storm on the 2d inst. twelve sheep belonging to Mr. S. J. Safford of Fairfax, Vt., were killed by lightning. They were under a tree, but there was no appearance of the tree having been struck by the bolt.

E. E. Potter of Conway, Mass., is another victim of the peregrinating swindle. He fell a prey to the spring-bed man, and his note, presented for payment as usual by a third party, will probably be contested in court.

David Burns, employed at unloading coal cars at the Andover, Mass., depot, on Friday fell under the wheels, and three cars in motion passed over him. He had his right leg severed above the knee and his right arm below the elbow, and cannot survive. He has a family residing in Andover, consisting of a wife and several children.

A fight occurred in a Hixville, Mass., graveyard recently over the possession of the remains of a child. Horace Sherman and wife, of Raynham, parted last fall, the woman taking their young child. Subsequently the infant died, and was buried by the mother. When Mr. Sherman was informed of the fact he paid the funeral expenses, and secured a permit from the town clerk for the removal of the remains, but was prevented by his wife and her relations, who knocked him down and compelled his retreat.

Jacob H. Goodhue was arrested in Litchfield on Friday for stealing a bank book from his father, Jonathan Goodhue, of Nashua, forging his name and drawing $500 from the Amoskeag bank. Nearly $400 of the money was recovered, and the young man was bound over to the supreme court.

Lloyd Haigh, a well-known wire-rope manufacturer, and contractor for the East river bridge, who by means of false acceptances caused the suspension of the Grocers' bank, pleaded guilty to a charge of forgery, in New York city, Friday, and was sentenced to four years in state prison.

Telegrams received at the war office from San Antonio, Tex., state that the Mexican troops are returning to Chihuahua; that Victoria is on the move again, and the United States troops are moving so as to head him off. Colonel Valle of the Mexican troops has had a fight with the Indians at Pine mountains, in which four Indians were killed. He lost one man killed, three wounded, and ten horses. He is making a combined movement on the Indians.

A number of houses in Norwich, Conn., have been broken into and robbed recently, during the absence of their owners for the summer. On Friday Charles A. Yerrington and Hattie Gable were arrested in New Haven, and some of the stolen property found in their possession. They are both young people, belonging in Norwich, and respectably connected.

Among the new steamers new in process of construction are the Majestic, of the White Star line, to be larger and faster than any of their fleet, The City of Rome of the Inman line is to be 8,500 tons, larger than any now afloat except the Great Eastern. The Servia, of the Cunard—a steel ship—7,500 tons, is of greater steam-power, and contracted to be faster than any in the Atlantic service. The Catalonia, also of the Cunard line, is to be large, but not so speedy as the Servia. The Alaska of the Guion line is to be larger and faster than the Arizona, which now is the fastest on the ocean.

Daniel E. O'Neil was arrested at Chicago, Friday, for the murder of John McMahon, Tuesday morning of last week, while in the latter's house with burglarious intent. He was indentified by Mrs. McMahon.

Samuel Dodge, a well-known tinsmith of Newburyport, Mass., died Aug. 5th, of paralysis. He was seventy-eight years of age, and was one of the prominent "Washingtonians" of forty years ago.

The census bureau has received returns from about one-half of the country, and in a few weeks Gen. Walker hopes to be able to form a pretty close estimate of the total population of the country. New Hampshire and Rhode Island are the only states received in full up to this date.

The census returns show that the most marvellous increase of population is in Texas. No county reports less than 100 per cent increase, while some are as high as 500 per cent. Denver, Col., has been regarded as the city showing the most marvellous increase, that of 640 per cent, but she is left clear out of sight by Dallas, which has developed from a hamlet of 800 persons in 1870 to a city of 15,000 inhabitants now, an increase of 1875 per cent.

Mr. William H. Monroe of Providence, R. I., a colored man, has been subjected to uncommon affliction. His wife died on the 17th of June last, and within one week he has lost four children by death from diphtheria. His family of seven persons is reduced to simply himself and one boy.

J. Finnell, a California farmer, has 36,000 acres of wheat in Colusa and Tehama counties. Treshing began on the 22d of June and will not be finished before the first of September. Two hundred and forty horses and mules are now being worked in heading, threshing and hauling the sacked grain, and soon plowing will be commenced, the four operations progressing at the same time. The yield has averaged twenty-five bushels per acre.

One hundred and thirty-two tons of ore from Maine have lately been received at the New York Metallurgical works. The ore will be sampled and working tests made. The owners will then know the true process to apply to extract the precious metals from this ore.

As Miss Emma Page, daughter of Alfred M. Page, Esq., of China, Me., was recently watching by the bedside of her sick sister, she felt something pass over her foot. Investigation proved it to be a spotted adder over three feet in length. It passed from the bedroom into the sitting room, where it was despatched by the father of the young lady.

An excursion train returning from Niagara Falls to Jackson, Ohio, via the Springfield Southern railroad, went through a bridge into a canal at Waverly, Ohio, Friday evening. One person was killed and another's back was broken, and ten others were badly injured.

John C. Hersch, a young clerk, got drunk in New York on Thursday night, and fired a revolver at a barkeeper, who dodged the bullet and then put him into the street. Hersch went to a bagnio, and was refused admittance, but broke into the rear parlor, put the pistol to his head, and then blew his brains out.

A trapeze performer named Conquest was badly hurt in a New York theatre, Thursday night, by a fall.

Sir Bartle Frere, governor of the Cape of Good Hope colony, is recalled, and Sir Hercules Robinson, governor of New Zealand, is appointed to succeed him.

The census returns show the population of Brooklyn, N. Y., to be 566,939, an increase of 84,446 since the census of 1870.

A gentleman in Providence, R. I., has a singular memento of his use of tobacco. It is a ball of tinfoil six inches in diameter, and weighs twenty-eight pounds. The owner in four years used the tobacco that was enclosed in the tinfoil.

Wednesday night of last week, at Atlanta, Ga., M. E. Thornton was attacked by Frank Gordon, son of General John B. Gordon, and received a severe gash on the head. Thornton is a journalist, and is charged by Gordon with the authorship of an article based on a report to the effect that Cyrus W. Field paid General Gordon $20,000 to help carry the Georgia delegation for his brother, Judge Field, at Cincinnati, and that instead of advocating Field, General Gordon urged the delegation in caucus to support Bayard. It was also said that attorneys of Field were endeavoring to secure the $20,000.

Dr. Tanner, the New York starvist, on Saturday finished his task of going forty days without food. Who cares?

Senator Sharon has bought the Grand hotel at San Francisco, just across the street from his palace caravansary, and proposes to span the dividing street, seventy-five feet wide, with an iron arch, roofed with glass and embellished without regard to cost.

Secretary Sherman has filed and indexed every letter he has received for forty years. He and his brother, the general, have corresponded ever since they were little boys. The letters number thousands, and make three huge volumes. Some of them written before and some after great movements and battles, cover forty pages of letter paper.

The London and Liverpool and Globe insurance company is to put up a new ten-story building in New York, of brick, iron and stone. It is to cost $300,000.

Political Notes.

A correspondent of the Memphis *Avalanche* demands that the south shall have "but one party," and that the name of any man who aspires to rise by republican votes shall be "saturated with stench." And it goes on gratefully to say: "You may think me a little bold in using such language upon the anniversary of our flight from the yellow fever in 1879. The north, to be sure, sent us some money, but we scorn the imputation of beggary. The north but returned a little of the money it stole from us during the war."

Librarian Spofford, of the Congressional library, has got himself into serious trouble by his kindly consideration for ex-rebels. A few weeks ago a colored employe of the library who had been appointed to his place on the recommendation of Charles Sumner nine years ago, placed a picture of Garfield over his desk, and shortly afterwards the picture was torn up by another employe who had been appointed from Virginia about six months previous. The colored man placed another picture on the spot; the Virginia ruffian again tore it up; the colored man pronounced the act cowardly; the Virginian then struck the colored man, who responded with a blow which knocked his assailant down. The colored man was promptly discharged, and the Virginian suspended. The latter has now been restored to his place without loss of pay, while the colored man, who was not the aggressor, receives no redress. A republican congress will be elected next fall, when a new librarian will be found with courage to resent southern bulldozing within his jurisdiction.

The *Mercury*, an influential democratic paper published at Meridian, Mississippi, and an ardent supporter of Hancock and English, says under date of July 31st: "We would like to engrave a prophecy on stone to be read of generations in the future. The negro in these states will be slave again, or cease to be. His sole refuge from extinction will be in slavery to the white man."

—It takes time just ten years to become decade.

—Lovers, like armies, get along well enough till engaged.

— It has been decreed by Parisian hairdressers that chignons, flowing locks and blonde curls are to be numbered with the things that are passed, and that nothing now is necessary but that the head be made to look as small as possible.

— Two ladies met one day recently, when the following conversation ensued: "Why, do you know what I heard about you?" "I've no idea." "I heard that when your husband was sick and not expected to live, you went to a picnic." "It's a vile slander; it was only an excursion."

Important.

When you visit or leave New York city, save Baggage Expressage and Carriage Hire, and stop at *Grand Union Hotel*, nearly opposite Grand Central Depot. 350 elegant rooms reduced to $1 and upwards per day. European Plan. Elevator. Restaurant supplied with the best. Horse Cars, Stages and Elevated Railroad to all depots. Be careful and see that "Grand Union Hotel" is on the sign where you enter office in the centre of the block. apl8dtaug29

F. W. DE ROCHEMONT & SON.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietseil, of Sangerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietseil's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deodsulm

AROUND HOME.

The steamer Stamford made a trip to Boston on Sunday, having on board a large party from Dover.

The schooner yacht Hebe, of Boston, arrived at this port on Saturday from the eastward, homeward bound.

The deposits in the Portsmouth savings bank amount to $2,469,610, an increase during the past year of $219,701. Number of depositors, 7209, an increase of 386.

Miss M. A. Wythe, of the Gannett institute, Boston, and formerly principal of the Ripley Female college, has been appointed first assistant in the high school of this city.

The gate at the head of Mr. Wm. R. Martin's wharf on Green street is of a novel pattern in this vicinity. Its slats go on a pivot, and the gate instead of swinging is hoisted at one end, the other end having a heavy weight attached, so that it is raised or lowered with trifling exertion. It would be worth the while of farmers to look at it.

The national Unitarian conference assembles at Saratoga, Sept. 21st. Rev. James DeNormandie of this city will during the conference present the consideration of "The national work of the Unitarian church." The United States hotel, Congress hall, Columbian and Barnard houses will remain open to entertain guests at reduced rates.

The governor and council, on their recent inspection of the arsenal in this city, decided that it was advisable to raise the roof so as to increase the height of the upper story, and put the building in thorough repair otherwise, thus furnishing a good armory for all the militia companies in the city at a moderate cost, the state now paying $500 annually for rent of armories. But the estimates for the proposed work amount to $1300, while the appropriation for the purpose is but $1000.

A correspondent writing from East Jaffrey says: "Among the numerous guests at the Granite State hotel, the past two weeks, are the family of John M. Call, of the well known firm of Call & Tuttle, Boston, Mass. Mr. William H. Gardiner and wife have also been at the hotel a few days during the past week. Mr. Gardiner was for three years principal of the high school in this place, and for the last year has been teaching at Centreville, Tenn., whither he will return with his bride at the close of the summer vacation."

On Friday evening about half-past six o'clock, as a child of Mr. George Scott, five years old, was crossing the north end of Market street with another child, a team came along at a furious rate of speed and narrowly missed killing them both, the Scott child having a comb knocked out of her hair by a blow from the hub of one wheel, and being thrown down by the shock, while the other child was barely dragged clear of danger by a quick-witted and courageous boy. The parties in the recklessly-driven team are said to be respectable people, belonging in Eliot.

On Thursday last, a grand shooting tournament was held at Exeter, on the grounds of the Exeter Sportsmen's club, open to shooters from Massachusetts and New Hampshire. Each team consisted of three men, twenty shots each. The following clubs were present: The Raymond of Boston; Lynn Central of Lynn, Mass., two teams; Powwow of Amesbury, Mass., three teams; Rockingham, of Raymond, two teams; Swampscott of Brentwood, two teams; Exeter Sportsmen's club, two teams. The judges were J. E. Witherell, of Boston, and Thomas Thompson of Amesbury. Horace True of Tremont was referee, and Frank P. Cram of Exeter scorer. The prizes were won as follows: Lynn Central, first team, first prize of $40; Squamscott of Brentwood, and Powow of Amesbury, divided the second prize of $30; the Lynn Central second team, and Powow third team, divided the third prize of $20; the Exeter Sportsmen's club won the fourth prize of $10. City Marshal Charles De-Rochemont of Newburyport carried away the honors in the fine shooting, making the only clean score in breaking twenty out of a possible twenty glass balls.

Mr. Robert Branan, one of the crew of the fishing schooner Anna M. Nash, had a narrow escape from death on one of that vessel's recent trips. While he was on the lookout aloft some of the gear gave away, letting him fall to the deck, but on the way down he caught hold of a reef-point and held on to it firmly enough to tear it from its place, the check thus given causing him to turn a complete somersault and land on his feet without serious injury. A few minutes later he was dressing fish, apparently unconcerned. As Mr. Branan's weight is about one hundred and ninety pounds, and the distance from the lookout to the deck is seventy feet, his escape from harm was a wonderful one.

The steamer Leyden made an excursion trip to Appledore on Saturday, when a large party of ladies and gentlemen accepted the invitation of Commodore and Mrs. Beaumont to enjoy a chowder party. The steamer went in at the Appledore wharf, and the excursionists visited the hotel, returning on board for the chowder, after which ample time was afforded to ramble around the islands. The young people essayed waltzing in the hall to the subdued notes of the piano, the band expected to be heard having mysteriously disappeared. The excursionists returned shortly after six o'clock in the afternoon. The weather was fine, the sea smooth, the chowder excellent, and the affair thoroughly enjoyed. Among the guests were Commodore English, chief of bureau of equipment and recruiting of the navy, and Gen'l J. B. Ricketts of the army.

A very successful entertainment occurred at Straw's point on Saturday evening, on which occasion the dining hall, easily converted into a concert room, was well filled by the residents of that locality and other visitors at Rye. The programme consisted of music, shadow pantomine, recitation by Miss Gertrude Downing of Concord, and the dramatic representation of "A village with one gentleman," in which Mr. Brown, a marriageable man, is sought after by half a dozen matrimonial candidates of the opposite sex, and after a varied contest is captured. The part of Mr. Brown was assumed by Mr. Harry Parker. "Hannah Staples" was admirably rendered by Miss Myra Webster of Manchester. Mrs. Richards of Newport was quite charming as "Miss Barnaby," a self-constituted missionary. Indeed the characters were all well sustained, and the evening was enjoyed by all present to the greatest degree.

POLICE COURT.

SATURDAY, Aug. 7; *Batchelder, J.*

Jeremiah Murphy, drunk, sixty days at the county farm, costs $5.76.

William Hurley, drunk, thirty days at the county farm, costs $6.90.

YORK COUNTY ITEMS.

Schooner Juliette arrived at the navy yard on Saturday with a cargo of molding sand.

P. T. Barnum, the great showman, with his own and only wife, has been spending a few days at Old Orchard beach.

Andrew J. Small, Esq., editor of the Biddeford *Times*, who had a shock of paralysis some weeks ago, has so far recovered his health as to be able to ride out.

Frederick Bragdon, the young man who hung himself at Wells on the 29th ult., was the fourth person to commit suicide in that town inside of two months.

Prof. Van Laer and his art-class of ladies made an excursion to Gerrish's island, Kittery, last week, and sketched the old Gerrish house from a number of standpoints. The quaint old building makes a fine subject for a sketch.

A York correspondent of the Biddeford *Journal* says: "Mrs. Clarissa Williamson, widow of Judge Williamson, who was Maine's second governor and author of a history of the state, and mother of Hon. Benjamin Wiggin, who lately died in Massachusetts, is still living in town, at the age of ninety-two, hale and hearty."

On Wednesday of last week the city marshal and officers of Biddeford seized seven barrels of lager and twenty gallons of whiskey in that city, and made another seizure Wednesday night. On Friday fifteen kegs of lager and a jug of rum were emptied into the gutter. Two or three small captures of liquor were made at Old Orchard last week by deputy sheriffs.

—Dr. Tanner has demonstrated the fact that it makes a man crosser than a bear to go without food.

—It is announced that Mark Twain's latest work is not for sale. It is a girl—an innocent at home.

—If you want correct information about any kind of business, ask the individual who has never engaged in it.

—The new style of poem is the "ballade." It can be written in spring time, and may be used in mild cases of love.

DIED.

SIDES. In this city, Aug. 7th, Mrs. Mary Sides, widow of the late Samuel Sides, aged 80 years.

☞ Funeral from her late residence on Cabot street, Tuesday afternoon, at three o'clock.

CAPITALISTS who want an investment upon which they can rely for the prompt payment of interest and principal when due, had better look into the new loan offered by Geo. Wm. Ballou & Co., bankers, Boston and New York—the Toledo, Delphos & Burlington R. R. first mortgage bonds 6 per cent., 30 years to run. Letters may be sent to either offices.

Or high or low, or rich or poor,
None would foul teeth or breath endure,
If they but knew how sure and swift
Was SOZODONT, that priceless gift,
In giving beauty, life and tone
To every charm the mouth can own.

Mrs. Winslow's Soothing Syrup.

REV. SYLVANUS COBB thus writes in the *Boston Christian Freeman*:—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething siege, on any considerations whatever. Sold by all druggists. 25 cents a bottle. 5

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Leighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C* D&W1JanS1

A Good Introduction.

Favorite Remedy was introduced into Connecticut in 1877, at the solicition of Rev. J. G. Smith, of Hartford, who, after having suffered for years from chronic liver disease and indigestion, obtained the medicine and was cured. This faithful pastor, thinking of the bodies as well as the souls of his people, at once commenced the advocacy of "Favorite Remedy" among them, and has been the happy instrument of saving scores of lives. Favorite Remedy is now as well and favorably known in Connecticut as along the Hudson. One dollar a bottle. All druggists sell it. Dr. David Kennedy, Proprietor, Rondout, N. Y.

—A schoolmaster knocked down a hornet's nest to use in illustrating a lecture, but if the remarks he made immediately after while kiting across the country were merely those he intended to use in the lecture relative to the hornets' nest—and they certainly referred to the nest—the discourse was one totally unfit for people to hear.—*Boston Post.*

THE TERROR OF PHYSICIANS.—Many learned doctors consider well-developed Bright's disease of the kidneys incurable. They despair when they detect its well-known symptoms. Nevertheless, there is a cure for this worst of kidney diseases. Hunt's Remedy has restored many and many a victim of Bright's disease to sound health. All kidney, bladder, liver and urinary complaints are quickly cured by Hunt's Remedy, the great Kidney and liver medicine. Sold by all druggists. Trial size, 75 cents.

—It is said that a young lady in Penn Yan, N. Y., wears twelve diamond rings on one finger, and the Northtown *Herald* thinks she should also wear a gold band around her head to prevent the crack in her skull from widening.

DRUGGISTS say that Lydia E. Pinkham's Vegetable Compound is the best remedy for female weakness that they ever heard of, for it gives universal satisfaction. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

—San Francisco, during the year ending July 1, 1880, spent $6,973,000 on its city government, the heaviest expenditure in proportion to its size of any of the larger cities in the United States.

STATED MEETINGS.

CITY GOVERNMENT.

In the City Building, Market Square.

Board of Mayor and Aldermen—Thursday evenings.

Common Council—Thursday evenings.

Board of Overseers of Poor—Tuesday evenings.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Ladd and Market streets.

—Don't despise the lowly. The under jaw does all the work.

—Better to have loved a short girl than never to have loved a tall.

—Doctors are like verbs—They are regular, irregular and defective.

—Diamonds in the rough—Those swallowed by a thief when arrested.

—"Tis sweet to be remembered," as the man said when he got a cork leg.

—"Take care," says an exchange. Well, take it in small doses if you must.

—The time of the spicing and pickling of fruit has come, and the economical housewife may now go through her husband's vest pocket for cloves.

—The Cincinnati *Gazette* thinks there is something wrong about the steamboat disasters, as no actress has yet reported herself among the missing.

—The report comes that the Rev. W. H. H. Murray is doing a good commission business at Liverpool, and expects to return home before long and triumphantly pay his debts.

—The South Carolina practice of farming out of the negro convicts of the penitentiary, seems to be very successful, if the destruction of the negro is the desired object. It appears that of a number hired out to one company, fifty per cent died from abuse or were shot while endeavoring to escape! Not an inquest has ever been held over a single one of those killed. Nine of the convicts hired to one firm have never been accounted for. The reports show that the mortality of prisoners in the state prison is less than three per cent, while the death rate of those hired out is over thirty-three per cent. It doesn't require much of an offence in South Carolina to send a negro to the penitentiary, so that a great many negroes can be disposed of in that way.

—Considerable interest has recently been awakened in many gymnastic and athletic societies of Berlin by a walking match arranged between the celebrated pedestrian Freeman and one Kalpperneck, a private in the 5th company of the Kaiser France grenadier guards. The distance agreed upon, 270 English miles, was one well calculated to test the powers of endurance of both competitors, and the match was brilliantly won by the Prussian grenadier, who strode past the winning-post nearly three hours before Freeman gave in, the latter having walked 258 miles in 54 hours. Kalpperneck occupies the proud position of "continental walking champion." Besides winning the stake, he was presented with $125 by his backers, as "a reward of his victory." But the otherwise perfect joy of his success was somewhat dashed by the infliction of three days' pack drill imposed upon him by his commanding officer, upon the technical ground that a Prussian soldier may not make a public exhibition of himself.

—The Rochester, N. Y., *Herald* gives the following account of an enterprising bootblack of that city: The bootblack's name is Henry Bromley, and he is from the good old state of Massachusetts. He has followed the business of blacking boots all his lifetime, but some time ago the business in the Bay state grew so dull that he was reduced to blacking boots for one cent a pair. This was a little too cheap he thought, and so he conceived a plan whereby he could shine boots so cheaply that he could get a large patronage—the old principle, "quick sales and small profits." The following was his plan: He had a large number of cards printed, which he sold for ten cents each. Every card had on it numbers from one to six inclusive, which represented six shines. The name and place of business of every man to whom a ticket was sold was taken down in the bootblack's book. The bootblack then called upon his customers regularly, and every time he blacked a pair of boots he punched a hole in the ticket of the owner. The plan proved very popular, and the business grew very large. A short time ago the bootblack appeared in this city, and, as he stated during the interview, he has found between four and five hundred customers. His business increased so that he now has seven boys working for him. The plan of the lad is well conceived, and if he continues as he has begun he seems to be assured of first-class wages for his work.

A Public Duty.

We are not in the habit of puffing any sort of patent medicines in our columns, for the business of a newspaper is to let people know what is going on in the world, and not lend aid to what may be an imposition. But we happen to know Dr. David Kennedy of Rondout, N. Y., and can personally testify to the excellence of the medicine which the doctor calls "Favorite Remedy." And if a word of ours will persuade anybody to use it, and thus find relief from suffering, no professional etiquette shall hinder us from saying that word. For diseases of the blood, kidneys and bowels it has no equal. We would not be without it for five times the dollar that it costs.—*Daily Times.*

—A correspondent of the Indianapolis *Journal* speaks of drumming in a political procession as "pulsatile rythm of hammered sheep-skin."

Office of S. M. Pettingill & Co., No. 10 State Street, Boston.

It gives me great pleasure to say that Adamson's Botanic Balsam cured me of a severe cold, to which I have been subject, especially during the winter months, and I have in many instances recommended it to my friends, and all have been benefited by its use. We think it has no equal as a cough mixture.

U. L. PETTENGILL.

—Kansas school teacher: "Where does our grain go to?" "Into the hopper." "What hopper?" "Grasshopper," triumphantly shouted a scholar.

ANY disease of the kidneys, bladder, urinary organs, nervous system, or case of lame back, that cannot be cured by Day's Kidney Pad, cannot be cured by any other treatment or remedy in existence.

—"Chastity is like a broken vase: it can be mended, but it can never be made whole," is a piece of "Uncle Eck's Wisdom" in *Scribner.*

Cleansing, purifying, strengthening and nourishing beyond all others are Malt Bitters.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!

For Diarrhœa, Dysentery, Cramps, Cholera,

AND ALL THOSE NUMEROUS TROUBLES OF THE ST MACH AND BOWELS SO PREVALENT AT THIS SEASON.

No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *there is seldom danger of the fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have an opportunity for observing its superior excellence in the cases in which have always followed its use.

THE BEST EVIDENCE:

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider it should not be doing my duty to the community did I not say this much. If I were attacked by the Cholera I would use Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it cannot be surpassed.

E. E. MERGESSENT,
Galena, Illinois.

Messrs. PERRY DAVIS & SON:

Gentlemen: I have no hesitation in convincing you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you what I think it has done in my family. It has truly done wonders. I administer it to my children (one eighteen months, and the other three years old) with perfect confidence. It regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. I've used it in my family for five years, and *will not* be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours, L. F. MOORE,
Baugall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never be without it.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

KIDNEY-WORT

PERMANENTLY CURES
KIDNEY DISEASES,
LIVER COMPLAINTS,
Constipation and Piles.

DR. R. H. CLARK, South Hero, Vt., says, "In cases of KIDNEY DISEASE it has noted like a charm. It has cured many very bad cases of PILES, and has never failed to act efficiently."

NELSON FAIRCHILD, of St. Albans, Vt., says, "It is of priceless value. After sixteen years of great suffering from Piles and Costiveness it completely cured me."

C. S. HOGARON, of Berlin, says, "one package has done wonders for me in completely curing a severe Liver and Kidney Complaint."

IT HAS WONDERFUL POWER. WHY?

BECAUSE IT ACTS ON THE LIVER, THE BOWELS AND KIDNEYS AT THE SAME TIME.

Because it cleanses the system of the poisonous humors that develope in Kidney and Urinary diseases, Biliousness, Jaundice, Constipation, Piles, or in Rheumatism, Neuralgia and Female disorders.

KIDNEY-WORT is a dry vegetable compound and can be sent by mail prepaid.

One package will make six qts of medicine.

TRY IT NOW!

✓ It at the Druggists. Price, $1.00.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8.30 train for Boston, and the trains for the White Mountains *via* Conway and the Notch, and at 3.30 P. M. in season for the afternoon trains to the above points.
★ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H,
This Hotel will open June 26. It has accommodations for 400 guests, and offers *more* attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious Office, broad piazzas, gas fixtures, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperance character of bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.
An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.
The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and front of sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
—THE—
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SPEER'S
PORT GRAPE WINE!
Used in the principal Churches for Sacramental purposes. Excellent for Ladies and Weakly Persons and the Aged.
SPEER'S PORT GRAPE WINE,
FOUR YEARS OLD.
This Celebrated Native Wine is made from the juice of the Oporto Grape, raised in this Country. Its invaluable
Tonic and Strengthening Properties
are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.
Speer's P. J. Sherry,
A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.
SPEER'S P. J. OR PEDRO J. BRANDY.
This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.
Speer's Sambuci Wine!
celebrated for its beneficial qualities, highly esteemed by eminent physicians, and in European and American Hospitals and by the first families in Europe and America.
Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting indigestion and children.
AS A DIURETIC,
it imparts a healthy action to the Kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.
★ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
ALFRED SPEER, Proprietor,
Office, 34 Warren Street, New York.
Mt. Prospect Vineyards, Passaic, New Jersey.
For sale by *A. P. Preston, David Kimball, F. B. Coleman,* druggists; *H. F. Gerrish, C. E. Leighton & Son,* grocers.

KNOW THYSELF.
The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood restored.
Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either sent by the author to any address, price of the book, bound in French cloth; price only $1, sent by mail post-paid.
The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."
The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to pernicious habits or inherited. He is a Nervo-specialist, and therefore knows whereof he writes with such power and ability."
An illustrated sample sent to all on receipt of 6 cents for postage.
The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.
Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. dm&th &eltnov80

Special attention given to interference Cases before the Patent Office, Extensions before Congress, Infringement Suits in different States, and special attention given to Interference Cases in Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.
Old Bounty Land Warrants.
The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants to be still unsatisfied. These were issued under act of 1855 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where assignments are imperfect we give instructions to perfect them.
Arrears of Pay and Bounty.
Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & CO., and a full reply after examination, will be given you free.
Pensions.
All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.
Cases prosecuted by GILMORE & CO. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.
Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & CO. is thus secured. We desire to win success by deserving it. Address

FACTS WORTH KNOWING.
Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known, are skillfully combined in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and
THE BEST HEALTH AND STRENGTH RESTORER EVER USED.
So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowels, Kidneys, or Liver Disorder, or if you need a mild stimulant, or appetizer, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.
Remember! PARKER'S GINGER TONIC is not a rum, nor a bitter, but the *Best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. tal4
RUPTURE
DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe who has a Rupture, no matter how insignificant he may consider it, for every person who has died from it since Eutropius limped that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressing, if left into old age, and he is wise who takes the necessary steps to be effectually relieved; it is before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is
Dr. J. A. SHERMAN
251 Broadway, cor. Murray St., N. Y.,
—AND—
43 Milk St., Boston.
Beware of certain confidence men and impostors who represent themselves as Dr. Sherman. taug28

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

H.* Give me the Shakers' Sarsaparilla in preference to all others.—*C. A. Gullnette, M. D., Boston.* I have the most unbounded confidence in its healing and renovating properties.—*Wm. B. Pre ton, Druggist, Portsmouth, N. H.* I consider it the best preparation made.—*A. G. Wilbor, Druggist, Boston.*

Do not fail to make a trial of this great Blood Purifier, Appetizer, and Tonic, the first and best of all medicines called Sarsaparilla, which is prepared from selected SHAKER ROOTS, HERBS AND BERRIES by the CANTERBURY SOCIETY OF SHAKERS, and is beyond all comparison the purest, safest, and most effective family medicine in the world. Ask for CORBETT'S SHAKERS' SARSAPARILLA. The genuine is signed by THOMAS CORBETT, its inventor, and sold by druggists generally.

SHAKER VILLAGE, N. H., Jan. 1, 1880.

☞ Enclose Stamp for Shaker Manual.

MALT UNFERMENTED

THERE is no greater BLOOD-PURIFYING and LIFE-GIVING PRINCIPLE in the world of medicine than MALT BITTERS, prepared by the *Malt and Hops.* IT TONES UP THE *Unfermented* ble and exhausted constitutions. It enriches the blood, solidifies the bones, hardens the muscles, quiets the nerves, perfects digestion, cheers the mind, and vitalizes with new life every fluid of the body. It is so, because it effects the root of all debility—ENFEEBLED DIGESTION and IMPOVERISHED BLOOD. Sold everywhere.

MALT AND HOPS BITTERS

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.

DISCOVERER OF

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, DIRECTS THE VITAL POWER AIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS radical and entire. It strengthens THE BACK AND PELVIC REGION; IT GIVES TONE TO THE WHOLE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory,

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 25 cts.

GEO. C. GOODWIN & CO., Boston.

Sold by Druggists.

SMITH'S MEDICATED PRUNES.

LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS

THIS Fruit preparation is as pleasant to the taste as prunes prepared for the table, and embraces the best medicinal agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as affect those who are costive. They cause effectivation of the bowels without nausea or griping and are free of coming so without the reactionary effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medication is *entirely vegetable and healthful.*

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians who say "they should be always kept in the house."

All Druggists sell them.

The Smith Medicated Prune Co., Proprietors, Hartford, Conn

HUTCHINSON'S.

Daily Chronicle.

New Publications.

The *Granite Monthly* for August has a portrait of Hon. Jonathan E. Sargent, L L. D., for a frontispiece, a sketch of his life, written by J. N. McClintock, accompanying. The other principal articles are: "Northfield," "To the Sea," "La Puebla de Los Angelos," poems; The aged natives of Lempster; Early colonial laws of New Hampshire, second paper; Woman's kingdom; Newspapers in Amherst; an two copiously illustrated papers on the White mountain district. Concord: J. N. McClintock, publisher; $1.50 per year.

The *Sanitarian* for August contains, as usual, much information and many practical hints and suggestions regarding matters of vital importance to the preservation of health and life. A. N. Bell, publisher, New York; $3 per year.

Brentano's Monthly for July contains its customary full and authentic record of legitimate sporting events all over the world,—yatching, shooting, racing, archery, bass ball, croquet, billiards, lacrosse, canoeing, etc.,—with much miscellaneous reading, copious editorial notes, contributions, and other matter of interest to the sporting world and the public generally. Brentano's Literary Emporium, New York; $4 per year.

Petersons' popular "Dollar Series" is soon to be augmented by the addition of "One for Another," a sparkling society story. This novel has a strong plot, well-defined characters and continuous interest. All readers of fiction will relish it. Publishers, T. B. Peterson & Bros., Philadelphia.

The principal articles in the *British Quarterly Review* for July, just published by the Leonard Scott Publishing Co., 41 Barclay street, New York, are: "Father Curci's new translation of the Gospels," "Religion and Morality," "Evolution viewed in relation to Theology," and "Inspiration." The number of this review for October, 1879, under the heading "The Vatican and Civilization," contained an account of Father Curci and his expulsion from the Company of Jesus, and the present [illegible] ance of a new version of the New Testament by that celebrated writer, but confines its comments mainly to the preface, which explains the method pursued in the preparation of the translation and notes, and sets forth the state of things in the Romish church which has rendered his work ungently necessary. "Evolution Viewed in Relation to Theology" is a review of Habit and Intelligence by J. J. Murphy. The article on "Inspiration" is intended to elucidate the question "What is the basis of belief on which the Christian now stands, professing to hold in his hand the Word of God, and appealing to the world around him to accept the message of life clothed in the language of a written revelation?" The periodicals reprinted by The Leonard Scott Publishing Co. are as follows: The London Quarterly, Edinburgh, Westminister, and British Quarterly Reviews, and Blackwood's Magazine. Price, $4 a year for any one, or only $15 for all, and the postage is prepaid by the publishers.

Henry Greville's new Russian story, "The Trials of Raissa," is speedily to be published by Messrs. T. B. Peterson & Bros., Philadelphia. It deals with life and love in the far-off dominions of the Czar, and is full of interest from beginning to end. No one can write a Russian novel like Henry Greville.

A Lively Eagle.

Some three months ago, while hunting in the mountains east of the Twelve Mile house, Mr. Buffington captured a young American eagle. At the time the bird was quite small, and from appearances but a few weeks old. Mr. Buffington has his pet confined in the back yard of his shop, and the many and curious monkeyshines indulged in by the mountain bird are really amusing. Measuring some eight feet from tip to tip, and weighing forty pounds, with talons three inches in length, there is but small chance for any dogs residing in the neighborhood. For as sure as a canine makes his appearance, the eagle spreads his heavy wings and with a loud scream he lights upon the back of the terror-stricken dog. The scene that follows is one of great interest. The dog, without further notice, darts through the side gate and out into the street, and with the eagle attached to his back, and that, too, in a manner to stay. Down the street he goes at breakneck speed. At a distance of about two blocks the eagle bids the dog an affectionate adieu and quietly returns, as though nothing had happened. The same experiment is gone through with whenever the dog can be procured.—*San Jose (Cal.) Mercury.*

— An obelisk of Hallowell granite, an exact reproduction in form of Cleopatra's needle, as it stood at Heliopolis, is soon to be erected over Charlotte Cushman's grave at Mount Auburn cemetery, Boston.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

TUESDAY, AUGUST 10, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

The Poor Wife-Murderer.

There was a grand turn-out in New York on the 7th inst., at the funeral of Pietro Balbo, the Italian who was executed last week for the brutal murder of his wife. Immense throngs of his countrymen blocked the street, and it was intended to have made the murderer's funeral a sort of triumphal march about the city, with Italian societies flying banners, the flags of Italy and the United States draped with black, carriages loaded with flowers, etc.; but the police authorities refused to allow the marching of an organized procession, the necessary legal formalities having been neglected. A vast crowd formed in line, however, and went to the cemetery, where political speeches in support of the democratic party were made by several persons, who advised the Italians to show by their votes in November their detestation of the "murder" of "poor Balbo." This appears very much like serving notice on the American people that if a foreigner commits a ferocious murder he must not be punished as though he were native born, on pain of having the solid vote of his countrymen thrown against the party which may happen to be in power. The New York *Sun*, and one or two other democratic papers of New York city, have been working hard to make political capital for their party out of Gov. Cornell's refusal to interfere with the law in the case of this murderer, and they seem to have made out pretty well, having secured for their ticket the promised support of all the assassin's sympathizers. It is possible that they may lose in other directions, however, as the law-abiding country population will hardly consent to allow the criminals of the big cities to dictate the administration of the criminal law.

Barnum Outdone.

Sheriff Bender of Labette county, Kansas, where the notorious "Bender hotel" murders were committed, arrived at Fremont, Nebraska, on the 6th inst., with a [illegible] of Kansas for the prisoners, and started for the latter state on the 7th with them in his custody. The sheriff is confident, from conversations with the man and admissions by the woman, that "Old man Bender" and his wife are really captured at last. A special from Kansas City to Chicago, dated Sunday evening, says Sheriff Bender" arrived at Kansas City on Sunday morning with the Bender prisoners, and remained during the day, fearing to proceed on account of a crowd said to have gathered at Cherryvale with intentions hostile to the prisoners. In the afternoon the prisoners were exhibited at the Theatre Comique, twenty-five admission cents being charged. At five o'clock the sheriff left with the prisoners for Oswego, Kansas."

Naval Gazette.

The U. S. S. Powhatan arrived at Port Royal on the 6th inst., from the Cuban coast.

The Vandalia sailed from Boston for Cuba on Saturday, the 7th inst.

News and Notes.

The Washington *Post* publishes a story of a duel on Friday near the Soldiers' Home, between a clerk in the treasury department and one of the attaches of the state department, a married man of brilliant attainments and a great favorite in society circles. The cause of the duel was the alleged betrayal by the latter of a young lady, daughter of a widow of one of the most prominent citizens of Washington. The treasury clerk, who gave the challenge, was shot in the arm at the first fire. The *Post* says it has all the names of the parties, and their publication would create an immense sensation in society circles. Rather fishy, coming from the Washington *Post*.

Three barks and a barge and scow, all laden with naphtha, were burned at Greenpoint, East river, New York, Sunday night. Loss $119,000.

Samuel Lock, a German silver worker, aged forty-five years, suicided by drowning Saturday afternoon in a pond at Meriden, Conn. He walked into the water carrying a big stone tied around his neck. He was temporarily insane.

Charles Joseph Lynch, fifteen years old, died Aug. 4th of hurts received from a train on the Naugatuck railroad at Ansonia, Conn., on which he was trying to steal a ride. He had been severely hurt by the cars two months before.

On Saturday last work was resumed on the erection of the Washington monument, after a stoppage of twenty-five years. Four stones were put in position, in presence of President Hayes and wife, and other noted persons.

Ellen C. Burke, seventeen years old, was killed by the cars in Boston on Saturday.

On Sunday night, at St. Albans, Vt., a boarding house was set on fire by the explosion of a kerosene lamp in the hands of a boarder named Cunningham, who was too drunk to escape, and was burned to death.

Parties blackberrying on Sunday near Glen Cove, L. I., found the body of a man in the woods, with the head severed and lying six or seven feet distant. He had been dead four or five weeks, is unknown, was about fifty years old, well dressed, and his pockets were reversed.

"Big-Nosed George," a noted desperado and murderer, has been captured at Miles City, Montana. He was the leader of a gang of ruffians who two years ago tried to wreck a train near Rawlins, W. T., for the purpose of robbing the passengers, but upon being detected fled to the Elk mountains, where they were followed by Deputy Sheriffs Widdowfield and Tip Vincent, who ran upon their camp and were killed by the robbers. The report says "Big-Nose" is on the way to Rawlins, to reach which he must pass through Carolina, where the murdered officers have many friends; and as they took "Dutch Charley" from the officers and lynched him, it is thought likely they they will perform the same service for Big-Nosed George.

The excursion steamer E. Corning, while backing out from Glen island on Sunday afternoon with a large company of passengers on board for New York, ran her stern on a rock and sank to her guards. The passengers were greatly frightened, but no lives were lost, all being safely transferred to other steamers.

A mob, supposed to be from Tennessee, went to the jail in Athens, Ala., Saturday night, took out a man named Bailey, a wife murderer, and hanged him on a tree in the court house yard.

Marshall D. Downing, who will be remembered as the man who claimed to have met John P. Phair, who was executed for murder in Vermont, on the cars between Providence, R. I., and Boston, is under arrest, charged with passing forged notes and obtaining money under false pretences from a number of Boston merchants.

L. W. Jamison, a negro horse trainer, shot William Lewis, at Springfield, Ill., Friday evening, while the latter was assaulting a young servant girl.

William Arnold, an ex-policeman and deputy sheriff of Texarkana, Ark., was shot on the street there Friday night, by an unknown assassin, and will die.

In North Bellingham, Mass., Friday night, George H. Partridge was stabbed and cut to death with knives by two young men named Amos and Frank Adams, his brothers-in-law, at the house of Mrs. Seneca Adams, the mother of the murderers. They are said to be a hard set all around, and were all drunk at the time of the murder.

A pair of trained wild pigeons, owned by Sherman Potter of Fair Haven, Conn., have surprised every one by raising a pair of young ones, something which wild pigeons rarely do when in captivity. Mr. Potter proposes to go into the business on a large scale, training the birds for use as stools in attracting wild pigeons during their flight.

At San Francisco, Cal., on the 7th inst., Judge Sullivan rendered a decision overruling the demurrer in the case of John H. Buck against James C. Flood, et al., and allowing defendants twenty days to answer plaintiff's complaint. This action was commenced about eighteen month ago to recover $10,429,000, the value of Consolidated Virginia stock alleged to having been appropriated by defendants while directors of the Consolidated Virginia company. Demurrers were interposed by defendants, pleading the statute of limitations. Judge Sullivan decides all these points against the defendants. The case now rests entirely on questions of fact.

E. F. Studley and Mrs. George Snow, of Rockville, Conn., have eloped, the man leaving a wife, the woman a husband and child.

Rev. Philip Krohn, D. D. is missing from West Troy, N. Y., owing large sums of money.

James O. Durgan, a guest at the American house in Norwich, Conn., was awakened last Thursday night by the raising of his bed from beneath. On lighting a match he discovered a negro underneath the bed. He ran into the hall to summon assistance, when the burglar ran past him and escaped, taking Mr. Durgan's gold watch with him. The thief proved to be a waiter named John Randall, who was discharged from the house on the Saturday previous.

Political Notes.

David Davis has at last descended from the fence. He landed on the democratic side, and "booms" for Hancock.

The Hartford *Post* says that the prospect that Connecticut will go republican in November is increased very much by the operation of the election law passed by the republican legislature of 1877, which throws protection around the ballot-box.

The democratic *Courier-Journal*, of Louisville, Ky., speaks of the late election in that democratic city as follows: "Yesterday's election was in the main, a disgrace to the city. It was both turbulent and corrupt. Money was used freely and openly, and to the extent of their means, by all the candidates. There were a great number and variety of shindies; heads broken, noses mashed, eyes gouged, hair pulled, and, occasionally, a pistol-shot and a knife thrust. On the whole, the day, though not tragical, was discreditable in the last degree. Demoralization ruled the roost, and rascals were rampant."

New Hampshire Items.

A farmer named Smith, living at Alton Bay, suicided with Paris green on Thursday last. Domestic trouble caused the act.

The following are among the list of speakers at the New Hampshire Gospel Temperance Association camp-meeting, to be held at Alton Bay, Aug. 17th, 18th and 19th: Rev. O. P. Gifford, Rev. J. W. Hamilton, Rev. Dr. Miner, Rev. Dr. Quint, Rev. Dr. Gordon, Rev. Henry A. Cooke, Father Clure, Rev. John Love, James R. Roberts, William Hurd, Mrs. Burnham, John B. Gough, 2nd, Hon. Frank W. Miller, Hon. Rodney French, Hon. Neal Dow.

David H. Evans, who now resides in Wakefield, is the oldest inhabitant in that township. He was born in Madbury in May, 1778, and although 102 years old, possesses all his faculties. His son Joseph is seventy-six years old, while Joseph's son, Albert L., is thirty-eight, and the latter is married, and the offspring is Abbie J., aged eight years. The four generations live in one house.

In the sixth district of Michigan, Gen. Oliver L. Spaulding, a native of Jaffrey in this state, was recently unanimously nominated by acclamation as the republican candidate for congress. Gen. Spaulding rose from the position of captain to that of brigadier-general during the war, and held the office of secretary of state of Michigan for four years, up to 1870.

—Certain Dutch naturalists are testing the ability of the domestic cat to act as postman. Selecting Luik for their headquarters, they sent a number of cats to the neighboring villages, where they were freed from confinement and let loose, with neat packets of letters firmly strapped to their backs. At once the cats' domestic instinct came into full play, and they swiftly fled homeward with unswerving directness, not one of thirty-seven failing to fulfill its postal function with excellent punctuality.

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—*Press.*

Dr. Tanner, the starvist, having ended his forty days' folly, has now become the great American eatist. He devoured eleven pounds of food, not counting three watermelons, in thirty hours after the end of his fast, and gained five pounds in weight.

Prevent weakness and degeneration of the kidneys and urinary organs,—Malt Bitters.

The stockholders of the Brattleboro', Vt., bank have been assessed $25 per share, to make up the sum stolen, above the assets of the bank, by its late president, the thief Waite.

Or high or low, or rich or poor,
None would feel teeth or breath endure,
If they but knew how sure and swift
Was SOZODONT, that priceless gift.
In giving beauty, life and tone
To every charm the mouth can own.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only in boxes.* Tu,th&f,&o

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Leighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, *Station D, New York C'*

At 7 1-2 o'clock, to organize a

GARFIELD & ARTHUR CLUB,

For work in the approaching campaign.

PER ORDER.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deodaslm

HOSTETTER'S CELEBRATED

STOMACH BITTERS

Defensive Medication

Is a precaution which should never be neglected when danger is present, and therefore a course of the Bitters at this season is particularly desirable, especially for the feeble and sickly. AROUND HOME.

The new city government will be inaugurated to-day.

Lieut. Braham, U. S. A., is on a tour of inspection of the signal service stations in this section.

There will be an exhibition of a number of night-blooming cereus blossoms this (Tuesday) evening at the residence of A. W. Rix, No. 15 Austin street.

The pickled lambs' tongues which Gilson has for sale at his grocery store on Market street, are just the thing for yachting and picnic parties. Try some.

The sacred concert at the Wentworth, Sunday evening, was very attractive. There were a large number of teams down from this city, besides several pedestrian and boat parties, who appreciated the fine selections by the band.

Col. J. C. Butler is arranging for a railroad excursion to Old Orchard on Thursday, via Dover and the Boston & Maine railroad. The particulars will be given to-morrow; or they can be learned to-day on application at Butler & Laighton's store.

The young republicans of Portsmouth, with all who desire the success of the republican ticket in November, are requested to meet at the republican headquarters in Franklin block to-morrow evening at 7:30 o'clock, to organize a Garfield & Arthur club.

The steamer Appledore made a little visiting trip from the Shoals to Newcastle on Sunday, anchoring in Jerry's cove, little harbor. After remaining at anchor a of couple hours, enabling her passengers to call at the Wentworth, she lifted her anchor and steamed to the Shoals again, without entering the harbor proper.

Senator Rollins, Congressman Hall and Hon. Charles H. Bell have signified to Col. Kent their acceptance of invitations to be present at the meeting in Music hall on Friday evening, the 13th inst., when Gen. Kilpatrick will address the citizens of Portsmouth and vicinity on the political issues of the present presidential campaign.

The steamer James Sampson, on her early trip Monday morning with the navy yard workmen, owing to the dense fog ran plump on Pumpkin island, and stuck there until released by the flowing tide. The steamer Mystic, surmising something was wrong from the other boat's non-arrival at her landing, went out and took the men to the yard free of charge. The Sampson had eighty-five pounds of steam on when she struck, but is apparently uninjured.

Four young men of this city, inexperienced in the management of sailing crafts, chartered the boat Spitfire on Sunday afternoon for a short sail down the river. They extended the trip to Hampton, and on starting for home found a head wind. Their fit-out comprised but one oar, so they drifted on until midnight without making much progress, when a dense fog surrounded them; they laid becalmed all night, but at ten o'clock on Monday morning reached home, when they were cheered by the congratulations of their numerous friends.

The audiences at the services in Rev. A. A. Waite's "Glad Tidings tent" in Boston continue to be very large. On Sunday morning last at nine o'clock he preached to about five hundred people, from the text "My spirit shall not always strive with man." At three in the afternoon he gave his illustrated lecture, "From the cradle to the grave," the tent being crowded and many persons unable to get in. At half-past four o'clock the Young Men's Christian Association held a service of song in the tent, and had an audience of about 1200 people.

BOW MISSION SERVICES.

The gospel temperance meeting, Saturday evening, was in charge of Mrs. Adams. Mr. C. R. Hall, of Pawtucket, R. I., addressed the meeting, giving an account of his personal experience with strong drink; and was followed by others with words of interest and good cheer.

The usual Bethel service, Sunday afternoon, was held in the open air, in front of the *Weekly* office on Pleasant street. Mr. Horace E. Frye conducted. After a short service of praise, and scripture lesson, Rev. J. Hesbert Yeoman, pastor of the Freewill Baptist church, led in prayer; Mr. Frye made some earnest and practical remarks on the lesson read, and was followed by Mr. Yeoman and Mr. Charles R. Hall, a reformed man from Rhode Island. Several others were ready to take part, but the hour of closing having arrived, notice of another meeting at the same place and hour next Sunday was given, and the meeting adjourned. This was the first open-air service here for several years, and it is believed it was a success, there being about two hundred people present, with perfect order and quiet.

The reform club meeting, Sunday evening, was well attended and very interesting. In opening the meeting for remarks, President Sanborn complimented Sheriff Kent for the prompt manner in which he attended to business at Hampton the previous week, in relation to the closing of the liquor saloons. Mr. W. H. Quinnell, of New York, and Mr. Hall of Pawtucket, addressed the meeting. A vote was passed to petition the mayor and board of aldermen to enforce the law demanding the closing of saloons on the Sabbath, the petition to be presented to the different churches for signatures. A committee was appointed by the chair to draft the petition, and present the same at a special meeting of the club on Wednesday evening, the 11th inst. At the close of the meeting four names were added to the pledge-roll. L.

A NEW STORE, AT AN OLD STAND.

Perhaps never, before the present year, except in years succeeding great fires, in Portsmouth, has there been seen such marked improvement in stores as the present year has developed. The National block succeeding the old hotel, the Franklin building replacing a large but less symmetrical structure, the new front in the stores in Pierce's building on Market square, the substantial rebuilding of Pickering building on the east side of Market street, are each evidence of a demand for an improved character in stores required by the changes in the mode of doing business.

The re-opening of the store next south of the entrance to the CHRONICLE and GAZETTE office, which has for a long time been undergoing repairs, marks an event in the history of one of the oldest merchants in Portsmouth. Mr. Charles E. Laighton began business as a grocer in 1822, at the corner of Washington and State streets, in the store afterward occupied by the late John Harrat; subsequently, in copartnership with his brother-in-law, the late Timothy Hall, Mr. Laighton did business in Merchant's row, No. 63 Market street, under the firm of Hall & Laighton. In 1840 Mr. Laighton moved to the store No. 5 Exchange buildings, in Pleasant street, where he has kept one of the principal retail grocery stores for nearly forty years. And united with him in business for several years past, has been his son Charles M. Laighton. Last week a finely-painted sign from Coffin's paint shop went up at the old stand, reading "Charles E. Laighton & Son." During the past few months the building has been thoroughly remodelled. Large plate glass windows succeed the rounded windows of the earlier days. The store has been enlarged by taking in the space previously occupied by the stair-case, used to reach the second story; an additional length has been made to the rear, and to-day it is one of the finest stores of the kind in the state. Having an unusual breadth, with a fine light, it is capable of being made a most attractive place of business.

What a change from the stores of this class in Portsmouth fifty years ago? Once the grocery store was a place into which a few customers could penetrate amid boxes of sugar, hogsheads of molasses, barrels of oil and tiers of flour. Neatness was impossible in the cramped condition of things. To-day, canned goods, condiments, fancy articles put up in neat and handsome packages, make the stock of the grocer in many respects as attractive and capable of adorning his store as are the wares of the dry goods dealers. Neatness, space, convenience and cleanliness now succeed soiled floors crowded with boxes, bags and barrels. Attractive show-cases and neatly arranged shelves please the eye, and suggest purchases by their inviting appearance.

The summer trade from the visitors to the vicinity of Portsmouth, absorbs many of the fancy articles kept in a leading store of this kind; and the space between the counters, and the attractive character of the store, filled with a goodly stock of fresh supplies, make a busy trade at Laighton's, especially during the present season of the year. From this store how many ships of war have had their men supplied in days gone by. Officers of the navy on early cruises have secured their ward-room stores at this spot, and in later years, when attached to the navy yard, have supplied their household wants at Laighton's—a name long associated with this business in Portsmouth. The improvements recently completed are in keeping with the wants and requirements of the business. The owner of the buildings seems to have omitted nothing in the process of refitting. The cellar has been cemented, the stories raised above the first floor, and the floors laid in hard pine and supported by iron pillars. Marble-topped counters succeed those of the olden kind, and clear plate glass replaces the small and contracted windows of the pattern put in when Exchange buildings were erected. Fronting on Warren street the store has the benefit of unimpeded light, and with its ample conveniences and prominent location, will of course continue in the future, as it has in the past, to be a leading store for the sale of the kind of goods kept by Messrs. Laighton and Son.

TWO GOOD NOMINATIONS.

In the election this fall in York county, Me., a judge of probate and a register are to be chosen.

We are glad to see that the republicans have shown the good sense to nominate Hon. Nathaniel Hobbs of North Berwick, for re-election. Judge Hobbs was the successor in that office of the late Edw. E. Bourne, of Kennebunk; and with either of these men the question as to their politics was rarely if ever raised in connection with the discharge of their public duties. Judge Hobbs is a good lawyer, and it is important that the incumbent of this office should be such, as, in addition to the probate business of the county since the repeal of the United States bankrupt law the insolvency law is administer in this court; in the latter duties important questions frequently arise, and perhaps the demands of this branch of the official requirements are now the more cogent. We hope to see the judge again elected, for we think no one will gainsay that in him the people of the county of York secure the services of a capable, upright and faithful official.

Mr. Safford of Kittery is re-nominated as register of this court. With the increased amount of work, caused by the administration of the insolvent law, without much if any additional compensation, the office cannot be a very desirable one. Indeed, we think that considering what is required of the incumbent, it is the poorest office in the county, in point of results; but possibly the legislature may increase the salary in view of the additional duties required under the insolvency law. We think the York county people are well satisfied with Mr. Safford, and he will doubtless be re-elected by a large vote.

—The number of marriages in England of divorced persons is not very large, but it is steadily increasing. In the year 1868 there were nearly 177,000 marriages, and only forty were between persons one or both of whom had been divorced; but the report now issued for 1878 shows that there were 107 such marriages in that year among the 190,000, the total number. In eighteen years—1861-78—there were 885 marriages of divorced persons. In 464 the man was a divorced man; in 405 the woman was a divorced woman; in the remaining sixteen marriages divorced men married divorced women.

No Good Preaching.

No man can do a good job of work, preach a good sermon, trip a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.—*Albany Times.*

—There is an Indiana woman only twenty-three years old, who, when she went to Indianapolis recently to purchase a pair of shoes, could find none large enough, and had to leave her measure. This called for a pair of extra "15's," the last being a foot in length and five inches wide. It should perhaps, be stated, however, that the woman herself weighed 547 pounds, and is seven feet two inches in height.

A Remarkable Cure of Kidney Troubles.

HERGATE, VT., Nov. 1.

Gentlemen: It is with grateful heart that I can recommend the Kidney-Wort to any one suffering, as I have been, from piles and kidney troubles, especially the gravel. I was taken with these complaints while in the army in 1863; growing worse and finding no relief in the hospital, I was discharged from service. I sought the best medical advice; tried various patent medicines, and spent more than five hundred dollars in the fruitless effort to obtain relief. I continued to grow worse, and for about three years no urine passed from me except by the use of the catheter. For more than two years I was unable to walk, and confined to my bed most of the time. The pain, yes, the agony that I endured no pen can describe. In this condition, a neighbor urged me to try the Kidney-Wort. Feeling that if it killed me it would prove a merciful relief from suffering, I commenced its use, and, strange as it may seem, after having used about three packages, I was relieved of all appearance of the disease and able to attend to my usual work. This was a year ago last June, and ever since that time I have had no return of my old complaints.

URIAL BUNDY.

—Let him who regrets the loss of time make proper use of that which is to come in the future.

A food and a medicine are combined in the most perfect manner in Malt Bitters.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Lincoln and Market streets.

Who's Doing This Thing.

The fuss about General Hancock and the Mrs. Surratt hanging is all a democratic affair. Democratic papers having called him bungman for many years, have not to change the tune. They try to dodge by charging the republicans with fetching up the affair, and they attempt a diversion by asserting that General Garfield was a member of the military court which sentenced her.—General Garfield, in fact, not being in the army, but a member of congress at the time. But the democrats are now struggling with their own epithets on General Hancock for carrying out the execution, in which he was probably as adaptable to President Andrew Johnson's humor as he subsequently was to his resistance to the reconstruction acts of congress.

Social Hints.

Say "good by," not "good morning."

Upon leaving a room, one bow should include all.

Upon introduction, enter at once into conversation.

A note requires as prompt an answer as a spoken question.

Regrets in reply to invitations should certain a reason therefor.

Strangers should notify friends by card or by their presence.

At a table you are required to thank the one who waits on you.

You should exchange calls with individuals before inviting them to your house.

Only letters to unmarried ladies and widows are addressed with their baptismal name.

To return a personal call with cards inclosed in an envelope signifies that visiting between the persons is ended.

—The festive sea son—Jack ashore.

—To change and to be better are two different things.

—A Spanish peasant, living in the suburbs of Madrid, has long been in the habit of repairing daily to the city, accompanied by a donkey laden with milk for distribution among certain customers. One day, however, the master was taken ill, whereupon his wife suggested that the ass should be sent on his customary journey alone. The panniers were accordingly filled with pans of milk as usual, and a bit of paper was attached to the donkey's headstall requesting the customers to take out their ordinary allowance of milk, and to put back the cans into the pannier. Off sped the donkey, and he returned in due course with the cans empty and with everything in order. The master found upon inquiry that the trusty messenger had called at the right doors without missing one, and also that in some instances he had pulled the bell with his teeth when kept waiting! From that day forward that donkey has gone his rounds alone.

—A clock-maker of Copenhagen named Louis Soenderberg, who has had charge of that city's electric fire-keepers, has invented an ingenious appliance which obviates the necessity of winding up the regulator, from which the clocks in question "take their time." By a mechanical contrivance which periodically cuts off the stream of electric fluid emanating from the battery, and brings an electric magnet to bear upon the relaxed mainspring in such a way as to renew its tension instantaneously, perpetual motion is practically imparted to the works of the regulator, that is to say, as long as the batteries connected with it are kept properly supplied with acids. The discoverer of this important improvement has satisfied himself, by six months' experiments in his own workshops, that his system works faultlessly, and has applied for permission to adapt it to the electric clocks set up by the municipality in different parts of the Danish capital. Electricity, under Mr. Soenderberg's compulsion, is destined, not only to make the Copenhagen clocks go, but to wind them up, with a reverending precurrence until the "crack of doom."—*London Telegraph.*

Advice to Consumptives.

No man, however uncleanly, would drink muddy, dirty water. A party which occupies a room for hours, breathing the same air, might be compared to a party of bathers drinking the water in which they bathe. The patient must keep the window of his bed-room open. Night air is fresh air without daylight. In close, crowded rooms the patient suffering from lung complaints breathes consumptively. By taking these precautions and using Dr. Pierce's Golden Medical Discovery and Pleasant Purgative Pellets, fully one-half of the cases of lung complaints would be cured in six months. For cough and irritation of the lungs do not always indicate the presence of consumption although it may result in that disease, and if consumption has already become deeply seated in the system, this is the most efficient course of treatment that can be pursued outside of any institution that provides special facilities for the treatment of this disease. Dr. Pierce's celebrated Invalids' Hotel is such an institution. Send stamp for descriptive pamphlet containing also a complete treatise upon consumption, explaining its causes, nature, and the best methods of treating it, together with valuable hints concerning diet, clothing, exercise, etc., for consumptives. Address World's Dispensary Medical Association, Buffalo, N. Y.

—A natural ice-house is one of the curiosities of northern New Jersey. It lies behind Blue mountain. The ice gorge is several hundred yards in extent, ten to thirty feet deep, with caves and clefts in the rocks where the ice lies. The shade at the gorge is very dense, the sun apparently never penetrating it. The bottom of the gorge and the little caves and crevices are filled with ice. A few feet from one end a spring of the most delicious, sparkling water bubbles up. The water in this spring stands at thirty-four degrees.

Better than Foreign Port.

Speer's Port Grape Wine is better than imported port, and, since the adulteration of the latter, it must take its place. It is pure and really excellent and health giving.—*Troy Times.*

Members of the board of health of New York, and other prominent physicians, use this wine for their patients and in their own families.

For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!

For Diarrhœa, Dysentery, Cramps, Cholera, AND ALL THOSE NUMEROUS TROUBLES OF THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON.

No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and yet it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand for immediate use, there is seldom danger of the fatal result* which so often follows a *few days' neglect.*

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a moment's needless suffering, and *sometimes costs life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equalled to every emergency. I consider it the best of doing my duty to the community did I not say this much. If I were attacked by the Cholera to-day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

E. E. BERGINSENS,
Galena, Illinois.

Messrs. PERRY DAVIS & SON:

I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (one eighteen months, and the other three years old) with perfect success. It regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. I've used it in my family for five years, and *will not* be without it. Feeling myself under much obligation to you, in many minds being relieved from pain, I am very truly yours,

L. F. MOORE.
Baugnli, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never do without it.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

JAMES PYLE'S PEARLINE

THE GREAT INVENTION FOR WASHING AND CLEANSING

In hard or soft water, WITHOUT SOAP, and without danger to the finest fabric. SAVES TIME AND LABOR AMAZINGLY, and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but PEARLINE is the only safe article. Always bears the name of James Pyle, New York.

HUNT'S REMEDY

THE GREATEST KIDNEY AND LIVER MEDICINE EVER KNOWN.

HUNT'S REMEDY has saved from lingering disease and death hundreds who have been given up by physicians to die.

HUNT'S REMEDY cures all Diseases of the Kidneys, Bladder, Urinary Organs, Dropsy, Gravel, Diabetes, and Incontinence and Retention of Urine.

HUNT'S REMEDY encourages sleep, creates an appetite, braces up the system, and renewed health is the result.

HUNT'S REMEDY cures Pain in the Side, Back, or Loins, General Debility, Female Disease, Disturbed Sleep, Loss of Appetite, Bright's Disease, and all Complaints of the Urino-Genital Organs.

HUNT'S REMEDY quickly induces the Liver to healthy action, removing the causes that produce Bilious Headache, Dyspepsia, Sour Stomach, Constipation, Piles, &c.

By the use of HUNT'S REMEDY the Stomach and Bowels will speedily regain their strength, and the Blood will be perfectly purified.

HUNT'S REMEDY is purely vegetable, and meets a want never before furnished to the public, and the utmost reliance may be placed in it.

HUNT'S REMEDY is prepared expressly for the diseases, and has never been known to fail.

One trial will convince you. For Sale by all Druggists. Send for Pamphlet to WM. E. CLARKE, Providence, R. I. Prices, 75 cents, and $1.25 (large size).

KIDNEY-WORT

PERMANENTLY CURES KIDNEY DISEASES, LIVER COMPLAINTS, Constipation and Piles.

DR. R. H. CLARK, South Hero, Vt., says, "In cases of KIDNEY TROUBLES it has acted like a charm. It has cured many very bad cases of PILES, and has never failed to act efficiently."

NELSON FAIRCHILD, of St. Albans, Vt., says, "It is of priceless value. Almost every family has some form of Kidney Piles and Costiveness it completely cured me."

C. S. HOGADON, of Berkshire, says, "one package has done wonders for me in curing my long standing Liver and Kidney Complaint."

IT HAS WONDERFUL POWER. WHY? BECAUSE IT ACTS ON THE LIVER, THE BOWELS AND KIDNEYS AT THE SAME TIME.

Because it cleanses the system of the poisonous humors that develope in Kidney and Urinary diseases, Biliousness, Jaundice, Constipation, Piles, or in Rheumatism, Neuralgia and Female disorders.

KIDNEY-WORT is a dry vegetable compound and can be sent by mail prepaid.

One package will make six qts of medicine.

Appledore and Oceanic Hotels,

ISLES OF SHOALS.

Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.

The baggage transfer from these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"

Newcastle, N. H,

This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, the healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The hotel is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from all sides of the house afford fine views. The cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and a just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many families and circulates among the best class of readers, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should procure the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION, Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and health and vigor given.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, and the only one in language written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions. This book, treating of disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to secret habits or inherited. He is a Nervous specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, HEAL THYSELF
No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience.

THE BEST HEALTH AND STRENGTH RESTORER EVER USED,

So perfect is the combination of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disorder, or if you need a mild stimulant or appetizer, the TONIC is just the medicine for you. It is light, perfectly innocuous, pleasant, but never intoxicating.

Remember! PARKER'S GINGER TONIC is not a rum drink, but the *Best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger pop and other so called Tonics. Try a 50c. bottle. Your druggist can supply you. tais

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years as the inventor of his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted nightly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.

Patients from abroad can receive treatment and leave for home same day in nearly every instance, as no confinement or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extreme cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE,

In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sanctioned by all the courts in Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1883.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

August Drawing.

ONE OR TWO SMALL CHILDREN to board, or a BABE to bring up by hand. A pleasant home, and the best of care. Enquire at No. 56 Pleasant Street.

DAY'S Kidney PAD

IS STRONGLY ENDORSED.

Rev. E. E. L. GAUSS, Galena, Ill., writes—"For over ten years I had been a great sufferer from pains in the small of the back and region of the Kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief. Finally I was strongly advised to go abroad and seek the climate of my youth. In Germany and Switzerland eminent physicians, after close examination, declared my sufferings to arise from disease of the Kidneys, of long standing, and could do me no good. I was, however, benefited by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble gave me pain so intense as to make life a burden. A few months ago I came in possession of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains at once grew less and less, and after wearing the second Pad, entirely gone, and there can be no doubt but that I am entirely cured, as I write this some weeks after its use, and am strong and look again the very picture of health. I write this perfectly voluntarily, and it is dictated by the truth and gratitude. Indeed, I consider the Day Kidney Pad a God's agent and blessing to the benefaction of mankind. May all the suffering be helped as I have been in my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.—"Day's Kidney Pad is selling fast. It is having a large sale and gives better general satisfaction than any remedy we ever sold."

CASPER WEITZEL, Merchant, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 25 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing great good here. It sells every day and gives universal satisfaction."

For sale by drug'ists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $2.00; Special Pad (extra size), $3.00; Children's, $1.50. Our book, "How a Life was saved," giving the history of this new discovery, and a large record of most remarkable cures, sent free. Write for it. Address,

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now seeking a sale on our reputation, we deem it due the afflicted to warn them. Ask for DAY'S KIDNEY PAD and take no other.

NEW GOODS!

—AT—

HUTCHINSON'S.

Daily Chronicle.

New Publications.

Fate of Republics. This is a well written volume of nearly three hundred pages, published by Estes & Lauriat, and which the anonymous author dedicated to Gen. U. S. Grant. The subdivisions of the works are: Extinct republics, ancient date, comprising Israelitish commonwealths, Grecian republics, Carthage and Rome. Part II, Extinct republics, medieval and modern dates, giving accounts of Lombard communes, Geneva, Venice, Amilfi, free cities of Germany, Iceland, Republic of the United Provinces, French republic 1792-1804, African republics. American republics —Central America, Guatemala, Honduras, San Salvador, Nicaragua, Costa Rica, Venezuela, Columbia, Bolivia, Chili, Hayti and San Domingo. The fourth subdivision treats of our own national government, supposed security, and the existing perils of popery, social and political evils. There is much to be learned from this book, which abounds in valuable facts as well as thoughtful suggestions. It is a work which every one who assumes to discuss the politics of our country (and who does not) ought to read. Copious notes show that the writer has been through his work with great care and the fullest research, and the man who goes on the stump in the present canvass would be the wiser if he would previously peruse a copy of the "Fate of Republics." For sale at Myers' bookstore.

Crusoe. Mr. Edward E. Hale, as the pastor of the South Congregational church in Boston, preaches to a good-sized audience, and as the writer of stories he has a large influence. Mr. Hale has written so much of the latter kind that he is expected with regularity to appear as an author. There is always something about Mr. Hale's stories that seems to say, "of course I expect no one to believe these yarns; I purposely write them ridiculously improbable, that my readers may not be deceived;" and yet some of the stories in Crusoe in New York, and other tales by Mr. Hale, just published by Robert Brothers of Boston, have a fascinating attraction. Max Keeler's horse-car reads as well as when it first appeared in the magazine, and the denouement is admirably told. There is a large body of readers who eagerly seek for everything Mr. Hale sends to the press, and the Crusoe tales, which are published at one dollar, and for sale at W. G. Myers' store, will interest the buyers none the less than have its many preceding stories from the pen of this prolific author.

A Public Duty.

We are not in the habit of puffing any sort of patent medicines in our columns, for the business of a newspaper is to let people know what is going on in the world, and not lend aid to what may be an imposition. But we happen to know Dr. David Kennedy of Rondout, N. Y., and can personally testify to the excellence of the medicine which the doctor calls "Favorite Remedy." And if a word of ours will persuade anybody to use it, and thus find relief from suffering, no professional etiquette shall hinder us from saying that word. For diseases of the blood, kidneys and bowels it has no equal. We would not be without it for five times the dollar that it costs.—*Daily Times.*

WM. J. McKenna of Newburyport, team thief, is held in $1,000 for the superior court.

BRIGHT'S DISEASE IN WOMEN. The gentler sex, for a variety of reasons perfectly understood by them, are peculiarly liable to those attacks which end, in Bright's disease of the kidneys. Upon the special attention of women, therefore, we urge the great virtues of Hunt's Remedy, the great kidney and liver medicine. This superb medicine has saved many a good woman from an early grave. It is excellent in all of the peculiar diseases of the sex. No medicine equals Hunt's Remedy for delicate women. Sold by all druggists. Trial size 75 cents.

Patrick Callahan, chief of police at Methuen, Mass., was arrested Sunday evening for drunkenness.

If you have a cold take Adamson's Botanic Balsam. A sure cure for coughs, sore throat and all pulmonary complaints. To the afflicted we recommend a trial of this superior remedy.—*Boston Saturday Evening Express.*

The experiment of lighting Holyoke, Mass., by electricity, has been abandoned, for the present at least.

Lydia E. Pinkham's Vegetable Compound has rapidly made its way to favor among druggists, who have observed its effects on the health of their customers. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

The wreck of the burned steamer Seawanhaka was sold on Saturday for $1,310.

Free from the objections of beer, yet possessing all its nourishment, are Malt Bitters.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

WEDNESDAY, AUGUST 11, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

An Apparent Discrepancy.

There is apparently a discrepancy between the theories of the democratic candidate for president, as expressed in his letter of acceptance, and the theories and avowed practices of the democrats of the south, on whom he relies for whatever chance of an election he may have.

Hancock says "it is a vital principle in our government that *neither fraud nor force* must be allowed to subvert the rights of the people," and that "it is only by a full vote, a *free ballot and a fair count* that the people can rule."

That sounds very finely; but the *Avalanche*, a democratic paper published at Memphis, Tenn., and a strong supporter of Hancock and English, under date of July 17th published the following from "A southern democrat," which speaks much more loudly than Hancock's letter as to what the democrats mean by a "free ballot" and a "fair count:"

Editor Avalanche: I can congratulate you upon your return to your old correct position in politics again, the only position in which an independent paper is to be tolerated in the south, that of battling for the supremacy of the democratic party. That party recognized our rights of property in slaves, sympathized with us in the late war, and has steadily fought with us against any reconstruction in which the negro was recognized; and we of the south were base ingrates indeed if we were not devoted to its triumph.

The fact is, before we can expect the prosperity of the good old days before the war in the south, we must have the same homogenity of public sentiment. As regards questions relating to the negro, we must have but one party, and that the democratic party. White men who dare to avow themselves here as republicans should be promptly branded as the bitter and malignant enemies of the south. The name of every northern man who, like Eaton and Bigelow, presume in this community to aspire to office through republican votes, should be saturated with stench. We can spare all such, and would caution such as these who think of coming south, to be careful to keep away.

You, Mr. Editor, must hang out again your small pox flag and rid our community of such vermin.

You may think me a little bold in using such language upon the anniversary of our flight from the yellow fever in 1879. The north, to be sure, sent us some money, but we scorn the imputation of beggary. The north but returned a little of the money it stole from us during the war.

No, sir, we must put an end forever to this shameless effrontery of northern men or republicans aspiring to office in the south. They must keep back seats, and very quiet ones, *or get out.*

I was glad to see you let your correspondents loose upon that blatant radical, Wm. R. Moore. The whole lot must be rendered infamous and odious.

As for the negroes, let them amuse themselves, if they will, by voting the radical ticket. *We have the count!*

I don't allow myself to be annoyed by worrying over the possibility of that pestiferous Ed. Shaw's being elected. *We have a thousand good and true men, whose brave ballots will be found equal to those of five thousand vile radicals.*

This is good southern democratic testimony that in the "solid south" a "free ballot" means perfect freedom to vote the democratic ticket, and no other; and that a "fair count" is one that will make one thousand democratic votes "equal to those of 5000 vile radicals." This is what the republican press of the north has asserted for years, and what the democratic press of the north has as steadily denied.

As a further commentary on Hancock's declaration that "neither fraud nor force must be allowed to subvert the rights of the people," it may not be out of place to mention that the *Appeal*, another democratic paper of Memphis, prints a letter from a Mississippi democrat in which he declares that it is the purpose of the republicans to carry two congressional districts in that state, in each of which they have an overwhelming majority. The prospect of such unscrupulous recklessness on the part of the republicans excites the democratic correspondent, and he wildly cries "Let the Mississippi plan be restored; stir up your clubs; put on your red shirts and let the ride begin."

Could force and fraud be wholly eliminated from the presidential campaign, Hancock and English would be in such a minority in the electoral college that they would hardly know they had been candidates, after the fight was over.

News and Notes.

A telegram from Berwick-on-Tweed, Tuesday evening, reported that the fast railway train called the Flying Scotsman, between London and Edinburgh, had gone over the bank at Marshall Meadows, near that town. No particulars were given.

Judge Harmon has rendered a verdict in the case of Constable Mitchell of Medford, Mass., who killed Maurice Sullivan of Lawrence, a fruit-thief who assaulted the officer when the latter attempted to arrest him, fully justifying the officer's action in shooting the rough.

A despatch from Oswego, Kansas, dated the 7th inst., says the "Old man Bender" and wife whose capture and confessions made such a commotion in Nebraska and Kansas, are not the genuine article at all, as many persons in Oswego, who well knew the real Benders, visited the prisoners when at the court house in that town, and united in denouncing them as barefaced imposters.

Ship Whittier, of Newburyport, 1295 tons burden, has been totally wrecked on Saracen shoal in the China sea. She was built in Newburyport in 1869, and at the time of her wreck was insured in Boston offices to the amount of $35,000.

The bodies of the men drowned in the Hudson river tunnel have not yet been recovered, and is it not expected they can be reached inside of a month. The coffer-dam plan has been given up, and a caisson is to be used.

The captain, mate, steward and two seamen of the schooner Augustus, at New York from Port au Paix, were taken to quarantine on the 9th inst., suffering with yellow fever.

At Shutesbury, Mass., on the 8th inst., Jarvis N. Phelps, a young married man, shot Sadie A. Grover four times, killing her instantly, and then reloaded his revolver and put seven bullets into his own breast. The girl was found dead in the woods, but Phelps had strength enough to walk to a house and tell what he had done. The girl was a daughter of A. J. Grover, a respectable farmer of Turner's Falls; she was quite pretty and modest-appearing, and only about nineteen years of age, though she leaves a daughter three years old, having lived with Phelps as his wife until he was sent to jail for a year for bigamy, he having a previously-married wife living. Since Phelps was discharged from prison Miss Grover had refused to have anything to do with him.

As might have been expected, coming from such a source, the Washington *Post's* story about a duel near the Soldiers' Home in that city is now pronounced to be without any foundation at all.

Two of the Italians who attended the funeral of Balbo, the executed murderer, will not be able to "show by their votes in November their detestation of the murder of the poor boy," as they are under arrest for fatally kicking a man in New York, after returning from the funeral.

Miles A. Boynton, a lawyer of Grand Haven, Mich., was arrested in New York on the 9th inst. while trying to dispose of two bonds which were stolen in 1864 during Sherman's march through the southern states. Boynton says he received the bonds for professional services from a widow lady, to whom they had been given by her brother, who was with Sherman in his march to the sea.

For the first time in several years the rum shops in Brooklyn, N. Y., were compelled to close on Sunday last, by the new police commissioner, Jourdan.

The wrecked steamer Atlantic, which sunk off Halifax, N. S., seven years ago, causing a loss of 580 lives, has been purchased by Isaiah Gifford of Provincetown, Mass., who is breaking it up for old iron, a three-year's job. The iron is of the best quality, and brings a good price. There is said to be twenty-five tons of pig copper somewhere in the wreck. The vessel's safe, containing $80,000 worth of valuables, has never been found.

Acres of grass in the town of Addison, Vt., which has the appearance of being dead or dried up, upon a closer examination is found to be covered with a small black or brown bug, the ground being also thickly covered with them. There are three different sizes, the largest having wings discernable with the naked eye.

Brazil exported 273,000 tons of coffee last year, against 250,000 tons the year before, besides using up 60,000 tons at home. The difficulty in procuring labor becomes greater in Brazil each year, and it is thought that that this may prevent any further expansion of the coffee crop.

S. Hanna of Pemaquid, Me., caught what appeared to be a sea serpent in his net a few days ago. It was about twenty-five feet long, and ten inches in diameter in the largest part, and was shaped like an eel. The head was flat, and the upper part projected out over the mouth, which was small, and contained sharp teeth. The creature was dead when found.

The Dispatch, Lieut. Comdr. F. A. Cook commanding, with the first class of cadet engineers from Annapolis on board, arrived at Newport, R. I., from New York, on the 7th inst.

The most critical smoker need not hereafter complain that a good cigar cannot be purchased for ten cents. The "Noriega," old fashioned hand made and good, will suit the most fastidious taste.

Sold by J. H. Thacher, Henry F. Gerrish, C. E. Laighton & Son, at the Rockingham house, and by Laighton Bros. & Co. at the Shoals.

—Many persons sigh for death when it seems far off, but the inclination vanishes when the boat upsets, or the locomotive runs off the track.

The Catholic societies of Manchester and Concord had an excursion to Weirs on Tuesday.

The Three Graces

are represented with perfectly developed forms—beauty and health combined. No decayed toothed man or woman can be healthy, because digestion must be imperfect. Use SOZODONT, get healthy teeth, good digestion and a sound body. Revive the three Graces.

A Down Town Merchant

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homœopathy. That night the child passed in suffering and the parents without sleep. Returning home the day following, the latter found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and the little fellow awoke next morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering, crying babies and restless night have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudice of the mother. Sold by all Druggists. 25 cents a bottle. 6

A Cheap Country Excursion.

Three industrious young New Yorkers, Messrs. N. Israil, H. Oppenheim and B. Rosenblum, who board at No. 32 Chrystie St., desiring a country excursion, preparatory thereto clubbed and spent one dollar in the purchase from M. A. Dauphin, No. 319 Broadway, New York City, of half of ticket No. 35,929, in the July drawing of the Louisiana State Lottery, and honorably earned by their enterprise, the sum $5,000, which was immediately paid them in gold. They have extended their trip to Europe. Who is the next lucky man in the September drawing? Who?

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

ROYAL

BAKING POWDER

Absolutely Pure.

Made from Grape Cream Tartar.—No other preparation makes such light, flaky, hot breads, or luxurious pastry. Can be eaten by dyspeptics without fear of the ills resulting from heavy indigestible food. Sold only in cans, by all Grocers.

ROYAL BAKING POWDER CO., New York.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N.Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deod6m

AROUND HOME.

Rear-Admiral Alexander Murray and wife are at the Wentworth.

Three more seals were received at the aquarium on Monday, from the eastward.

Bark Henry Norwell, Capt. Allen, has been chartered at Baltimore to load coal for this port at $1.30 per ton.

The schooner Mary S. Hontvet, Hontvet master, arrived at this port on Monday from the banks with 180,000 pounds of fish.

Young republicans—do not forget the meeting at headquarters this evening, to organize a Garfield and Arthur club. See notice in another column.

A large party (twelve car-loads) of people from Manchester came to this city by the Concord railroad, Tuesday morning, and embarked on the steamer Florence, which came here from Newburyport to take them on an excursion by water. They returned in time to leave on the evening train.

The summer meeting of the Rye Beach Athletic association is announced for Thursday, August 12th, the exercises beginning at ten o'clock in the forenoon. The sports announced for the forenoon consist of a 100 yards dash, a running race, a sack race, a hurdle race, a three-legged race for boys, a running high jump, and a tug of war. In the afternoon, beginning at 4:30 o'clock, there will be a single-scull dory race, a tub race, and a double-scull dory race. The first prizes in most of these events will be gold medals, and the second prizes silver medals.

The following in regard to the entrance to Newburyport harbor, communicated to the Newburyport *Herald* by A. C. Roth, assistant engineer to Gen. Thom, who is superintending the removal of obstructions there, is of interest to our sea-faring population: "I noticed an article in the *Herald* the other day stating that vessels running over the bar in range with the two lights would be in danger of running aground. Having completed my soundings, I can now say that the best water on the bar is directly in range of the two lights, or on a straight course north of all the buoys, close to them and parallel with them."

Mr. Charles Gray, proprietor of the islet variously called Oyster island, Three-tree or One-tree island—probably because there are four trees upon it—has a Thomas cat that will swim from his island home to the wharf at any time of the tide, and wait around until Mr. Gray is ready to take him back in his boat. This is a very odd performance for a cat, as those animals will rarely wet their feet if they can avoid it. By the way, the elm trees on that island have grown more in the past six years than they did in the previous thirty-six, no doubt owing to the addition of earth to the island since its present owner went there to live.

BOYS IN BLUE.

The Boys in Blue had a cheery gathering at their armory on Tuesday evening, their numbers increasing so rapidly as to retard, in some slight degree, the final organization. The uniform adopted is of the French zouave pattern, a light blue cut-away jacket, trimmed with braid and U. S. staff buttons, white vest, red flowing pantaloons, white duck leggins, and red Turkish *fez*, with blue tassel. The officer's uniform will differ from this in certain details, the whole outfit making a dashing appearance. The battalion will attend Gen. Kilpatrick next Friday evening as escort. The boys are much pleased with their rig, but we believe they have much more reason to be proud of their war record, let their coats be what they may. Anyway they are a strong party for Garfield and Arthur.

JOHN JAMES MASON.

John J. Mason, formerly of this city, died in Somerville, Mass., on Monday. He was born in Hampton, and educated at the academy in that town. When quite young he came to this city, and learned the printer's trade with Thomas J. Whittem in the office of the *Rockingham Messenger*, and later was foreman of the *American Ballot* office. About 1856 he went to Boston, and took a position on the *Atlas*, which was afterward merged in the *Traveller*, with which paper Mr. Mason became connected, having charge of its commercial department. He remained in this position until the time of the printers' strike in Boston, which occurred just after the second election of President Lincoln. The disaffected compositors then started an organ of their own which was called the *Evening Voice*, and Mr. Mason was selected as editor of this paper. On the demise of the *Voice*, about the year 1866, Mr. Mason became proof-reader on the *Advertiser*, and filled the duties of that place until the death of the night foreman of the composing room, whose successor he became, remaining in that position without interruption until last February, when failing health led him to relinquish the place for the lighter duties of day foreman. Mr. Mason married a daughter of the late John Mooney, of this city, who with six children survives him.

POLICE COURT.

TUESDAY, Aug. 10; *Batchelder, J.*

Michael Monday—regular customer, got drunk on Monday—was fined $5, costs $6.90.

John Crowley, another regular customer, drunk, as usual, fined $3, costs $6.90.

Both went to the county farm, where they are accustomed to spend a goodly part of their time.

James McCarthy was complained of for an assault on Richard M. Patten of York, driver of one of the York stages, the affair having occurred, as alleged, at the Concord railroad station on Monday. The case was continued to Wednesday forenoon at ten o'clock, McCarthy recognizing personally in $100 for his appearance at that time.

A PLEASANT AFFAIR.

The officers of the navy yard, with ladies, and several families from Portsmouth, with Capt. McRitchie of the Tallapoosa and guests on board, had a clambake at Dover point on Tuesday afternoon; about a hundred participants enjoyed the affair, the viands being under the direction of landlord Wiggin of the Dover Point house. A noticeable feature in the entertainment was a concert given by the Tallapoosa minstrels, a troupe of colored men attached to the steamer, who furnished a vocal and instrumental performance which was highly enjoyed and generously applauded. Among the persons present were Ex-Governors Goodwin and Prescott, Admiral Murray, Commodores English and Beaumont, Asst. Postmaster Tullock of Washington, Gen. Ricketts of the army, Capt. Quackenbush of the navy, and James I. Christie and Col. Fisher of Dover. Harlow's band furnished the music, and after the dinner a dance on the green was indulged in to the fullest extent. Visitors reached the point by steam launches from the navy yard, and by boats, cars and carriages from this city. The affair was a complete success, and the visitors were greatly indebted to the gentlemanly commander of the Tallapoosa for the enjoyment of a genuine negro concert in its native, unexaggerated character, with the sweet melody of plantation airs.

ANOTHER MATTER ENTIRELY.

Query: If Frank Jones should run for governor how will our democratic brethren print his name on the ballots? If they should use the favorite "Frank," as the "b'ys" delight to call him, while his respected father's will is on file in our probate office calling him "Franklin," why, the votes would all have to be thrown out, according to democratic precedent, wouldn't they? What say you, Messrs. James A. Weston, Albert R. Hatch and Asa Fowler, upon that question? If you have changed your mind, when did you see the new light? Was it at the same time Hancock changed his on the validity of the constitutional amendments? And when was that?—*Dover Republican.*

Our young but vigorous Dover contemporary evidently does not fully understand this matter. It apparently does not know that technical errors and informalities, and clerical blunders, are "fatal" to republican election returns only; and that the same James A. Weston who could not conscientiously permit "Natt" Head to be a state senator, could and did give "Frank" Jones a certificate as member-elect of the national congress. So in Maine, clerical errors and technical informalities in the returns from democratic towns were subject to correction, while similar errors in the returns from republican towns were "fatal," and when it was found by the fusion counters-out that not enough of such errors had been made to answer their purpose of stealing the election, forgery was invited in to lend a hand; and the contest in Maine this fall is largely concerned with the "vindication" of the Garcelon gang of scoundrels, most of whom have been re-nominated high official positions as a reward for their devotion to "democratic principles."

INAUGURATION.

The inauguration of the city government took place on Tuesday at the court house. Mayor Sise, who enters upon his third term, took the oath of office. Daniel J. Vaughan was re-elected city clerk, John Clark president of the common council, and Robert E. Rich clerk of the council. Prayer was offered by Rev. James DeNormandie, after which Mayor Sise read his address, as follows:

Gentlemen of the City Councils:

We have met here today and taken the oath of office for the several positions to which we have been elected, and as we now enter upon the responsible duties pertaining thereto, let us one and all firmly resolve to do them well and thoroughly and to the best interests of this people and our beloved City.

For myself I feel under deep obligations to my fellow citizens in that they have again and for the third time elected me to the highest office in their power to bestow, it will be my earnest endeavor to always merit such confidence.

During the past year our rate of taxation has been considerably reduced, and this with no detriment to any branch of service; if a still farther reduction can be made then we, in common with every other tax-payer, will rejoice thereat.

Let me remind you at this time that it is not the Mayor, but the City councils who by their votes increase or decrease taxation.

Our schools still maintain the high standard of previous years, and it is gratifying to note that the few changes decided upon last season have farther advanced their general status. We have an excellent corps of teachers and certainly the very apparent progressive condition of their several charges, is the best evidence of the faithful performance of the duties committed to their trust. I shall early call your notice to the lack of room in school district No. 1—a matter which had the serious though rather late attention of our last city government. I trust that when the subject is properly brought before you, it will meet your immediate and favorable consideration.

During the past year our city has been remarkably favored in exemption from disastrous fires, due in part to our watchful and efficient department. The new steam fire engine, No. 2, contracted for at the Manchester Locomotive Works, has been received, and proves, by common consent, a valuable acquisition to the service. I will also note that 1400 feet of new hose has been purchased, a part of which is at hand, the balance to arrive in a few weeks. The steamer Moses H. Goodrich, No. 4, has undergone thorough improvements at the hands of Messrs. Critchley & Whalley of this city, and is now one of the best engines in the department. I would ask your early and serious consideration of the several important recommendations made by the Chief Engineer in his annual report. I must not leave this subject without saying that too much praise cannot be bestowed upon the officers and members of our fire department, who, knowing their duties, perform them well and faithfully. Certainly the compensation received by them is but small reward for such invaluable services.

To the guardians of our city, the City Marshal and members of the police force, are due our acknowledgements for the excellent order and freedom from crime enjoyed during the past year. I wish here to express my appreciation of their services, and the hope that no change will be made in the force. When we have a well disciplined, thoroughly tried, and courteous police, any change must be injurious to the good order of the city.

As usual, our streets and sidewalks are in good condition, due to the prompt care and foresight of the Street Commissioner, who has ever shown a desire to make and keep them a source of pride to us all.

In regard to the almshouse and city farm, I can only reiterate what has been said before, that under the management of the superintendent, and his wife, the matron, everything pertaining thereto is as it should be, and to the best interests of the city.

The poor of the city have been well cared for in the past, and it will be your duty to make proper provisions for their future support; to the board of overseers of the poor rests the responsibility of a judicious expenditure of such sums as you may appropriate for this worthy object.

I am pleased to state that the suit of the Portsmouth & Dover railroad against the Eastern railroad, for rent due, resulted in favor of the former, the validity of the lease and all matters pertaining to the construction of the road having been vindicated beyond the possibility of a doubt.

In the annual report of the City Solicitor you will learn the nature of the suits against the city. Since then new cases have arisen, and in each one I believe the city to be right. I would here thank the Solicitor for his quick response at all times when called upon officially by me.

The subject of public bathing places is now attracting the attention of our people. No feasible plan has as yet been offered, and I ask that you will give this subject your consideration that some action may be taken thereon.

It is many years, if ever before, that our city has shown such marked signs of improvement as now; new houses have been built and old places of business modernized, while, added to this, a new industry has been started, which I sincerely trust is only the beginning of an era of prosperity for the community. No place offers better inducements for those seeking business or pleasure, than does this beautiful city of ours.

Gentlemen, in closing, I must express the hope that in the deliberations that are to come before us, let us by harmonious and united action do everything in our power that shall be just and needful to advance the common welfare and prosperity of our home.

An adjournment was taken to Thursday evening, at the usual time and place.

YORK COUNTY ITEMS.

The Tallapoosa, Lieut. McRitchie commanding, leaves the navy yard for Washington and intermediate ports this morning.

Elbridge M. Hanson, who had been missing from Old Orchard for several days, was found on Sunday night nearly naked in the woods in the lower part of Biddeford, evidently insane.

The Portland district Methodist camp meeting began at Old Orchard on Monday, the 9th inst., to continue until the 14th. Rev. P. Jacques, presiding elder of the district, is in charge of the exercises.

No. 58 Market Street, Portsmouth, N.H.

Coffins Robes and Caskets always on hand or made to order. Orders left at 39 Deer Street or 27 State Street, by day or night, will be promptly attended to. S. S. FLETCHER, H. G. TANTON.

A Good Introduction.

Favorite Remedy was introduced into Connecticut in 1877, at the solicition of Rev. J. G. Smith, of Hartford, who, after having suffered for years from chronic liver disease and indigestion, obtained the medicine and was cured. This faithful pastor, thinking of the bodies as well as the souls of his people, at once commenced the advocacy of "Favorite Remedy" among them, and has been the happy instrument of saving scores of lives. Favorite Remedy is now sold well and favorably known in Connecticut as along the Hudson. One dollar a bottle. All druggists sell it. Dr. David Kennedy, Proprietor, Rondout, N. Y.

George H. Van Brunt, a druggist of Seabright, N. J., is held on a charge of manslaughter for causing the death of Catharine Monahan by putting up a preparation of morphine in mistake for Epsom salts.

BRIGHT BOY—Governess (desirous of explaining the word "enough"): "Now, suppose, Freddy, that you give pussy all the milk she can lap, all the meat she can eat, and all the sweet-cake she cares for, what will she have?" Freddy (with surprising alacrity): "Kittens." If Freddy himself had eaten it all, he would have called for *Sanford's Jamaica Ginger* immediately.

C. A. E. Merritt, keeper of a summer hotel at Nonquit beach, Mass., has absconded, in debt to nearly all the persons who have been furnishing supplies for the hotel. He is a nephew of the collector of customs of New York.

How They Feel at Adrian, Mich.

Reed, Beach & Smith, druggists of this city, say that Day's Kidney Pad is giving the very best of satisfaction. One of their customers says he would not take two hundred dollars for the one he has if he could not get another.

A grand musical convention, composed of as many bands in the state as may join, will be holden at Weirs some time in September.

Ulcerative weaknesses and debilitating humors of females cured by Mott Bitters.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Ladd and Market streets.

An Odd Business Transaction.

A small social circle in Saugerties, New York, is now anxiously awaiting developments in a romantic affair that has come to light within the past few days, in which a young dry goods clerk in Saugerties, and a Columbia county, girl, play the leading parts. The names of the parties are suppressed, but the affair is of such an unusual character that it becomes a matter of public comment.

On Friday, July 26th, the young clerk was busily engaged in cleaning the interior of a front show window, when a fashionably-dressed and comely young woman entered the store and asked the proprietor, in a vivacious manner, what he would take for that article in the window, nodding significantly toward the young man. The proprietor laughingly replied that he would sell him for a dish of ice-cream. The young woman said: "Very well, I will take him," and departed, returning a little later in the day with a female friend, when she invited the proprietor out to a saloon to bind his bargain. The proprietor entered heartily into the spirit of the joke, as he looked upon it, and went with her.

On his return to the shop the young woman accompanied him, and said, as she started to leave: "I am going home on Monday noon; so have that article ready for me, as I shall certainly call for it." The clerk thereupon demurred, and said the bargain would not be binding unless he had a dish of cream as well, at which the young lady said: "Very well, you shall have the cream," and left, returning in a few moments with a dish of cream in her hands. The young man devoured the cream and enjoyed a social chat with his purchaser, and, becoming quite interested in her, made up his mind to stick.

On Monday afternoon, Aug. 2d, the young woman, true to her promise, drove up in a hack to the shop on Main street, and at stalked her purchase, clad in a new linen duster and store clothes, and with a hand-bag and sun umbrella in hand. The hack drove off, amid the laughter and best wishes of the fellow clerks of the young man, and the congratulations of the proprietor to the young woman, who warranted the young man to wear well and hold his color, and that he would never fade. The party took the 2:30 train up the river, and on Monday evening the merchant received a dispatch from the young woman stating that she had arrived at home safely with her purchase. The girl is worth about $25,000 in her own name, and is about twenty years old. The young man is fine-looking, has a neat little bank account of his own, and all say that the young woman might "go further and fare worse."—*Kingston, N. Y., paper.*

—A very popular shade for the summer is the shade of the trees.

—The census man has found a boy in Troup county, Ga., who is only twelve years of age, but is married to a large, fine-looking, buxom woman, and they are living peaceably and happily out on a farm. The boy is a very thrifty young man.

—"Mary Adams" is a mysterious factory girl in a mill at Winthrop, Mass. She wears a thick veil while at work, or going to and from the mill, talks to no one but her boarding house keeper, and goes to church regularly, but shakes hands with no one. They say she is the daughter of rich Boston parents, who stopped giving her money because she gave it all to the poor and labored as a city missionary.

—A Cambridge mother sent her small boy into the country, and after a week of anxiety has received this letter: "I got here all right and I forgot to write before; it is a very nice place to have fun. A feller and I went out in a boat and the boat tipped over and a man got me out and I was so full of water I didn't know nothin' for a good long while. The other boy has got to be buried after they find him. His mother come from Chelsea and she cries all the time. A hoss kicked me over and I have got to have some money to pay a doctor for fixin' my head. We are going to see an old barn on fire to-night, and I should smile if we don't have bully fun. I lost my watch and I am very sorry. I shall bring home some mud turkles, and I shall bring home a tame woodchuck if I can get 'em in my trunk."

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Cholera,
AND ALL THOSE NUMEROUS TROUBLES OF THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON.
No remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *there is seldom danger of the fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE!

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family, and would not be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider it should not be doing my duty to the community did I not say this much. If I were attacked by the Cholera to-day, Pain Killer would be the only remedy I should use, as I have thoroughly tested it, and know it can be relied on.

E. E. BERGINSEND,
Galena, Illinois.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never do without it.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

KIDNEY-WORT

PERMANENTLY CURES
KIDNEY DISEASES,
LIVER COMPLAINTS,
Constipation and Piles.

DR. R. H. CLARK, South Hero, Vt., says, "In cases of KIDNEY TROUBLES it has acted like magic. It has cured many very bad cases of PILES, and has never failed to act efficiently."

NELSON FAIRCHILD, of St. Albans, Vt., says, "It is of priceless value. After sixteen years of great suffering from Piles and Constipation it completely cured me."

C. S. HOGADON, of Rockaline, says, "one package has done wonders for me in completely curing a severe Liver and Kidney Complaint."

IT HAS WONDERFUL POWER. WHY? BECAUSE IT ACTS ON THE LIVER, THE BOWELS AND KIDNEYS AT THE SAME TIME.

Because it cleanses the system of the poisonous humors that develope in Kidney and Urinary diseases, Biliousness, Jaundice, Constipation, Piles, or in Rheumatism, Neuralgia and Female disorders.

KIDNEY-WORT is a dry vegetable compound and can be sent by mail prepaid.

One package will make six qts of medicine.

TRY IT NOW!

HUNT'S REMEDY
THE GREATEST
KIDNEY AND LIVER MEDICINE
EVER KNOWN.

HUNT'S REMEDY has saved from lingering disease and death hundreds who have been given up by physicians to linger and die.

HUNT'S REMEDY cures all Diseases of the Kidneys, Liver, Urinary Organs, Dropsy, Gravel, Diabetes, and Incontinence and Retention of Urine.

HUNT'S REMEDY promotes sleep, creates an appetite, brings up the system, and renewed health is the result.

HUNT'S REMEDY cures Pain in the Side, Back, or Loins, General Debility, Female Diseases, Disturbed Sleep, Loss of Appetite, Bright's Disease, and all Complaints of the Urino-Genital Organs.

HUNT'S REMEDY quickly induces the Liver to healthy action, removing the causes that produce Bilious Headache, Dyspepsia, Sour Stomach, Costiveness, Piles, &c.

By the use of HUNT'S REMEDY the Stomach and Bowels will speedily regain their strength, and the Blood will be perfectly purified.

HUNT'S REMEDY is purely vegetable, and meets a want never before furnished to the public, and by using it a cure may be placed in life.

HUNT'S REMEDY is prepared expressly for the above diseases, and has never been known to fail.

One trial will convince you. For Sale by all Druggists. Send for Pamphlet to WM. E. CLARKE, Providence, R. I. Prices, 75 cents, and $1.25 (large size).

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Rand, runs between the two ports each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the North, and at 3:30 P. M. in season for the afternoon trains west and north.
☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway station, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H,
This Hotel will open June 20. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.
An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.
The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
—THE—
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. The GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SPEER'S
PORT GRAPE WINE!
Used in the principal Churches for Communion and by Leading Physicians for Ladies and Family Use.
SPEER'S PORT GRAPE WINE,
FOUR YEARS OLD.
This Celebrated Native Wine is made from the Juice of the Ohpoto Grape, raised in this Country. Its Invaluable
Tonic and Strengthening Properties
are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.
Speer's P. J. Sherry,
A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.
SPEER'S P. J. OR PEDRO J. BRANDY.
This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.
Speer's Sambuci Wine!
celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.
Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.
AS A DIURETIC,
it imparts a healthy action to the kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
ALFRED SPEER, Proprietor,
Office, 34 Warren Street, New York.
Mt. Prospect Vineyards, Passaic, New Jersey.

American and Foreign PATENTS.
[ESTABLISHED 1865.]
GILMORE & CO., Successors to CHIPMAN, HODGES & CO., Solicitors. Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. No additional fees for obtaining and conducting a re-hearing. Special attention given to Interference Cases before the Patent Office. Extensions before Congress, Infringement Suits in different States, and all litigation appertaining to Inventions or Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.
Old Bounty Land Warrants.
The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.
Arrears of Pay and Bounty.
Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government over and above what they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & CO., and a full reply after examination, will be given you free.
Pensions.
All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.
Cases prosecuted by GILMORE & CO. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.
Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & CO. is thus secured. We desire to win success by deserving it. Address

STONES IN THE KIDNEYS
and BLADDER Expelled—Long Suffering of one of TROY'S best People.
A LUCKY MAN.
Mr. James Auffrews, of No. 10 Marshal Street, Troy, N. Y., had suffered for several years from the formation of Stones in the Kidneys and Bladder, and had doctored with many of the best Physicians without receiving any benefit. He was induced to try Dr. Kennedy's "Favorite Remedy," and the following extract from Mr. Andrews letter tells the whole story.
TROY, N. Y., April 8th, 1880.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR,—I received your letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have been a sufferer to-day to this day. The stone that passed from me has a small piece broken off, but the large one I enclose so that you can see for yourself of what it is composed.
I am quite willing to testify under oath to all I have said in regard to my suffering and the recovery, and words fail to fully express my feelings of gratitude to you for my great deliverance from so terrible a disease.
With a real grateful heart I remain yours most respectfully, JAMES ANDREWS.

RUPTURE
DR. J. A SHERMAN—AND THE ONLY DR. SHERMAN now to be found in Boston for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury to use a truss, now to be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by direct external treatment.
No man is safe who has a Rupture, no matter how small or large it is, and the injury to every man who has died from it once flattered him off that it was but a trifling ailment; and every man who now wears a truss is and the injury to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is now stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieve or be forever the day of suffering and gloom comes upon him.
Patents from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom without the country, and the West Indies. The afflicted should read it and inform themselves.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents, in consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his Boston and New York offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is
Dr. J. A. SHERMAN
251 Broadway, cor. Murray St., N. Y.,
—AND—
43 Milk St., Boston.
Beware of certain confidence men and impostors who represent themselves as Dr. Sherman.

PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents.

TESTIMONIALS.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.—*Dear Sir:* You procured for me, in 1866, my first patent. Since then you have acted for me and advised me in hundreds of cases and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

BOSTON, January 1, 1880. 3tawtjan181

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.

DISCOVERER OF

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, DIRECTS THE VITAL POWER ARIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS **radical and entire. It strengthens** THE BACK AND PELVIC REGION; IT GIVES TONE TO THE WHOLE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory.

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlet. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 25 cts.

GEO. C. GOODWIN & CO., Boston, Sole Agents.

Sold by Druggists.

SMITH'S MEDICATED PRUNES. LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS.

THIS Fruit preparation is as pleasant to the taste as prunes prepared for the table, and embraces the best medicinal agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as affect those who are costive. They cause effective reaction of the bowels without nausea or griping and admit of continued use without the *reactionary* effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medication is *entirely vegetable and healthful.*

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians as a "they should be always kept in the house."

All Druggists sell them.

The Smith Medicated Prune Co., Proprietors, Hartford, Conn.

TRADE MARK. **DAY'S Kidney PAD**

IS STRONGLY ENDORSED.

Rev. Peter Gauss, Galena, Ill., writes—"For over ten years I had been a great sufferer from pains in the small of the back and region of the kidneys, which was worse at night and at times almost insufferable. Doctoring brought no relief, and I finally advised to go home and seek the climate of my youth. In Germany and Switzerland, eminent physicians after close examination, declared my sufferings to arise from disease of the kidneys, for which nothing could do me no good. I was, however, benefited by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble grew again so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains at once grew less and at the end of three weeks after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and look again like a picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed, I consider the Day Kidney Pad Co., God's agents and great benefactors of mankind. May all the suffering be helped as I have been in my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.—30 years in business.—"DAY'S KIDNEY PAD is having a large sale and gives better general satisfaction than any remedy we ever sold."

CASPER WEITZEL, Policeman, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 25 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing great good here. It relieves every day and gives universal satisfaction."

For sale by druggists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $2.00; Special Pad (extra size), $3.00; Children's, $1.50. Give us the full name of the disease, the duration, history of this new discovery, and a large record of most remarkable cures, sent free. Write for it. Address,

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now seeking a reputation, we deem it due the afflicted to warn them for **DAY'S KIDNEY PAD** and take no other.

GEO. C. GOODWIN & CO., Gen'l Agents, Boston

JAMES PYLE'S PEARLINE

NEW GOODS!

—AT—

HUTCHINSON'S.

Daily Chronicle.

Chronicle Correspondence.

WASHINGTON, D. C., Aug. 10th.

In twenty years of constant intercourse with Washington people, I have never before known them so confident as now of success in securing needed harbor improvements. A hundred years ago, a trade was carried on by foreign vessels of large tonnage with a port five miles above this city on a branch of the Potomac. To-day the branch is hardly more than a marsh, and the harbor of the city and that of Georgetown, just above Washington on the Potomac, is in a dangerous condition. For many years efforts have been made to secure the aid of Congress for an improvement of the harbor. "The branch," formerly navigable, is given up entirely. For the first time representative men from all sections of the country seem to see the importance of what has been so long urged. The present appropriation is very small, but will answer for preliminary work, and a newly aroused public sentiment will doubtless secure sufficient means hereafter to complete the work of putting the capital of the country in safe and easy communication by water with the whole world. Half the money spent in improving the navigation of the lower Mississippi, in the last five years, would give Washington as fine a harbor as would be desired.

Within the past few days a large number of persons, of both sexes, have received appointments in the census office, and many more are yet to be appointed. The pressure brought upon General Walker for place has been tremendous. But few of the more recent appointees receive more than $600 per year. The demand for office was so great that General Walker found that he could get competent clerks at $720, $680, and even $400 per year. It will be some time before Commissioner Walker will be ready to issue figures of population, etc. After the first review and computation is made, it is subjected to two revisions, and until such revisions are made, the data are not considered accurate. It is estimated that it will take three years at least, to complete the entire compilation of the census.

KNOX.

—Show me a people whose trade is dishonest, and I will show you a people whose religion is a sham.

—The life of a submarine telegraph cable is from ten to twelve years. If a cable breaks in deep water after it is ten years old, it cannot be lifted for repairs, as it will break of its own weight, and cable companies are compelled to put aside a large reserve fund, in order that they may be prepared to replace their cables every ten years. The action of the sea eats the iron away completely, and it crumbles to dust, while the core of the cable may be perfect. The breakages of cables are very costly, and it is a very difficult matter to repair them, in comparison with a land line.

EVANS, COL., Jan. 8th, '80.

Dear Sirs—The Kidney-Wort I got of you is the best medicine I ever used. I shall recommend it to all my friends. I thank you and kind Providence for conveying it to me, it is a great temporal blessing.

Very Respectfully, WM. WELLS.

—Charles A. Dana began his journalistic career on Elizur Wright's *Chronotype* in Boston at a salary of five dollars per week. The *Hour* says: "Like all men of genius, Mr. Dana has his hobbies. A few years ago, a Cochin China rooster, a black Spanish chicken or big breasted Dorking was an object of adoration for him, and his expensive aviaries and hencoops were so much admired by the aboriginal Long Islanders that, upon one dark and stormy night, while all his blightoned dogs were fast asleep, a host of piratical boatmen landed upon the estate and stole all the poultry, with the exception of one solitary rooster, who still welcomes the rising sun."

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—*Press.*

—"Would you mind standing here till I go in and get a cigar?" he asked. "Of course not," she replied; "but don't you think, Henry, that smoking is offensive, and that it will be easier practising economy after marriage if it is practiced during courtship?" "You're right," he said; "I shan't smoke any more, sweet," and she looked unutterable love at him as they resumed their stroll. Just then they came to an ice-cream saloon, and he said, "There, now; I meant to treat you to ice-cream, but, as you say, it is best to practice economy during courtship. Ten cents for a cigar, thirty cents for two ice-creams—forty cents saved in a single night. Let's go over to the fountain and take a drink of water." They went; but she was mad enough to bite her own head off.

Pure, wholesome, nutritious and stimulating without intoxicating are Malt Bitters.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

THURSDAY, AUGUST 12, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

News and Notes.

The Trenton and Wyoming were off Gravesend, Eng., July 26th.

The $600 prize sword to be awarded to the best drilled Commandry of Knights Templar at Chicago, is made from the finest steel, and is etched with numerous designs and the words "First Prize, Chicago, 1880." The hilt is a beautiful piece of jeweler's work, the heaviest gold plating being covered with Templars' emblems and with diamonds, emeralds and rubies. Just above the blade is a representation of Constantine's tent and dream. The arms of the hilt end in triangles, and are embossed with the cross and crown. Above the arms the handle is formed of a knight in full armor in the first movement of drawing the sword. The sheath is made of nickel, heavily plated with gold.

Gen. Auger has been temporarily ordered to his command in the department of the south, and the board of revision of the army laws, of which he is a member, has taken a recess in consequence.

The town of East Milston, N. J., has had a decided sensation during the past few days, in the elopement of Mrs. Lizzie Tunison, a married woman, with a widower named Garret Bowman. She is the wife of the town schoolmaster, and left two children behind. Bowman is a butcher, and left a child with Mr. Tunison. He had been boarding with the Tunisons. Nothing has been heard from the guilty pair since their departure. Mrs. Tunison left an elegant home in Trenton, and was clandestinely married to Mr. Tunison when he was a young student in the Normal college. She objected at first to Bowman as a boarder. He was their neighbor when he lost his wife, eight months ago, and was well-to-do in business.

It has been ascertained at the state department that beyond some correspondence passing between Secretary Evarts and the Spanish minister, nothing of a definite character has transpired in relation to the search of American vessels upon the high seas by Spanish war vessels. The opinion is expressed at the department that some weeks will elapse before any conclusion is reached in the case. It is not doubted here that the Spanish government will make ample reparation for the indignities to which American ships were subjected while pursuing their voyages.

The post-office in Ipswich, Mass., was entered through the rear windows on the night of the 9th inst., and all the letters opened and whatever money they contained stolen. This is the fourth time this office has been robbed within a few years, the safe having been carried off in 1877.

William B. Kelley, aged about twenty-five years, was drowned while swimming in New Bedford harbor, Tuesday forenoon, the 9th inst.

Charles Simmons and wife, and their daughter, Mrs. Davis, of Westfield, were fined $15 and costs each, on the 9th inst., for horsewhipping Dr. Levey for an alleged slander. They appealed to the superior court of Massachusetts.

Six barges, one schooner and one ship, and from twenty to thirty million feet of lumber, were burned at Hunter's Point, New York, on the 18th inst. The fire was caused by the explosion of barrels of naphtha on the wreck of a bark that was destroyed by fire a few days before near the same place, the burning naphtha floating on the surface of the water under the docks and around the vessels.

A package of cartridge shells, addressed to the Waterbury Brass company, exploded in the New Haven post office on Monday, Aug. 9th, fortunately hurting no one. The sender, when known, will be prosecuted.

The government is likely to make a handsome profit out of the fractional currency issued during the war. The total issues were $368,724,079.46, and of this there is still unredeemed $16,579,768.77. This is 4 1-2 per cent upon the issue, or more than the rate of interest which the government pays upon its latest issues of bonds. It is not likely that the government will ever be called upon to redeem any considerable amount of this money. The most of it has been worn out, while no inconsiderable portion has been hoarded as mementoes of the war. Of course the loss by wear and tear comes on the people, and yet there are many who wish it to be restored.

In a Des Moines, Iowa, home the other day, an aged mother lay on her death-bed, knowing that she could live but a short time. In the same house her husband was suffering intensely with a cancer in his face. Two daughters sat near the mother's bed, each holding a child of her own, and both the children thought to be dying. A third daughter was in another room, and believed to be on her dying bed.

The first comptroller of the treasury has decided that a draft of the United States treasury cannot be attached by order of any state court, reaffirming a former opinion of Mr. Guthrie when secretary of the treasury that a government draft cannot be garnisheed.

Elizabeth Bellville, a maiden lady of Delaware City, has just died from starvation. From January 22d to June 5th she lived on oysters, and of these not more than eight per day were given her. For two weeks after this, life was sustained by daily allowances of currant water. About June 10th her stomach refused to hold even this, and since that time up to the hour of her death she has lived without nourishment of any kind. The only medicine administered was in the form of pills, of which morphia was the principal ingredient. Before her illness she weighed about 170 pounds. It was thought she had lost during sickness about twenty pounds of flesh. After death there were no symptoms of the sufferings she had endured.

The bark Palo Alto has arrived at Pensacola from Aspinwall, and is in quarantine with all hands except two sick with yellow fever.

The President has commuted the sentences of two American sailors, Ross and Dinkelle, convicted in an American consular court at Japan of murder in the first degree, and sentenced to death.

There are some queer things in the late Alabama election returns reported thus far. In 1876, the entire vote of Chilton county was 1,141; now it reports a democratic majority of 1,800. St. Clair county reported 1,629 votes in 1876, of which 414 were republican; now it reports a democratic majority of 1,600. Etowah distinguished herself by a democratic majority of 1,000 on an aggregate vote of 1,647 four years ago, but now disputes the place of banner county, with an alleged democratic majority of 2,000; Lowndes showed a republican majority of 2,400 in 1876; it claims now a democratic majority of 1,200, being just 110 more than its entire democratic vote of four years ago. There is nothing like what Gen. Hancock calls "a full vote."

New Hampshire Items.

Ephraim G. Hastings, a switchman in the Manchester freight yard of the Concord railroad, was run over by a freight train and instantly killed, Wednesday morning of this week. He had been employed in the yard about twenty-eight years, was about fifty-four years old, and leaves a wife and several children. This makes the third man killed near the same place within two months.

Mrs. Martha Hutchins of Rumney attempted suicide on the 9th inst., by taking Paris green, making her third unsuccessful attempt.

George P. Rowell, the advertising agent, of New York city, has purchased a valuable farm south of Mt. Prospect, in Lancaster, his native place, which he will make his summer home.

Fred Legro of Lancaster was arrested at Woodville on the 10th inst. by Deputy Sheriff Fellows on a charge of stealing the horse of Thomas White of Dalton, and committed to jail to await examination. The horse was returned to the owner.

— Coral jewelry, which has been quite out of fashion for some time, is beginning to be worn again.

—The French opinion of Dr. Tanner's fast is pithily summed up in *La France*, which says: "This prodigious fast will not fill the stomachs of the starving. There is no need to be a great doctor to make such experiments. All the wretched make them each winter. Dr. Tanner has done the poor a great deal of harm. The familiar appeal 'Sir, pity me; I've eaten nothing for two days,' will never more have any effect on us."

—She—"Of course you went to Monsieur Renan's lecture on Marcus Aurelius?" He—"No, I didn't. Who's Marcus Aurelius?" She—"Why, a Roman Emperor, to be sure, and a stoic." He—"Haw—what's a stoic." She—"A stoic? Well, at all events, Marcus Aurelius was one—at least, he didn't go so far as most stoics." He—"Didn't he? How far do they go?" She—"What a ridiculous question." (Collapse of conversation.)—*Punch.*

—When young Jeff first came up to town his father told him that it would be polite when being helped at dinner to say to the host, "Half that, if you please." It so happened that at the first dinner to which he was invited a sucking pig was one of the dishes. The host, pointing with his knife to the young porker, asked, "Well, Mr. Jeff, will you have this, or hunsch of mutton?" Upon which, recollecting his first lesson, he replied, "Half that, if you please," to the consternation of all present.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

ARRIVED August 11th.

Sch D K Ham, Freeman, Boston for Dover.
Sch J W Woodruff, Barber, New York.

SAILED August 11th.

Sch Bonanza, Allen, Gloucester.

Ship Paul Jones, Gerrish, arr at Shanghai, China, Aug 9th, from New York April 27th.

Sch W E Eldredge, Baker, from New York arr at Boston 9th.

Sch Roxanna, Mitchell, for this port old Baltimore 7th.

Sch C H Trickey, Kelly, from Dover arr at Philadelphia 9th.

Another Ocean Horror.

A telegram from Aden to London reports that the steamer Jeddah, from Singapore, sank off Cape Guardafui on the 8th inst., with 953 pilgrims for Jeddah. All on board were lost except the captain, his wife, the chief engineer and sixteen natives, who were picked up and brought to Aden by the steamer Scindia.

Later—A despatch from Aden, dated Aug. 11th, says "The steamer Jeddah has been picked up and towed into this port by the steamer Antenor;" and a still later despatch from the same place says "The steamer Jeddah, which her master abandoned, did not founder as he reported. She arrived here all safe at three o'clock last night."

The Three Graces

are represented with perfectly developed forms—beauty and health combined. No decayed toothed man or woman can be healthy, because digestion must be imperfect. Use SOZODONT, get healthy teeth, good digestion and a sound body. Revive the three Graces.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only in boxes.* Tu,Th&F&eo

TO INVESTORS who particularly want 6 per cent. income and *perfect safety*, no better securities are in the market than the first mortgage bonds of the Toledo, Delphos & Burlington Railroad Co. It is an interesting fact to know, that while most railroads are mortgaged from $15,000 to $25,000 a mile, the issue of this road is less than $7000 a mile of first mortgage bonds. Apply to Geo. Wm. Ballou & Co., bankers, Boston or New York, for full particulars.

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor, "Some time ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and cathartic, pleasant to the taste, free from nausea or griping. Smith's Medicated Prunes are a certain cure for Con-tipation and Biliousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Leighton & Son, grocers.

AROUND HOME.

The United States ship Portsmouth, now at Mt. Desert, Me., will shortly arrive at this port.

Rev. W. R. G. Mellen of Toronto, Canada, has accepted a call to become the pastor of the Unitarian society in Dover, to commence the first Sunday in October.

The yacht Coming arrived at this port on Tuesday afternoon of this week, and was towed down the river by the Clara Batemen on Wednesday morning, bound westward.

Suit has been entered against the Cocheco Manufacturing Co., of Dover, to recover $15,000 for injuries inflicted upon Maggie Gorman by the blasting accident of a few weeks since.

The ship Paul Jones, of this port, Gerrish master, arrived at Shanghai, China, on the 10th inst., having made the run from New York in one hundred and six days—an extraordinarily quick passage.

A ten-years-old son of Assistant Marshall Cole fell from a tree on the 11th inst., striking on the back of his neck and receiving serious injuries. The boy was considered to be in very critical condition on the evening of that day.

Poland Springs, Me., is becoming a favorite resort for Portsmouth people. On Wednesday of this week Mr. Frank E. Dearborn, wife and child, Mr. N. F. Mathes and wife, Miss Fanny Mathes, and Mr. R. H. Perkins, all left for that place to spend a week or two.

The Portland (Me.) *Press* says that Gen. Kilpatrick's meetings are the largest and most enthusiastic ever held in that state. He holds the audience for an hour and a half, and is frequently greeted with bursts of applause, while his hearers seem wild with excitement. The *Press* says no synopsis can do justice to this eloquent lecturer, who will speak in Music hall to-morrow (Friday) evening.

We are informed that Mr. Charles Walsh, a gentleman of much avoirdupois residing on Charles street, went to the aqueduct in his dwelling on the 10th inst. to get some water, and got more than he wanted, the floor going down under him and letting him into the cellar, where he found himself up to his neck in salt water, which had flowed in with the high tide. The friends who hastened to the resue found Mr. Walsh cool, in every sense of the word, and he was assisted out unhurt.

Samuel W. Ham, of Northwood, who broke his arm on the highway in Dover early in 1879, owing to an alleged defect, and sued the city for $1500 damages, has been settled with, the city paying him $88. Elmira A. Ham sues the city for $10,000, for injuries received from a fall on the sidewalk; Samuel P. Demeritt of Barrington claims $100 on account of the death of a horse, which had to be killed, having broken its leg by stepping on a stone in the road; and James W. Hughes & Co. demand $100 for damages occasioned to their wagon and its contents through the overturning of the vehicle, which it is alleged was caused by a mortar-pen on the road-side. The writs in all these cases are returnable in September, when also the case of Harriet S. Clay against the city, a claim of $1000 for flowage of her property, will come on.

The republicans of North Hampton raised a flag-staff one hundred feet long on the 11th inst., and at four o'clock in the afternoon ran to the masthead a flag thirty feet long and twenty feet wide, bearing the names of Garfield and Arthur. The pole was given by Mr. Frank R. Drake of that town, and is topped by a gilded eagle which was in use twenty years ago. Mr. James Batchelder, one of the oldest residents of the town and a veteran republican, was introduced just as the flag was going up, and called for three cheers for the flag and the candidates, which were given with a will, the Rye cornet band responding with "Hail to the chief." The company then repaired to Hobbs' hall, where addresses were made by D. Arthur Taggart of Goffstown, O. C. Moore of Nashua, and Col. Peter Sanborn After the speaking the assemblage adjourned to the Congregational vestry, where an excellent and abandant collation was served.

Some boys were bathing on the beach at Point of Graves, on Wednesday, the 11th inst., when they discovered a monkfish in chase of them. They got to the shore first, but the fish followed soon after, and the last seen of him he was head on for the aquarium.

The United States steamer Tallapoosa left the navy yard at this station at half-past ten o'clock on Wednesday morning, of this week, and arrived at the Boston navy yard at four o'clock P. M. The Tallapoosa on her trip carried the pennant of Com. English at her main. The commodore leaves the Tallapoosa at Boston and at once returns to Washington to resume his official duties at the navy department.

Rear Admiral Robt. H. Wyman, U. S. N., is in town.

REPUBLICAN CLUBS.

At a meeting of the republicans of ward three, held on the evening of the 10th inst., the following-named persons were elected officers of the Ward Three Republican Club:

President, Charles H. Hayes;

Vice Presidents, Charles H. Whidden, Elijah Clough, John Turner, David R. Ambrose, William Hidden, George Foss, Joseph Spinney;

Secretary, Charles W. Taylor;

Executive Committee, Charles H. Hayes, Hanson W. Seavey, Franklin Cole.

A large and enthusiastic meeting of republicans was held last evening in the republican headquarters in the new Frank Jin building, to organize a Garfield and Arthur club. Daniel J. Vaughan was elected temporary president, and Charles A Hazlett secretary; Wm. H. Sise was elected president of the club; and a committee consisting of Wm. Russell Foster, Charles A. Shannon, and Wallace Hackett was appointed to nominate other officers for a permanent organization, and report at the next meeting. An enlistment committee was appointed, and they secured a long list of signatures to the roll of the club.

POLICE COURT.

WEDNESDAY, Aug. 11; *Batchelder J.*

The case of James McCarthy for an assault on Richard M. Patten, continued from Tuesday, was called up and *nol. pros'd.*

PORTSMOUTH & DOVER RAILROAD MEETING.

The annual meeting of the stockholders in this road was held in this city on Wednesday, Aug. 11th, when the following-named gentlemen were chosen directors:

Frank Jones, Daniel Marcy, William H. Sise, Albert R. Hatch, Oliver Wyatt, Andrew H. Young, Charles H. Sawyer.

it was voted "That the directors be authorized to offer for sale to the highest bidder the one hundred and twelve shares of stock in the Portsmouth & Dover railroad now belonging to this corporation, provided no offer of less than par shall be accepted. And that when received the directors be instructed, out of the proceeds of said sales and the balance of cash on hand, to pay to the stockholders of July 1, 1879, a dividend of one and one-half per cent."

The following preamble and resolution were unanimously adopted:

Whereas, Hon. Frank Jones, president of this corporation, has rendered valuable services in its behalf ever since his election to said office, and especially during our differences with the Eastern railroad company, and declines all compensation therefor: therefore

Resolved, That the thanks of the stockholders be extended to Mr. Jones for the interest he has taken in the affairs of this road, and the valuable assistance he has rendered it.

The meeting then adjourned.

The directors afterward met, and organized by choosing Hon. Frank Jones president, George L. Treadwell treasurer, and Calvin Page clerk.

Voted, That the president and treasurer be authorized to advertise for proposals for the purchase of the whole or any part of the one hundred and twelve shares of stock.

A BIG MACKEREL.

The sojourners at the Shoals were greatly interested in the capture of a big horse-mackerel on Tuesday of this week, by Orrin Caswell and Charles Johnson, who went out in one of the row-boats belonging to the Appledore house, and fastened to the fish with a harpoon. The fish was struck in the open water between Appledore and Star islands, and as soon as he felt the iron started off at a high rate of speed, towing the boat, and also a dory containing another man, who pulled up and hooked to the row-boat for a drag when he saw she was fast. The two boats were towed in a zigzag course until about two miles southwest of White island, before the fish became so exhausted that the men could haul him up and get a rope around him, after which the flotilla was taken hold of by Gen. Lawrence's steam yacht Nameless, and towed to Appledore, where the big mackerel was landed and found two weigh five hundred and ten pounds, and where it was inspected by all the guests of the hotels on the several islands, by whom the capture had been watched with much interest and excitement.

The horse mackerel is a fish not often seen except when it breaches into the air through a school of smaller fish; it is as handsome a fish as the common mackerel, which it closely resembles in nearly everything except size, its head being exactly like a mackerel's; and it follows the schools of mackerel, porgies, etc., in their migrations, to prey upon them. One peculiarity about this fish is that it has a groove on its back into which it can shut its back-fin, which stands eight or ten inches high when erect, so that the whole back will be perfectly smooth.

LEARN TO SWIM.

Several days ago three young lads, viz.: James Hartshorn, son of Henry S. Hartshorn, and Frank and Henry Grover, sons of Josiah Grover, went on a fishing trip, and anchored their boat with a stone at the mouth of Sagamore creek. When tired of fishing they attempted to lift their anchor, and as it was quite heavy young Harthorn and Frank Grover both took hold to raise it, when the noose suddenly slipped off the stone, causing the two boys to fall overboard backwards, the reaction sending the boat some distance away. The boy left in the boat is but eleven years old, and in his excitement his efforts to reach his companions were ill-directed, causing the boat to drift still further away from them, and had they not both been good swimmers they would certainly have been drowned; as it was, though encumbered with thick clothing—for the day was rainy and cool—they swam a considerable distance to the boat, young Hartshorn reaching her first and climbing in, and then helping his wet mate on board. The two boys were much exhausted by their experience, but not nearly so much as they would have been had they gone to the bottom of the river through not knowing how to swim, and stayed there. This little incident affords another illustration of the importance of boys learning to swim before they go on the water.

YORK COUNTY ITEMS.

A young daughter of John Meserve of Biddeford fell from a piazza at Old Orchard on the 8th inst., and broke her arm.

Commodore Easby, chief of the bureau of construction and repair, visited the navy yard on Wednesday, the 11th inst., and received the customary salute.

On the morning of the 11th inst., while Mr. B. Hughes, of the firm of Hughes Brothers, of Toronto, Canada, was bathing at Old Orchard, his room in the bathing house was entered, and a watch and chain, valued at $150, and $65 in bills, were stolen.

The York county "truck and dicker" conventions met at Alfred on the 10th inst., the greenbackers in the town hall, and the alleged democrats in the court house. The straight greenbackers made serious objections to a union, but the traders prevailed, and the following nominations were made, each convention ratifying the doings of the other: Senators, Ichabod Cole, democrat, of Eliot, John T. Wedgewood, greenbacker, of Cornish, J. Q. Dennett, greenbacker, of Biddeford; judge of probate, Joseph Dane of Kennebunk; register of probate, E. H. Gove of Biddeford; commissioner, B. Leavitt of Saco; treasurer, A. K. P. Meserve of Buxton; sheriff, E. F. Lord of Sanford. Gen. H. M. Plaisted, candidate for governor, and Gen. S. J. Anderson, nominee for congress in the first district, spoke in the afternoon.

The republican convention for the first congressional district of Maine was held at Saco on the 10th inst., and was called to order at two o'clock by B. E. Chase, Esq., of Bridgton. Charles E. Weld, of Buxton, was chosen president. Soon after the permanent organization Hon. James G. Blaine entered the hall, and was received with much enthusiasm. He addressed the convention for over an hour, being frequently interruped by applause. After Senator Blaine had finished, Hon. Nathaniel Hobbs of Berwick moved that Hon. Thomas B. Reed of Portland be nominated for representative to congress, and Mr. Reed was nominated by acclamation. Resolutions were adopted endorsing the republican national and state platforms, and pledging the support of the convention to Hon. Thomas B. Reed. The district committe chosen consists of Hiram Knowlton of Portland, James F. Brackett of Limington, Charles M. Moses of Biddeford, B. T. Chase of Bridgton, Andrew Hawes of Deering, F. A. Staples of Eliot, and Lewis McClellan of Biddeford. For elector, Elisha S. Jewett of South Berwick was nominated.

—A Toronto patent medicine man recently ruined the sale of his "Pulmonic Balsam" by publishing a testimonial from a man who asserted that "his wife, who had been unable to speak above a whisper for five years, had her voice completely restored by the use of one bottle." When the Toronto man realized the effect of the publication, he wrung his hands and said: "An enemy hath done this thing."

THE WEATHER.

Probabilities for New England: Friday.

WASHINGTON, D. C., August 12.

Clear or partly cloudy weather, variable winds mostly easterly, nearly stationary temperature, stationary or higher barometer.

ROYAL BAKING POWDER CO., New York.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to Office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. dlmo&w1m

HOSTETTER'S CELEBRATED STOMACH BITTERS

Defensive Medication

Is a precaution which should never be neglected when danger is present, and therefore a course of the Bitters at this season is particularly desirable, especially for the feeble and sickly. As a remedy for biliousness, dyspepsia, nervousness and bowel complaints, there is nothing comparable to this wholesome restorative.

For sale by all Druggists and Dealers generally.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or the close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains 5 entirel and very expensive engravings. Three hundred pages, more than 200 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to peculiarities habits or inherited. He is a Nervo specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., President of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. HEAL THYSELF

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.—*Albany Times.*

—The company to "support" Mlle. Bernhardt in this country have been all chosen in Paris, and the rehearsals have begun. Not a speck of them can talk the American language.

"A Drop of Joy in Every Word."

FLEMINGTON, Hunterdon Co., N. J.
Dr. R. V. Pierce, Buffalo, N. Y.:
Three months ago, I was broken out with large ulcers and sores on my body, limbs and face. I procured your Golden Medical Discovery and Purgative Pellets, and have taken six bottles, and to-day I am in good health, all those ugly ulcers having healed and left my skin in a natural healthy condition. I thought at one time I could not be cured; although I can but poorly express my gratitude to you, yet there is a drop of joy in every word I write.
Yours truly, JAMES O. BELLIS.

—The chairmen of the various political committees at Indianapolis have agreed to have no more cannon firing, in consequence of the death of a young lady the other day, caused by firing a cannon near the house where she was lying sick.

HYDE PARK, MINN., April 23d, 1880.
"I have taken a package of Kidney-Wort and it has made me so much better that I wish to recommend it to all that may need such a remedy. I am sixty years old, and have raised a large family of children. I have not been able to do my housework for many years, but now I have sent my girls all off and am doing my work alone, which surprises all the people who know me." MRS. P. MORSE.

—Among odd rings exhibited this year is one consisting of a golden horseshoe nail twisted around the finger and set with a precious stone of rare value. The effect is unique and pretty.

The aged and infirm are strengthened and faculties brightened by Malt Bitters.

STATED MEETINGS.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Ladd and Market streets.

"Make it Hot Along the Whole Line."

A speaker at the ratification meeting at the Cumberland county court-house, in Virginia, called upon his hearers to "make it so hot along the whole line that it will be a heinous offence, an outrage, for a white man in this country to own allegiance to Garfield and Arthur." A southern republican, one who served in the confederate army from the firing of the first gun to the surrender at Appomattox, but who sees no hope of progress or prosperity at the south so long as it maintains its Chinese exclusiveness under Bourbon rule, writes to the New York *Times* of his experience of what this "making it hot along the line" means. It means ostracism, slander, abuse, loss of business, degredation in society, scorn in the church, back-biting at the banks and schemes to injure and destroy not only his name and property, but that of his wife and children. It means that the house of God, the court house, the school-house, the jury box, the parlor and the press all unite to crush out any white man of character and affluence who unites himself with the republican party. If these words are not true, why is it that one of the most distinguished and efficient soldiers in the confederate army, and the most trusted of Lee's lieutenants, whose personal character is unsullied and the sincerity of whose convictions is unquestioned, is a pariah in southern society, and not only abused for his present political convictions, but decried and belittled in his military reputation. If this is done—and his conspicuousness makes it impossible to deny it—with such a pillar of the confederacy as Gen. James Longstreet, it is not probable that there would be any less hesitation or effect in dealing in a similar way with others of less claims or less prominence.

—Happiness is like a sunbeam, which the least shadow intercepts, while adversity is often as the rain of spring.

—Some time ago a British ironclad put into Vigo, and duly saluted the fort. No return salute was, however, fired, and all on board were discussing this breach of etiquette when a boat was seen approaching the ship bearing an officer in a gorgeous uniform. On reaching the deck he explained the object of his mission, which was to request the loan of a little powder to return the salute, as they were out of it on shore.

—A St. Louis court has recently decided that it is a conspiracy for which parties are liable for indictment and prosecution for a number of workmen acting in concert to stop work upon the partial completion of a task which it would be ruinous to delay, and thus take advantage of and endeavor to force their employers to yield to a demand for an advance of wages. The case came up in connection with a strike in the Vulcan steel works.

—The Long Branch *News* tells the following story: "A New Jersey farmer heard a strange noise among his hens one night seventeen years ago, and fired a shotgun from his bedroom window. The other day he received $500 from an unknown man, who stated that having his legs filled with birdshot had made an honest man of him, and now, as he was about to die, he desired to reward the shooter." Several Jersey farmers have since intimated their readiness to accommodate bank cashiers and others with birdshot upon reasonable terms.

Speer's Wine for Delicate Females.

It is a pure article from the juice of cultivated Sambucus, prepared and fermented by a new process, without the addition of any spirits. It is one of the most comforting cordials we have ever tasted for female weakness and kidney difficulties, consumption and general debility, and especially good for those who object on principle to stimulants, as it has all the properties of warmth and energy which occasionally render a resort to them absolutely medicinal. Each vintage must lay four years before put in the market. His success is remarkable, as it is now ordered by families, merchants and druggists, from all parts of this country, from South America, England, and even from the wine districts of France. It is getting a large sale in England for female weaknesses.

For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Cholera,
AND ALL THOSE NUMEROUS TROUBLES OF THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON.
No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and each it really is when taken in time and according to the very plain directions inclosing each bottle.
In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, the *chances are against danger of a fatal result* which so often follows a few days' neglect.
The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and in many instances a timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.
It has stood the test of nearly fifty years' constant use in all countries and climates, and is perfectly safe in any person's hands.
It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE:
I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family, and would not on any account be without it. When Cholera was last epidemic here, I used no medicine in my family but the Pain Killer, and although myself and several children of my family were attacked severely, I am happy to say that the most trusted of Lee's lieutenants, whose personal character is unsullied and the sincerity of whose convictions is unquestioned, is a pariah in southern society, and not only abused for his present political convictions, but decried and belittled in his military reputation. If this is done—and his conspicuousness makes it impossible to deny it—with such a pillar of the confederacy as Gen. James Longstreet, it is not probable that there would be any less hesitation or effect in dealing in a similar way with others of less claims or less prominence.
E. F. BERRINGER, Galena, Illinois.
No family can afford to be without it, and its price brings it within the reach of all.
The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never be without it.
Price 25c., 50c. and $1.00 per bottle. Take certain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

HUNT'S REMEDY
THE GREATEST
KIDNEY AND LIVER MEDICINE
EVER KNOWN.
HUNT'S REMEDY has proved from lingering disease and death hundreds who have been given up by physicians to die.
HUNT'S REMEDY cures all Diseases of the Kidneys, Bladder, Urinary Organs, Dropsy, Gravel, Diabetes, and Incontinence and Retention of Urine.
HUNT'S REMEDY encourages sleep, creates an appetite, braces up the system, and renewed health is the result.
HUNT'S REMEDY cures Pain in the Side, Back, or Loins, General Debility, Female Diseases, Disturbed Sleep, Want of Appetite, Bright's Disease, and all Complaints of the Urino-Genital Organs.
HUNT'S REMEDY quickly induces the Liver to healthy action, removing the causes that produce Biliousness, Headache, Dyspepsia, Sour Stomach, Costiveness, Piles, &c.
By the use of HUNT'S REMEDY the Stomach and Bowels will speedily regain their strength, and the Blood will be perfectly purified.
HUNT'S REMEDY is purely vegetable, and means want never before furnished to the public, and the utmost reliance may be placed in it.
HUNT'S REMEDY is prepared expressly for the above diseases, and has never been known to fail.
One trial will convince you. For Sale by all Druggists. Send for Pamphlet to WM. E. CLARKE, Providence, R. I.

KIDNEY-WORT
PERMANENTLY CURES
KIDNEY DISEASES,
LIVER COMPLAINTS,
Constipation and Piles.
DR. R. H. CLARK, South Hero, Vt., says, "In cases of KIDNEY TROUBLES it has acted like a charm. It has cured many very bad cases of PILES, and has never failed to act efficiently."
NELSON FAIRCHILD, of St. Albans, Vt., says, "It is of priceless value. After sixteen years of great suffering from Piles and Costiveness Kidney-Wort has cured me."
C. S. HOGARON, of Berkshire, says, "one package has done wonders for me in completely curing a severe Liver and Kidney Complaint."
IT HAS WONDERFUL POWER. WHY?
BECAUSE IT ACTS ON THE LIVER, THE BOWELS AND KIDNEYS AT THE SAME TIME.
Because it cleanses the system of the poisonous humors that develope in Kidney and Urinary diseases, Biliousness, Jaundice, Constipation, Piles, or in Rheumatism, Neuralgia and Female disorders.
KIDNEY-WORT is a dry vegetable compound and can be sent by mail prepaid.
One package will make six qts of medicine.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at 9 and 4 A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains, via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.
Baggage checked through these hotels is transported between the Eastern railway station and the hotels *free of charge*. The wharf of the steamer is a short distance from the depot stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.
This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing or fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious table for private parties, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for bathing at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in any land or grandeur.
An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.
The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from all sides of the house affords fine views. Its *cuisine* will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SPEER'S
PORT GRAPE WINE!
Used in the principal Churches for Communion purposes. Excellent for Ladies and Weakly Persons and the Aged.
SPEER'S PORT GRAPE WINE,
FOUR YEARS OLD.
This Celebrated Native Wine is made from the juice of the Ionia Grape, raised in this Country. Its Invaluable
Tonic and Strengthening Properties
are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.
Speer's P. J. Sherry,
A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.
SPEER'S P. J. OR PEDRO J. BRANDY.
This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.
Speer's Sambuci Wine!
celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.
Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.
AS A DIURETIC,
it imparts a healthy action to the kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.
Now genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

STONES IN THE KIDNEYS
and BLADDER Expelled—Long Suffering of one of TROY'S best People.
A LUCKY MAN.
Mr. James Andrews, of No. 10 Marshal Street, Troy, N. Y., had suffered for several years from the formation of Stones in the Kidneys and Bladder, and had doctored with many of the best Physicians without receiving any benefit. He was induced to try Dr. Kennedy's "Favorite Remedy," and the following extract from Mr. Andrews letter tells the whole story:
TROY, N. Y., April 8th, 1880.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR:—I received you letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have been a great sufferer to this day. The stone that passed from me has a small piece broken off, but the large one I enclose so that you can see for yourself of what it is composed.
I am quite willing to testify under oath to all I have said in regard to my sickness and recovery, and words fail to fully express my feelings of gratitude to you for my great deliverance from so terrible a disease.
With a real grateful heart I remain yours most respectfully, JAMES ANDREWS.
(septl)

J. H. THOMPSON & CO., Proprietors.
taug27 54 Broad St., N. Y.

RUPTURE
DR. J. A. SHERMAN—AND THE ONLY DR. J. A. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury incident to the use of the old Trusses, and at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from Rupture has flattered himself that it was but a trifling ailment; and every man who now suffers from and fears the injury of trusses, to such an extent that life has no enjoyment, once regarded it as unworthy special attention. It is not a mild, still affection; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished professional men, statesmen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and interm themselves.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents, in consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Every Monday and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is
Dr. J. A. SHERMAN
251 Broadway, cor. Murray St., N. Y.,
—AND—
63 Milk St., Boston.
Beware of certain confidence men and imposters who represent themselves as Dr. Sherman. taug28

AGENTS WANTED to sell the LIFE OF
GEN. JAS. A. GARFIELD,
By his comrade in arms and personal friend, Gen. J. S. BRISBIN, an author of *wide celebrity*. This work is *complete, authentic, low-priced*. Fully illustrated. Positively the *best and cheapest* book. *Now other official.* Send 50c. at once for outfit. We give the best terms. *Act quick and you can coin money.* HUBBARD BROS., Pub's, Springfield, Mass.

FACTS WORTH KNOWING.
Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known are so skillfully combined in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and
THE BEST HEALTH AND STRENGTH RESTORER EVER USED.
So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disorder, or if you need a mild stimulant, or appetizer, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.
Remember PARKER'S GINGER TONIC is not a rum drink, but the *best and purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, Ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. 1e14

Chronicle Correspondence.

EAST EPPING, August 10th.

The early part of my vacation was spent at Poland Spring, and there for almost three weeks we enjoyed more than has often fallen to our lot. The clear air, beautiful scenery and absolute quiet gave a peculiar charm to the place, and it almost seemed as if we had for a time been transferred to another planet, or at least to some enchanted spot. I never before spent the same length of time doing so near nothing and enjoying myself so much. This evening a friend told me that when he heard I had gone to Poland, he supposed it was Poland in Europe and that he shouldn't see me "round here this summer." What a fame! For Poland Spring is really getting famous, and so far as I can judge deservedly so. Twenty-nine miles beyond Portland, on the Grand Trunk road, is Lewiston Junction. There we left the cars and went the remaining three miles by coach. From Portsmouth the fare is all is about three dollars. On a beautiful ridge of land stands the Poland Spring house, and near by the Mansion house, formerly a farm house and country hotel, but now considerably enlarged to accommodate summer boarders; here we found a most pleasant and home-like stopping place. Better fare and kinder treatment one could not desire, nor could he find them, if he did. As far as the eye can reach extend green fields, forests, lakes and thrifty-looking farmhouses, while far to the west, rise Mt. Washington and all his train. The spring itself is the main attraction. It is on the northern slope, and the water works its way out from the granite ledge which apparently underlies the entire ridge and here crops out. A house has been built over the spring, and near by another for barreling, for six thousand barrels of the water are annually sent away, some to distant parts of the world. The water is nearly pure and as clear as crystal. It seems to be slightly charged with gas, but is tasteless. The stories of the wonderful cures it has wrought at first seem to me extravagant and incredible, but facts compel belief. The case of Ex-Mayor Dearborn of our own city is well known, and need not be stated. Others came under my own observation. Capt. John Brooks of Castine went to the spring several weeks ago, suffering with dropsy from which he could get no permanent relief elsewhere, though he had employed the most skillful physicians in Boston and other cities, and had expended large sums of money. When he reached Poland he weighed two hundred and fifty-six pounds, and had to be helped from the coach. While there I found him as well able to walk as any of us, and weighed him myself, finding his weight to be two hundred and six pounds or a loss of fifty pounds. He was sanguine of permanent recovery. A Mr. Moorhouse of New Jersey, aged seventy-three, came to the spring suffering from dyspepsia. I heard him state repeatedly that he had not been free from pain for fifty years. He soon began to be better, suffered no pain, and acted like a boy, taking long walks and showing himself quite a gallant. I could see that he improved in health almost daily. So much for Poland Spring.

We next spent three days at Old Orchard, attending camp-meeting, hearing Murdoch the elocutionist read, riding on the beach, sea-bathing, seeing Punch and Judy, looking at curiosities from Florida and other things, all of which made us so tired that we were quite willing to come away; it is too much like going to the centennial, all work and no rest.

Last Friday we came to the campground, bag and baggage. I have nothing to say about the baggage, but the bag was made from the cast-off sails of some old ship, say the Flying Dutchman, and holds considerably less than a car load. In it we have yearly brought whatever we thought necessary for house-keeping. The teamsters and baggage masters have handled it with christian cheerfulness and courtesy, but I have often been tempted to offer some one a quarter to give a clear and emphatic expression of my ideas of it. I can not tell how much I enjoy making little improvements on and about the cottage. The birds furnish us plenty of good congregational singing, and the squirrels occasionally mount our piazza and deliver us excellent sermons with many an appropriate nod and gesture. Well, they have as good a right to live and worship here as we have.

Sunday morning there was preaching by Rev. C. U. Dunning of Lawrence; his text was Job xxii, 21—"Acquaint now thyself with him, and be at peace." The subject was acquaintance with God,

CANTERBURY SHAKERS' BLOOD-PURIFYING SARSAPARILLA.

Prescribed by Physicians and Druggists for nearly Fifty Years.

THE SHAKER'S SARSAPARILLA is just what it purports to be.—*Dixi Crosby, M. D.* I have long prescribed it, as I think it a most valuable medicine.—*Jeremiah Blake, M. D., Gilmanton, N. H.* Have known it for nearly half a century. Our confidence in it is in no way impaired. —*Carlton & Hovey, Druggists, Lowell.* I speak with confidence of it, having prescribed it for eighteen years.—*S. M. Disanno, M. D., Framingham, N. H.* Give me the Shakers' Sarsaparilla in preference to all others.—*C. A. Gulinette, M. D., Boston.* I have the most unbounded confidence in its healing and renovating properties.—*Wm. R. Fry & Co., Druggists, Richmond, N. H.* I consider it the best preparation made.—*A. G. Wilber, Druggist, Boston.*

Do not fail to make a trial of this great Blood Purifier, Appetizer, and Tonic, the first and best of all medicines called Sarsaparilla, which is prepared from selected SHAKER ROOTS, HERBS AND BERRIES by the CANTERBURY SOCIETY OF SHAKERS, and is beyond the comparison the purest, safest, and most effective family medicine in the world. Ask for CORBETT'S SHAKERS' SARSAPARILLA. The genuine is signed by THOMAS CORBETT, its inventor, and sold by druggists generally.

SHAKER VILLAGE, N. H., Jan. 1, 1880.

☞ Enclose Stamp for Shaker Manual.

MALT

UNFERMENTED

THERE is no greater BLOOD-PURIFYING and LIFE-GIVING PRINCIPLE in the world of medicine than MALT BITTERS, prepared by the MALT BITTERS COMPANY from *Unfermented Malt and Hops.* It is a Perfect Renovator of feeble and exhausted constitutions, enriches the blood, solidifies the bones, hardens the muscles, quiets the nerves, perfects digestion, cheers the mind, and vivifies with new life every fluid of the body. It is so, because it strikes at the root of all debility.—ENFEEBLED DIGESTION and IMPOVERISHED BLOOD. Sold everywhere.

MALT AND HOPS

BITTERS

DAY'S Kidney PAD

IS STRONGLY ENDORSED.

Rev. E. F. L. GAUSS, Galena, Ill., writes—"For over ten years I had been a sufferer from pains in the small of the back and region of the kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief, and I was finally advised to go abroad and seek the climate of my youth, in Germany and Switzerland, eminent physicians, after close examination, declared my sufferings to arise from disease of the Kidneys, of long standing, and could do me no good. I was, however, benefited by the climate, and consequently returned. No sooner had I been back and resumed my home over you, than the old trouble grew again so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, and from the effect were truly amazed. No relief, pains at once grew less and are now, after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and can assume the very picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed, I consider the Day Kidney Pad the God's agents are given to benefactors of mankind. May all the suffering be helped as I have been is my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD faithfully, and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.—"Of many testimonials to DAY'S KIDNEY PAD is having a large sale and gives universal satisfaction than any remedy we ever sold."

CASPER WEITZEL, Policeman, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 28 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing a great good here. It sells every day and gives universal satisfaction."

For sale by drug gists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $2.00; Special Pad (extra size), $3.00; Children's, $1.50. Our book, "How a Life was saved," giving the history of this new discovery, and a large record of most remarkable cures, sent free. Write for it. Address,

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now seeking a sale on our reputation, we deem it due the afflicted to warn them. Ask for DAY'S KIDNEY PAD and take no other. Sold everywhere.

No. 3 Market Square,

(PEIRCE BLOCK.)

WHIPS! All qualities and prices; at LARRABEE'S, 26 Congress St.

and the sermon an able one. In the afternoon there was a Bible lesson, and in the evening a prayer meeting. There are now on the grounds about fifty families; from Portsmouth John E. Giddings, Esq., and family, Mrs. Roswell Webster and grandchildren, Mrs. Black, Miss Abby Hickey, and Miss Mary Reese. There are several prominent clergymen here to-day, including the venerable Father Eastman of Methuen, Rev. Dr. Pike of South Newmarket, Rev. Dr. Adams of Concord, and Rev. G. W. Norris of Manchester. The weather is superlatively hot outside the grove, yesterday at four P. M. 90 degrees in the shade, this noon 96 degrees in the sun. There is now a thunder shower, and I will postpone further operations.

A Good Introduction.

Favorite Remedy was introduced into Connecticut in 1877, at the solicition of Rev. J. G. Smith, of Hartford, who, after having suffered for years from chronic liver disease and indigestion, obtained the medicine and was cured. This faithful pastor, thinking of the bodies as well as the souls of his people, at once commenced the advocacy of "Favorite Remedy" among them, and has been the happy instrument of saving scores of lives. Favorite Remedy is now as well and favorably known in Connecticut as along the Hudson. One dollar a bottle. All druggists sell it. Dr. David Kennedy, Proprietor, Rondout, N. Y.

Ship Edith, 1173 tons, built at Newburyport in 1863, metalled in 1873, has been sold in Philadelphia to go under the German flag for $18,500.

BRIGHT BOY—Governess (desirous of explaining the word "enough"): "Now, suppose, Freddy, that you give pussy all the milk she can lap, all the meat she can eat, and all the sweet-cake she cares for, what will she have?" Freddy (with surprising alacrity): "Kittens." If Freddy himself had eaten it all, he would have called for *Sanford's Jamaica Ginger* immediately.

A. S. Barnes & Co., of New York, have published an illustrated campaign edition of the "life and public services of James A. Garfield," by Maj. J. M. Bundy. It contains an account of his youth, his congressional career, his professional progress and has also some of his speeches, letters, and other papers of public interest. It is well written, finely printed, and sold for fifty cents.

Delicate females find Malt Bitters nourishing, strengthening and purifying.

The steamboat Bonnie Lee, from New Orleans for Red River, was blown up and sunk on Monday evening of this week, at Lone Wall Landing. The boat, which is a total loss, was valued at $15,000. Jeff Persy, the second clerk, was killed, and Capt. McDermot's little son is missing.

THE NEW CATECHISM. Q. What is the best cigar sold in Portsmouth for ten cents.

A. The "Noriega," because it is old-fashioned made by hand and free from that horrid flavoring so often found in common cigars.

Quite right; you can go to the head and so can the "Noriega."

Sold by J. H. Thatcher, Henry F. Gerrish, C. E. Laighton & Son, at the Rockingham house, and by Laighton Bros. & Co. at the Shoals.

Wright Merrick of Lexington, Kentucky, a native of Massachusetts, is said to be the oldest living graduate of West Point. He is eighty-three years old, graduated with the class of 1822, and is its only survivor.

A Happy Clergyman.

Rev. E. F. L. Gauss, Galena, Ills.: "I have been a great sufferer from kidney disease, and after being told by my doctors that I could not get well, I commenced the use of Day's Kidney Pad, which has now completely cured me. I am strong and again look the very picture of health. May all the suffering be helped as I have been, is my earnest wish."

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

FRIDAY, AUGUST 13, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT.

Chester A. Arthur,

OF NEW YORK.

News and Notes.

The business at the postal card agency at Holyoke, Mass., is making a good average with other quarters after all, the orders for the past three days amounting to 7,000,000 cards, an unusual number.

The Newburyport *Herald* of the 12th inst., says that "The sea serpent has turned up again. He has been visiting the watering places along the coast during summer season, and on Tuesday of this week he arrived in Gloucester harbor, and paid his respects to the Cape Ann Scientific and Literary Association, which was holding a field-meeting at Coffin's beach. He was seen by upwards of fifty persons, among them the following well-known gentlemen: Dr. Conant, president of the society; Hon. James Davis, judge of the Gloucester police court, and Col. E. J. Sherman of Lawrence. These gentlemen had a good view of this mysterious monster and say that fully sixty feet of his body, the size of a barrel, was in sight. The evidence that the sea serpent is in our vicinity seems to be daily accumulating."

Charles H. Tandy, president of the Colored Relief board of St. Louis, has advices that ten thousand negroes will emigrate from Mississippi and Louisiana during the next two months, and will arrive there en route for Kansas and other states. About forty per day have been cared for by the board, and forwarded to various destinations.

A despatch from Wausau, Wis., dated Aug. 11th, says: Dr. Edwin L. Hazle was shot last night by Dr. Bennett. The facts appear to be that Dr. Hazle recently went to Wausau to practice his profession. This aroused the jealousy of Dr. Bennett, the resident dentist, and last evening while under the influence of liquor, he procured a shot-gun, went to the hotel where Hazle was, and fired at him, killing him instantly.

A despatch from Canton, China, says that news has been received there of the destruction of a large town on the North river, above that city, by an inundation, in which 4,000 people are said to have perished.

The July wheat exports from San Francisco are given by the *Bulletin* at 159,294 centals, worth $238,594. It says that there are now thirteen ships under engagement for wheat, all of which will load this month.

The bankers are in session at Saratoga. The late John Morrissey was the first banker with a national reputation who held a session at this summer financial resort.

It is said that the Fenian organization in England, Scotland and Ireland numbers nearly 50,000 men of whom 12,000 in Ireland alone are armed with Snyder rifles. Arms are being surreptitiously landed on the Irish coast, and drilling goes on at night. The Fenians, it is claimed, have no sympathy with the land movement, and Michael Davitt, land agitator, was expelled from the supreme council before his departure for America in May. It is intended to organize about 100,000 men in Ireland, and commence a revolution whenever England engages in a war of any magnitude.

Several Cuban captives have been sent to the Spanish penal settlements on the coast of Africa.

An accident has taken place on the West Jersey railroad, near May's Landing, to an excursion train coming from Atlantic City, N. J. Three men were killed and thirty injured.

The Otis Company's large hosiery mill, at Ware, Mass., was badly damaged by fire, on the night of the 11th inst. Over 1,000 hands are thrown out of work. Insured in mutual offices.

Waterbury's ropewalk and bagging factory in Brooklyn, was damaged $12,000 by fire on Wednesday of this week.

New Publications.

Salvage. The fifth volume of the second of the No Name series is entitled Salvage, and is a novel of 293 pages, and of quickly enacted recital.

The hero, a son of a southern planter, marries the daughter of a wealthy northern man. At the breaking out of the rebellion, the husband and wife separate upon the political question, and he goes into the confederate army and becomes a colonel. After the war, he goes abroad and achieves fame in writing a book, meets his wife accidentally after nine years separation, finds besides the political issue he is father of a bright boy, suffering shipwreck with his resumed wife, encounters disagreeably his first love, is however delivered from all his trials to enjoy the blissful state of matrimony depicted in the novel, and for which a discipline of nearly a decade had prepared him.

The following extract may serve to show the writer's appreciation of the married existence, and lead the reader to consider whether the author is a sour bachelor or a disappointed Benedict.

How rarely, under ordinary circumstances do husband and wife converse! They talk together about matters of mutual concern and interest, discuss, agree or disagree, differ, find fault, or praise, but that is all. It seems impossible for partners in the married state, unless helped out by the presence of a third person, to enjoy between themselves the pleasures of conversation. It is one of the delights of courtship, the married people virtually renounce, when they assume the marriage vows. The Frenchman was not so far wrong who complained that if he married the lady whom it had been his chief pleasure to visit, he should have no where to spend his leisure time."

But after the reunion the married pair in the story have nothing but the most ardent love, and the presence of no third person was needed to aid in the sweet converse. Indeed, like happiness after a lover's quarrel, all is sunshine where were clouds and storm before. The moral of the work has to be seen through the general remodeling of the characters, who seem to reform as the story culminates. The proud southerner becomes the practical husband. The unattractive young wife the pet of her lord. Even the rich and apparently vulgar father-in-law finds an opportunity of astonishing us by some practical and sensible remarks upon the expenditure of money. Our national pride is disturbed at the portrait of Mrs. Toutine and her annoying child, and we gladly part with them over the side of the Crimea.

The book may be read by some one drifting upon the sea of connubial unhappiness, who may here learn to get a new observation, and contemplate his situation from a different standpoint, and at last find a haven of happiness. If such results are attained, the reader can afford to be liberal in the matter of "Salvage," while the homely advice of the noble Webfoot, the captain of the ill-fated Crimea, should be borne in mind, "A man ought to be able to settle his own affairs with any woman. If he gets caught in a matrimonial squall let him make all snug and take in sail as quick possible." The incidents of the story are graphically narrated, and the author seems to have been able to have crowded a thrilling interest into one short week's occurrences. Salvage will be read. Like the critics, some readers will admire, others, perhaps, condemn, but all will admit it is well written in style, bold on design, and unflagging in interest. We think it will have a good run. Published, as are all the No Name series, by Roberts Brothers of Boston, and on sale at Myers' bookstore.

The Three Graces

are represented with perfectly developed forms—beauty and health combined. No decayed toothed man or woman can be healthy, because digestion must be imperfect. Use SOZODONT, get healthy teeth, good digestion and a sound body. Revive the three Graces.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Brohchial Troches*" are sold *only in boxes.* Tu,th&f,&c

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor. "Some tim e ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and cathartic, pleasant to the taste, free from nausea or griping. Smith's Medicated Prunes are a certain cure for Constipation and Biliousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C* D&WJan81

Parties from Dover are camping out on Goat island, in this harbor.

Workmen are employed in building a stable on Daniel street for the use of E. S. Fay, Esq.

Mackerel are quite plentiful in the river, and are being caught from the wharves in considerable quantities.

A large number of spectators enjoyed the contests of the athletes at the Farragut house, Rye beach, on Thursday.

Langdon Colony, United Order of the Pilgrim Fathers, of this city, had a picnic at Wallis' sands, Rye beach, on Thursday.

Contractors have been for several days examining the ledge in the river near the beacon, preparatory to making bids for the contract for the removal of the same.

The employes of the Portsmouth Brewing company, and their families, went to Rye beach on Thursday of this week, with two large teams, for the purpose of holding a picnic.

Ex-Judge Calvin Page and Col. Charles A. Sinclair left on Thursday last for an extended trip to the west, intending to go as far as Idaho. They will return some time in September.

There was a lawn tennis tournament in the park opposite the residence of Ex-Gov. Goodwin on Wednesday afternoon of this week—the first appearance of that game in this city, it is said.

The Portsmouth Bell Telephone Co. were on Thursday putting in their insulators, in the central office at Frank J. Philbrick's drug store. All the towns within a radius of fifteen miles are to be connected, if required.

One of the large night blooming cereus plants in the conservatory of Mr. C. A. Hazlett has been in flower on several nights during the past week, and still has over thirty buds which will open during the present month.

The yacht "Lottie," Mr. Ormond, with Capt. Glahn of New York, Mrs. Glahn, Miss Glahn, and Miss Ormond of Montreal, arrived at this port on the 12th inst. from Gloucester, the party taking quarters at the Rockingham. The Lottie leaves at noon to-day on a cruise to Portland and the eastward.

The republicans of Exeter raised a flag in front of the town hall, on the evening of the 12th inst. Gen. Gilman Marston presided, and addresses were delivered in the hall by Hon. Charles H. Bell, Hon. J. G. Hall, and Gen. John L. Swift. The Exeter cornet band furnished music. There was a display of fireworks and firing of guns. There was also a torchlight procession.

A gathering of the masonic fraternity took place on Wednesday evening of this week at Badger's hall, to listen to an address by Judge Calvin C. Burt, Grand Master, ad vitam, of the World, 96th degree Egyptian Masonic Rite of Memphis, preparatory to a possible formation of a branch of the Scotish rite here. The lecture was one of rare interest, illustrated with maps and diagrams, also an exhibition of keystones and other emblems. The assemblage included many high in the fraternity.

A large number of Eastern railroad passengers were detained over an hour at Conway Junction on Thursday afternoon, by reason of the breaking of a part of the running gear of engine No. 75, which drew the train leaving Portland for this city at 1:15 P. M. The two White Mountain trains and the Portland down train all were detained until the engine of train No. 64, which had broken down two miles east of Conway Junction, could be disconnected on its left side, and then ran to the junction. In the meantime engine No. 43 was sent from Portsmouth to draw the Portland and White Mountain trains to this city, where they arrived at 4:21 P. M., or about one hour and twenty-five minutes late. The delay caused four passenger trains and one ice train to be left at the junction, which seemed a busy spot for that usually quiet place.

In 1888 occurs the 250th anniversary of the settlement of Exeter.

At Hancock and English club was organized in Exeter on Monday evening of this week.

Fishing for bass and mackerel—and sometimes catching one—is a river pastime now-a-days.

Steamer James Sampson on the 12th inst. took a picnic party from this city up to Fox point, Newington.

The Exeter *Gazette* of the 12th inst., says: "C. H. Clough, Esq., of Portsmouth, formerly of Exeter, with his wife, has been visiting friends in this section. Mrs. Clough's grandfather, Elder Elijah Shaw, late proprietor of the 'Gospel Herald of Liberty' printed in 1835-6 in this town, is within the memory of many of our citizens. This is the second visit Mr. and Mrs. Clough have made Exeter in twenty-five years."

A MOB AT HAMPTON.

On Wednesday night of this week at about eleven o'clock a mob armed with pistols went to the house of N. P. Rynes, located at the lower end of Hampton beach, and commenced throwing stones and other missiles thereat, finally gutting the house and barn, smashing the windows and throwing the furniture and provisions into the road. Rynes, whom the mob thought to be an informer of the recent successful liquor raid in that town, and whose life the crowd threatened, barely escaped, seeking refuge in another house where the mob failed to find him. He is from Concord and resides at Hampton beach during the summer seasons, buying and selling vegetables, and other produce. He has since been warned to leave town. The affair has been presented before the county solicitor, and no doubt a liberal reward will be offered for the detection of the parties concerned.

MUNICIPAL AFFAIRS.

In board of mayor and aldermen, regular meeting, Thursday evening, Aug. 12th:

The mayor announced the committees of the board, the joint standing committees being as follows:

On finance, Aldermen Hall and Hartshorn.

Engrossing bills, Shannon and Sanborn.

City lands and buildings, Noyes, Call and Hazel.

Fire department, Vaughan, Hazel and Slater.

Streets, roads and bridges, Sanborn, Vaughan and Slater.

School houses, Sanborn, Shannon and Slater.

Claims, Hall, Hartshorn and Sanborn.

Burying grounds, Hartshorn and Vaughan.

Printing, Noyes and Hazel.

Accounts, Call and Hartshorn.

The standing committees of the board of aldermen are:

On bills on 2d reading, Aldermen Vaughan and Hartshorn.

Enrollment, Hazel and Hall.

Police, Slater, Noyes and Hall.

Laying out and widening streets, Call, Vaughan and Hartshorn.

Street lights, Slater and Shannon.

House of correction, Shannon, Sanborn and Hall.

Supervisory committee on records, journals and accounts, the Mayor and Aldermen Shannon and Hazel.

In Common Council, President John M. Clark announced the standing committees as follows:

On elections, Messrs. Bryant, Lang and Russell.

On bills on 2d reading, Messrs. Bryant, Anderson and Senter.

The joint committees were also announced, viz:

On finance, Webster, King and Gray.

Burying grounds, Newton, Lang and Mills.

Printing, King, Shillaber and Senter.

Engrossing bills, Garrett, Shillaber and Russell.

City lands and buildings, Bryant, Clark, and Jackson.

Fire department, Manent, Gray and Gardner.

Streets, roads and bridges, Clark, Frost and Geary.

School Houses, Manent and Senter.

Accounts, Garrett.

The boards met in convention, and proceeded to the choice of officers for the current municipal year. The following were elected:

City Solicitor, William R. Foster.

City Messenger, James L. Parker.

Street Commissioner, William F. Ham.

Keeper of Almshouse, William Shannon.

Keeper of Pound, Robert F. Shillaber.

Keeper of Powder Magazine, Chas. C. Grant.

City Physician, Rolla C. Grant.

Lot Layer, A. C. Hoyt.

Harbor Master, George W. Pendexter.

Port Wardens, Edward E. Vaughan, Otis F. Philbrick and William R. Martin.

Lamp Lighters, Oliver W. Ham, Levi W. Prior, George Hutchings.

Fence Viewers, George E. Hodgdon, Jefferson C. Rowe, Abraham S. Waldron.

Inspector of Flour, Thomas Neil.

Surveyors of Highways,—Dist., No. 1, John A. Hodgdon; Dist. 2, Nicholas J. Mason; Dist. 3, Chas. H. Hayes; Dist. 4, Chas. T. Lang; Dist. 5, Hanson W. Seavey; Dist. 6, William P. Israel.

Sealer of Weights and Measures, John F. Shillaber.

Weighers, Wm. H. Canty, Benj. F. Russell, James M. Slater, Gardner J. Greenleaf, Edward F. Newman, Arthur W. Walker.

Measurers of Wood, Daniel Littlefield, Benj. M. Parker, Chas. W. Bailey, Meshach T. Muchmore, Otis T. Philbrick.

Surveyors of Lumber, Daniel Littlefield, Benj. M. Parker, Chas. W. Bailey, Meshach T. Muchmore.

The convention then rose; the board of of mayor and aldermen resumed and elected the following:

City Marshal, Thomas Entwistle.

Chief Engineer, Stephen L. Marston.

Assistant Engineers, Samuel H. Kingsbury, Willard Sears, Samuel S. Fletcher, James F. Shannon.

Clerk of Fire Department, James L. Parker.

Health Officers, Rolla C. Grant, Robert Shillaber, Anthony F. Nowell.

Inspector of Petroleum, Wilbur I. Davis.

The election of assistant marshals, night watchmen, police officers and constables and supernumerary police was postponed for one week.

John Kelley asked for an abatement of his tax of 1879; referred to committee on claims.

Adjourned.

THE RALLY TO-NIGHT.

The first grand campaign rally of the republicans in this vicinity will take place at Music hall, this evening, (doors open at 7:15 o'clock, when Gen. Kilpatrick will speak, and those who wish for seats had best be on hand early. The following telegram was received in this city yesterday:

PHILLIPS, ME., Aug. 12th, 1880.

To J. Horace Kent: I shall leave Phillips seven A. M., to-morrow; Portland one P. M., arrive at Portsmouth about three P. M. J. KILPATRICK.

The Metcalf Fife and Drum corps will furnish escort music.

A gentleman well known in Washington, now in Alabama, writes relative to the recent alleged election in that state: "Such a grand rally of the republicans has not been seen since 1868, and such an intelligent and systematic effort was never put forth by the colored people since the party was formed. But all to no account. Ballots did not decide the election. The democrats carried every precinct and box in the county except one. Precincts where a tally was kept outside and the republicans cast 600 votes and the democrats fifty, were counted for the democrats. Every strong republican precinct was made to go democratic except one. You never saw or heard of such doings. There has been much excitement all day on the part of the colored people, and we barely escaped bloodshed at several polls because of the apparent attempt of the democrats to steal the votes. In the strife between the democrats and independents in Elmore one man was killed. A prominent democrat said in my presence to-day that another election could never be held under the present law without war, and I believe he was right. What ought to be done in the Presidential election?"

—John Mackay, the mining millionaire, walks about Virginia City in a $30 suit of clothes, goes to work at five o'clock in the morning, and lives in the plainest style. He is credited with dispensing $200,000 a year to the poor, and denying it when questioned.

DIED.

ROBINSON. In this city, August 12th, George Fremont Robinson, aged 2 years and 8 months, son of Mr. William Robinson.

☞ Funeral Saturday at two o'clock, from No. 2 Salter street.

FORD. In Strong, Me., August 11th, Mrs. Nellie M. Ford, aged 24 years, wife of James E. Ford of this city.

WEEKS. In Stratham, August 8th, Nancy R. Weeks, aged 87 years and 6 months, widow of Joseph T. Weeks, formerly of this city.

MERRILL. At Newburyport, Mass., August 10th, Wm. G. Merrill, formerly of Brooklyn, in the 8th year of his age.

THE WEATHER.

Probabilities for New England, To-day.

WASHINGTON, D. C., August 13.

Clear or partly cloudy weather, variable winds mostly westerly, stationary temperature, stationary or higher barometer.

—Though Titania bade Bottom listen to her, she never asked him to lend her his ears.

—Senator Bruce, Mississippi, is reported to be possesors of two large plantations in his state, and has a fortune also of $200,000.

ROYAL

BAKING POWDER

Absolutely Pure.

Made from Grape Cream Tartar. — No other preparation makes such light, flaky, hot breads, or luxurious pastry. Can be eaten by dyspeptics without fear of the ills resulting from heavy, indigestible food. Sold only in cans, by all Grocers.

ROYAL BAKING POWDER CO., New York.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N.Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to Office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deo6eolm

HOSTETTER'S CELEBRATED

STOMACH BITTERS

Defensive Medication

Is a precaution which should never be neglected when danger is present, and therefore a course of the Bitters at this season is strongly advised, especially for the feeble and sickly. As a remedy for biliousness, dyspepsia, nervousness and bowel complaints, there is nothing comparable to this wholesome restorative.

For sale by all Druggists and Dealers generally.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jeweled medal by the National Medical Association. It contains a useful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, which are due to pernicious habits or inheritied. He is a Nervo specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. dm&m & eoinov60

A Public Duty.

We are not in the habit of puffing any sort of patent medicines in our columns, for the business of a newspaper is to keep people know what is going on in the world, and not lend aid to what may be an imposition. But we happen to know Dr. David Kennedy of Rondout, N. Y., and can personally testify to the excellence of the medicine which the doctor calls "Favorite Remedy." And if a word of ours will persuade anybody to use it, and thus find relief from suffering, no professional etiquette shall hinder us from saying that word. For diseases of the blood, kidneys and bowels it has no equal. We would not be without it for five times the dollar that it costs.—*Daily Times.*

Charles Wright, agent of the Kentucky State Lottery, was arrested in New York, on the 11th inst., by the police, under the state law, forbidding the sale of lottery tickets.

BRIGHT'S DISEASE IN WOMEN: The gentler sex, for a variety of reasons perfectly understood by them, are peculiarly liable to those attacks which end in Bright's disease of the kidneys. Upon the special attention of women, therefore, we urge the great virtues of Hunt's Remedy, the great kidney and liver medicine. This superb medicine has saved many a good woman from an early grave. It is excellent in all of the peculiar diseases of the sex. No medicine equals Hunt's Remedy for delicate women. Sold by all druggists. Trial size 75 cents.

Of all the distinguished personages that shared in the ceremonies of Queen Victoria's coronation, forty-two years ago, not one is now living.

Deep-seated coughs, and catarrh extending to the lungs, cured by Malt Bitters.

Mrs. Martha Hutchins of Rumney poisoned herself Tuesday night by taking Paris green. She had previously made three unsuccessful attempts.

Lydia E. Pinkham's Vegetable Compound has rapidly made its way to favor among druggists, who have observed its effects on the health of their customers. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Ladd and Market streets.

Murder and Suicide.

A most brutal murder was committed in New York at about ten o'clock on the morning of the 11th inst., in the tenement house, 141 Thompson street. Amedee Bigot, a French turner, who had made improper overtures to Mrs. Mariette Renaut, a respectable married woman, but which had been rejected, cut her throat with a razor. He then drew the blade across his own throat, and, throwing the weapon down, rushed into the street. The woman died almost instantly, as her head was almost severed from her body. Bigot was arrested and removed to the hospital. His injury is fatal. He is a widower and lived with his boy. He has been friendly with the Renaut family, who are very respectable people. He made improper advances to Mrs. Renaut some months since, when her husband kicked him down stairs. It is believed that Bigot went to the rooms of Renaut at ten o'clock in the morning and became enraged at Mrs. Renaut, who was first heard by a woman to fall on the floor in the hallway in a pool of blood, and Bigot covered with blood and a bloody razor in his hand, running down stairs to the street, where he was arrested by a policeman. Mrs. Renaut leaves five children, including a son twenty-three years old, who states that Bigot some time since threatened his mother's life. The scene of the murder, with the doorway, walls and floor covered with blood; the broken-hearted husband, who says his wife was one of the best of women, and the bereaved children, is described as heart-rending. The police say it is one of the worst murders ever known to them.

Naval Gazette.

Assistant Paymaster W. C. McGowan has been assigned to duty at the Brooklyn navy yard.

Commander W. S. Schley has been transferred from special duty in Washington to be assistant inspector of the second light-house district.

The United States training ship Saratoga, reported at Gibraltar, is homeward bound; all well.

The Despatch is at Newport, R. I.

The Dale was put out of commission at Annapolis on the 10th inst.

The Minnesota is at anchor off the navy yard in Boston harbor, as also is the Kearsarge.

The Hartford is in the dry dock at Boston.

New Hampshire Items.

Referee Smith, in the equity suit at Lancaster, against Benj. H. Corning and others, has reported in favor of the plaintiffs and a perpetual injunction. He finds irregularities at the annual election of officers of the Upper Connecticut River and Blake Improvement company in January, 1879.

Walter H. Thair, a clerk in E. B. Small's tin-shop at Farmington, was kicked in the face on the 11th inst, by his horse, which he was driving out of his corn-field. Nine of his upper teeth were knocked out, his upper gum completely shattered and both sides broken off at the back part. His lower teeth were stove in, but were pulled back in place by Dr. D. W. Edgerly. Over twenty pieces of bone were taken out of his face, and he lies in a very precarious condition.

The Kearsarge Agricultural association will hold their fair on Oct. 7th. An increased list of cash premiums will be offered.

There was a severe hail storm in the vicinity of the Franconia mountains, on the 9th inst. Vegetation was badly damaged. The stones were one inch in diameter.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Cholera,
AND ALL THOSE NUMEROUS TROUBLES OF THE ST-MACH AND BOWELS SO PREVALENT AT THIS SEASON.
No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *there is seldom danger by the fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently costs a great amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' continued use in all countries and climates, and it perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE!

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider I should not be doing my duty if I neglected to say this much. If I were attacked by the Cholera to-day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it to be perfect.

E. E. BERGINSEND, Galena, Illinois.

Messrs. PERRY DAVIS & SON:

I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (one eighteen months, and the other three years old) with perfect success. It regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. I have used it in my family for five years, and *will not* be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours, L. F. MOORE,

Baugall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Get it, and you will not be disappointed.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

KIDNEY-WORT

PERMANENTLY CURES KIDNEY DISEASES, LIVER COMPLAINTS, Constipation and Piles.

DR. E. B. CLARK, South Hero, Vt., says: "In cases of KIDNEY TROUBLES it has acted like a charm. It has cured many very bad cases of PILES, and has never failed to act efficiently."

NELSON FAIRCHILD, of St. Albans, Vt., says, "It is of priceless value. After sixteen years of great suffering from Piles and Costiveness it completely cured me."

C. S. HOGABON, of Berkshire, says, "one package has done wonders for me in completely curing a severe Liver and Kidney Complaint."

IT HAS WONDERFUL POWER. WHY?

BECAUSE IT ACTS ON THE LIVER, THE BOWELS AND KIDNEYS AT THE SAME TIME.

Because it cleanses the system of those poisonous humors that develope in Kidney and Urinary diseases, Biliousness, Jaundice, Constipation, Piles, or in Rheumatism, Neuralgia and Female disorders.

KIDNEY-WORT is a dry vegetable compound and can be sent by mail prepaid.

One package will make six qts of medicine.

TRY IT NOW!

Y it at the Druggists. Price, $1.00.

ELLS, RICHARDSON & CO., Proprietors, Burlington, Vt.

JAMES PYLE'S PEARLINE

THE GREAT INVENTION FOR WASHING AND CLEANSING

DRAIN PIPE.

AKRON DRAIN PIPE, all sizes, for sale at No. 5 Elm street.

SAMUEL CLEAVES & SON.

Appledore and Oceanic Hotels,

ISLES OF SHOALS.

Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. returning, leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8.20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.

☞ Baggage declined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"

Newcastle, N. H.

This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The verandas, fifteen feet in width, surrounding the house, give an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.

The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from all sides of the house affords fine views. Its *cuisine* will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

—THE—

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a week'y invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SPEER'S PORT GRAPE WINE!

Used in the principal Churches for Communion purposes and Recommended for Ladies and Weakly Persons.

SPEER'S PORT GRAPE WINE,

FOUR YEARS OLD.

This Celebrated Native Wine is made from the juice of the Oporto Grape, raised in this Country. Its Invaluable

Tonic and Strengthening Properties

are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and adapted to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.

Speer's P. J. Sherry,

A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.

SPEER'S P. J. OR PEDRO J. BRANDY.

This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.

Speer's Sambuci Wine!

celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.

Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.

AS A DIURETIC,

it imparts a healthy action to the kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

ALFRED SPEER, Proprietor,

Office, 34 Warren Street, New York:
Mt. Prospect Vineyards, Passaic, New Jersey.

For sale by *A. P. Preston, David Kimball, F. B. Coleman*, druggists; *H. P. Gerrish, C. E. Laighton & Son*, grocers.

American and Foreign PATENTS.

[ESTABLISHED 1865.]

GILMORE & CO., Successors to CHIPMAN, HOSMER & CO., Solicitors. Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. No additional fees for obtaining and conducting a re-hearing. Special attention given to Interference Cases before the Patent Office, Extensions before Congress, Infringement Suits in different States, and all litigation appertaining to Inventions or Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.

Arrears of Pay and Bounty.

Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to pay from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. On receipt of close stamp to GILMORE & CO., and a full reply after examination, will be given you free.

Pensions.

All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & CO., at once.

Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.

Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & CO. is thus insured. We desire to win success by deserving it. Address

STONES IN THE KIDNEYS and BLADDER Expelled--Long Suffering of one of TROY'S best People.

A LUCKY MAN.

Mr. James Andrews, of No. 10 Marshal Street, Troy, N. Y., had suffered for several years from the formation of Stones in the Kidneys and Bladder, and had doctored with many of the best Physicians without receiving any benefit. He was induced to try Dr. Kennedy's "Favorite Remedy," and the following extract from Mr. Andrews letter tells the whole story.

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR,—I received you letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have been a great sufferer to this day. The stone that passed from me has a small piece broken off, but the large one I enclose so that you can see for yourself or what it is composed.

I am quite willing to testify under oath to all I have written in regard to my sickness and recovery, and words fail to fully express my feelings of gratitude to you for my great deliverance from so terrible a disease.

With a real grateful heart I remain yours most respectfully, JAMES ANDREWS.

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury incident to trusses, is now to be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a painful and difficult operation, it is strictly progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved at once, for the days of suffering and gloom come upon him.

Persons at home or abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without injuring either the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity throughout the world, and from every part of the West Indies. The afflicted should read it and inform themselves.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between his New York and Boston offices, as follows: Every Monday, Tuesday and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Dr. J. A. SHERMAN

251 Broadway, cor. Murray St., N. Y.,

—AND—

43 Milk St., Boston.

Beware of certain confidence men and impostors who represent themselves as Dr. Sherman.

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Fridays excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

August Drawing.

CANTERBURY SHAKERS' LIFE-INVIGORATING SARSAPARILLA.

The Great Blood Purifier, Kidney Remedy and Mild Laxative.

WE, the undersigned, having used DR. COP. BETT'S SHAKER SARSAPARILLA SYRUP in our practice, and having examined the formula by which it is prepared, would cheerfully recommend it to the community as the cheapest, safest, and most efficacious of all the preparations of Sarsaparilla in the market. Its highly concentrated state, (there being in a given amount of Syrup twice the amount of Vegetation Extract that any other contains,) the care, skill, and cleanliness of its manufacture, are sure guarantees of its purity and effect. T. R. CROSBY, M. De, W. D. BUCK, M. D., S. BUNTON, M. D., J. S. ELLIOT, M. D., JAMES BARR, M. D., Z. COLBURN, M. D., M. G. J. TEWKSBURY, M. D., G. FRENCH, M. D., JOSIAH CROSBY, M. D., A. G. FRENCH, M. D., JOSIAH CROSBY, M. D., A. G. GALE, M. D., JAMES A. GREGG, M. D.

Those who have failed to be benefitted by other Sarsaparillas should not fail to make a single trial of the Blood Purifying and Life Invigorating Compound of Shaker Sarsaparilla, Dandelion, Yellow Dock, Mandrake, Black Cohosh, Garget, Indian Hemp, and the Berries of Juniper and Cubeb, combined with Iodide of Potassium made by the Society.

Prepared by the CANTERBURY SOCIETY OF SHAKERS, Shaker Village, N. H., and signed by Thos. Corbett, its inventor. Sold everywhere. Inquire for Corbett's Shakers' Sarsaparilla.

☞ Enclose Stamp for Shaker Manual.

HUTCHINSON'S.

Daily Chronicle.

The Ice Supply.

The continued sultry weather is working steadily in favor of the ice trade, by stimulating the consumption and otherwise reducing the stocks in the hands of dealers, which are now at a low ebb. Owing to the failure of the crop in the region around Boston, most of the current supplies for that market have had to be brought from distant points in New Hampshire and western Massachusetts, and the shrinkage in shipping and handling before the article gets into the hands of the consumer has thus amounted to thirty or forty per cent. The melting in the ice houses, this summer, has also been beyond all precedent, and stocks carried over from last year will not net the owners over fifty per cent in quantity. But the advance in prices will more than compensate them for this shrinkage. Hence, the lucky holders of old stock are well satisfied with the turn things have taken, although they have not sought to speculate or take any advantage of consumers on account of the famine. On the other hand, those wholesale dealers who are "short" and have nothing to sell feel as though they had missed a golden opportunity to make money. There is no stock in Boston available for the southern trade, which has had to draw supplies chiefly from Maine. The West India shipments from Boston have also been very light, while the East India trade has been very greatly embarrassed for supplies, and has had to fall back upon the artificial manufacture in Calcutta and other eastern markets. The supply on the Kennebec has all passed into the hands of New York and Philadelphia companies, which furnish supplies for those markets, and there is none offering at shipping points in Maine at less than $7 per ton, and very little at that,—which is an advance of only six hundred per cent on last year's prices. Ice has lately been delivered in Boston from the New Hampshire lakes, at a cost of $4 to $6 per ton, according to locality; the wholesale price has averaged about thirty cents per 100 pounds, and the retail price ranges from forty to fifty cents, with an upward tendency. If the weather continues hot the available supply here will probably run short, and both wholesale and retail prices will have to be advanced to a point high enough to check the consumption. The Eastern railroad is, as for some time past, transporting for the South Boston Ice Co. large quantities of ice from over the line of the Conway road.

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient, or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.—*Albany Times.*

"Clorinda; or, the Rise and Reign of His Excellency Eugene Rougon," just published by Messrs. T. B. Peterson & Brothers, Philadelphia, is Emile Zola's characteristic picture of the Court of Napoleon III., and many prominent characters of the last French Empire figure in the novel. The restless ambition of the hero and the way in which a woman takes vengence for her wrongs are the main points of this great and realistic fiction. Look out for another eruption.

One of the best of the many inventions of the present time is James Fyle's "Pearline," of which it is said that it is the best washing compound yet introduced, and almost perfect as saving in labor, time, and soap.

"The Black Venus," now in press by T. B. Peterson & Bros., Philadelphia, is a novel destined to create a sensation of no ordinary kind. The scene is laid in the unknown regions of Central Africa, and the slave traffic engrosses attention. No better description of the cruel and ferocious dealers in human flesh was ever given than in this great novel. It was written by Adolphe Belot, and the Kiralfys' grand speculator play was founded on it.

HYDE PARK, MINN., April 23d, 1880.

"I have taken a package of Kidney-Wort and it has made me so much better that I wish to recommend it to all that may need such a remedy. I am sixty years old, and have raised a large family of children. I have not been able to do my housework for many years, but now I have sent my girls all off and am doing my work alone, which surprises all the people who know me."

MRS. P. MORSE.

The National Bank block in Laconia was burned on Friday, dislodging the bank, post office, a book and fancy goods dealer, the Belknap corner band, and one or more lawyers, dentists and doctors. Loss not stated.

Feeble and exhausted constitutions restored to health and strength by Malt Bitters.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

SATURDAY, AUGUST 14, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

Fast Trotting.

The best time ever made by trotting horses was made at Rochester, N. Y., on the 12th inst., when St. Julien, the California trotting horse, made a mile in 2:11 3-4, and Maud S., the noted trotting mare of Cincinnati, made a mile in exactly the same time, neither trotter having a running mate or any other outside aid or encouragement. This is one second better than the best trotting time previously recorded, and a half-second less than the best time ever made by a pacer. Each of the horses won a special purse of $2000, offered for beating the best time previously made.

A High-Toned Juror.

In the county court of Henrico county, Va., on the 12th inst., J. W. Hoenninger, who had been summoned as a juror to try a case of horse stealing, upon going to the clerk's desk to be sworn refused to serve because there was a negro on the jury. The judge thereupon ordered a fine of $250 against Hoenninger, with ten days' imprisonment in jail, for contempt. Hoenninger subsequently weakened, purged himself of contempt and consented to serve, and punishment was remitted.

News and Notes.

At Bridgton, Me., on the 12th inst., a daughter of Wm. Quincy, fifteen years old, was assaulted while alone in her father's house by a man who has been going about doing jobs of tin-ware repairing, umbrella mending, etc., and despite her desperate resistance was so badly injured that her recovery is doubtful. The villain temporarily escaped.

The treasury department has transferred $5,000,000 in gold bullion from the New York assay office to the Philadelphia mint for coinage into eagles and half-eagles to supply the demand for gold coin of these denominations.

The stockholders of the defunct First national bank at Newark, N. J., have resolved to resist the assessment of 100 per cent imposed by the comptroller of the currency.

Those who are suffering from the heat will be pleased to know that Vennor already foresees very early and severe cold, with snowfalls in October, for although they may not be any better satisfied with that kind of weather when it comes, yet it is pleasant just now in the anticipation of it. Vennor promises hot weather all through August, with a possible cool term, with frost, between the 15th and 20th days. Mr. Vennor has rather fallen into disrepute of late, by reason of numerous failures, but as long as he assumes to know the future, he will always find people to listen to him.

A train on the New Jersey railroad was tumbled down a thirty-foot embankment near Spring Valley, last Thursday afternoon, by the breaking of a wheel of the tender. All the passengers were more or less hurt, but the only person killed outright was a baby.

A freight train was wrecked on the St. Paul & Duluth railroad near Pine City, Minn., on the 12th inst., by a broken rail, and three boys belonging in Minneapolis, who were stowed away in a freight car to steal a ride, were killed.

The accident on the Atlantic City railroad at May's Landing, N. J., on the evening of the 11th inst., was much more disastrous than was at first reported. The accident was occasioned by the failure of an air brake to work, which allowed one excursion train to run into another which was standing at the station. There were 1300 people on the two trains; one only was killed on the spot, but many were frightfully bruised or scalded, fifteen of whom had died up to the evening of the 12th inst., and two others were not expected to live through the night. Twenty-eight persons were taken to the hospital in Philadelphia, suffering from scalds and internal injuries from the inhalation of steam; and eighteen others are known to have been badly hurt, but were taken to their homes. The conductor and engineer of the train which ran into the other were arrested on the 12th, and held to bail in $1000 each to answer to a charge of manslaughter.

The soldiers' reunion at Columbus, Ohio, lasting three days, was an immense success, and closed on the 12th inst. The day opened with the usual salute of thirty-eight guns, and the reveille of the bugle and drum corps. The weather was fine, and there was a grand parade of veterans in the afternoon. Each regimental organization, with its old battle flags and ensigns, preceded by the attending military companies, and followed by a great troop of cavalry, composed the procession, which was over three miles in length. In some few cases but one member of a regiment was in the procession, but that one carried the old flag. It is estimated that 15,000 man were in the procession, and 75,000 spectators. The carriage containing the President, Gen. Sherman, Gen. Nickerson, and Lieut. Clem could hardly pass along the street on account of the people trying to shake hands with the president. Men climbed on the carriage to grasp his hand. In the procession were "Sherman's bummers," captured flags and ordnance, two old batteries, and "Old Bill," the only surviving horse of the 66th Ohio volunteer cavalry.

Sheriff Bryant of Greenfield, Mass., who has charge of Nelson Phelps of Shutesbury, the murderer of Sadie Glover, constantly keeps a guard of three keepers over him. A number of the Glover family gathered at the house on the night of the 10th inst., and threatened to lynch Phelps, but were kept at bay by the keepers. The doctors pronounce Phelps as much better, and it looks now as though his wish to "live to be hanged" is to be gratified. The whole crowd are a queer set. Though the Glover family threaten to lynch Phelps, a recent visitor found Sadie's sister, the girl who rode from Lake Pleasant with him on the afternoon of the murder, sitting by his bedside and fanning him. The people in the house said she had been there most of the day.

Heber Cahoon, Angus McIsaac, Benjamin Burke, Duncan Campbell and Edward Cunningham were picked up at sea in a dory on the morning of Aug. 6th by a Norwegian barque. The men belonged to schooner Laura Nelson of Gloucester, and were adrift thirty hours before rescued. They were landed at Sambro, near Halifax, N. S., on the 12th inst., and were taken in charge by Consul Jackson of Halifax, and forwarded to Boston.

New Hampshire Items.

Simeon Dodge's house and barn in Lisbon were burned Friday morning, and Erastus Fisk's house damaged. Loss $1500; insured.

The next annual meeting of the United States Hay Fever association, of which Mr. Mark Richards Muckle, of Philadelphia, is president, is to be held at Bethlehem, on the 31st of August. The committee on scientific facts, consisting of Dr. Morris Wyman, of Cambridge, Mass., Messrs. M. Richards Muckle and E. W. Holmes, of Philadelphia, Dr. Arthur Holbrook, of Milwaukee, Wis., Dr. O. N. Baldwin, of Montgomery, Ala., and Professor W. H. Parker, of Middlebury, Vt., have prepared a report for presentation to the society.

A New Source of Revenue.

Italy promises soon to have the largest revenue of any country in the world. "The Italian Parliament," a despatch from Rome tells us, "has decided to tax titles and decorations on the following scale: for a title of prince, 30,000 lire Italian; duke, 25,000; marquis, 20,000; count, 15,000; baron, 10,000; for any other title, 5,000; for crests, 700; for permission to wear foreign decorations, ninety lire Italian." The Italian lira, it may be said, is worth about twenty cents. The despatch adds, somewhat superfluously, that "it is supposed that more than one-half of the owners of the above titles will be unable or unwilling to pay this tax," but the pecunious survivors should be sufficient in number to clear off the Italian national debt, and leave the treasury full. The American mother will at least be able under the new regime to exact his permit of her intending son-in-law, or perhaps the government will issue something neat but not gaudy in the way of badges indicating that the wearer is licensed to call himself and be called a duke or a marquis. This new way to raise the wind suggests to the economical legislators of our country that quite a revenue could be raised by taxing all who persist in the enjoyment of military titles now the cruel war is over.

YORK COUNTY ITEMS.

Mr. I. F. Frisbee, of Kittery point, has been appointed principal of the Nichols Latin school at Lewiston.

The Congregational society of Eliot is holding its services in a grove on land owned by Capt. Jenks, until the church is rebuilt.

On the 11th inst., at Berwick, a boy in charge of a pair of horses belonging to Orin Butler was engaged in drawing stone from a quarry to the bank of the river near Grant's hotel, opposite Great Falls, when he backed the team into the river, and both horses were drowned. The animals were both young, and quite valuable.

—"Where are you going?" said a young gentleman to an elderly one in a white cravat whom he overtook a few miles from Little Rock, Ark. "I am going to Heaven, my son. I have been on my way for eighteen years." "Well, good bye, old fellow! If you have been travelling Heavenward for eighteen years, and got no nearer than Arkansas, I will take another route."

—The church is the low-rest place on earth.

—Haverly's Mastodon Minstrels have made a hit in London.

The Three Graces

are represented with perfectly developed forms—beauty and health combined. No decayed toothed man or woman can be healthy, because digestion must be imperfect. Use SOZODONT, get healthy teeth, good digestion and a sound body. Revive the three Graces.

A Down Town Merchant

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and the little fellow awoke next morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering, crying babies and restless night have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudice of the mother. Sold by all Druggists. 25 cents a bottle. 6

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor, "Some time ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and cathartic, pleasant to the taste, free from nausea, or griping, Smith's Medicated Prunes are a certain cure for Constipation and Biliousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C.* D&W1Jan81

AROUND HOME.

Mr. James L. Parker, the courteous and attentive city messenger, was complimented by a unanimous vote last Thursday evening, on the occasion of his election for a third term.

Bro. Charles T. Wiggin, of Rockingham Lodge, No. 37, I. O. G. T., was at the last meeting presented by Ida Deering, in behalf of the lodge, with a very handsome regalia.

The Gibson house is the headquarters for the Boston *Sunday Herald* and *Globe*, and Mr. Leary with his assistants gives a good exhibition of rapid movement in folding and distributing the papers.

Miller's Weekly goes gently for Thomas Leavitt of Exeter, judge of probate, for being engaged, as one of the firm of Leavitt Brothers at Hampton beach, in illegal sales of liquor. Does the *Weekly* hold in this connection that the bench was behind the bar?

James Ashton of Dover, who retired from the employ of the Cocheco Manufacturing Co. about two months ago after an uninterrupted service of over fifty years, on the 11th inst. received from the treasurer of the corporation a complimentary letter, enclosing a check of $500 from the company.

Mr Lemuel B. Caswell, of Smuttynose island, Isles of Shoals, on the 11th inst. sold to Messrs. Andrews & Co. of Lanesville, Mass., six hundred quintals of cured cod, cusk and haddock, receiving $5 per quintal for large cod, $3 for medium and small cod, $2.85 for cusk, and $2.40 for haddock.

Some time during the day on the 9th inst. the house of Mr. Edward Holmes of Greenland was burglarized, the thieves ransacking the house and taking therefrom a quantity of Mr. Holmes' clothing, which they selected with care, and also carrying off a pair of valuable gold-bowed spectacles. This was the second robbery in that town within two weeks.

The democratic state committee had a meeting at Concord, on the evening of the 12th inst., and appointed the times and places for holding the several conventions of the party. The state convention will be held at Concord, Sept. 15th; first district congressional, at Dover, Sept. 16th; Rockingham county, at Epping Sept. 17th; first district councillor, at Dover Sept. 16th; senatorial, Portsmouth district, at Portsmouth Oct. 7th; Newmarket district, at Newmarket Sept. 21st; Rockingham district, at Exeter, Sept. 17th.

A presentation was made by the employes of William A. Plaisted, No. 125 Market street, on the 11th inst., to Mr. Arthur Frost, the foreman of the teamsters of J. Albert Walker, Esq. The presents consisted of a pair of nice calf-skin boots and a fine silk hat, at the top of each of which was painted by Jarvis, in a red band, these words: "Portsmouth Coal Pockets." Mr. George Scott, of the Market street house, made the presentation speech, to which Mr. Frost responded in a feeling manner.

The little steamer "Lottie," of Exeter, came down the river on Friday with a party of ladies and gentlemen from Newmarket. The fast little boat returned from Biddeford to Exeter on the 6th inst., as before her arrival at Biddeford another boat had been put on the route to the pool. The Lottie made several trips which proved highly satisfactory, as her running time was much less than that of the schedule, and she proved an excellent sea boat. She was taken out several times in heavy weather to test her abilities, and the worse the weather the better she seemed to behave.

The schooner Hyne, Otis master, a vessel well known at this port, to which she has made numerous trips during a few years past, went on a point of rocks at Bath, Me., some days ago, while in tow of a tug, and remained there some time, but is now off. At the time she went ashore she was loaded with lumber for new York, which has been discharged into the schooner Horatio Nichols, the vessel that was twice wrecked in Exeter river, to be forwarded to its destination. The latter vessel appears to have had all the up-river navigation she desires, at present.

Editor Chronicle: In order that there may be no misunderstanding in regard to the lecture delivered in this city, to which you allude in your paper of last Friday as given before a gathering of the masonic fraternity, by "Judge Calvin C. Burt, Grand Master, ad vitam, of the World, 96th degree Egyptian Masonic Rite of Memphis," we would state that the lecture was not given under the auspices of any lodge or other masonic organization, and that the Masons generally seem to know nothing whatever about the lecture or lecturer. The *Voice of Masonry*, published in Chicago, in its July number contains a caution to the fraternity to beware of Calvin C. Burt, long the peddler of that humbug the so-called "Rite of Memphis," and who has been expelled from all the rights and privileges of Freemasonry; it also alludes to another peddler who subscribes himself Dr. Wilson, 96th degree, Thrice Illustrious Grand Master General Egyptian Masonic Rite of Memphis, 5 Temple place, Boston, Massachusetts. Only those who want to be humbugged and defrauded of their money will have anything to do with this long-exploded folly.

M. M.

POLICE COURT.

FRIDAY, Aug. 13; *Batchelder, J.*

Bridget Smith, for drunkenness, was assessed $9.90, fine and costs. Not having that amount in the treasury, she emigrated to Brentwood.

GENERAL KILPATRICK IN PORTSMOUTH.

An enthusiastic, appreciative audience greeted Gen. Kilpatrick Friday evening; and although he had holden a continuous mass-meeting at his suite of rooms at the Rockingham, from his arrival at three o'clock until the hall was opened, yet untired and untiring, he held the large throng until the close.

An earnest, thoroughly practical man, brilliant in rhetoric and profound in argument, he handled his theme with the same vigor and dash that characterized his world-famous exploits in the field.

With not a word of reproach for his comrade, yet he arraigned the democratic party for its inconsistent nomination, in a masterly manner, holding up its past record as a scathing rebuke, could it be brought home to any other than a democratic conscience.

The present congress received its due share of attention, the democratic idea of free trade being handled without gloves. Representing an important and wealthy manufacturing state, Gen.. Kilpatrick is thoroughly posted on the subject, and estimates at its full value the bearing of national politics upon the interests of the capitalist as well as the mechanic and laborer; and moreover he has a way of saying what he thinks, that leaves no doubt of its meaning.

The Boys in Blue, who occupied fifty seats in the orchestra, vow and declare they could smell powder again, and hear the volley of a whole line of battle.

During Gen. Kilpatrick's address he received a dispatch tendering him the nomination as governor of New Jersey.

THE YOUNG DEMOCRACY.

At an adjourned meeting of the young democracy, held Thursday evening last, the following constitution was adopted:

The democratic party, through its representatives in convention at Cincinnati, eaving placed in nomination Winfield S. Hancock as a candidate for president and William H. English for vice president, men whom all democrats and liberals respect and in whom they have the utmost confidence—

We therefore, who are here assembled, form ourselves into an organization to be known as the Young Men's Democratic Club; and we ask all friends of Hancock and English to co-operate with us in harmony, without regard to past particular differences, to help us secure their election.

We pledge ourselves to use all honorable means to secure the success of our ticket, and to frown down all attempts at discord within our ranks, that victory may be ours here in Portsmouth as well as in the nation.

An executive and canvassing committee was appointed, consisting of three members from each ward, as follows; James F. Jenness, John W. Clark, Chas. A. Canney, ward one; Benj. F. Russell, Frank P. Rundlett, Andrew J. Buckley, ward two; David J. Norton, William T. Rand, George W. Twombly, ward three; Edward Watkins, Joseph D. Cornelius, Horace W. Gray, ward four. About one hundred signatures were obtained to the club-book.

Specimen uniforms were submitted for the inspection of the club, and the meeting then adjourned to eight o'clock Tuesday evening, the 17th inst., when reports of committees were ordered. It was voted that the hall be opened every evening.

THE LIQUOR RAID AT HAMPTON.

Mr. Editor: Having seen an article in your paper stating that it was through some of the most prominent men in the town of Hampton that the recent liquor raid was made, I would like to correct that statement, and to say that from what I have heard from many residents in this goldhold town, that such was not the case; that the old settlers of Hampton knew nothing about the affair until the storm had passed, and that the arrests were made at the instance of persons who I am told hold no property in the place. Now, if such is the case it is very hard for the good, quiet citizen of Hampton to have the raid laid at his door. It gives the place a bad name, which in my opinion is wholly undeserved. I was very much surprised when I heard of the affair, knowing of the quiet hotels in the place and the principles on which they were and are conducted, that they should be called to answer the charges brought against them, especially by those who professed to be their friends. I can truly say that I never have seen so little drunkenness as during this season, in fact none; and I have not this season seen any fast riding through the streets of Hampton, as has been seen in years past. I can say of a truth that I have not seen a man reel in the street this season from the effects of liquor. I can speak of the Union house in particular, which I am best acquainted with, that this public house is kept in the very best manner possible; that the proprietor will not allow the second glass drank in his house; and I never have seen a person drunk on his premises through liquor sold by him. Never was the house run in such good, quiet and peaceable way as it has been by the present landlord, Mr. Whittier. And in regard to the other public houses at the beach, I have been informed on good authority that the proprietors do not let any one have stimulants outside of the house; the houses are all kept in the very best style, with perfect order in and around them. In my opinion public houses cannot be run without accommodating the public and their wants; and this is all that is done.

H.

RAMBLING RETROSPECTION.

Mrs. Mary Sides, whose funeral took place on the 10th inst., was one of the oldest persons, if not the oldest person, surviving in Portsmouth at the time of her decease. Records prove her to have been at least ninety years of age, and there are old people living here who think that she was some six years older than that even. Thus she dated back her birth close to the time of the achievement of the independence of the United States.

The few old-fashioned ship carpenters now surviving in this vicinity, and who formerly lived most generally in Portsmouth, Kittery, Eliot and York, well recollect her as the efficient housekeeper for a series of years at the old mansion house of the Raynes ship yard, where many of them where accustomed to obtain their dinners, and where they sometimes stopped over night. Mary took good care that they should always have their meals promptly, and a plenty to eat, for the procurement of the material of which she had a *carte blanche*. When the old-fashioned launches occurred, and the tables were set from one end of the old historic house to the other with eatables and drinkables in abundance, furnished by the munificence of the owners free to all callers, she and her assistants were to be seen moving about deliberately, by her care and attention securing the respect of all.

The life of Samuel Sides, whose widow she was, was a somewhat adventurous one. The first recollection of himself which he had was of being on the streets of London in charge of a nurse or attendant, when a press-gang came along and seized him. He was kept in the British navy until a young man, when arriving at Halifax he made his escape from a man-of-war, and obtained a passage to this city, on board of a fishermen. Here he learned the trade of rope-maker, at the ropewalk then situated where the Eastern railroad station now is. At the commencement of the war of 1812 he shipped on board an American privateer, and was taken prisoner and carried to Dartmoor, where he was detained during the war of 1812. While there he was a witness of the infamous "Dartmoor massacre," of which he used to give vivid accounts. Being a naturalized American of English birth, Mr. Sides often expressed himself as having been fearful of detection, England asserting the doctrine of "once an Englishman always an Englishman," and the right of impressing into the British service any native born Englishman wherever he might be found, often seizing knowingly, or by an easy mistake, American-born citizens; the frequent occurrence of which caused the last war with England.

The old ship carpenters to whom allusion has been made, were residents of the towns before mentioned and the villages adjoining. They were in general real estate owners, and an independent and intelligent set of men. An old sea captain of New York said of them, "I have travelled over a large part of the world, and I have never seen such skillful mechanics, wherever I have been!" Their names and appearance, together with the times when they were born, show most of them to have been of the unmixed stock which emigrated from England about 1640 in the Mason and Gorges colony.

V.

The democrats of Kittery point had a flag-raising last Thursday evening, about all the people of the neighborhood being present, regardless of age, sex, politics or color. E. C. Spinney, Esq., called the meeting to order after the flag was raised, and introduced Howe Call, Esq., of this city, the "silver-tongued" advocate of greenbackery for several years past, as the orator of the occasion, who spoke, the *Times* says, "at considerable length, in his usually eloquent manner."

THE WEATHER.

Probabilities for New England, To-day.

WASHINGTON, D. C., August 13.

Partly cloudy weather possibly occasional rain the northern part, stationary in the western part, and in the southern half stationary or lower barometer, southwesterly winds.

ROYAL BAKING POWDER CO., New York.

SKILLFUL SURGERY!

Removal of Urinary Calculi by the Knife. A Lucky Man.

Mr. Simeon Tietsell, of Saugerties, N. Y., had been treated for seven years by various physicians for what they call Stricture of the Urethra, without benefit. He finally consulted Dr. David Kennedy, of Rondout, N. Y., who found his trouble to be Urinary Calculi or Stones in the Bladder. The Doctor at once removed the foreign bodies with the knife and then gave his great Blood Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect.

While "Favorite Remedy" is a specific in all Kidney and Bladder diseases it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women. Try it. Your druggist has it, and its cost is only one dollar a bottle. The lucky man is he who puts this advice in practice. Don't forget the name and address, Dr. David Kennedy, Rondout, N. Y. The Doctor would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to Office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery. deod&eow1m

HOSTETTER'S CELEBRATED

STOMACH BITTERS

Defensive Medication

Is a precaution which should never be neglected when danger is present, and therefore a course of the Bitters at this season is particularly desirable, especially for the feeble and sickly. As a remedy for biliousness, dyspepsia, nervousness and bowel complaints, there is nothing comparable to this wholesome restorative.

For sale by all Druggists and Dealers generally.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains a useful and very expensive engraving. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to pernicious habits or inherited. He is a Nervo specialist, and therefore knows where of he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. dm&w &6tnow80

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters—rely on it. See another column.—*Press.*

—A woman went to a concert to hear Blind Tom "play by ear," but she was swindled, and wants the fraud exposed. She says that instead of playing by ear, he played with his fingers, just like other performers.

"A Drop of Joy in Every Word."

FLEMINGTON, Hunterdon Co., N. J. *Dr. R. V. Pierce,* Buffalo, N. Y.: Three months ago, I was broken out with large ulcers and sores on my body, limbs and face. I procured your Golden Medical Discovery and Purgative Pellets, and have taken six bottles, and to-day I am in good health, all those ugly ulcers having healed and left my skin in a natural healthy condition. I thought at one time I could not be cured; although I can but poorly express my gratitude to you, yet there is a drop of joy in every word I write.

Yours truly, JAMES O. BELLIS.

—Some young men went out the other night to "have a little time." They had just as little time as they wanted to get out of a neighboring orchard, and a vicious dog had all the fun.

EVANS, COL., Jan. 8th, '80.

Dear Sirs—The Kidney-Wort I got of you is the best medicine I ever used. I shall recommend it to all my friends. I thank you and kind Providence for conveying it to me, it is a great temporal blessing.

Very Respectfully, WM. WELLS.

The meeting of the Emperors of Austria and Germany is interpreted by all the Vienna journals as an evidence of a new consolidation of the Austro-German alliance and as a sign of the maintenance of peace.

Feeble digestion, sick headache, dizziness and faintness cured by Mott Bitters.

Reform club meeting Sunday evening at 7:30.

Speer's Wine for Delicate Females.

It is a pure article from the juice of cultivated Sambucus, prepared and fermented by a new process, without the addition of any spirits. It is one of the most comforting cordials we have ever tasted for female weakness and kidney difficulties, consumption and general debility, and especially good for those who object on principle to stimulants, as it has all the properties of warmth and energy which occasionally render a resort to them absolutely medicinal. Each vintage must lay four years before put in the market. His success is remarkable, as it is being ordered by families, merchants and druggists, from all parts of this country, from South America, England, and even from the wine districts of France. It is getting a large sale in England for female weaknesses.

For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

—Texan society is agitated over the question of whether or not the groom at a wedding should wear his revolver belt outside or inside his dress coat.

—There is no accounting for tastes. A summons in a breach of promise suit against the bridegroom was sent in among the bridal presents at an Iowa wedding.

If you have a cold take Adamson's Botanic Balsam. A sure cure for coughs, sore throat and all pulmonary complaints. To the afflicted we recommend a trial of this superior remedy.—*Boston Saturday Evening Express.*

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!

For Diarrhœa, Dysentery, Cramps, Cholera, AND ALL THOSE NUMEROUS TROUBLES OF THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON.

No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *the evil seldom danger of a fatal result* which so often follows a few days' neglect.

The inclinatio to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years of continued use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE:

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several men are of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider it should not be doing my duty to the community, if I took any other course. If I were attacked by the Cholera to-day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

E. E. BERGINSEN,
Galena, Illinois.

Messrs. PERRY DAVIS & SON:

I feel anxious to testify and to endeavor to convince you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (one eighteen months, and the other three years of age) with perfect safety, it regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. We live well in my family for five years, and *will not* be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours, L. F. MOORE.

Baugall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will ever do so.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

KIDNEY-WORT
PERMANENTLY CURES
KIDNEY DISEASES, LIVER COMPLAINTS, Constipation and Piles.
DR. R. R. CLARE, South Hero, Vt., says, "In cases of KIDNEY TROUBLES it has acted like a charm. It has cured many very bad cases of PILES, and has never failed to act efficiently."
NELSON FAIRCHILD, of St. Albans, Vt., says, "It is of priceless value. After sixteen years of great suffering from Piles and Costiveness is completely cured me."
C. S. HOGARON, of Berkshire, says, "one package has done wonders for me in completely curing a new Liver and Kidney Complaint."
IT HAS WONDERFUL POWER. WHY?
BECAUSE IT ACTS ON THE LIVER, THE BOWELS AND KIDNEYS AT THE SAME TIME.
Because it cleanses the system of the poisonous humors that develope in Kidney and Urinary diseases, Biliousness, Jaundice, Constipation, Piles, or in Rheumatism, Neuralgia and Female disorders.
KIDNEY-WORT is a dry vegetable compound and can be sent by mail prepaid.
One package will make six qts of medicine.
TRY IT NOW!

Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at 9 leven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:30 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.
Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H,
This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, and the cool breezes, with healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a rapid train service, the gas manufactured on premises, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The beach, nearly fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unrivalled in beauty and grandeur.
An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.
The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from all sides of the house affords fine views. Its *cuisine* will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address
F. W. HILTON & CO.,
Rockingham House, Portsmouth, N. H.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the interior of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SPEER'S
PORT GRAPE WINE!

SPEER'S PORT GRAPE WINE,
FOUR YEARS OLD.
This Celebrated Native Wine is made from the Juice of the Oporto Grape, raised in this Country. Its Invaluable
Tonic and Strengthening Properties
are unsurpassed by any other Native Wine. Relying the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.
Speer's P. J. Sherry,
A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.
SPEER'S P. J. OR PEDRO J. BRANDY.
This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.
Speer's Sambuci Wine!
celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.
Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.
AS A DIURETIC,
it imparts a healthy action to the Kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.
None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
ALFRED SPEER, Proprietor,
Office, 34 Warren Street, New York.
Mt. Prospect Vineyards, Passaic, New Jersey.
For sale by *A. P. Preston, David Kimball, F. B. Coleman,* druggists; *H. F. Gerrish, C. E. Laighton & Son,* grocers.

American and Foreign PATENTS.
[ESTABLISHED 1865.]
GILMORE & CO., Successors to CHIPMAN, HOSMER & CO., Solicitors. Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. No additional fees for obtaining and conducting a re-hearing. Special attention given to Interference Cases before the Patent Office, Extensions before Congress, Infringement Suits in different States, and all litigation appertaining to Inventions or Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.
Old Bounty Land Warrants.
The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.
Arrears of Pay and Bounty.
Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & CO., and a full reply after examination, will be given you free.
Pensions.
All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.
Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.
Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & Co. is thus insured. We desire to win success by deserving it. Address

STONES IN THE KIDNEYS and BLADDER Expelled—Long Suffering of one of TROY'S best People.
A LUCKY MAN.
Mr. James Andrews, of No. 10 Marshal Street, Troy, N. Y., had suffered for several years from the formation of Stones in the Kidneys and Bladder, and had doctored with many of the best Physicians without receiving any benefit. He was induced to try Dr. Kennedy's "Favorite Remedy," and the following extract from Mr. Andrews letter tells the whole story.
TROY, N. Y., April 8th, 1880.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR,—I received your letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have taken a great sufferer to this day. The stone that passed from me has a small piece broken off, but the large one I enclose so that you can see for yourself of what it is composed.
I am quite willing to testify under oath to all I have written in regard to my sickness and recovery, and words fail to fully express my feelings of gratitude to you for my great deliverance from so terrible a disease.
With a real grateful heart I remain yours most respectfully, JAM S ANDREWS.

RUPTURE
DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe who has a Rupture, no matter how skillfully it may be held in place. Every man who has died from it once flattered him etf that it was but a trifling ailment; and every man who now suffers from it is in the injury of disease, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary means to be effectually relieve of it before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity throughout the United States, Canada and the West Indies. The afflicted should read it and inform themselves.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal services, he will, till further notice, divide his time between the New York and Boston offices as follows: Saturday, Monday, and Tuesday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is
Dr. J. A. SHERMAN
251 Broadway, cor. Murray St., N. Y.,
—AND—
43 Milk St., Boston.
Beware of certain confidence men and imposters who represent themselves as Dr. Sherman.

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE,

In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents.

TESTIMONIALS.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.—*Dear Sir:* You procured for me, in 1869, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

TRADE MARK **DAY'S Kidney PAD**

IS STRONGLY ENDORSED.

Rev. E. F. L. GAUSS, Galena, Ill., writes—"For over ten years I had been a great sufferer from pains in the small of the back and region of the Kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief, and I was finally advised to go abroad and seek the climate of my youth. In Germany and Switzerland eminent physicians, after close examination, declared my sufferings to arise from disease of the Kidneys, of long standing, and could do me no good. I was, however, benefited by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble grew again so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, tried it, and the effects were truly wonderful. The pains at once grew less and are now, after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and look again the very picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed, I consider the Day Kidney Pad Co., God's agents and great benefactors of mankind. May all the suffering be helped as I have been is my earnest wish."

"CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.,—(30 years in business)—"DAY'S KIDNEY PAD is having a large sale and gives very general satisfaction than any remedy we ever sell."

CASPER WEITZEL, Policeman, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 25 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing great good here. It sells every day and gives universal satisfaction."

For sale by drug'ists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $1.00; Special Pad, (extra size), $5.00; Children's, $1.00. Our book, "How a Life was saved," giving the history of this new discovery, and a large record of most remarkable cures, sent free. Write for it. Address

DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now seeking a sale on our reputation, we deem it due the afflicted to warn them, Ask for **DAY'S KIDNEY PAD** and take no other.

DECEASED

LYDIA E. PINKHAM'S

VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, DIRECTS THE VITAL POWER ARIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS **radical and entire. It strengthens** THE BACK AND PELVIC REGION; IT GIVES TONE TO THE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THE FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory.

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 25 cts. per box.

GEO. C. GOODWIN & CO., Proprietors, Boston, Mass.

Sold by Druggists.

SMITH'S MEDICATED PRUNES.

LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS.

THIS Fruit preparation is as pleasant to the taste as prunes prepared for the table, and embraces the most medicinal agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as affect those who are costive. They cause effectual evacuation of the bowels without nausea or griping and admit of continued use without the inconvenience effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medication is entirely vegetable and healthful.

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians who say "they should be always kept in the house."

All Druggists sell them.

Daily Chronicle.

The Wrecked Ship.

BY KITTIE, ISLES OF SHOALS.

There was once a young prince, who was walking in his father's castle grounds, and suddenly saw a ship in distress. He called his men to send out some boats to help the people on shore. They all got ashore safely, but only one poor man was drowned. They all went to their homes except one, who said he would remain all night with the prince.

In the middle of the night he was suddenly taken ill and died, for the prince poisoned him, as he had met him before and the man had done some ill deed to him, which was that he had tried to choke him. After this poor man was poisoned the prince took a small boat, after asking the Pimpernel about the weather. He landed at an island and asked whose house was there, and found it belonged to the poor man. He was so terrified that he could not move, and suddenly the house disappeared and he found himself in a large, dark cave. He found out that it was haunted, and he saw the ghost of the poor man, dressed all in white, coming towards him, and said to him, "You will never leave this cave alive." He disappeared suddenly, and a man with a red skin came towards him constantly, but did not reach him. After he went he found a dear little Pimpernel which was open and said to him, "It is all clear outside."

A beautiful young princess came into the cave and was frightened when she saw the prince, and tried to get out, but the door was closed. She gave him a ring of amethyst, and made him a promise to marry him if he ever got out of the cave, if he would open the door. He gave her his ring made all of blue diamonds, and he let her out. She promised him when she got tired of wandering about to come back to the cave and bring the ring to him, and get him out.

They were married and lived happily, and found a little child who was washed up from a wreck, and they adopted her and she grew up to be the most beautiful lady in the whole world. She resembled her mother and father, with light blue eyes and golden hair, and cheeks like pinks and teeth like pearls, and small feet and hands, and she was quite tall and graceful.

The end.

A Genuine Shell Race.

Of late years boat racing has degenerated to such an extent that is positively refreshing to hear of a genuine shell race pulled in dead earnest. Such a race took place in Bedford basin, near Halifax, N. S., recently. There were few spectators, and no money up on the result, but it is doubtful if a shell was ever pulled with as much energy as on that occasion. Warren Smith was out practicing in his shell, when a genuine man-eating shark took after him. Mr. Smith recognized the fact that the first snap of its immense jaws would make short work of the shell, and the second snap would dispose of himself with equal brevity, so like the sailor in the hymn, he "pulled for the shore." They both got away in good style, Smith slightly in advance, the shark making a good second. Smith occasionally looked at the shark in a nervous sort of way, and began steering wildly. The shark, at the first half-mile stake, made a spurt, increasing its stroke to 137 in the minute, while Smith madly forged ahead in bad form. At the three-quarter stake the shark came on over Smith's course, and plainly endeavored to foul the latter's boat. Smith, instead of calling to the referee, gave a spurt and a yell, leaving the shark half a boat's length in the rear, and giving him the wash of his oars. At the end of the first mile it became evident that Smith was more anxious to win the race than to exhibit any particular kind of stroke. The shark practiced the celebrated "git thar" stroke, but its steering was bad, going all over the course. As they approached the shallow water, the shark was noticed to hold up its fin, signifying that it had a stitch in its side. Smith was pretty sick, too, but he was bound to win the race. The shark went out in the harbor and bathed its head in cold water. Smith says he would rather row with a clam than a shark. He likes its style of shell better.

A Free Acknowledgment.

I hereby certify that I habitually use Dr. Kennedy's "Favorite Remedy" in my family in all those cases in which a domestic medicine is needed, and that it has never yet failed to accomplish the purpose desired. We look upon it as an anchor to windward that is sure to hold in every instance mentioned on the doctor's bill of particulars. I make this acknowledgment freely, in hope of doing good to others, feeling that a medicine that is near at hand and to be implicitly trusted, is worth more than it costs.

REV. G. C. ESRAY,
Formerly associate editor of the Rondout *Freeman*.

—A woman went to a concert to hear Blind Tom "play by ear," but she was swindled, and wants the fraud exposed. She says that instead of playing by ear, he played with his fingers, just like other performers.

Lydia E. Pinkham's Vegetable Compound has rapidly made its way to favor among druggists, who have observed its effects on the health of their customers. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

—Senator Bruce, Mississippi, is reported to be possessors of two large plantations in his state, and has a fortune also of $200,000.

OF OHIO.

FOR VICE PRESIDENT.

Chester A. Arthur,

OF NEW YORK.

News and Notes.

A freight train on the New England railroad ran into a peach train at North Windham, Conn., Thursday night; a number of cars were wrecked, and the engineer of the regular freight train was killed. Two extra freight trains collided near Cooperstown, N. Y., Friday morning; twenty-five cars were demolished, and one man was killed and three others injured. Two trains were smashed in Pennsylvania on Friday, one on the Pennsylvania Central road and the other on the Northern Central, but no person was killed.

James H. Dyer of Rutland, Vt., thirty-seven years of age, accidentally shot himself while hunting, on the 11th inst., the wound proving fatal. His body was found in the woods. He was an active Mason and member of the G. A. R.

Mrs. Laura Miller, aged ninety-two years, of West Springfield, Mass., has died in consequence of taking poison by mistake for medicine prepared for her

Thomas Buffum of Pelham, Mass., about seventy-five years old, attempted suicide last Thursday by taking Paris green. Failing, he attempted to cut his throat. Despondency was the cause.

Wm. Barrel was killed on Friday afternoon at Providence R. I., by falling from the tower of the new cathedral, a distance of ninety-five feet. He was a stone-mason, working on his first job since his arrival from Scotland.

Miss Mary Binney Banks, eldest daughter of Gen. N. P. Banks, was married in Waltham, Mass., on the 12th inst., to Rev. Paul Stirling of Gambier, Ohio. The bridegroom is a clergyman of the Episcopal church.

Mrs. Charlotte Caffrey, widow of the late John P. Caffrey of Waterville, Me., committed suicide last Thursday, by hanging. For some months the deceased has been partially insane in consequence of grief at the death of her husband and other troubles, and during the temporary absence of her nurse committed the deed.

G. Cavendish Bentinck, cousin of the Duke of Portland, was married at Newport, R. I., at noon on the 11th inst., to Miss E. Livingston, daughter of Maturin Livingston of New York. Bishop Clark of the Episcopal diocese of Rhode Island, assisted by Dean Lyster of Ontario, officiated. The bride's dress was of heavy cream satin, elaborately trimmed, with a long train, the latter being composed of fine kilt plaitings, edged with Valenciennes lace. She wore the Bentinck family diamonds. The bridesmaids were Miss Livingston, sister of the bride, Miss Edith Fish, daughter of Hon. Hamilton Fish, Miss Kate Kernochan and Miss Gertrude Hoyt. There was a large and fashionable array of guests of both sexes present, not only at the church but also at the reception given by the bride's parents.

A letter to the Des Moines, Iowa, *State Register* from a responsible citizen—S. A. James of Sigourney—gives the information, on the authority of an eye witness, also a responsible man, that the notorious Bender family, four in number, were captured soon after the murder of Col. York. He says that the four were stood up in a row, facing nine riflemen, and were told their fate; that Kate Bender was pluck to the last, and called upon the captain to "shoot and be d——d," and that the four bodies were buried at the corner of the four counties of Lavette, Wilson, Neosho and Montgomery.

John J. Murphy, a cripple, one of the United States census enumerators of New York city, has been held for examination by United States Commissioner Shields on a charge of making out false and fictitious census returns in violation of the United States statutes. As residents of No. 119 1-2 Green street, N. Y., a house of ill-fame, he had entered James A. Garfield of Ohio, bookkeeper; Chester A. Arthur, New York, collector; Edward Cooper, New York, glue maker; James Conklin, New York, notion store keeper; John Fox, New York, liquor store proprietor; James G. Blaine of Maine, stock broker; Samuel Tilden, New York, money broker; and Lewis Sanford, New York, cook. The prisoner says he was given these names by the people of the house, but the residents there say that they gave him their proper names, and that Murphy must have altered them. The penalty for the offence is $5,000 fine, and two years imprisonment.

Advices have reached the department of state that a general escape of state prisoners recently occurred at Laredo, Texas. Two of the prisoners succeeded in crossing the Rio Grande to New Laredo, Mexico, two were drowned, and the remainder were prevented from crossing by United States troops. It is alleged that the two prisoners who succeeded in reaching Mexican soil were afforded protection there. In consequence of this allegation, the department of state has instructed the consul at New Laredo, Mexico, to make a throrough investigation of the affair, with a view to ascertaining whether or not the escaped prisoners received protection from Mexican authorities. If such should prove to be the case, the neutrality laws which exist between the United States and Mexico have been violated by the latter. The state department officials are of the opinion that the protection was rendered by horse thieves, and that the government officers were not cognizant of it.

A fresh political crisis has occurred at Buenos Ayres, and the chambers are overthrown.

Stephen Richardson was convicted on Friday of murder, for killing his mother-in-law at Washington, N. C., and will be hanged Sept. 3d.

The deaths from yellow fever at Havana for the week ending July 31st, were fifty-four. During July there were 282 deaths from yellow fever.

John McDonald appeared in Niles, a small town near Cleveland, Ohio, on Thursday, looking for work. On Friday, at noon, on going home, Darius Parks found McDonald in his house with Mrs. Parks. McDonald was ordered out of the house, but instead of going he undertook to put Parks out, whereupon the latter seized a gun and lodged fourteen shot in McDonald's heart, causing instant death. Parks gave himself up to the authorities and is held on a charge of murder, until the mysterious affair can be settled.

New Hampshire Items.

The annual session of the camp-meeting to be holden at Alton Bay by the Adventists is to commence on Saturday, the 21st inst. A gospel temperance meetig is to be holden on the grounds the four days preceding the regular meeting.

It is estimated that, when complete, $50,000,000 will have been spent on the equipment of the beaches between Brooklyn and what is known as Jones' beach. Such gigantic watering-place enterprises have never before been undertaken anywhere. The spirit and execution of them are wholly American.

The New Hampshire Patrons of Husbandry held a mass meeting at Amherst grove on Thursday of last week, which was largely attended, and was the most successful ever held in the state. Worthy Master George A. Wayson presided, with William H. Simson as secretary. Dinner was served in picnic style, at twelve o'clock. Afterward State Master James Draper of Massachusetts delivered an able address, and was followed by Hon. J. J. Woodman of Michigan, worthy master of the national grange, who made the principal address of the day. D. H. Thing, state master of Maine, spoke of the good which the order has accomplished throughout the country. Hon. F. W. Miller of Portsmouth closed the session with happy remarks. The second and last meeting was held at Warren, Aug. 14th.

Frank P. Proctor was arraigned before the police court at Manchester, Aug. 12th, on three complaints for obtaining money from leading citizens under false pretences, claiming that he was collecting for the relief of a poor woman who lost everything she had by fire in Londonderry. It is also alleged that he obtained sums of one to ten dollars, without authority, for Charles Horton, who was burned out in Auburn on the 9th of July, at which time his little daughter lost her life. Considerable money has been collected from benevolent people which is unaccounted for.

Gilman Jessamine, who was kicked by a horse at Rumney on the 8th inst., died on the 12th.

Norman Tebbetts, of Centre Harbor, committed suicide by taking laudanum. He was unconscious three days before his death, which occurred on Thursday of last week.

On the 11th inst., Gov. Long of Massachusetts and a party of friends left Boston in a special car, and were joined at Manchester by Gov. Head, Col. Webber, fish commissioner of New Hampshire, and other prominent officials, the entire party proceeding to Plymouth to inspect the hatching works in which both states are interested.

The annual meeting of the state board of agriculture was held at the farm of Secretary James O. Adams in Boscawen, on the 11th inst. There was a large gathering of farmers, and the exercises consisted of remarks by Hon. Moses Humphrey, president of the board, and others. The farm of Mr. Adams was visited, arrangements were made for winter meetings, and topics were selected for discussion.

Naval Gazette.

The seventy-two hours' trial of the engine and machinery of the new war ship Galena commenced at the Norfolk navy yard on Tuesday night, the 10th inst., and several accidents happened. A man named Walsh was badly scalded by a cock blowing out, and later one of the firemen let the water get low, and burnt all the felting and lead work off one of the boilers.

Lieut. W. O. Sharrer is detached from the coast survey steamer Blake, and placed on waiting orders.

The Wyoming arrived at Gibraltar Aug. 13th.

The Wachusett was at Coquimbo, Chili, June 27th.

The Kearsarge sailed from Boston on the 12th inst., and arrived at Portland next day.

INVESTORS who are seeking for such securities as have all the requisites of absolute safety, will find in the first mortgage bonds of the Toledo, Delphos & Burlington Railroad Co., an investment worthy of their consideration. These bonds with 30 years to run at 6 per cent interest, are issued at the rate of less than $700 per mile of finished road, running through Northwestern Ohio and Central Indiana. The mortgage is very small, only $1,250,000 on 185 miles of road, and to meet the interest, only $4[illegible] per mile is required. Geo. Walton & Co., 72 Devonshire street, Boston, or 3 Wall street, New York, will furnish further information as to the safety of these bonds.

The Three Graces

are represented with perfectly developed forms—beauty and health combined. No decayed toothed man or woman can be healthy, because digestion must be imperfect. Use SOZODONT, get healthy teeth, good digestion and a sound body. Revive the three Graces.

A Down Town Merchant

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homœopathy. That night the child passed in suffering and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and the little fellow awoke next morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and all suffering, crying babies and restless night have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudice of the mother. Sold by all Druggists. 25 cents a bottle. 6

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor. "Some time ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and tonic, pleasant to the taste, free from nausea or griping. Smith's Medicated Prunes are a certain cure for Constipation and Billiousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Leighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C* D&WJan81

For Sale.

STORE AND HOUSE in Waldron block, Congress street, now occupied by William Beeson and others. Apply to WILLIAM H. HACKETT.

IT MAKES NO DRUNKARDS,

Breaks no Hearts, Excuses no Crimes.

Dr. David Kennedy's FAVORITE REMEDY is not a disguised enemy of the human race; where it cannot help, it does not harm. FAVORITE REMEDY is a combination of vegetable alteratives. It does not heat nor inflame the blood, but cools and purifies it. In all cases of Kidney trouble, Liver complaints, Constipation of the Bowels, and the delicate derangements which afflict women, the action of FAVORITE REMEDY is beyond praise. Thousands of grateful people voluntarily testify to this, in letters to Dr. Kennedy; and with a warmth and fullness of words which mere business documents and certificates never possess. It makes no drunkards—excuses no crimes—breaks no hearts. In its coming there is hope, and in its wings there is healing. We challenge a trial and are confident of the result. Dr. Kennedy would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION. Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervous diseases of all kinds and its affections, whether due to pernicious habits or inherited. He is a Nervo specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. Bissell, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience. dm4th Aug28

AROUND HOME.

The Garfield and Arthur flag in Exeter is one of the finest seen in the state as yet. It is suspended across Water street, near the court house.

The republican flag at North Hampton is hoisted upon a staff standing on the spac in front of the schoolhouse and church, at the Centre, and can be seen from a long range of surrounding country.

Fire was discovered at noon on Sunday in one corner of the coal shed of Charles E. Walker, on Pier wharf. An alarm was sounded, but the fire was extinguished before the department arrived on the ground.

On another page will be found an original romance, "The Wrecked Ship," from the pen of Kittie, a young lady author aged ten, who is summering at the Isles of Shoals. The rapid action of the story will hold the unflagging attention of the reader, and the *denouement* is satisfactory in an extreme degree.

Miss Leonora St. Felix, one of the quartette of French song and dance performers who have become widely known to theatre-goers under the name of the "St. Felix sisters," and who have appeared on the music hall stage in this city several times, died in South Boston a few days ago of typhoid fever. She was only fourteen years old, and the youngest but one of the quartette.

A double team belonging to Charles Cottle of Kittery, while going towards that place about midnight on Saturday, and when near the Portsmouth end of the bridge, became frightened by the approach of a train of cars, turned and ran through Market street to Market square, where they were stopped, but not before they had done considerable injury, to the carriage and harness.

The Newmarket *Advertiser* says that "Hon. Charles H. Bell of Exeter is mentioned prominently as a republican candidate for governor, and would make a very popular candidate, particularly with the temperance people, as he is a thorough teetotallar." The *Advertiser* further says: "Hon. Frank Jones of Portsmouth will probably be the democratic nominee. The only objection to Mr. Jones, from a democratic standpoint, is that he is fully identified with the liquor interests of the country." This is the first intimation we ever had that being "identified with the liquor interest" is considered an objection in a candidate "from a democratic standpoint."

During the war of the rebellion, while serving in Virginia, Capt. J. Albert Sanborn of this city, then a lieutenant, had a silver half-dollar smoothed on one side, and on it engraved "Lieut. J. Albert Sanborn, Co. H., 10th N. H. Vols." He lost the piece before leaving Virginia, and nothing more was heard of it until the 6th inst., when Lieut. Comdr. Chas. M. Anthony, of the navy, handed it to Mr. James Sanborn, father of Capt. J. A. Sabborn. The marked piece was placed in Lieut. Comdr. Anthony's hands by a brother officer of the navy a short time previously, in Virginia, to see if he could find the original owner; but where it has been during the years since it was lost cannot be told. Capt. Sanborn is now at Deadwood, in the Black hills, where he has been located for several years.

The contemplated boat race soon to come off on our river will doubtless be a grand occasion for the display of a considerable number of fine sloops and catrigged yachts. If the weather is propitious our harbor will present a gay appearance, dotted with handsome boats of all sizes and descriptions, their white canvas and bright-colored streamers adding viracity to the scene as they furrow the blue waters of the bay while they speed onward in the race for the prizes which await the winning boats. The great numbers of people who line the shores of the harbor and cover the sea beach at Newcastle whenever a race of this kind is being contested, attest the innate love of such sport which fills the popular breast. There are quite a number of experienced amateur boatmen in our city and its vicinity, whose skill in handling small craft is unexcelled by any of the skippers who have become famous as yachtsmen.

THE FIRST GUN.

The initial speeches of the campaign of 1880 were listened to on Friday evening at Music hall, by an enthusiastic audience which filled the hall, and evinced by close attention and frequent applause their appreciation of the oratorical efforts of the speakers, as well as their own interest in the question of the hour.

Col. J. Horace Kent, chairman of the committee of arrangements, called the meeting to order and announced the list of officers, William H. Hackett being president, with a goodly number of vice presidents, and Samuel Dodge and Washington Freeman as secretaries. Col. Hackett on being introduced returned his thanks, alluded to the important issues of the canvass, and presented the Glee club, who sang "Put him through," a Garfield and Arthur song, with much spirit. The president then referred to the fact that the people of this state will in November be called upon to vote for state as well as national candidates, and said that the committee had invited to be present a gentleman from a neighboring town, well known to our citizens, who bears a name distinguished in our state's history and which he had nobly borne alike in law, literature and politics,—"a gentleman," said the presiding officer, "whom a majority of the intelligent and unpurchased voters of the state intend shall be the next chief magistrate of the commonwealth—Hon. Charles H. Bell of Exeter,"—who was then presented.

As Mr. Bell arose, a shower of bouquets greeted him, and after the generous applause had subsided, he made a brief, practical and pertinent speech, and assured his auditors that whoever the republicans put in nomination for governor at the state convention was bound to be elected by a handsome majority. Mr. Bell's remarks were listened to with close attention, and the citizens of Portsmouth were glad to testify their appreciation of a gentleman who as speaker of the house of representatives, as a lawyer of prominence and a writer of acknowledged ability, has always done credit to his native county.

At the close of Mr. Bell's remarks, the presiding officer referred to Gen. Kilpatrick as a prominent citizen of the republic, known by reputation to every one in the audience, a gallant soldier with a proud record, a close observer of the political events of the day, and an orator capable of clearly and eloquently presenting the prominent questions in the present canvass.

The general on rising was showered with bouquets sent by the Boys in Blue, who held good positions at the front, while the applause shew to the orator their full appreciation of the situation and their keen anticipation of the eloquent treat in store for them. No description of the general's remarks, or the lively zest with which they were received, can do justice to either. At one time, such was the magnetic effect of his eloquence, that many of the Boys in Blue sprang to their feet, and made the hall ring with their cheers! His description of Garfield and of his services in the field of battle, and his prophetic picture of Garfield and Arthur riding down Pennsylvania avenue on the fourth of March next, was a culmination of moving eloquence followed by lively cheers and prolonged applause.

Thus in a warm night in August the audience that filled Music hall were for two hours happy to remain and become enthusiastic, as if the campaign had been going on for months.

After the general's speech the Glee club sang another Garfield and Arthur song to the tune of "Sherman's march," in the chorus of which the audience joined, and the meeting closed with cheers for Garfield and Arthur. The speakers were warmly congratulated after the adjournment.

Among the prominent persons in attendance and who occupied seats upon the stage were Senator Rollins, Representative Joshua G. Hall, Ex-Governor Goodwin, Col. Andrew H. Young and Mayor Sise.

The Boys in Blue, headed by the drum corps and under the command of Maj. E. A. Tilton, escorted the speaker, officers of the evening and invited guests, from the republican headquarters to Music hall. At the headquarters Gen. Kilpatrick was presented to the "boys" by Col. Kent in a few interesting remarks, which were responded to by the general, who was received with hearty cheers.

The opening meeting of the campaign augurs well for the republicans of Portsmouth. The enthusiastic meeting at Exeter on Thursday, as well as the flag-raising at Salmon Falls on Saturday evening, show that the republicans in this portion of the state are awake, and the result will be seen in a full vote—which means a republican victory—in November.

YORK COUNTY ITEMS.

The republicans of York county will hold a grand mass meeting at Old Orchard on Thursday, the 19th inst. Among the speakers announced are Hon. James G. Blaine, Gov. Davis, Stanley Matthews, Senator Fitch, of Nevada, and probably Gen. Logan and others. Three bands of music have been engaged, and a large and enthusiastic meeting is assured.

The Garfield and Arthur club of Saco already numbers over three hundred names, and the accessions are daily on the increase.

Geo. A. Hobbs, Esq., late of the Biddeford *Union and Journal*, has purchased the *Woburn Journal*, published at Woburn, Mass., and moved his family to that city.

James Freeman, a stone cutter of Biddeford, attempted suicide by hanging on the 11th inst., but was cut down before life was extinct. Family trouble caused the act.

Among the speakers at the Portland district Methodist camp-meeting, held at Old Orchard last week, was Rev. J. B. Lapham of Eliot, who on Wednesday evening preached a very impressive sermon on Paul before Felix.

The steamer Florence arrived at York harbor on Friday from Newburyport, with about two hundred and fifty passengers. She made a stop of about four hours at York, and many of her passengers improved the opportunity to take a ride into the adjacent country. The Florence is one of the largest vessels that has entered York harbor for many years.

REAL ESTATE CONVEYANCES.

The following are the conveyances of real estate in Rockingham county for the week ending Aug. 11th, as left for record in the office of the register of deeds:

NEW GOODS!

— AT —

HUTCHINSON'S.

BRIGHT'S DISEASE IN WOMEN. The gentler sex, for a variety of reasons perfectly understood by them, are peculiarly liable to those attacks which end in Bright's disease of the kidneys. Upon the special attention of women, therefore, we urge the great virtues of Hunt's Remedy, the great kidney and liver medicine. This superb medicine has saved many a good woman from an early grave. It is excellent in all of the peculiar diseases of the sex. No medicine equals Hunt's Remedy for delicate women. Sold by all druggists. Trial size 75 cents.

— There is no accounting for tastes. A summons in a breach of promise suit against the bridegroom was sent in among the bridal presents at an Iowa wedding.

Remarkable Success.

The sciences of medicine and chemistry have never produced so valuable a remedy for the treatment of kidney disease as the accidental discovery of the vegetable contained in Dr. Kilmer's Kidney Pad. Its reliable character, desirable qualities and masterly curative power have deeply won upon the confidence of the medical profession and countless sufferers who have used it.

—Show me a people whose trade is dishonest, and I will show you a people whose religion is a sham.

Dr. Kennedy

would have it understood that, while he is engaged in the introduction of his medicine ("Favorite Remedy") he still continues the practice of his profession, but confines himself exclusively to office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of Surgery. Parties living at a distance, except in Surgical cases, by sending statement of their case can be treated at home. Address Dr. David Kennedy, Rondout, N. Y. Make no mistakes. The medicine is "Favorite Remedy," and the proprietor's name and address: Dr. David Kennedy, Rondout, N. Y. One dollar a bottle. All your druggists sell it.

— Coral jewelry, which has been quite out of fashion for some time, is beginning to be worn again.

Deep-seated coughs, and catarrh extending to the lungs, cured by Malt Bitters.

STATED MEETINGS.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Lodge and Market streets.

Not Much Gratitude.

They tell a singular story of a woman in San Francisco as follows: A certain stock broker had a landlady, a pleasant sort of woman, but who had an eye to the main chance. One morning the good lady was in a deuce of a taking, the cares of this world pressed heavily upon her, and she became lachrymose. "What ails you, Mrs. S.?" sympathetically asked the big-hearted broker. "Oh, sir!" replied the dame, "I'm in a heap of trouble. I do wish I was rich." "The deuce you do!" responded the broker. "That's a very common disease. How much, now, would you call a comfortable independence?" "Well," said the lady, "if I had $2,000 I'd be a happy woman." The broker reflected. His bowels yearned to make the old woman happy, and he went and invested in mining stock, which realized a profit of $4,000, which he instantly handed to Mrs. S., with his best regards, the old lady was overjoyed. She wept on his waistcoat; she called him her preserver; she would have kissed him, but he wouldn't have it. At last, when her transports had somewhat subsided, the instinct of money-making began to show itself and she requested the broker to invest the whole sum on her behalf. He demurred; he objected; he begged of her to be content with the profit she had made. He knew the uncertainty of stocks; but all in vain. Mammon reigned triumphant in the old woman's breast. She insisted; he yielded, and of course lost half of the investment. The old lady had $2,000 left, but was she satisfied? No! She actually sued the broker for the balance.

A Fickle Goddess.

A New York man writes feelingly of the dangers of speculation, and the victims of Wall street. He says: I know five men who went to try their luck about a year ago. One was a confidential clerk in a foreign house that operated largely on the street. He was in a good position to get "points," and the understanding was that the others should operate upon them, letting him in for a share of the profits in consideration of the information he should furnish. These five formed a little ring with a cash capital of about fifty thousand dollars. They were smart men, sharp as the average, and had no fear of falling. Where are they now? The confidential clerk is in a lunatic asylum. One of the others is a car-conductor at one dollar and seventy-five cents a day. A second is a clerk in an insurance office at ten dollars a week. A third made his way west toward the Black Hills, and has not since been heard from. The last of the party of five still hangs around the street, watching the indications, but unable to put even five dollars in a bucket shop. Their whole capital melted away in three months, and they were left without a dollar. And cases like this could be cited by the hundred.

The Mahogany Tree.

Full grown, the mahogany tree is one of the monarchs of tropical America. Its vast trunk and massive arms, rising to a lofty height and spreading with graceful sweep over immense spaces, covered with beautiful foliage, bright, glossy, light and airy, clinging so long to the spray as to make it almost an evergreen—present a rare combination of loveliness and grandeur. The leaves are very small, delicate and polished like those of the laurel. The flowers are small and white, or greenish yellow. The mahogany lumbermen, having selected a tree, surround it with a platform about twelve feet above the ground and cut it above the platform. Some dozen or fifteen feet of the largest part of the trunk are thus lost; yet a single log not unfrequently weighs from six or seven to fifteen tons, and sometimes measures as much as seventeen feet in length and four and a half to five and a half feet in diameter, one tree furnishing two, three or four such logs. Some trees have yielded 12,000 superficial feet, and at average prices have sold for $15,000.

STRANGE BUT TRUE—that a large proportion of the ten cent cigars of the present day are too cheap and common to please any cultivated taste. The old-fashioned hand made "Noriegas" will fill the bill—try them and judge for yourself.

Sold by J. H. Thacher, Henry F. Gerrish, C. E. Laighton & Son, at the Rockingham house, and by Laighton Bros. & Co. at the Shoals.

—The life of a submarine telegraph cable is from ten to twelve years. If a cable breaks in deep water after it is ten years old, it cannot be lifted for repairs, as it will break of its own weight, and cable companies are compelled to put aside a large reserve fund, in order that they may be prepared to replace their cables every ten years. The action of the sea eats the iron away completely, and it crumbles to dust, while the core of the cable may be perfect. The breakages of cables are very costly, and it is a very difficult matter to repair them, in comparison with a land line.

If you have a cold take Adamson's Botanic Balsam. A sure cure for coughs, sore throat and all pulmonary complaints. To the afflicted we recommend a trial of this superior remedy.—*Boston Saturday Evening Express.*

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Cholera,
AND ALL THOSE NUMEROUS TROUBLES OF THE ST MACH AND BOWELS SO PREVALENT AT THIS SEASON.
No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS'
VEGETABLE
PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *there is seldom danger of a fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family, and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and all, though myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider I should not be doing my duty to the community did I not say this much. If I were attacked by the Cholera to-day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

E. E. BERGINSENN,
Galena, Illinois.

Messrs. PERRY DAVIS & SON:

I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (one eighteen months, and the other three years) with perfect success. It regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. I've used it in my family for five years, and *will not* be without it. Feeling myself under much obligation to you, in many instances being relieved from pain, I am very truly yours, L. F. MOORE.

Baugall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will be convinced.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at 6 and 6 A. M., after arrival of the morning trains from Boston and Concord, and at 3 P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:20 P. M. in season for the afternoon trains west and north.
☞ Baggage free. Carriages for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.
This Hotel will open June 25. It has accommodations for 400 guests, and offers *more* attractions for pleasure and comfort than any other sea shore resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives in the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.
An orchestra of twenty skilled musicians, under the direction of Mr. John J. Braham, has been engaged for the season.
The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news; every report of which they have access to the port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in local circles whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

PATENTED
SEAT WITH CUSHION
Painted Red, Brown, Green, Blue, $2.50.
Makes a perfect bed. No mattress or pillows required. Better than a hammock, as the body is as pleasantly, and lies *straight.* Folded or opened instantly. Self-fastening. It is just the thing for hotels, offices, cottages, camp-meetings, sportsmen, &c. Cost Splendid for invalids or children. Send on receipt of price or C.O.D. For 50 cts. extra, with order, I will prepay express charges to any place in the United States east of the Mississippi River and north of Mason and Dixon's Line. For 75 cts., in Mass., Me., No. and Iowa.
HERMON W. LADD, 108 Fulton Street, Boston; 207 Canal St., New York; 165 North Second St., Philadelphia; 94 Market St., Chicago. SEND FOR CIRCULARS.

STONES IN THE KIDNEYS
and BLADDER Expelled--Long Suffering of one of TROY'S best People.
A LUCKY MAN.
Mr. James Andrews, of No. 10 Marshal street, Troy, N. Y., had suffered for several years from the formation of Stones in the Kidneys and Bladder, and had the best wishes of all of the best physicians without receiving any benefit. He was induced to try D. Kennedy's "Favorite Remedy," and had the following extract from Mr. Andrews letter tells the whole story.
TROY, N. Y., April 8th, 1880.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR,—I received you letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have been a great sufferer to this day. The stone that came from me has a small piece broken off, but the large one I enclose so that you can see for yourself of what it is composed.
I am quite willing to testify under oath to all I have written in regard to my sickness and recovery, and would fill to fully expire my feelings of gratitude to you for my great deliverance from so terrible a disease.
With a real grateful heart I remain yours most respectfully, JAM S ANDREWS.

RUPTURE
DR. J. A SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe with a rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to state the extent that life has been shortened, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished physicians, gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal presence, he has decided to divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday he can be found at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is
Dr. J. A. SHERMAN
251 Broadway, cor. Murray St., N. Y.,
—AND—
43 Milk St., Boston.
Beware of certain confidence men and impostors who represent themselves as Dr. Sherman. taug28

FACTS WORTH KNOWING.
Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known are so skillfully combined in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and THE BEST HEALTH AND STRENGTH RESTORER EVER USED.
So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used. If you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowels, Kidneys, or Liver Disorder, or if you need a mild stimulant, or aperitif, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.
Remember! PARKER'S GINGER TONIC is not a rum drink, but the *Best and Purest Family Medicine* ever made, compounded from new processes, and entirely different from Bitters, ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. ta14

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1883.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

MRS. LYDIA E. PINKHAM,

OF LYNN, MASS.

DISCOVERER OF

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, IMPARTS NEW VITAL POWER ALIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS **radical and entire. It strengthens** THE BACK AND PELVIC REGION; IT GIVES TONE TO THE WHOLE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the cure of Kidney Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory.

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 25 cts. per box.

GEO. C. GOODWIN & CO., Boston, General Agents.

Sold by Druggists.

SMITH'S MEDICATED PRUNES. LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS

THIS Fruit preparation is as pleasant to the taste as prunes prepared for the table, and embraces the best medicinal agents known for the relief and cure of Constipation, Piles, and such bilious disorders as affect those who are costive. They cause effectivecation of the bowels without nausea or griping and admit of continued use without the necessary effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medicine is *entirely vegetable, and healthful.*

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians who say "they should be always kept in the house."

All Druggists sell them.

The Smith Medicated Prune Co., Proprietors, Hartford, Conn.

CANTERBURY SHAKERS' LIFE-INVIGORATING SARSAPARILLA.

The Great Blood Purifier, Kidney Remedy and Mild Laxative.

WE, the undersigned, having used DR. CORBETT'S SHAKER SARSAPARILLA SYRUP in our practice, and having examined the formula by which it is prepared, we would cheerfully recommend it to the community as the cheapest, safest, and most efficacious of all the preparations of Sarsaparilla in the market. Its highly concentrated state, (there being in a given amount of Syrup twice the amount of Vegetation Extract that any other contains,) the care, skill, and cleanliness of its manufacture, are sure guarantees of its purity and effect. T. R. CROSS, BY, M. D., W. D. BUCK, M. D., S. BUNTON, M. D., J. S. ELLIOT, M. D., JAMES BABB, M. D., Z. COLBURN, M. D., M. G. J. TEWKSBURY, M. D., A. G. FRENCH, M. D., JOSIAH CROSBY, M. D., A. G. FRENCH, M. D., JOSIAH CROSBY, M. D., A. G. GALE, M. D., JAMES A. GREGG, M. D.

Those who have failed to be benefitted by other Sarsaparillas should not fail to make a single trial of the Blood Purifying and Life Invigorating Compound of Shaker Sarsaparilla, Dandelion, Yellow Dock, Mandrake, Black Cohosh, Gargot, Indian Hemp, and the Berries of Juniper and Cubeb, combined with Iodide of Potassium made by the Society.

Prepared by the CANTERBURY SOCIETY OF SHAKERS, Shaker Village, N. H., and signed by Thos. Corbett, the inventor. Sold everywhere. Inquire for Corbett's Shakers' Sarsaparilla.

CAMPAIGN SONG.

(AIR—*Marching Through Georgia.*)

Bring the good old bugle, boys,
We'll rally once again,
Round our leaders true and brave,
Come from hill and plain;
Gather like the leaves of Autumn,
Join the mighty strain—
Singing for Garfield and Arthur.

CHORUS.—Hurrah! Hurrah!
We hear the long call!
Hurrah! Hurrah!
Obey it, freemen all!
So we join the chorus as into line we
Shouting for Garfield and Arthur.

He who bears our standard bright,
Is honest, true and brave;
In our country's days of danger,
He came forth to save;
Hear the hosts of freemen shouting,
See their banners wave—
Singing for Garfield and Arthur.

CHORUS.—Hurrah! Hurrah! etc.

North and South, from East and West,
From far Pacific's coast,
See the loyal freemen rally—
(Their patriotic hearts
While aloud their praises ringing,
Hear the swarming hosts—
Singing for Garfield and Arthur.

CHORUS.—Hurrah! Hurrah! etc.

Chronicle Correspondence.

EAST EPPING, Aug. 16th.

Since I wrote you last week nothing new or wonderful has transpired in this little city of cottages. The weather is now so cool that a fire is decidedly comfortable; the day that the temperature was ninety-six degrees outside the grove, it was only eighty-two degrees here at the cottage; just now it is only sixty-two. Whether living in the woods as we do here is healthful, is to me still an open question. The children like it better than being at the beach or any other place we can find; all day long they can play without any danger of being overheated or getting lost. They find agreeable companions here, and it to them is a continued season of enjoyment. I stroll outside and take a good sun-bath two or three times each day. When Alexander asked Diogenes if he could do him any favor, "yes," said the old philosopher, "get out of my sunshine." I have learned more and more to respect the old philosopher, cynic though he was. Give me plenty of sunshine and good air and pure water, and I have wealth the riches of a king cannot buy and that the poorest need not be without. I would not long live in a house where the sunshine could not come and the winds whistle me a tune new and then.

Four new cottages are now being built. At the head of Wesley park a Mr. Horn of Rochester is building what will doubtless be one of the very best on the grounds. Near by it, Rev. M. T. Cilley of Newmarket and another gentleman are building one, less laborate but quite as roomy and convenient. Near the circle a Mr. Hamilton of Lawrence has one partly done, and on Perkins avenue Mr. Walker of Greenland is rebuilding one formerly belonging to Mr. Chapman of the same town. Thus year after year new houses go up, and year after year we wonder if there are are available lots for more, yet they go on building, and for ought I know get better lots than those who built here years ago. If I could have my choice, I would locate among the pines near the edge of the grove, and as near as possible to the spring. Failing in that, I would go some seventeen miles away and locate in sight of the Wentworth or Fort Constitution, or farther still and try a lot on or near Little Boar's Head, where is one of the prettiest views I ever saw. I might not hear the same kind of preaching, but there would be much that would tell of God and somehow make one feel and think, and think again.

On Sunday there was preaching in the morning by Rev. L. L. Eastman of Methuen, Mass. The text was Rev. vi, 17—"For the great day of his wrath is come; and who shall be able to stand?" Modern culture has a tendency to a milder expression of tenets to which the evangelical church clings as tenaciously as it ever did. Our great preachers proclaim this doctrine most faithfully. Honest skeptics are compelled to acknowledge the necessity of a coming retribution, when justice shall triumph and things be made equal. Even those professing to be models of goodness are working untold evil to gain wordly advantage. Old England, the grand old mother of our beloved land, is destroying more lives in the east than she is saving souls. Adulteration reaches nearly every article of our daily needs, and only the judgment can give a final and true test of this world's doings. God only can tell whether the life as manifested to us be the true life of even the professing christian. There must and will be some consequences of all this, and if consequence, then some preceding judgment. In the great court of heaven there will be no escape by reason of informalities, and no appeal from a decision that will be final. Who shall be able to stand? Not the self-secure, for the Lamb is there, and through Him only can one be able to

stand; it is the great court supreme, where only Christ can be our advocate.

I have not reported Father Eastman fully nor perhaps faithfully, but the sermon was an able one and listened to with the closest attention by quite a large congregation, though the weather was hardly warm enough to be comfortable. The venerable preacher has done good work in his day, and is much liked by all who know him.

The Bible class met at two in Methuen tent; the exercise was conducted by a poor schoolmaster from the seashore, and among those present and taking part were Mrs. Roswell Webster, Rev. Thos. Reese and Dr. Frank J. Philbrick of Portsmouth.

The evening prayer meeting at Grace church tent was fully attended. Rev. J. Mowry Bean conducted the services, and I am told that the meeting was an excellent one. I am off for three or four days towards the north.

*

Be Wise and Happy.

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments—you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will fell you, is Hop Bitters—rely on it. See another column.—*Press.*

—A Long Branch hotel-keeper has posted a notice requiring guests accompanied by dogs to pay $10 a week extra. Ladies who have dogs are said in many cases to order as costly and regular meals for the beasts as for themselves.

HYDE PARK, MINN., April 23d, 1880.

"I have taken a package of Kidney-Wort and it has made me so much better that I wish to recommend it to all that may need such a remedy. I am sixty years old, and have raised a large family of children. I have not been able to do my housework for many years, but now I have sent my girls all off and am doing my work alone, which surprises all the people who know me."

MRS. P. MORSE.

—At Milan young American girls who are learning to sing are greatly persecuted by Italian men, who use indecent language. One man took occasion to parade himself without proper clothing near some young ladies who were near the dressing rooms of a theatre, when a young American tenor said: "That may do among such women as bred you, but if you repeat it here I'll break every bone in your body."

Feeble digestion, sick headache, dizziness and faintness cured by Malt Bitters.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

TUESDAY, AUGUST 17, 1880.

FOR PRESIDENT.

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT.

Chester A. Arthur,

OF NEW YORK.

To the Editor of the Portsmouth Times.

Sir: A perusal of the editorial in your paper of Aug. 14th, concerning the republican rally of the previous evening, leaves me profoundly impressed with the belief that you have never been "kicked in the face by a mule." It confess a grave doubt as to whether the increase of knowledge supposed to be derived from such an infliction, would, in your case, be productive of good: for you appear to entertain the belief that no person holding an opinion differing from your own, is entitled to your respect.

The democratic party, of which the *Times* is an alleged representative, contains many honorable gentlemen; and you will permit me to suggest that habitual association with them might, ultimately, change your idea of the proprieties of political journalism. Perhaps you will credit me when I assert that the republican party also embraces honorable men, to whom the bandying of billingsgate is extremely distasteful. The fact that a large majority of your advertising patrons are republicans, (possibly, a fair share of your subscribers as well,) should recommend to you the policy of affording them and their party at least a respectful political consideration. For your own sake, I regret that you think differently.

Your contemptuous mention of the orator by the prefix "Mr.," betrays nothing of the lofty ingenuousness of which you claim to be an active exponent—but the fame of General Kilpatrick is world-wide, and it would be cruelly invidious to contemplate the influence of the *Times*, in comparison.

You are pleased to describe the general as "a stock actor." Bless your kind heart! he has been a double star for years, has never been at a loss for an engagement, and better still, no engagement has suffered loss through him. The constant applause of the audience does, indeed, appear to bear testimony to the appropriateness of your epithet, while you will not deny that the performance was replete with eminent historical facts. The *play* that you witnessed on Friday evening, under such comfortable conditions, underwent careful rehearsals in the field, several years since, and under very different circumstances. You were offended "when a small corps of trained clackers (sic?) rose, and each threw a bouquet on the stage." But you forget that these same "clackers," who were "trained" in a school of whose code you have no conception, participated in the early and late rehearsals, together with your intimate friend, General (should I say "Mr.?") Hancock. Was it a coincidence that these "clackers" were again at the "front" between you and danger, while you were comfortably seated, far in the rear, under protection of the Law they maintained, consecting abuse for the men whose deeds preserved for and yours a home? Man! Between the glorious heroism of the humblest "clacker" present—the smiting of whose palms shocked your sensitive ears—and your own utter insignificance, then yawns a gulf so vast that no sacrifice you can make during the rest of your life will be sufficient to span it.

In your editorial career, you may have learned to act without proper counsel, or, having received such counsel, you have evidently disregarded it. Should you ask my advice, I should answer, "Strike a mean between tepid inanity and indiscriminate denunciation. Conduct your paper in such a manner that a republican may take it up without fear of insult, and you may prevent the necessity for a further reduction in price, and finally reach the goal of your wildest anticipation—a circulation of five hundred copies." ONE OF THE "CLACKERS."

News and Notes.

A fishing schooner at anchor off Damariscotta river, Me., was run down and sunk on the night of the 14th inst., by the schooner Blanche Cranmer, from Bath, Me. All hands were lost.

A little son of Henry Arnold of Bangor, Me., has been fearfully mangled by a dog which attacked him while he was walking on the street.

By the falling of a brick arch at Clinton, Mass., Friday, James McDonald was instantly killed, Warren Page had his left leg badly crushed and was otherwise injured, and John Kittridge was badly bruised about head and body.

Hon. William P. Frye has been invited by unanimous vote of the Massachusetts republican committee to address the republican state convention at Worcester.

Marshal Bazaine, the noted French commander, who has lived in exile from France for some years, died a few days ago.

The enthusiastic free counters of Alabama, in their zeal for reconciliation should be careful and not get the democratic majority larger than the total voting population of the state.

New Hampshire Items.

The amount of ice taken from Lake Winnipesaukee and sent over the Boston & Maine railroad the past season was 29,419 1-2 tons, and required for transportation 2,229 cars. The freight bills amounted to $29,419.50.

Nathan Cragin of Wilton, while mowing grain on the 9th inst., was chased by a large black snake, and driven from the field. After a while he returned to try and finish the mowing, and had mowed but a little way when the snake made his appearance with head up and ready for battle, which followed, until the snake wound itself around the scythe and was finally killed. It was five feet long, and as large as a man's arm.

The first steamboat which was placed on the water of Lake Winnipesaukee was constructed in 1832 at Lake Village, by Stephen Lyford, and was called the Belknap. She had a length of ninety-six feet, with an extreme width of thirty-three feet and a beam of seventeen feet. She was in command of Capt. W. A. Sanborn, now of the Lady of the Lake, and carried both passengers and freight between Lake Village, Meredith Village, Center Harbor and Alton Bay. In October, 1844, the Belknap was wrecked upon a sunken ledge near Steamboat island. The larger portion of her machinery was saved, but the skeleton of the old wreck may still be seen when the water is clear. The next steamer launched was the Lady of the Lake, which commenced her regular trips in 1849, in connection with the Boston, Concord & Montreal railroad.

James Welch, fifteen years old, son of Edward Welch of Concord, was drowned while bathing in the Merrimac river on Saturday. The body was recovered.

Mrs. Sabrina L. Dearborn, wife of Hon. J. F. Dearborn, late state treasurer, was taken suddenly ill at the breakfast table at Manchester, Saturday, and died within a few minutes, aged fifty-two years. She was a most estimable lady, and leaves a husband and three daughters.

Mt. Horeb Commandry of Knights Templar, of Concord, and Trinity Commandry of Manchester, as escort to the Grand Commandry of New Hampshire, started on a pilgrimage Saturday to attend the twenty-first triennial conclave of the Grand Encampment of the United States, at Chicago, accompanied by seventy-five sir knights of other commandries.

Carl Lindgren, a Swede, has been arrested at Keene for stealing money from parties in Templeton, Mass. About $300 were found on his person. He says he was on his way to Quebec. He talks very poor English, but acknowledges stealing the money from the coat pocket of Mr. Hawks, the man he worked for.

New Publications.

The numbers of *Littell's Living Age* for the weeks ending August 7th and 14th respectively, contain the following articles: The Sultan's Heirs in Asia, Fortnightly; A Stranger in America, and Story-Telling, Nineteenth Century; Peasant Life in Portugal, and the Northern Shepherd, Macmillan; A Lay Confessional, Blackwood; The Hardening and Tempering of Steel, Popular Science Review; The Austrian Power, Fraser; The Romance of Chinese Social Life, and Brantome, Temple Bar; The Decline of Hypocrisy, and The Swiss Democracy, Spectator; Artificial Diamonds, and The Carribean Sea, Nature; "Wanted—a Groom," Graphic; with the conclusion of Mrs. Oliphant's "He that will not when he may," "A Forgotten Crime," and the usual amount of poetry. For fifty-two numbers of sixty-four large pages each (or more than 3,300 pages), the subscription price ($8) is low; while for $10.50 the publishers offer to send any one of the American $4 monthlies or weeklies with the *Living Age* for a year, including the extra numbers of the latter, both postpaid. Littell & Co., Boston, are the publishers.

The *United Service* for September has the following list of contents: Gustavus Adolphus, by Major Gen. J. Watts dePeyster; Progress of torpedo warfare, by Lieut. Comdr. T. M. Barber, U. S. N.; Benedict Arnold at Saratoga, by Isaac N. Arnold; Historical types of ships; Bits of army etymology, by Brevet Lieut. Col. H. W. Classon, U. S. A.; Man-of-war life two hundred years ago, by Med. Director Phippin, U. S. N.; The navy, and how to improve it, by a naval officer; Military colonization of the Indians; Cooke's "naval ordnance and gunnery;" editorial notes, and reviews of service literature. Philadelphia; L. R. Hamersly & Co., publishers; $5 per year, single copy fifty cents.

Naval Gazette.

The school-ship St. Marys, Capt. Erben, arrived at New London on the 13th inst. from Lisbon via Cape de Verde islands.

Paymaster Edwin Putnam is ordered to the Galena on the 25th inst.

—The daily income of the Czar is but the mere trifle of $25,000. That of the Sultan is still less—only $18,000. The Emperor of Austria gets $10,000. The Emperor of Germany, $8200; the King of Italy, $6400; and the King of Belgium, $643.

—Joseph Ludlow, who is 103 years old, but is as hale and hearty as most men at 60 or 70, recently took a ride in the cars from Bergen to Oneida, N. Y., for the sake of a change. He is accustomed to do a good deal of farm work and his sight and memory are exceedingly good. His oldest son has reached the ripe old age of 80 years. He was born in Germany.

—Colonel John Levering of Lafayette, Ind., has the reputation of a kindly Christian gentleman; yet he is being prosecuted for cruelty to a horse. The beast was unruly. To cure it of a bad temper he had its head and tail tied as close together as possible, and then drove it between two lines of men and boys, who beat it with clubs and stones. His theory was that the novelty and severity of the punishment would break the horse's temper, and he is ready to spend $10,000 in contesting the question of his legal right to do as he did.

AUCTION SALE

—OF—

A HORSE.

UNDER BUREAU OF YARDS AND DOCKS.

PAYMASTER'S OFFICE,
U. S. NAVY YARD, PORTSMOUTH, N. H.,
AUGUST 14th, 1880.

The right is reserved to reject any or all bids.

H. T. WRIGHT,
Aug12,14,17,20 Paymaster U. S. Navy.

KNOW THYSELF.

The untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION.

Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundredth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jeweled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of a laborious and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail postpaid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness or all forms of sexual diseases, which are due to pernicious habits or inherited. He is a Nervo specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. BISSELL, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER,
No. 4 Bulfinch Street, Boston, Mass.

The author may be consulted on all diseases requiring skill and experience.

dm&w 2 oNov80.

AROUND HOME.

Mr. Robert C. Sides, Jr., for several years past a machinist in the navy, and attached to the U. S. S. Alaska, arrived at his home in this city a few days ago.

A militia company at Suncook has been authorized to take the place in the New Hampshire National Guard left vacant by the disbanding of the Portsmouth Heavy Artillery.

Commodore Geo. H. Cooper, commandant of the Brooklyn navy yard, and his family, arrived in this city last week and are stopping with Mr. J. W. Caswell at his residence on Lafayette road.

Paymaster Edwin Putnam, of this city, is ordered to report for duty on board the U. S. S. Galena at New York, on the 23d inst. Mr. Hall T. Varrell of this city will join the ship named as paymaster's clerk.

The schooner War Eagle, Frisbee master, arrived at this port on Monday with a cargo of bricks and fish barrels; she was towed up to one of the wharves, put out her barrels, and was then towed down again, the bricks being destined for another port.

The Heavy Artillery, which by request of the company has been disbanded per order of the state authorities, have a meeting this (Tuesday) evening to hear the report of the committee appointed to make arrangements for the closing parade, and proposed festivities connected therewith. All present and past members will be interested therein.

An adjourned meeting of the corporation of the Portsmouth Savings bank was held on Monday afternoon, to act upon the report of a committee on proposed improvement in the bank building. William H. Rollins, esq., the president, called the members to order, and presided. The committee reported that in their opinion it was inexpedient to make the suggested improvements. The report was accepted, and the subject was referred to the trustees. The meeting then adjourned.

BOW MISSION SERVICES.

The gospel temperance meeting, Saturday evening, was conducted by a lady, as usual, and was enjoyed by an appreciative audience. Several of the officers of the steamer Reading, from Philadelphia, were present.

The bethel service, Sunday afternoon, was held on the court house steps, and was in charge of Mr. James Janvrin.

The reform club meeting was held at the mission hall, Sunday evening, the speaking being by members.

Gospel meetings were also held in the Congregational church at Newington by workers from this city, Sunday afternoon and evening. L.

POLICE COURT.

MONDAY, Aug. 16; *Batchelder, J.*

Frank Alley, drunk, signed the pledge and was let off on probation.

Angus McDonald and Daniel Hurley, for drunkenness, each paid $9.90, fine and costs.

Nellie Ryan, for keeping a bar-room open on Sunday, was assessed $11.90. She appealed, and was ordered to give bonds in $100 for her appearance at the supreme court. Subsequently she thought better of it, and paid up.

Chas. W. Fullinger paid $9.90 on one complaint for drunkenness, and was let off on a second one.

A VENERABLE SUIT.

A case which has become venerable in years, on the Rockingham county docket, is on trial at the court house, before Sam'l C. Eastman, Esq., of Concord, as referee.

It is the action of Frank T. Pickering and wife, plaintiffs in review, against Frederick W. DeRochemont of Newington. It began in 1850 and was tried before an auditor, and came a second time into court by a writ of review in January, 1871. It relates to an account of guardianship rendered by the defendant, who was many years ago guardian or agent of the plaintiff, Mrs. Pickering. Eminent counsel have been engaged in the case; such attorneys as the late D. M. Christie, Judge Stickney, Frank Hobbs, W. B. Small and others, have represented the plaintiff in years past; the present counsel are Chas. H. Smith of Newmarket, J. S. H. Frink and C. E. Batchelder for the plaintiff, and Messrs. Rollins and Hatch for the defendant

POLITICS MAKE STRANGE BED-FELLOWS.

Across the Piscataqua, in the good old county of York, once celebrated for the purity of its historic democracy, strange sights are seen.

Who would have dreamed that that immaculate personification of the Jacksonian democrat of the Hanscom school, Ichabod Cole, could have consented to lock arms with two other senatorial candidates of doubtful political virtue, and march up and down the county, in close communism with aspirants whose political antecedents and purposes were just the opposite of the wanting Ichabod's?

Or who can fancy that solid hard-money democrat, Ephraim C. Spinney, coming to Portsmouth and coaxing straight democrats like Messrs. Hatch, Frink, Page and Sinclair to go to Kittery Point and make a mongrel speech at a flag-raising; and after their negative and cautionary suggestions, to see the reliable Ephraim present to the traditionary democrats of the Brave-boat-harbor region the "prodigal son" Call, whose arraignment of the democracy within a few months was as much more scathing than Gen. Kilpatrick's, as is the "silver tongue's" readiness to mount the rostrum more patent than is that of the others named.

The idea of an out-and-out greenbacker teaching democracy to the Frisbees and the Phillipses of the Point, seems ridiculous to the old-school democrats of Portsmouth; but the New Hampshire conservatives miss their guess. The democracy of Maine have been swallowed by the greenback men. The proportion of the dose is two g. b. to one dem., well shaken together and taken at proper intervals from now to October. The motto of the unterrified in Maine to-day is, "Not that we love principles less, but office more." They lay aside their proud record, they compromise their principles and trade for votes in the hope that should Hancock by any process become president they may be rewarded; and the present departure, they hope, will be condoned as a justifiable measure for the end sought to be attained.

THE RAILROAD-CROSSING GATES.

The hearing upon the question of erecting gates at the Vaughan and Green street crossings of the Eastern railroad was begun before the county commissioners at the common council room on Monday, Frank B. Cram of Hampton Falls having been appointed in place of Mr. Newton Johnston, legally disqualified by reason of his being a resident of Portsmouth.

Mr. Hatch appeared for the Eastern railroad, and Solicitor Foster for the city. The counsel for the road contended that the action before the board would be of no valid effect, because the line of road was operated by both the Concord & Portsmouth railroad and the Eastern, and no proceedings were instituted in behalf of the former road, and that the proceedings should be dismissed. Upon this question a ruling was asked for, that the opinion of the court might be taken on the position claimed by counsel.

The Concord & Portsmouth railroad paid the Eastern road, in 1879, $4697.09 for use of the iron of the latter road over which they passed, and it was contended that under this toll, all liability of maintaining of way should be paid by the Eastern railroad, which owns the tracks over which the Concord & Portsmouth have the right to run at times when not used by the Eastern railroad for passage of their trains.

The question was, by agreement, referred to the court to be in session in October, and will probably be then sent to the full bench.

The commissioners in the afternoon examined the locality, and will of course report the question for the consideration of the court. The establishing of gates of course awaits the law's delay.

Card of Thanks.

To my many friends who substantially and kindly remembered me in the time of my loss of a valuable horse, I desire to say that their action, prompted by feelings of kindness, is duly appreciated by me, and I take this public manner of expressing my thanks to them. WM. H. ALLEN.

YORK COUNTY ITEMS.

There was a frost in low spots in Eliot and Kittery, Sunday night.

Judge Locke of Key West, and his brother, arrived in Kittery last week on their annual visit to their old home.

Hon. E. H. Gove of Biddeford, secretary of state of Maine under the late fusion dispensation, and nominee of the recent truck-and-dicker convention at Alfred for register of probate of York county, is out in a long open letter in which he opposes the fusion programme for uniting on presidential electors and candidates for congress. He says that if the greenbackers stand aloof from the democratic party, this will be its last national campaign; consequently to vote with it now is to step between it and death, which "is unpatriotic and criminal," because it is time that "it should rest in the grave with its old allies, slavery and rebellion."

A republican campaign flag was raised at "the corner" in Kittery Foreside, Monday evening, followed by speaking from a stand erected on the premises of Mr. John Neal.

It is rumored that Mr. Theodore Keen, proprietor of the Kittery and Portsmouth stage line, is negotiating for the purchase of a steam launch to run between Kittery and this city.

A Garfield and Arthur flag will be raised near the Kittery Point post-office, Wednesday evening at eight o'clock, when Capt. Horace L. Piper, of Washington, D. C., will address the people. The Kittery band will be in attendance.

The republicans of Kittery are disturbed over a rumor that the town wharf, now being rebuilt, is to have a costly brick custom-house put up on it or close to it as soon as Hancock and English are elected, and that Lieut. Ed. Appleton is to be made collector, with a full corps of assistants. This rumor of numerous offices in prospective has stimulated the simon pure greenodembackracy of Kittery to tremendous exertions.

No Children Now.

A Saratoga letter says: Even the children at Saratoga lay wagers upon the races, and go about with their betting books in their hand, talking wisely on matters of the turf and discussing the fine points of a horse with all the eagerness of veteran sportsmen. But it is sad to be compelled to state that there are but few children nowadays in what is called our "best society." Your boy of twelve who goes to Saratoga for the season has all the airs and affectations of a Fifth avenue swell. He wears a watch with a pretentious chain and fob. He carries a cane which he twirls with a nonchalant air as though he would say, "I have carried a cane for fifty years!" He has a fashionable drawl in his speech; he compliments the ladies on their good looks in the morning upon the piazza, and makes keen remarks upon misses of his own age whenever he condescends to notice them. He never attends juvenile parties, but affects the evening balls and hops, and smokes a cigarette upon the sly when the "old man" is not around.

—Only a question of time— Asking the hour.

—John P. Erpenbeck carried flowers to his wife's grave, in a Baltimore ceremony, every morning for months after her death. One day the gatekeeper noticed that he came without the usual floral tribute. A pistol shot was soon heard, and the widower's dead body was found on the grave. The following was scrawled on a card: "Dear Katie, I love you so, and I will be with you before night. O my God! if I have offended you I beg your pardon, and I hope you will forgive me."

— A woman at Carsoe, Nevada, is said to have undertaken to refrain from speaking for forty days. The report runs as follows: "She began at nine in the morning, and at 10 1-2 her pulse was so feeble from exhaustion that the physicians feared she would die by noon. At eleven her heart beat but twenty-six a minute, and her respirations were hardly noticeable. Her friends urged her to discontinue her terrible task, and told her gossip about a neighbor. On hearing it she immediately rushed from the house, and, going across the street, met a friend and talked till 6:30 at night, and is now fully restored."

The Three Graces

are represented with perfectly developed forms—beauty and health combined. No decayed toothed man or woman can be healthy, because digestion must be imperfect. Use SOZODONT, get healthy teeth, good digestion and a sound body. Revive the three Graces.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staples remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only* in *boxes*. Tu,Th&F,&c

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor: "Some time ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and cathartic, pleasant to the taste, free from nausea or griping. Smith's Medicated Prunes are a certain cure for Constipation and Biliousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York City.* D&W1jan81

HUTCHINSON'S.

"A Drop of Joy in Every Word."

FLEMINGTON, Hunterdon Co., N. J.
Dr. R. V. Pierce, Buffalo, N. Y.:
Three months ago, I was broken out with large ulcers and sores on my body, limbs and face. I procured your Golden Medical Discovery and Purgative Pellets, and have taken six bottles, and to-day I am in good health, all those ugly ulcers having healed and left my skin in a natural healthy condition. I thought at one time I could not be cured; although I can but poorly express my gratitude to you, yet there is a drop of joy in every word I write.
Yours truly, JAMES O. BELLIS.

—A letter addressed "to the prettiest girl in Sedalia, Mo.," has been posted above the window in the post-office among the unclaimed letters. The young ladies go to the office and look at it, but are too modest to claim it. A blue-eyed, stylish-dressed miss looked at the letter closely and said to a lady with her: "It looks like his writing. I wish they had just sent it to me, and not stuck it up that way in a public place. I'll never get it now."

No Good Preaching.

No man can do a good job of work, preach a good sermon, try a law suit well, doctor a patient well, write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See other column.—*Albany Times.*

—A fascinating Canadian scheme just now is to block up the straits of Bell Isle, between Labrador and Newfoundland, which would shut out the cold Arctic current that flows into the Gulf of St. Lawrence and reduces the temperature of the maritime provinces. It is argued that the temperature of the region along the Gulf of St. Lawrence would be raised to that of France, as it is in the same latitude, and navigation would be practicable the year round. The building of a railway from Quebec to St. Johns, N. F., would also follow, they think, limiting the sea voyage between America and Europe to five days, and largely diminishing the dangers and discomforts.

Feeble and exhausted constitutions restored to health and strength by Malt Bitters.

STATED MEETINGS.

CITY GOVERNMENT.

In the City Building, Market Square.

Board of Mayor and Aldermen—Thursday evenings.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Lacd and Market streets.

Hair an Index to Temperament.

Viewed naturally the hair is as great an index of temperament and disposition as the features. Coarse dark hair and skin signify great power of character. Fine dark hair and skin signify strength of character along with purity and goodness. Straight, stiff, black hair indicates a coarse, strong, straightforward character. Fine dark brown hair signifies the combination of exquisite sensibility, with great strength of character. Flat, clinging straight hair, a melancholy, but extremely constant character. Coarse red hair indicates powerful passion, together with a corresponding strength of character. Auburn hair, with florid countenance, denotes the highest of sentiments, intensity of feeling and purity of character, with the highest capacity for enjoyment or suffering. Straight, even, smooth and glossy hair denotes strength, harmony and evenness of character, hearty affections, a clear head and superior talents. Fine, silky, supple hair is a mark of delicate and sensitive temperament, and speak in favor of the mind and character. White hair denotes a lymphatic and indolent constitution. And we may add, besides all these qualities, there are chemical properties residing in the coloring matter, which undoubtedly have some effect upon the disposition. Thus, red-headed people are notoriously passionate. Now, red hair is proved by analysis to contain a large amount of sulphur, while very black hair is colored with almost pure carbon. The presence of these matters in the blood points to qualities of temperament and feeling which are almost universally associated with them. The very way in which the hair flows is strongly indicative of the ruling passions and inclinations, and perhaps a clever person could give a shrewd guess at the manner of a man or woman's disposition by only seeing the back of their hair.

A Strange Meeting.

The old man is eighty years old, and thirty years ago he left his wife and family in New Brunswick and came to the United States. For a quarter of a century he has lived in Newburyport, where he married another wife, with whom he has since lived. The other day a captain of a vessel from the British provinces arrived at this port, and on making some inquiry he discovered that the old man referred to was his own father, whom he had not seen since boyhood days. The captain called at the home of the old man whom he recognized well, but the father did not know the son until the latter made the relationship known to the elder, and when this was established the father desired to return to New Brunswick with his offspring, but the offer was respectfully but peremptorily declined.—*Newburyport Herald.*

— Prof. Denton has satisfied himself, through the testimony of a "sensitive," or medium, that Hayden killed Mary Stannard, and attaches importance enough to the evidence to embody it in a pamphlet. The medium got at the "facts" through a lock of Mary Stannard's hair.

Speer's Wine for Delicate Females.

It is a pure article from the juice of cultivated Sambucus, prepared and fermented by a new process, without the addition of any spirits. It is one of the most comforting cordials we have ever tasted for female weakness and kidney difficulties, consumption and general debility, and especially good for those who object on principle to stimulants, as it has all the properties of warmth and energy which occasionally render a resort to them absolutely medicinal. Each vintage must lay four years before put in the market. His success is remarkable, as it is being ordered by families, merchants and druggists, from all parts of this country, from South America, England, and even from the wine districts of France. It is getting a large sale in England for female weaknesses.

For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

—An old man in New York, who has a good deal of money, and is everlastingly bothered with numerous female relatives to give them presents, has discovered a plan of stopping that kind of thing. He merely packed his presents in large boxes conspicuously addressed thus: "To Madame Eudoxie B——, on her sixty-eighth birthday;" "To my niece Gertrude, on the thirty-first anniversary of her birth," etc. They begged him, after that, not to waste money on them, times were so hard.

EVANS, COL., Jan. 8th, '80.
Dear Sirs—The Kidney-Wort I got of you is the best medicine I ever used. I shall recommend it to all my friends. I thank you and kind Providence for conveying it to me, it is a great temporal blessing.
Very Respectfully, WM. WELLS.

—A fellow once walked out of a store in Gloucester with a fish, which he had stolen, tucked under his vest. He hadn't gone far with his plunder before he was brought to a halt by a shrewd passer-by, who, taking in the situation at a glance, exclaimed: "See here, my friend, you ought either to wear longer vests or steal shorter fish."

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Colera, AND ALL THOSE NUMEROUS TROUBLES THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON.
No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.
In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *the ch is seldom danger of t-efatal result* which so often follows a few days' neglect.
The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes ends a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.
It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.
It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE!

Messrs. PERRY DAVIS & SON:
I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot resist the impulse to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (one eighteen months, and the oth-er three years old) with perfect success. It regulates their bowels, and stops all diarrhœa. Myself and wife resort to it in all cases, both for internal and external use. I've used it in my family for five years, and will not be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours, L. F. MOORE,
Baugall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.
The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never do without it.
Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

KIDNEY-WORT
THE ONLY MEDICINE
That Acts at the Same Time on
THE LIVER,
THE BOWELS,
and the KIDNEYS.
These great organs are the natural cleansers of the system, if they work well, health will be perfect; if they become clogged, dreadful diseases are sure to follow with
TERRIBLE SUFFERING.
Biliousness, Headache, Dyspepsia, Jaundice, Constipation and Piles, or Kidney Complaints, Gravel, Diabetes, Sediment in the Urine, Milky or Ropy Urine; or Rheumatic Pains and Aches,
are developed because the blood is poisoned with the humors that should have been expelled naturally.
KIDNEY-WORT
will restore the healthy action and all these destroying evils will be banished; neglect it and life will be made miserable.
Thousands have been cured. Try it and you will add one more to the number. Take it and health will once more gladden your heart.
Why suffer longer from the torment of an aching back?
Why bear such distress from Constipation and Piles?
Why be so fearful because of disordered urine?
Kidney-Wort will cure you. Try a pack' age at once and be satisfied.
It is a dry vegetable compound and one package makes six quarts of Medicine.
Your Druggist has it, or will get it for you. Insist upon having it. Price, $1.00.
WELLS, RICHARDSON & CO., Proprietors, Burlington, Vt.
(Ill. send post paid.)

JAMES PYLE'S
PEARLINE
THE GREAT INVENTION
FOR WASHING AND CLEANSING
In hard or soft water, WITHOUT SOAP, and without danger to the finest fabric.
SAVES TIME AND LABOR AMAZINGLY,
and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but PEARLINE is the only safe article. Always bears the name of James Pyle, New York.

HUNT'S REMEDY
THE GREAT
Kidney and Liver Medicine,
CURES all Diseases of the Kidneys, Liver, Bladder, and Urinary Organs; Dropsy, Gravel, Diabetes, Bright's Disease, Pains in the Back, Loins, or Side; Retention or Nonretention of Urine, Nervous Diseases, Female Weaknesses, Excesses, Jaundice, Biliousness, Headache, Sour Stomach, Dyspepsia, Constipation & Piles.
HUNT'S REMEDY
CURES WHEN ALL OTHER MEDICINES FAIL, as it acts directly and at once on the Kidneys, Liver, and Bowels, restoring them to a healthy action. HUNT'S REMEDY is a safe, sure and speedy cure, and hundreds have been cured by it when physicians and friends had given them up to die. Do not delay, try at once HUNT'S REMEDY.
Send for pamphlet to
WM. R. CLARKE, Providence, R. I.
Prices, 75 cents and $1.25. Large size the cheapest. Ask your druggist for HUNT'S REMEDY. Take no other.

WHIPS! All qualities and prices; at LAMPREE'S, 56 Congress St.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Hasty, leaves Portsmouth each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Pleasant street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., and at 3:20 P. M. in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:20 P. M. in season for the afternoon trains west and north.
☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.
This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for leisure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatrical and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering a area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The verandas, fifteen feet in width, surrounding the house, give an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.
An orchestra of twenty selected musicians, under the direction of Mr. John J. Braham, has been engaged for the season.
The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or cleared from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. The GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in local sites whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SPEER'S PORT GRAPE WINE!

SPEER'S PORT GRAPE WINE,
FOUR YEARS OLD.
This Celebrated Native Wine is made from the Juice of the Oporto Grape, raised in this Country. Its Invaluable
Tonic and Strengthening Properties
are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.
Speer's P. J. Sherry,
A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.
SPEER'S P. J. OR PEDRO J. BRANDY.
This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.
Speer's Sambuci Wine!
celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.
Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.
AS A DIURETIC,
it imparts a healthy action to the kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
ALFRED SPEER, Proprietor,
Office, 34 Warren Street, New York.
Mt. Prospect Vineyards, Passaic, New Jersey.

STONES IN THE KIDNEYS and BLADDER Expelled--Long Suffering of one of TROY'S best People.
A LUCKY MAN.
Mr. James Andrews, of No. 10 Marshal street, Troy, N. Y., had suffered for several years from the form tion of Stones in the Kidneys and Bladder, and had doctored with many of the best physicians without receiving any benefit. He was induced to try Dr. Kennedy's Favorite Remedy, and the following extract from Mr. Andrews letter tells the whole story.
TROY, N. Y., April 8th, 1880.
Dr. D. Kennedy, Roondout, N. Y.
DEAR SIR,—I received your letter to-day, and you are welcome to use any part of my letter as you seem best. Had I not used the "Favorite Remedy" I should have been a great sufferer to this day. The stone that passed from me has a small piece broken off, but the large one is the size of my nose so that you can see for yourself of what it is composed.
I am quite willing to testify under oath to all I have written in regard to my sickness and recovery, and would be glad to relate to anyone my feelings of gratitude to you for my great deliverance from so terrible a disease.
With a real grateful heart I remain yours most respectfully, JAM S ANDREWS.

RUPTURE
DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 15 years or more for his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered him elf that it was a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressing, even unto death, and he is wise who takes the necessary steps to be effectually relieve of it before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished professional gentlemen, clergymen, and merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's treatment, he has found it necessary to divide his time between his New York and Boston offices as follows: Saturday, Monday, and Tuesday at New York, and Boston office. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered him elf that it was a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE,

In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

Wanted.

ONE OR TWO SMALL CHILDREN to board, or a BABE to bring up by hand. A pleasant home, and the best of care. Enquire at No. 50 Pleasant Street.

IS STRONGLY ENDORSED.

"Rev. E. F. L. GAUSS, Galena, Ill., writes: "For over ten years I had been a great sufferer from pains in the small of the back and region of the Kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief, and I was finally advised to go abroad and seek the climate of my youth. In Germany and Switzerland, eminent physicians, after close examination, declared my sufferings to arise from disease of the Kidneys, of long standing, and could do me no good. I was, however, benefited by the climate, and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble came again so intense as to make life a burden. A few months ago I came into possession of one of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains became greatly less and so strong, after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and as strong as I look back the very picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed, I consider the Day Kidney Pad Co., God's agents and great benefactors of mankind. May all the suffering be helped as I have been to my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.—30 years in business: "Day's Kidney Pad is having a large sale and gives better general satisfaction than any remedy we ever sold."

CASPER WEITZEL, Druggist, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 25 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing great good here. It sells every day and gives universal satisfaction."

For sale by drug jists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $2.00; Special Pad (extra size), $3.00; Children's, $1.50. Our book, "How a Life was saved," gives the history of this new discovery, and a large record of most remarkable cures, sent free. Write for it. Address,

DAY'S KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now seeking a sale on our reputation, we deem it due the afflicted to warn them. Ask for DAY'S KIDNEY PAD and take no other.

GEO. C. GOODWIN & CO., Gen'l Agents, Boston

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.

DISCOVERER OF

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, DIRECTS THE VITAL POWER ARIGHT, STRENGTHENS THE MUSCLES OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS radical and entire. It strengthens the BACK AND PELVIC REGION; IT GIVES TONE TO THE WHOLE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the relief of Kidney Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietor's Laboratory, No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlet, enclosing 3c. stamp, address as above.

No family should be without her LIVER PILLS. They cure Constipation, Biliousness and Torpidity of the Liver. 25 cts.

GEO. C. GOODWIN & CO., Boston, Gen'l Agents.

Sold by Druggists.

SMITH'S MEDICATED PRUNES.

LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS

THIS Fruit preparation is as pleasant to the taste as prunes prepared for the table, and embraces the best medicinal agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as affect those who are costive. They cause effective action of the bowels without nausea or griping, and admit of continued use without the vexatious effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medication is *entirely vegetable, and health full.*

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians who say "they should be always kept in the house."

All Druggists sell them.

Daily Chronicle.

A Smart Dog.

A Dubuque lady has a dog whose education has been so well attended to that it would seem to be about finished. A couple of days ago she went calling and forgot that she had locked the dog in the house. When she arrived she found her music laid out piece by piece on the chairs in the parlor, and a hundred and one things carried from all parts of the house, scattered around the floor. For his pains he got a whack on the back with a parasol handle, at which he took offence, left, went to her mother's, and stayed there until he was coaxed home. He seemed to think he had to do something to make up for past conduct, and the next morning he walked into the house with a fine dress in his mouth, wagging his tail as proudly as if he had done something worthy of commendation. How he got the dress was a mystery. The lady had loaned it a day or two before to a friend to cut a pattern from it. A little time explained the case. The dog walked into the strange lady's house and saw his mistress' dress spread on the floor, as is probably done in the pattern-cutting process. He evidently recognized it, and made a dive at the lady. She made a dive for the next room, and peeked at him timidly through the crack of the door while he deliberately rolled that dress up, grabbed it in his mouth, and shot out of the door as if he had found a piece of property on which there was a reward offered. The lady was in a wicked state of mind, for the borrowed dress was a silk one, and she fancied it was gone forever. She hurried to her friend's house and was astonished to find that the dress was there before her, and the dog seemed to think she had no business about the premises. The dress escaped without much injury, to the delight of both ladies.—*Dubuque Herald.*

The English Fast Trains.

The Flying Scotsman," which met with the recent accident in England, is one of the fastest trains run on English railways. The distance from London to Edinburg is 397 miles, and is made in nine hours and thirty minutes, or at the rate of forty-two miles per hour, including stops. Over the portion of the road between London and Peterborough, the distance of 76 1-4 miles is made in one hour and thirty-two minutes, or at the rate of fifty miles per hour. Another well-known fast train is the "Flying Dutchman," on the London & Southwestern railway, which makes the distance from London to Plymouth, 246 1-2 miles, in six hours and fifteen minutes, or at the rate of forty-two miles an hour, the same as that of the "Flying Scotchman." A faster train than either of these is that on the Northwestern railway, known as the "Wild Irishman," which runs from London to Holyhead, a distance of 258 miles, in six hours and thirty-five minutes, or at the rate of forty-three miles per hour, including stops.

GINGER AS A BEVERAGE. There is a natural craving, by the human palate, for ginger in fluids of a demulent character, and its warming and soothing properties are always recognized in the genial draught. Its attributes in allaying thirst are remarkably pronounced, the resinous quality operating upon the salivary gland and gratefully allying the irritation which prompts to continual drinking. As an antidote to intoxication, the use of ginger cannot be too highly commended, and those who are interested in the temperance cause give it their most hearty approval. In the form presented by Dr. Sanford, in his superior extract of Jamaica Ginger, it is most congenial to the taste, and it is fast becoming a delightful adjunct of home comfort, as well as a beneficial household medicine. Its botanical name, Zingiber, suggests its use as a beverage by its sound.

—A girl astonished an audience in the Gaiety Theatre, London, two years ago, by jumping from a high bridge at the back of the stage, landing gracefully on the floor, and executing a dance, which was varied by leaps of 20 feet in the air. The performances of "Ariel," as she was called, were for a while the theatrical wonder of the town. They were done by means of a jumping apparatus invented by her husband, Walter Dando. He subsequently applied the machinery to other dancers in London and Paris, and next season several duplicates of Ariel will be seen in this country.

A Free Acknowledgment.

I hereby certify that I habitually use Dr. Kennedy's "Favorite Remedy" in my family in all those cases in which a domestic medicine is needed, and that it has never yet failed to accomplish the purpose desired. We look upon it as an anchor to windward that is sure to hold in every instance mentioned on the doctor's bill of particulars. I make this acknowledgment freely, in hope of doing good to others, feeling that a medicine that is near at hand and to be implicitly trusted, is worth more than it costs.

REV. G. C. ESRAY,
Formerly associate editor of the Rondout *Freeman.*

—An American arrived the other day at a little hotel in a French provincial town. Tired and dusty with travel, he demanded a room and plenty of water to wash with. "Water! We have not a drop," said the landlord. Muttering expressions of dissatisfaction he reached his room, and immediately bellowed, in a voice which could have been heard a mile, "Fire! Fire! Fire!" A dozen servants rushed up stairs into his room, bearing in their hands vessels of all sorts filled with water with which to extinguish the flames "Ah," said the guest, turning composedly upon them, "you may leave me the water. Thank you; that is all."

Clergymen, lawyers and authors find Malt Bitters a pure and safe invigorant.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

WEDNESDAY, AUGUST 18, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

The Outlook in New York.

The political outlook in New York state, a positive assurance of carrying which in November would be very comforting to either of the great political parties just now, becomes more and more favorable to republican success each day.

The republican party is united, earnest, confident, and at work; the "young scratchers" who talked and voted against Cornell for governor are enthusiastic for Garfield and Arthur, and there are no "factions" in the party to be won over.

On the other hand, the breach between the Tammany and Tilden wings of the democratic party, which was filled with putty and whitewashed over at Cincinnati, is opening again, wider than ever. Chief Justice Church having died, a candidate has to be nominated to fill the vacancy; Tammany, which has no representation on the democratic state committee, has been demanding a convention to make the nomination; but the committee, all the members of which are Tilden men, has paid no attention to the demand, so Tammany has itself called a convention, hoping to force the Tildenites to do the same, failing in which they will denounce the nomination by the committee as a close-corporation proceeding. The New York *Express*, Tammany organ, is quite excited over the matter, and says "there are a half-million democrats in this state, and four-fifths of them will not tolerate any usurpation of power by the state committee." The fight promises to be lively, and John Kelly has shown himself a man not easily backed down.

In New York, union is a vital necessity of the party that would succeed. The republican party of the state is united, while the democratic party appears to be even more divided than when Tilden and Tammany first commenced their quarrel over the spoils.

"When Reagan Fall Out," Etc.

The political situation in Virginia is giving the democratic managers serious concern, several of the leading democratic papers of the state admitting that if the quarrel between the funders and readjusters—the two wings of the party—is not settled before November, there will be great danger of the republican electoral ticket being chosen. The two democratic factions both support Hancock and English, but each has its own set of electors nominated; and it is believed that the republicans, who are united and very hopeful, can and will poll more votes than either. In this state of affairs the readjusters loudly call upon the funders to abandon their unpatriotic course, and support the readjusters' ticket; and the funders demand that the readjusters shall prove themselves true men, by coming over to the funders. The trouble is that each faction demands the unconditional surrender of the other, and that neither will yield. The fight is becoming more bitter and determined each day, and there is apparently no prospect of a truce.

Naval Gazette.

The U. S. S. Galena will go into commission on the 25th inst.

The training ship Minnesota sailed from Boston for Portland on the 17th inst. She recruited about two hundred boys in Boston.

The Constitution arrived at Halifax from Newport, R. I., on the 14th inst.

The Trenton arrived at Southampton, England, on the 17th inst. She will remain twelve days, and then go to the Mediterranean in company with the Quinnebaug, which vessel has been at Southampton for two weeks.

News and Notes.

The Machias, Me., *Union* learns that a disease said to be "black leg" has made its appearance among the cattle of Northfield. Harrison Smith has lost seven head, Mr. Hovey four head, and several others one or more each. The cattle were "out on the run," and it is probable that many more have died, but have not yet been found.

Miss Nellie E. Shaw, twenty-four years of age, who has some time past been employed as a domestic in the family of Mr. F. H. Moseman, at North Reading, Mass., committed suicide by drowning on Thursday night. Disappointment in love is assigned as the cause.

R. S. Smiley of Spring Lake, Scott county, Minn., drove into the lake to water his horses, with his wife and three boys in a wagon with him. The horses became restless and unmanageable, and overturned the wagon. The three boys were drowned, and the wife was barely saved.

The fishing schooner Quickstep, Captain Sylvester Tarr, of Rockport, Mass., while running across the bay from Cape Ann to Newburyport, on Saturday afternoon, saw a small boat about five miles off Salisbury beach. Thinking from appearances that something was wrong, the schooner ran down quite near the boat, but as there was no signal of distress she stood off again. Soon after, a white handkerchief was raised on an oar, and Captain Tarr then knew that his apprehensions were correct, and he again headed his vessel for the boat in distress. When the boat was reached it was found that it contained three men, and that she was in a sinking condition. The men were taken aboard the schooner, and the boat was so unseaworthy that it was deemed unsafe to tow her and she was taken on deck. The men left Andover in a dory, but on the way down the river exchanged it for the boat in which they came near losing their lives.

A Lewiston, Me., man is said to have made $15,000 on ice this season.

Quite a row took place at the Catholic cemetery in Stoughton, Mass., last Sunday, between Rev. Mr. Kiely and some of his flock, the priest wishing to limit the number of teams that should go into the cemetery, and excluding all not containing persons of the Catholic faith.

James Murphy, a farmer near East New York, L. I., having been greatly annoyed by boys stealing apples from his orchard, fatally shot Michael Kelly, eleven years old, on Sunday, and then fled.

The new iron steamer Florian, eight days out from Newcastle, England, on her first voyage, went ashore twenty miles from St. Johns, Newfoundland, during a dense fog on the 12th inst., and was totally wrecked. She was 1400 tons register, and had 2000 tons of cargo on board, bound for Baltimore.

The death is announced at Paris of Lillian Adelaide Neilson, the favorite actress, a woman of dazzling beauty and more than ordinary intelligence, and really a great actress besides. She was born in 1849, and went on the stage at sixteen, since which time her career has been a succession of triumphs.

Herschel V. Johnson, ex-governor of Georgia, died Monday night.

John Buchanan, "dean of the Eclectic Medical college" of Philadelphia, who was under heavy bail to appear before the United States court to answer to charges of fraudulently issuing medical diplomas, drowned himself on Tuesday morning. Several other scoundrels who have been engaged in the same nefarious business had better go and do likewise.

The report of Marshal Bazaine's death is contradicted.

Charles O. Brockway, a notorious forger, with two confederates, one of whom is believed to be Billy Oglepoer, another noted swindler, was arrested in Providence, R. I., Monday, under circumstances insuring their conviction. Two of the fellows presented forged checks at the banks, and one of them was arrested as he was pocketing the money received.

John C. Taylor, secretary of the Masonic Mutual Relief association of western Massachusetts, was drowned at Springfield, Mass., Monday evening, with his wife. They were boating on the river, with two other women, when Mrs. Taylor, who was slightly deranged, jumped overboard, and her husband, who could not swim, plunged in to save her.

The bids for the four per cent loan of $150,000 to the state of Maine, opened at Augusta last week, were twenty-seven in number, and the aggregate amount was for $1,556,000. The successful bidders were Messrs. Brewster, Bassett & Co. of Boston, whose bid was 101 82-100.

The wife and grown-up daughter of John F. Clark, of Newbury, Vt., both became insane on the 7th inst., without any apparent cause.

Last Saturday night some unknown person put London purple, a potato-bug poison, in the wells belonging to James A. Kingsbury and Mrs. Alfred Hodgee at East Foxborough, Mass. The water was so badly colored that both families feared to drink it. The town is considerably excited over the affair, and a reward of $700 is offered for the capture of the villain.

Wm. H. Shipman of Fairhaven, the oldest printer in Connecticut, who assisted in the first setting up of Webster's dictionary, and who could and did set type in Greek, Hebrew and Arabic, is dead, at the age of seventy-six years.

A gang equipped with tar and feathers visited the house of Henry Clark at Colebrook, Conn., the other night, moved by scandalous stories. After they had broken several doors and windows Mr. Clark fired a revolver at them. The shots were returned, but no one was hurt, and the defenders of virtue wisely retreated.

Niles S. Rogers of North Lyme, Conn., a soldier in the late war, has just secured a back pension amounting to between $10,000 and $11,000, and will get $72 a month during the rest of his life. He is totally blind from disease contracted in the war, and also suffers from a gunshot wound in the shoulder.

It is the fashion abroad for ladies to part off the entire front hair, cut it off short enough to be manageable, and arrange it in thick, close curls upon the head and forehead. The back hair is turned up over a small flat cushion, and a number of finger puffs are added for dressy occasions. Many ladies in this country are already dressing their hair in this manner.

The harbor fishing season at St. John, N. B., has ended. The fishing was not as good this season as last. The receipts from gaspersaux were about equal to the receipts of last year, but from the salmon fishing were not over half as much.

The strongest recommendation of Gen. Hancock which his adherents put forward is that he was "a war democrat." Nobody apparently sees the necessity of urging that Gen. Garfield was "a war republican."

New Hampshire Items.

Orrison Gardner, a young man who has already graduated at the New Hampshire and Massachusetts state prisons, was bound over in the police court at Manchester on Monday on two complaints, in $500 each, for stealing a horse, harness and wagon.

Thomas Spearman, jr., a twelve-years-old son of Thomas Spearman, was drowned Monday afternoon in the Contoocook river, in the rear of the Penacook mill, at Fisherville. The body was recovered.

Rev. Elisha Adams fell dead from apoplexy in his residence at Concord on Sunday morning. He was born at Williamstown, Vt., July 29th, 1815. He was a pastor of the Methodist church in Concord, in 1858-59 and 1867-68. From 1860 to 1867 he filled the office of presiding elder; three years over the Claremont and four years over the Concord district. He was a prominent citizen, and much respected. He was secretary of the state Prisoners' Aid society, president of the board of education, and trustee of the seminary at Tilton. He was prominent in Odd Fellowship and Masonry.

Considerable damage was done by frost in the interior of the state, Sunday night.

The Great Falls Cadets, at one time noted as the best drilled military organization in the state, are about to disband on account of the numerous withdrawals of members.

Four republican campaign flags were raised in Salmon Falls on Saturday. Congressman Hall and Senator Rollins made addresses, and there was a fine display of fireworks. There are now flying in Salmon Falls seven republican flags, one of which has done duty at every election since the Fremont campaign.

There are sixty-six savings banks in New Hampshire, of which one, the Derby Institution, has made an assignment. The deposits have increased $1,922,655, the depositors 1,655; the surplus is $1,039,262, and the guarantee fund $781,213. Dividends were declared during the year by twenty-three of five per cent each, by eleven of 4 1-2, by twenty of four, by eight of from two to three and three quarters per cent, and five passed their dividends entirely.

BOYS IN BLUE

MEET IN LIGHT BATTERY ARMORY this (WEDNESDAY) evening, for organization, at 8 o'clock.

IT MAKES NO DRUNKARDS,

Breaks no Hearts, Excuses no Crimes.

Dr. David Kennedy's FAVORITE REMEDY is not a disguised enemy of the human race; where it cannot help, it does not harm. FAVORITE REMEDY is a combination of vegetable alteratives. It does not make poor inflame the blood, but cools and purifies it. In all cases of Kidney troubles, Liver complaints, Constipation of the Bowels, and the delicate derangements which afflict women, the action of FAVORITE REMEDY is beyond praise. Thousands of grateful people voluntarily testify to this, in letters to Dr. Kennedy; and with a warmth and fulness of words which mere business documents and certificates never possess. It makes no drunkards—excuses no crimes—breaks no hearts. In its coming there is hope, and in its wings there is healing. We challenge a trial and are confident of the result. Dr. Kennedy would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery.

AUCTION SALE

—OF—

A HORSE.

UNDER BUREAU OF YARDS AND DOCKS.

PAYMASTER'S OFFICE, U. S. NAVY YARD, PORTSMOUTH, N. H., AUGUST 14th, 1880.

AROUND HOME.

The schooner Iris arrived on Tuesday with one hundred and fifty gallons of dog-fish oil.

Schooner Cornelia, from Rockland, arrived Tuesday morning with six hundred barrels of lime.

An excursion party from Haverhill, Mass., came to this city on Tuesday in the steamer Startled Fawn.

The steamer Florence took the West Newbury Botanical Club from Newburyport to the Shoals on Tuesday.

The democrats have engaged Congress hall for use as democratic headquarters during the presidential campaign.

Insurance agents were in this city on Tuesday to adjust the claims of the Eastern railroad on the loss by the burning of the creosoting works on Noble's island.

The steamer Clara Batemen leaves this port this morning for the Shoals, to take from there to Boston a party who prefer water conveyance to railroading.

A feeder for furnishing water to engines going west, has been placed near the western end of the Eastern railroad depot; the tank supplies engines going east.

The Arlington cricket club, of Lawrence, Mass., will play a game with the Portsmouth club on Saturday next, on the grounds of the latter, near Frenchman's lane.

Mr. Alfred Stavers will occupy one of the stores in Franklin building, on Congress street, and Mr. Norman W. Lord will open a saloon in the same building, on Vaughan street.

Schooner George W. Collins, Wooster master, arrived at the Eastern railroad wharf on Tuesday afternoon with one hundred and fifty tons of coal for David Hays of Rochester.

Stephen L. Marston, Esq., the efficient chief engineer of the fire department, who has been seriously ill, we are glad to learn is now on the gaining tack, and considered by his medical attendant to be out of danger.

Willie Todd, grandson of Richard C. Yeaton, who lives on Richards avenue, was thrown from his uncle's wagon on Tuesday about one o'clock, and seriously injured. He was taken home by Officer Abbott, and tended by Dr. Donaldson.

The Boston *Post* of Tuesday says that Nellie Ryan, who was before the police court in this city on Monday charged with violating the Sunday liquor law, "being adjudged guilty was assessed fines and costs amounting to $1,190." The *Post* must be under the impression that Bro. Miller, of the *Weekly*, was police judge that day.

At a meeting of the Heavy Artillery on Tuesday evening, Messrs. John Griffin, John Gilman, Joseph Randall and Shirley B. Cunningham were chosen a finance committee. The boys have decided to have a jolly time, probably a supper at the Rockingham house, with music by the Dover cornet band, and a merry occasion generally.

The alarm of fire on Tuesday evening proceeded from the house of Miss May Hoyt on Pickering street. A young girl and boy were left in the house, who hearing some noise in an adjoining bed-room took a candle, and in looking under the bed placed it close to the bedding, which immediately caught. The alarm was given, but before any assistance could be had all of the bedding was on fire. Some other slight damage was done, but of no great amount.

The *Times* of Tuesday says: "The 'clackers' appear to have the front seat in the CHRONICLE this morning—transferring their clack from the theatre to the newspaper." Yes; the "clackers" referred to—the veterans of the war for the preservation of the Union—generally *do* take the front, and no mistake. It is a habit they acquired in 1861-65, when they were engaged at the front in putting down the democratic attempt to destroy the country; and they will be found at the front on election day just the same, every one of them carrying a ballot for Garfield and Arthur.

The schooner Nettie Adams arrived at this port on Saturday last with a full fare of mackerel, about one hundred and twenty-five barrels of them being dressed.

Schooner Hattie, McClintock master, from Brunswick, Ga., arrived at the Concord railroad wharf on Monday with 158,000 feet of timber, planking and boards, to be transported on the cars to Manchester.

The horse connected with the grocery team of Mr. Cyrus L. Brown took a dash down Russell street towards Market street, Tuesday noon, and would have had a bath in the river had not the passageway been blockaded by a team belonging to Mr. Israel Cousins of Dover point. No damage done.

SAILING REGATTA.

A grand sailing-regatta will take place in the lower harbor on Saturday next at one o'clock P. M., weather permitting, (if very rainy, or no wind, the race will come off on the first favorable day following,) open to all boats owned on the river. Entries may be made with I. P. Miller, at the CHRONICLE office, or Calvin L. Hayes, Kittery; entries to close at twelve o'clock, noon, on Saturday. Entrance *free to all*.

The course will be ten miles, the sailing directions being as follows: The start will be flying, all boats passing between the home stake-boat and Clark's island, leaving the stake-boat to port; to stake-boat off Fort McClary, leaving it to starboard; to stake-boat off Odiorne's point, leaving it to port; to Kitts' rock buoy, leaving it to port; to and around Western Sister buoy, leaving it to starboard; to Kitts' rock buoy, leaving it to starboard; to stake-boat off Odiorne's point, leaving it to starboard; to stake-boat at Fort McClary, leaving it to port; and thence to home stake-boat, leaving it to starboard and passing between it and Clark's island.

Time allowance will be made; the measurement of each boat will be the length of the water-line on one side of the boat, with one-third of the overhang added.

A preparatory gun will be fired at one o'clock, and ten minutes later a starting gun; all boats must cross the line within ten minutes from the firing of the second gun.

The prizes are three in number, viz.: 1st, a binocular glass; 2d, silver card-receiver; 3d, yacht's flag. The prizes can be seen at Goodrich's book-store.

POLICE COURT.

TUESDAY, August 17; *Batchelder, J.*

George Boss was complained of for an assault on George W. Rundlett; he was adjudged guilty, and the case placed on file.

THE HAMPTON LIQUOR-RAID.

Mr. Editor: In the CHRONICLE of the 14th inst. appeared a communication signed "H," in which reference is made to the late successful liquor raid in Hampton, in terms that are calculated to give your readers a wrong conception of the character of that respectable town. The writer denies that the raid was instigated by some of the most prominent men of Hampton, and says the old settlers knew nothing about the affair until the storm was passed, and that the arrests were made at the instance of persons who hold no property in the place. "If such is the case," he continues, "it is very hard for the good, quiet citizen of Hampton to have the raid laid at his door. It gives the place a bad name, which in my opinion is not deserved."

This is the first time I have ever heard it said that it was very hard for a good, quiet citizen to be charged with a desire to have a wholesome law enforced, or that it gave a town a bad name to have an unlawful traffic suppressed within its borders. Heretofore it has been supposed that the best claim to a good name, either for town or citizen, was to be found in the faithful and impartial enforcement and execution of the laws of the town, which each citizen is bound to obey; and I am old fogy enough to hold to that opinion still.

The plain facts in this case are simply these: In fourteen places in Hampton intoxicating liquors were openly sold in violation of law. Sworn complaints against them, by citizens of the town, endorsed by the county solicitor, were placed in the hands of Sheriff Kent for prosecution. It was mandatory and obligatory on that officer to do his duty as a sworn servant of the people. He had no choice in the matter but to obey the mandates of the law, or falsify himself. Simultaneously and impartially, the sheriff and his deputies struck twelve places and found the evidence they were commissioned to look for. The thirteenth place was found closed, and no proof of guilt was found in the fourteenth. It may be true that the hotels have been more orderly and prudent in dispensing liquors than the other places that were raided, but this is a matter for the courts to settle, and had nothing to do with the conducting of the raid itself.

Now, in all this matter, what can "H." or anyone else see, that can make an old settler of Hampton feel bad or should give a bad name to the town?

FAIR PLAY.

YORK COUNTY ITEMS.

The York County Agricultural society will hold its next annual fair at Biddeford, Sept. 28th and 29th.

A Mrs. Andrews of Harrison, Me., having attended the Faith camp-meeting under Dr. Cullis at Old Orchard, claims to have been cured of consumption of six years' standing. She claims that faith performed the miracle, and says she is "every whit made whole."

THE OLD ORCHARD RALLY.

The republican mass meeting at Old Orchard on Thursday, the 19th inst., will open at two o'clock in the afternoon, and will be an immense affair. There will be three bands in attendance. The speaking will be by "Jim Blaine of Maine," Hon. Stanley Matthews of Ohio, Senator Thomas Fitch of Nevada, Hon. Daniel F. Davis, governor of Maine, and Gen. John A. Logan of Illinois. All the railroads leading to Old Orchard will sell tickets at reduced rates. The Eastern railroad will issue half-fare tickets from this city, Eliot and Kittery to Biddeford; the fare from Biddeford to Old Orchard and return, over the Boston & Maine railroad, will be twenty cents. Passengers will leave this city at ten o'clock A. M.; returning, will leave Old Orchard at 5:30 P. M. for Biddeford, connecting at the latter place with the six o'clock train from Portland for this city.

A Fiddling Gorilla.

A short time ago the dead-walls and advertising posts of Munich suddenly broke out in all the colors of the rainbow with announcements, couched in high-flown language, to the effect that on such a day the greatest wonder of the world would be submitted to public inspection at the Coliseum, in the shape of a gifted gorilla, trained with infinite pains to perform an Italian concerto upon the violin. It may well be imagined, in so musical a city as the Bavarian Residenz, that the public responded in large numbers to this amazing invitation, and that the Coliseum was crowded to the ceiling on the opening night of the performance. There was the gorilla, horrible of aspect, but unquestionably skilled in the production of sweet sounds from an ordinary fiddle, delicately manipulated by his formidable paws. A skeptical spectator, however, contrived to approach the simian executant, unobserved of its impressario, and to make a slight incision in its hide with a pen-knife. Strange to say, the animal did not flinch, but fiddled on with stoical steadfastness. Encouraged in his suspicions by the most unmonkeylike impassiveness, the doubter seized Pongo from behind and shook him roughly; whereupon the seams of his skin gave way, and an elderly gentleman—the impressario's father—stood revealed to his astounded audience.

—A barber is not always a wise man, if his labor is mostly head work.

Of the first stain or speck beware
That on your teeth you may espy,
There is by far more danger there,
Than at the moment meets the eye.
Use SOZODONT without delay.
And thus arrest the first decay.

A Down Town Merchant

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homœopathy. That night the child passed in suffering and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and the little fellow awoke next morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering, crying babies and restless night have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudice of the mother. Sold by all Druggists. 25 cents a bottle. s

The Gold Seekers Admonished.

The many thousand adventurous seekers after gold and silver in the far west, should meditate upon the fact that in the July drawing of the Louisiana State Lottery Mr. Jacob Ratimer, No. 590 Grand St., New York city, drew one-half of the capital prize $30,000. Mr. Max Stern, also of New York city, drew a similar sum. Messrs. N. Israll, H. Oppenheim, and B. Rosenblum, of 91 Chrystie St., New York city, drew one half of the second capital prize of $10,000. Mrs. Ellen McGrain, also of New York city (by Adams Express), drew one-half of the third prize of $5,000, and Mr. William Matthews, of Mt. Vernon, Westchester Co., New York, drew a similar amount, and each one only paid one dollar. Why it almost makes a person determine at once to write to M. A. Dauphin, No. 319 Broadway, New York city, or same person at New Orleans, La., for the particulars of the next drawing on September 14th.

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor, "Some time ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and cathartic, pleasant to the taste, free from nausea or griping. Smith's Medicated Prunes are a certain cure for Constipation and Biliousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Leighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C*

HUTCHINSON'S.

Dr. Kennedy

would have it understood that, while he is engaged in the introduction of his medicine ("Favorite Remedy") he still continues the practice of his profession, but confines himself exclusively to office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of Surgery. Parties living at a distance, except in Surgical cases, by sending statement of their case can be treated at home. Address Dr. David Kennedy, Rondout, N. Y. Make no mistakes. The medicine is "Favorite Remedy," and the proprietor's name and address: Dr. David Kennedy, Rondout, N. Y. One dollar a bottle. All your druggists sell it.

—A Philadelphia paper says: "The bathing suit worn by the boys along the river front fits well, and is very simple and inexpensive. It consists of a wad of cotton in each ear."

The great popular remedy of the day, for coughs, colds, asthma, and all lung difficulties, is Adamson's Botanic Balsam. Inexpensive, reliable, pleasant to take, cures as by magic, and gives universal satisfaction. A trial is the best testimonial. Price, thirty-five cents. Trial size, ten cents.

—"Those who are in search of the "old masters" can find a few of them in the south still mouning for the loss of their slaves.

Lydia E. Pinkham's Vegetable Compound doubtless ranks first as a curative agent in all diseases of the procreative system, degeneration of the kidney, irritation of the bladder, urinary calculi, etc., etc. Send to Mrs. Lydia E. Pinkham, 233 Western Ave., Lynn, Mass., for pamphlets.

—Three little girls had great fun in a neighbor's house at South Bend, Ind., during the absence of the family. They first broke all the window panes. Then they poured several gallons of milk on the parlor carpet. Finally, they emptied six dozen cans of raspberries and huckleberries into a tub, and dyed all the fine dresses they could find in the juice.

Nervous and general debility overcome by Malt Bitters because nourishing, and quieting.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Ladd and Market streets.

Anecdote of Hancock.

A citizen of Frankfort, Ky., who was formerly a sergeant in the regular army, tells the following story of Hancock's army life: "I was stationed before the war at Fort Leavenworth, and was on detached duty as orderly at the headquarters of General A. J. Smith. General Hancock was also stationed at that post, being a captain in the Sixth United States Cavalry, under Hancock. My duty required my constant attendance about headquarters, and generally I loitered in the little yard in front of the building used by General Smith, which was directly upon the street. Army officers frequently passed by, and one day Captain Hancock, who was noted among the private soldiers for his pompous, arrogant and tyrannical bearing, came along the road in front of headquarters. As required by army regulations, I drew myself up in proper position and made the customary military salute. He paid no more attention to my salute than if I had not been there at all, and went on his way. Later in the day he returned, and as he passed by, feeling somewhat nettled by his treatment of me before, I didn't salute him. He had passed me a few steps, when he turned, and said in a savage way, 'Orderly, do you know your duty?' 'I think I know it,' I replied. 'Then, sir, why didn't you salute me as I passed?' I told him I didn't tender the salute because I thought, as duty required, to return my salute when he first came by. We had some other words, when General Smith, who, it seems, was in the second story of the house and had overheard our conversation, poked his head out of the window above us and peremptorily cried out, 'Orderly!' 'Yes, sir.' 'You will pace that (the sentinel's) beat for half an hour and salute Captain Hancock every time you pass him, and Captain Hancock will keep his position and return your salute.' And there I was kept by 'old A. J.' pacing the beat for half an hour, saluting Hancock every time I passed, and he had to stand there and return my salute."

—A case of suspended animation—swinging in a hammock.

—The eye of Mrs. Elizabeth Winters, of Newark, N. J., was not dim, nor was her natural force shaded on Friday, when a portion of her family assembled at her home to commemorate her on her one hundredth birthday. Forty of her grandchildren were present, and 144 of her great-grandchildren. Of her nine children six are still living, the oldest, who was born in the 18th century, having now reached the mature age of eighty-two.

—An Ohio statesman returned from the Atlantic coast, and, as he sat on a sugar barrel in the village store that evening, while his partner was selling bar soap and birdshot, he was asked whether he had tasted any of "those famous clams they talk so much about?" "Yes," said he: "had 'em raw, fried, baked, and every way." They looked at him incredulous and every eye until one said: "Well, how do they taste like?" "Oh, anywhere between pickled pig's feet and lemon pie."

The fine flavor of the old-fashioned hand made "Noriega" brand of cigars will commend them to any gentleman of cultivated taste.

— The San Francisco *Whig* sounds this note of warning: "We don't know exactly how newspapers were conducted at that distant period, but during some recent excavations in Assyria a poem on the silver moon was dug up. It was engraved on a tile, and close beside it were lying a large battered club and part of a human skull. You may draw your own conclusions."

'CUTE ADVERTISING. It is an easy matter to write an advertisement; but to get busy men and women to read it is another and more difficult thing. Here, for instance, is Hunt's Remedy which has proved to be a positive cure for kidney, bladder, liver and urinary complaints—Bright's disease included. Hunt's Remedy deserves the attention of every reader; for who suffers may be saved if he will try Hunt's Remedy, the great kidney and liver medicine. Sold by all druggists. Trial size, 75 cents.

—A saw mill at Rehoboth, R. I., was burned, practically by water, in a curious way the other day. It appears that the mill was not being run that day, but it is supposed that the large amount of rain which fell raised the pond so high that it started the wheel, and the machinery was run so rapidly, without being oiled, that the friction produced fire, which was communicated to the mill.

Rev. Henry Arms says: "I earnestly believe that Day's Kidney Pad is the only infallible remedy in the world for that prevalent and distressing complaint 'Back Ache.'"

— A western paper tells as a fact the story of a Minnesota man who was overtaken on the plains by a severe gale, which carried away his hat. Some days afterward as he was nearing his home, 270 miles from the place where the gale struck him, he saw a black object in a tree, and climbing for it he found it to be his lost hat, almost as good as ever.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Cholera,
AND ALL THOSE NUMEROUS TROUBLES OF THE ST MACH AND BOWELS, SO PREVALENT AT THIS SEASON.
No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand for immediate use, there is seldom danger of its fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fees.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE!

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family, and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although much exposed, saved my family from any attack. My family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider it should not be doing its duty to the community did I not say this much. If I were attacked by the Cholera to-day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

E. E. BERGINSEN,
Galena, Illinois.

Answer: PERRY DAVIS & SON:

I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot restrain the impulse to communicate to you the fact that in my family it has truly done wonders. I administered it to my children (one eighteen months, and the other three years old) with perfect success. It regulates their bowels, and stops all diarrhœas. Myself and wife resort to it in all cases, both for internal and external use. I've used it in my family for five years, and shall not be without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours,
L. F. MOORE,
Baugali, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than a dozen pages of newspaper advertising. Try it, and you will never do without it.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

JAMES PYLE'S PEARLINE
THE GREAT INVENTION
FOR WASHING AND CLEANSING
In hard or soft water, WITHOUT SOAP, and without danger to the finest fabric.
SAVES TIME AND LABOR AMAZINGLY, and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but PEARLINE is the only safe article. Always beats the name of James Pyle, New York.

HUNT'S REMEDY
THE GREAT
Kidney and Liver Medicine,
CURES all Diseases of the Kidneys, Liver, Bladder, and Urinary Organs; Dropsy, Gravel, Diabetes, Bright's Disease, Pains in the Back, Loins, or Side; Retention or Nonretention Of Urine, Nervous Diseases, Female Weaknesses, Excesses, Jaundice, Sick Headache, Sour Stomach, Dyspepsia, Constipation & Piles.
HUNT'S REMEDY
CURES WHEN ALL OTHER MEDICINES FAIL, as it acts directly and at once on the Kidneys, Liver, and Bowels, restoring them to a healthy action. HUNT'S REMEDY is a safe, sure and speedy cure, and hundreds have been cured by it when physicians and friends had given them up to die. Do not delay, try at once HUNT'S REMEDY.
Send for pamphlet to
WM. E. CLARKE, Providence, R. I.
Prices, 75 cents and $1.25. Large size the cheapest. Ask your druggist for HUNT'S REMEDY. Take no other.

KIDNEY-WORT
THE ONLY MEDICINE
That Acts at the Same Time on
THE LIVER, THE BOWELS, and the KIDNEYS.
These great organs are the natural cleansers of the system, and if they work well, health will be perfect. If they become clogged, dreadful diseases are sure to follow when
TERRIBLE SUFFERING.
Biliousness, Headache, Dyspepsia, Jaundice, Constipation and Piles, or Kidney Complaints, Gravel, Diabetes, Sediment in the Urine, Milky or Ropy Urine; or Rheumatic Pains and Aches,
are developed because the blood is poisoned with the humors that should have been expelled naturally.
KIDNEY-WORT
will restore the healthy action and all these troubling evils will vanish. Don't neglect them and you will live but to suffer.
Thousands have testified to its grand you will add one more to the number. Take it and health will come more gladden your heart.
Why suffer longer from the torment of an aching back?
Why bear such distress from Constipation and Piles?
Why be so fearful because of disordered urine?
KIDNEY-WORT will cure you. Try a package once and be satisfied.
It is a dry vegetable compound and
One Package makes six quarts of Medicine.
Your Druggist has it, or will get it for you. Insist upon having it. Price, $1.00.

WHIPS! All qualities and prices; at LARRABEE'S, 26 Congress St.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Pleasant street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the North, and at 3:30 P. M. in season for the afternoon trains west and north.
☞ Baggage destined for these hotels is transported between the Boston railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.
This Hotel will open June 26. It has accommodations for 400 guests, and offers *more* attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for bonting at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade over 1000 feet in length, while the view is unexcelled in beauty and grandeur.
An orchestra of twenty selected musicians, under the direction of John J. Graham, has been engaged for the season.
The house is furnished throughout in black walnut, has the *best* of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address
F. W. HILTON & CO.,
Rockingham House, Portsmouth, N. H.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and in fact the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is the many instances the only paper taken by families, and it is read to a large extent in local cities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

SPEER'S
PORT GRAPE WINE!
"Claims to be a medicine for Liver Complaint, Dyspepsia and Weakness of Stomach and the Aged."
SPEER'S PORT GRAPE WINE,
FOUR YEARS OLD.
This Celebrated Native Wine is made from the juice of the Oporto Grape, aided in this Country. Its invaluable
Tonic and Strengthening Properties
are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and adapted to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.
Speer's P. J. Sherry,
A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.
SPEER'S P. J. OR PEDRO J. BRANDY.
This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.
Speer's Sambuci Wine!
celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.
Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.
AS A DIURETIC.
It imparts a healthy action to the kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.
☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.
ALFRED SPEER, Proprietor,
Office, 34 Warren Street, New York.

American and Foreign PATENTS.
[ESTABLISHED 1865.]
GILMORE & CO., Successors to CHIPMAN, HOSMER & CO., Solicitors. Patents procured in all countries. *No fees in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. No additional fees for obtaining and conducting a re-hearing. Special attention given to Interference Cases before the Patent Office. Extensions before Congress, Infringement Suits in different States, and all litigation appertaining to Inventions or Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.
Old Bounty Land Warrants.
The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under acts of 1855 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.
Arrears of Pay and Bounty.
Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & CO., and a full reply after examination, will be given you free.
Pensions.
All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.
Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.
Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & CO. is thus secured. We desire to win success by deserving it. Address

STONES IN THE KIDNEYS
and BLADDER Expelled--Long Suffering of one of TROY'S best People.
A LUCKY MAN.
Mr. James Andrews, of No. 10 Marshal Street, Troy, N. Y., had suffered for several years from the formation of Stones in the Kidneys and Bladder, and had doctored with many of the best Physicians without receiving any benefit. He was induced to try Dr. Kennedy's "Favorite Remedy," and the following extract from Mr. Andrews letter tells the whole story.
TROY, N. Y., April 8th, 1880.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR,—I received you letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have been a great sufferer to this day. The stone that passed from me has a small piece broken off, but the large one I enclose so that you can see for yourself of what it is composed.
I am quite willing to testify under oath to all I have written in regard to my sickness and recovery, and words fail to fully express my feelings of gratitude to you for my great deliverance from so terrible a disease.
With a real grateful heart I remain yours most respectfully, JAMES ANDREWS.

RUPTURE
DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years more far his successful method of treating Rupture without the annoyance and injury so often inflicted by the crude and cruel weekly at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by self-administered treatment.
No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered him elf that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It is not a standstill affliction; it is steadily progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished professional gentlemen, clergymen, merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The afflicted should read it and inform themselves.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal treatment, he will hereafter more evenly divide his time between his New York and Boston offices as follows: Saturday, Monday and Tuesday he can be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is
Dr. J. A. SHERMAN
251 Broadway, cor. Murray St., N. Y.,
—AND—
43 Milk St., Boston.
Beware of certain confidence men and impostors who represent themselves as Dr. Sherman. taug28

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE, In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

MRS. LYDIA E. PINKHAM, OF LYNN, MASS.

DISCOVERER OF

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Positive Cure

For all Female Complaints.

THIS PREPARATION RESTORES THE BLOOD TO ITS NATURAL CONDITION, DIRECTS THE VITAL POWER RIGHT, STRENGTHENS THE ORGANS OF THE UTERUS AND LIFTS IT INTO PLACE, AND GIVES IT TONE AND STRENGTH, SO THAT THE CURE IS radical and entire. It strengthens THE BACK AND PELVIC REGION; IT GIVES TONE TO THE WHOLE NERVOUS SYSTEM; IT RESTORES DISPLACED ORGANS TO THEIR NATURAL POSITION. THAT FEELING OF BEARING DOWN, CAUSING PAIN, WEIGHT AND BACKACHE, IS ALWAYS PERMANENTLY CURED BY ITS USE.

It will, at all times and under all circumstances, act in harmony with the laws that govern the female system.

For the kidney complaint in these Complaints of either sex, this Compound is unsurpassed.

Lydia E. Pinkham's Vegetable Compound is prepared at the proprietors laboratory.

No. 233 Western Avenue, Lynn, Mass.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, and Torpidity of the Liver.

GEO. C. GOODWIN & CO., Boston, Gen'l Agts.

Sold by Druggists.

SMITH'S MEDICATED PRUNES.

LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS

THIS Fruit preparation is as pleasant to the taste as prunes prepared for the table, and embraces the best medicinal agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as affect those who are costive. They cause effective action of the bowels without pain or griping and admit of continued use when other aperients produce the contrary effects. The cathartic pills, mineral waters, salts, senna, rhubarb and other vegetable cathartics. The active principle is *entirely vegetable and harmless.*

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians who say "they should be always kept in the house."

All Druggists sell them.

The Smith Medicated Prune Co., Proprietors, Hartford, Conn.

TRADE MARK DAY'S Kidney PAD

IS STRONGLY ENDORSED.

Rev. E. F. L. GANS, Galesburg, Ill., writes—"For over ten years I had been a great sufferer from Kidneys, which was most excruciating and at times almost insufferable. Doctoring brought no relief, and I was finally advised to go abroad and seek the climate of my youth. In Germany and Switzerland, eminent physicians after close examination, declared my sufferings to arise from disease of the Kidneys, of long standing, and could do no good. I was, however, benefited by the climate and consequently returned. No sooner had I been back and resumed my pastoral work, when the old trouble grew so intense as to make life a burden. A few months ago I came in possession of one of Day's Kidney Pads, put it on, and the effects were truly wonderful. The pains soon left me and are now, after wearing the second Pad, entirely gone, and there can be no doubt that I am entirely cured, as I write this some weeks after its use, and am strong and look again the very picture of health. I write this perfectly voluntarily, and it is dictated only by truth and gratitude. Indeed, I consider the Day Kidney Pad Co., God's agents and great benefactors of mankind. May all the suffering be helped as I have been in my earnest wish."

CHAS. DAVIS, 124 Myrtle Street, Boston: "I have now used DAY'S KIDNEY PAD thirty days, and it has done me more good than any remedy I have ever tried."

LARIMORE & DEAN, Druggists, Niles, Mich.—"20 years in business—DAY'S KIDNEY PAD is having a large sale and gives better general satisfaction than any remedy we ever sold."

CASPER WEITZEL, Policeman, Lancaster, Pa.—"I have been a great sufferer from Kidney complaint, and after wearing your Pad 21 days I feel better than I have in 15 years."

Dr. A. J. STONER, Decatur, Ill.—"Your Pad is doing great good here. It sells every day and gives universal satisfaction."

For sale by druggists, or sent by mail (free of postage) on receipt of the price—Regular, Pad, $2.00; Special Pad (extra size), $3; Children's Pad, $1.50. Our book, "How a Life was saved," giving the history of this new discovery, and a large record of most remarkable cures, sent free. Address, DAY KIDNEY PAD CO., TOLEDO, O.

CAUTION. Owing to the many worthless Kidney Pads now being offered as a sale on the reputation, we deem it due the afflicted to warn them. Ask for DAY'S KIDNEY PAD and take no other.

THE ENGLISH SPARROW.

How sweet to hear at early morn,
An hour or so before the dawn,
When Morpheus would your senses wrap,
When you expect your soundest nap;—
How sweet when at this hour is heard
The song of English sparrow bird.

Sweeter by far than scolding shrew,
The sparrow's song then seems to you.
'Tis mellower than guinea fowl,
Or raven's croak, or screech of owl;
The entranced ear it doth beguile
Like rusty saw when scraped by file.
The escape of steam or whistling youth
Not half so pleasant is, forsooth;
Nor can its like be sweetness be,
Excepting steam calliope.
Sweet is the fish-horn's mellow tone,
And sweet the lost soul's dying groan;
Sweet is the wild hyena's cry,
And sweet crude violinity:
But sweetest sound ear ever heard
Is your sweet main, sparrow bird!

So when in bed at morn I lie,
And twist and turn, and vainly try
To get an extra "forty winks,"
'Tis then, O sparrow! that methinks,
While listening to your chattering song,—
More tuneful far than Chinese gong,—
I'd like to stroke your downy coat,
And put my hand upon your throat,
And wring your neck—[illegible] were heard
Again your song, dear sparrow bird!

[—*Boston Transcript.*

A Strange Story.

The following singular statement is contributed to the Editor's Drawer of *Harper's Magazine* for August by Mr. George A. Hanscom, of Lowell, Mass.:

The reading of the "Puzzle for Metaphysicians" in the June number of your monthly, recalls to the writer the most remarkable experience twenty years afforded. This is another of those experiences which go to prove the occasional thinness of the curtain which limits the natural vision of mortals.

In 1861 I was in Suez, in command of the British steamship Neera, belonging to the Bombay & Bengal Steamship company—a company owning a line of steamers born of the necessities of the manufacturing world when the supply of American cotton was so largely cut off by the war of the rebellion. The line was under the management of William P. Stearns, now deceased, son of the late Professor Stearns, of Amherst college—a man who, going to India penniless, developed qualities which enabled him to rise on the flood of prosperity to a colossal fortune and high social position, but as it proved, only to see his riches float out on the receding tide, and leave his family but poorly provided for at his untimely death.

The Neera was lying in Suez roads, the canal being not yet open, awaiting passengers, etc., before sailing on her return voyage to Bombay. The Peninsular & Oriental company's steamship Carnatic was also almost ready to sail for the same port, and only waiting mails and passengers. It happened that the passengers for the two steamers came across the isthmus together, and that two old friends and schoolmates met, the one to join the Neera, the other the Carnatic. A day was spent by the friends, who unexpectedly met on the Egyptian desert, in recounting their experiences since they last parted, and, naturally enough, there was a good deal of badinage between them as to the comparative merits of the two steamers, and as to which should first land on the "coral strand," upon which these "griffins" were to be initiated into their duties in the "civil service" to which they had been newly appointed.

The Carnatic was the first to be ready, and sailed from Suez in the morning; the Neera left early in the evening, some ten or twelve hours after the mail steamer. The night was fine, and at breakfast time we had passed Shaduan island, were out of the gulf of Suez and into the Red sea proper. Breakfast was served on deck, under double awnings of heavy canvass. The young gentleman who had left his friend the day before, seemed somewhat depressed in spirits, and during breakfast said, rather anxiously, "Captain, at what time did we stop last night?"

"Stop! We haven't stopped since leaving," was the reply.

"Not even to take soundings?"

"No; the engines have not been eased since leaving port."

The young man seemed much surprised, and finally said that he had a most vivid and remarkable dream during the night, and this he proceeded to relate in substance as follows:

"In my dream it appeared to me that the steamer was stopped during the night, and that I went on deck to ascertain the cause. I saw a boat pulling off from an island to intercept us, and a lantern was waved to arrest our attention. As the boat came nearer I saw my friend Morton standing in the stern As he came up the gangway ladder I said, 'For God's sake, Morton, what brings you here?' I never saw him plainer nor heard his voice more distinctly than when he said, 'The Carnatic has struck a rock, and gone down; the passengers and crew are on an island close by, all safe, and we want your ship to take them on board.' I dreamed that our ship stopped until other boats came off with the remainder of the people, and that we then proceeded."

The narration of the dream made a profound impression upon the passengers, but the captain, as in duty bound, laughed it off. The young man proved a jolly sort of fellow, but was called "the dreamer" during the rest of the voyage.

On arrival at Aden, five days later, before our anchor was down, we were hailed by a boat which had been dispatched from the Peninsular & Oriental office, and asked if we had any news of the Carnatic, that ship being a day overdue. We had no news to give; but our dreamer quietly remarked to me: "You may find that there is more to my dream than you supposed."

A few hours completed our coaling, and we were off again for Bombay. On arrival at that port we heard the news of the loss of the Carnatic, and the circumstances were just as narrated to us two weeks before. The ship struck on a rock

near Shaduan island, some twelve hours after leaving Suez. The passengers and crew were landed on an island; the steamer subsequently slid off the rock and went down in deep water. During the night a steamer's lights were seen by the shipwrecked crew, and a boat was sent out to intercept her. Our dreamer's friend Morton went in the first boat; the remainder of the people were subsequently taken on board, and the rescuing vessel proceeded on her voyage to Suez. Except that another steamer, not the Neera, rescued the party, the dreamer told the story as well as it could be told to-day.

It seems probable that our dreamer's vision was shown him at the very moment the shipwrecked people were embarking upon the steamer which came to their aid, and that the Neera was not ten miles from the scene at the time.

It may be stated, in conclusion, to show the perfection to which the postal system of the world has arrived, that the only letter addressed to the writer which ever failed to reach him in all his twenty years' wandering went down in the Carnatic.

Lydia E. Pinkham's Vegetable Compound doubtless ranks first as a curative agent in all diseases of the procreative system, degeneration of the kidney, irritation of the bladder, urinary calculi, etc., etc. Send to Mrs. Lydia E. Pinkham, 233 Western Ave., Lynn, Mass., for pamphlets.

—"It isn't polite to eat corn on the cob," says a fashion writer. But, being buttered and salted, isn't it dreadful nice to eat off the cob? It is not a matter of politeness, but of taste.

Wicked for Clergymen.

Rev. ——, Washington, D. C., writes: "I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article made of valuable remedies known to all, that all physicians use and trust daily we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them."—*N. Y. Baptist Weekly.*

—"Sanctuary shoes" are advertised in England. They are warranted not to squeak.

Nervous, sleepless and overworked find rest and nourishment in Malt Bitters.

Portsmouth Chronicle.

THURSDAY, AUGUST 19, 1880.

FOR PRESIDENT.

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT.

Chester A. Arthur,

OF NEW YORK.

Death of Ole Bull.

A despatch from Bergen, Norway, dated Aug. 18th, announces the death at that place of the celebrated violinist, Ole Bull, at the age of seventy years and six months.

News and Notes.

At noon on the 18th inst., at Portland, Me., as the Eastern and Maine Central trains were backing into the depot, a misplaced switch threw two freight cars into a small building where three men were sitting. Charles Dyer, a ship-wright, was instantly killed; age sixty-six years.

There was a terrible fight at a picnic of colored people at Irving Park, Md., on the 17th inst., and about twenty persons were shot or stabbed. All the participants were colored.

Robert Wilkes, a wholesale jeweler at Toronto, Ont., his daughter Florence and his son Bertie, fifteen and eleven years old respectively, were drowned on the 17th inst. The boy in bathing got beyond his depth, and his father and sister perished while trying to save him.

Miss Tillie Mateer of Lancaster, Pa., aged eighteen years, was walking near Mount Joy, on the 17th inst., when a spark from a cigar set fire to her dress, and she was so badly burned that she died.

Ex-Governor Herschel V. Johnson, of Georgia, who died at his residence in Jefferson county, Ga., on the night of the 16th inst., was in his 68th year. He was presidential elector in 1844, United States senator in 1848, judge in 1844, governor of Georgia from 1853 to 1857, democratic candidate for vice-president with Douglass in 1860, and member of the secession convention of Georgia in 1861, when he opposed vigorously the policy of leaving the Union. In 1863 he was elected to the confederate states senate; presided over the state constitutional convention in 1865. In 1866 he was elected United States senator, but was not permitted to take his seat. In 1873 he was elected circuit judge of the state, which position he held at the time of his death.

Miss Helen E. Coolidge has become a law partner with her father, who is an ex-judge, at Niles, Mich., and the firm name is Coolidge & Daughter, attorneys and counsellors at law.

J. C. Walker, son of Dr. Walker of Indianapolis, shot and killed a notorious burglar named Bill Rodifer in his father's residence about three o'clock on the morning of the 17th inst. Mrs. Walker discovered that some one was under the bed in which her husband slept, and quietly notified her son in an adjoining room. Rodifer fired a pistol at Dr. Walker, missing him, and was backing out of the house, covering the doctor with a pistol and knife, when young Walker fired, killing him instantly.

The United States grand jury has returned two indictments against R. O. Adams, ex-postmaster of Deadwood, for embezzlement of $11,938 of government funds. Adams is placed under $12,000 bonds to appear for trial.

Henry Cardwell, a miner of Bunkerville, a settlement near Belleville, Ill., was on the black list, out of work, a hard drinker and very poor. He grew desperate, and after many threats, shot and killed his wife on Monday and then cut his throat from ear to ear. He left four children, two of whom are adults.

The Denver, Col., *Tribune* has a long special from Messilla, New Mexico, to the effect that there is much excitement throughout the Messilla valley over the elopement of Father Todoro Ronalt, a priest of Lascruces, and a brilliant and beautiful young lady, Miss Margurita Garcia, from the convent of the Sisters of Lorietta, who recently entered the convent, it is said at the solicitation of the priest, against the wishes of her parents. After continued scandalous proceedings the couple eloped, and were overtaken at a small hamlet, where the priest appeared *en deshabille*, and was struck and would have been killed by the uncle of the girl if the officers had not interfered. The priest and girl were finally married. The former tells horrible stories about bishops, and other priests.

Whittaker, the colored cadet, has been released from arrest and granted a furlough, pending a decision on his demand for a court-martial.

The White Star line steamer Baltic was run into on the Mersey, Aug. 10th, by the steamer Longford, from Dublin, which soon sank. The Baltic, which was about to sail for New York, will have to go into the dock for repairs.

It was the schooner D. H. Ingraham, Greeley master, which sunk a fishing schooner off the Damariscotta river, Me., on the night of the 16th inst. A man and his two sons were on board the lost vessel, and all three were drowned.

The Detroit steamboat inspectors, as a result of their inspection into the recent collision of the steamboat Garland with the steam yacht Mamie, have revoked the licenses of both captains, on the ground that they could have prevented the terrible accident if they had exercised any sort of prudence.

A flood swept down the glen of Glendare, county Donegal, Ireland, Aug. 17th, flooding the church at Commeeman and drowning several persons, who were carried away by the rush of water. Five bodies have been recovered, and eleven persons are missing. A stone bridge and wall around the church were destroyed.

The judge of the Box Elder county (Utah) court, being applied to for a writ of habeas corpus on behalf of an apostate Mormon, who had been put in a lunatic asylum through Mormon influence, said from the bench: "He is possessed of a devil, or he wouldn't have left the true church, and a madhouse is the best place for him."

There were five murders in St. Louis, Mo., on the 16th and 7th insts.

Eureka, Nev., was swept by fire on the 17th inst., the loss being $1,000,000. Nearly the same territory was burned over a year ago.

At Fort Scott, Kansas, at two o'clock in the morning on the 17th inst., fifty men rode up to the jail, and under pretence of having a prisoner in their custody induced the sheriff to unlock the jail. They then seized the sheriff, locked him in a cell, took a man named Wadkins, confined for horse stealing, and departed, since when no trace of the party or Wadkins has been discovered. One theory is that Wadkins has been lynched; another that the mob were his friends, and took this means to rescue him.

At Pittsburg, Pa., on the afternoon of the 16th inst., one Mrs. Rivers discovered an unknown man in her yard stealing grapes. She shouted to him, and he fled in the direction of the Ohio river. A large dog and a gang of railroad men working near by, started in pursuit. The man, driven to desperation, took to the water hoping to gain the other side, but his heavy clothing retarded him, and finding he was growing weak, turned back. His heartless pursuers, however, would not permit him to return, and continued stoning him until, completely exhausted, he sank. The residents on the other side who witnessed the affair sent a skiff to his rescue, but before they could reach him the man had gone down. The people in the neighborhood of the tragedy are highly indignant, and demand a vigorous investigation by the authorities.

A Mobile accident insurance company has paid fifteen claims, as follows: One man killed by a fall, two by a railroad mishap, one by drowning, one by lynching, and ten by bullet wounds.

Napoleon B. Arthur deserted his wife and family at Marysville, Ohio, twenty years ago, to elope with a neighbor's daughter. His wife remained on the farm, and reared her children, while he wandered about the country. A poor, broken old tramp presented himself recently at the homestead. This was the wreck of the husband and father. He begged for food and lodging, expressing the utmost contrition for his bad behavior. The wife acted with promptness. She set the dog on him, and he barely escaped with his life.

Of the first stain or speck beware
That on your teeth you may espy,
There is by far more danger there,
Than at the moment meets the eye.
Use SOZODONT without delay.
And thus arrest the first decay.

INVESTMENT SECURITIES which meet fully the demands of conservative capitalists are very scarce in the market. Messrs. Geo. Wm. Ballou & Co., bankers, New York and Boston, invite attention to their new loan—the Toledo, Delphos & Burlington R. R. first mortgage bonds. This road runs through Northwestern Ohio and Central Indiana, is favorably located for local and through traffic and has ample facilities for business. These bonds are at 6 per cent., with 30 years to run. The mortgage is very small upon such a valuable property.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only in boxes.* Tu.th&f,&c

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor, "Some time ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and cathartic, pleasant to the taste, free from nausea or griping, Smith's Medicated Prunes are a certain cure for Constipation and Biliousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Leighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C.* D&WLJan81

HOTEL WENTWORTH.

IT MAKES NO DRUNKARDS,

Breaks no Hearts, Excuses no Crimes.

Dr. David Kennedy's FAVORITE REMEDY is not a disguised enemy of the human race; where it cannot help, it does not harm. FAVORITE REMEDY is a combination of vegetable alteratives. It does not heat nor inflame the blood, but cools and purifies it. In all cases of Kidney troubles, Liver complaints, Constipation of the Bowels, and the delicate derangements which afflict women, the action of FAVORITE REMEDY is beyond praise. Thousands of grateful people voluntarily testify to this, in letters to Dr. Kennedy; and with a warmth and fullness of words which mere business documents and certificates never possess. It makes no drunkards—excuses no crimes—breaks no hearts. In its coming there is hope, and in its wings there is healing. We challenge a trial and are confident of the result. Dr. Kennedy would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery.

AUCTION SALE

AROUND HOME.

Mr. Lewis E. Smith commences the fall term of his academy and commercial college on Monday, September 6th.

Schooner Velocipede, White master, arrived at Doane's wharf on the 18th inst., with two hundred and fifteen barrels of mackerel.

Half-fare to Biddeford and back to-day, over Eastern railroad; train leaves at ten o'clock. Republican mass meeting at Old Orchard.

The steam launch La Chiquita, of South Newmarket, came down the river on Wednesday forenoon with a party of ladies and gentlemen, bound on a trip outside the harbor.

Gov. Hoyt of Pennsylvania has re-appointed William H. Hackett of this city a commissioner to take the acknowledgment of deeds, etc., to be used and recorded in Pennsylvania.

Two fellows—tramps probably—when passing Butler & Laighton's store on the 18th inst., appropriated a bologna sausage each, and walked along the street eating their plunder. They were arrested.

"A citizen of ward four" writes that he "would like to know why we who live in ward four cannot have our streets cleaned of pieces of paper and other rubbish, as well as those living in ward two? I suppose the whole city has to pay for it."

As Mr. Charles Barth was passing along Market square on Wednesday afternoon a man made a snatch at his watch, but failed to get it, and hurriedly decamped. It is reported that the same fellow afterward made an unsuccessful attempt to snatch a watch from a lady.

George W. Smith of Dover took ether that he might not suffer the pain that naturally accompanies the extraction of sixteen teeth. The effect of the ether caused severe vomiting after the operation was over, and his jaw was dislocated in consequence. For two days he was unable to swallow any food, and it was only when a physician successfully restored the jaw bone to its proper position that the man could receive any nourishment.

Messrs. Barnard & Tripp have completed their factory on Hill street, and have commenced work under good auspices. The additions of extra machinery enable them to do all kinds of wood finishing for houses, and afford the best facilities for making doors, window sashes, blinds, boxes, mouldings, etc. The proprietors of the establishment are well know as competent mechanics, and whatever comes from their hands will be found finished in a workmanlike manner.

The sailing sloop-of-war Portsmouth, Comdr. Crowninshield commanding, arrived in the lower harbor on Wednesday, the 18th inst., from Mt. Desert, Me. Commander Crowninshield, in a report dated Bar Harbor, Mt. Desert, August 12th, calls the especial attention of the navy deparment to the gallant conduct of five of the men named Hunter, Crois, Givens, Ryan and Burney, belonging to his crew, who, on the 5th inst., sprang overboard in Southwest Harbor and rescued Miss Jennie C. Oates and Mrs. Thomas E. Baker and her son, of Malden, Mass., who had been thrown into the water by the upsetting of their boat, and who, without this prompt assistance, would probably have perished.

There was a republican flag-raising in Madbury on the 16th inst., at the summer residence of Aaron Young, esq. A large number of the prominent politicians of the republican party were present, and a handsome flag was flung to the breeze. Speeches were made by Col. C. M. Murphy, Col. Daniel Hall, Senator Rollins, Judge Woodman, Postmaster Varney of Dover, Col. A. H. Young, C. F. Ham, Congressman Hall, and Postmaster Pierce and Sheriff Kent of this city. After the ceremonies of the flag-raising, all sat down to an excellent repast. Among those in attendance from this city, besides those previously named, were Chief Engineer J. W. Garvin, Naval Constructor T. D. Wilson, and Lieut. Comdr. George H. Wadleigh, of the navy; Collector A. F. Howard, J. Albert Walker, City Marshal Entwistle, and James L. Knapp.

The schooner Helen F. Tredick, Caswell master, arrived at this port on Wednesday of this week with one hundred and thirty barrels of mackerel.

BENEFIT ENTERTAINMENT.

The guests and proprietors of the hotel Wentworth at Newcastle have tendered a complimentary benefit to Mr. John J. Braham, musical director of the hotel orchestra, (and also of the Boston Museum,) and the affair will take place on the evening of Thursday, the 26th inst., when a choice entertainment will be afforded. It will commence with a dramatic performance by leading professionals of Boston, to be followed by a vocal and instrumental concert; some of the best singers in Boston have volunteered their services, and the splendid orchestra of the house will be increased to thirty pieces for the occasion. At the close of the concert the company will adjourn to the large dining-hall, where the full orchestra will furnish music for a grand ball. As to Mr. Braham's merit as a musical director nothing need be said, and there can be no more doubt that every ticket issued (the number is limited) will be taken up than there is that the entertainment offered will be of the highest order in every particular.

ROSTER OF THE BOYS IN BLUE.

Edwin A. Tilton, major comminding;
William O. Sides, adjutant;
James R. May, M. D., quartermaster;
Joseph R. Curtis, sergeant major.

FIRST COMPANY.

D. Webster Barnabee, captain;
Benjamin F. Winn, 1st lieutenant;
Jacob H. Haddock, 2d lieutenant.

SECOND COMPANY.

John H. Locke, captain;
George E. Taylor, 1st lieutenant;
John H. Yeaton, 2d lieutenant.

James R. Eaton, color sergeant;
Alfred M. Lang, Harry Lombard, color guard.

YORK COUNTY AFFAIRS.

There will be a republican rally at Kittery on Monday evening, Aug. 23d, when Congressman R. C. Horr, of Michigan, will deliver an address.

The first number of the Saco *Republican*, a new weekly paper published by Wilkinson & Stevens, was issued on the 18th inst. As its name implies, it advocates the interests of honest government and equality.

Cyrus Brock and daughter of Lyman, Me., paid a visit to Old Orchard on Wednesday, the 11th inst. They both got drunk, and drove along the beach opposite Ferry beach park, where they started the horse into the water. The girl fell out, but was rescued by some parties on the beach, who put her in the wagon and started them for home, where the father only arrived. The next morning the girl was found wandering about in a partially nude condition, and said her father tipped her out of the wagon and drove off. She labored under the impression that she was at home, and prepared for bed, which accounted for the condition in which she was found.

New Hampshire Items.

Parker Merrill of Hopkinton lately killed a common striped snake that enclosed no less than sixty-seven young ones over eight inches in length.

Mrs. Charles Barker, of Henniker, died on Tuesday night, the 10th inst., at the age of 89 years, 10 months and 25 days; and her husband died on the Thursday following, aged 92 years, 10 months and 25 days. They were married Dec. 11th, 1811; and had consequently lived together 68 years, 7 months and 23 days. They were buried together on Friday afternoon.

The question whether towns have the right under the constitution to trial by jury is now before the supreme court. It is an important matter, as there are many cases now pending in the state, particularly in Grafton county, of suits against towns for damages resulting from defective highways, etc. It is thought by the bar that the court will hold that the towns have not the right to trial by jury. An opinion will be given at the September term of the court.

The First New Hampshire regiment will be encamped at the riding park, Manchester, from Sept. 13th to 17th.

George H. Colby shot a blue heron near Spectacle pond, Sunapee, a few days since, that measured six feet from tip to tip; height, four feet eight inches; length of bill, seven inches.

The state temperance camp meeting opened at Weirs on the 17th inst., with splendid weather and good attendance; President George A. Bailey of Manchester was in charge. A praise service, led by Rev. Mr. Haynes of Plymouth, was held, with prayer by Rev. F. H. Wood of Concord, and speaking by Rev. W. E. Odell of Boston, S. C. Keeler of Sunapee, Rev. F. H. Wood, J. D. Fife of Fisherville, Mrs. Fitzgerald of Dover, Mrs. Barton of Lawrence, and Mr. Pratt, of Littleton. A conference and experience meeting was held in the evening, led by J. D. Fife.

Political Notes.

A Washington despatch of the 16th inst. says; "The evidence of fraud in the taking of the census in South Carolina, continues to be received here in almost every mail. One of the most striking cases yet reported came to hand to-day. In the county of Orangeburg the total population in 1870 was 16,865. According to the census just taken it is 41,000, an increase of 150 per cent! The fraud is so transparent that the Charleston *News and Courier* is forced to notice it, and attempts to explain it away by alleging that the census of 1870 was incorrect. That paper admits that there has been no immigration worth estimating in Orangeburg county, and that no population, however prolific and healthy, could by mere natural increase more than double itself in ten years."

Senator Butler of South Carolina, otherwise known as Hamburg Butler or Massacre C. Butler, in a recent interview said: "I have no liking for stump speaking, and want to stay at home. My purpose was to go to the mountains, but I have about abandoned that. I may have to take part in our state canvass, for I do not believe we will carry the state without a struggle, and feel quite sure that the radicals will make a desperate effort to carry O'Connor's and Richardson's districts, and perhaps Tillemann's, and we shall require all our forces."

At a democratic convention in Mississippi, an orator who was eulogizing General Hancock was interrupted by a delegate with the suggestion: "Suppose you give us a little less Hancock and more Robert E. Lee."

Only seventeen per cent of the internal revenue of the United States comes from the south, and ninety-five per cent of that seventeen per cent consists of taxes on spirits and tobacco. To collect this ninety-five per cent the government has to fight persistently, not only against the illicit distillers, but against the united public sentiment of the south. A revenue agent who tries to collect the taxes takes his life in his hand, and the killing of him is considered no murder. Southern congressmen are promising their constituents that if Hancock is elected these taxes will be removed. This is one item of the "change" asked for. To grant it will be to cut down the internal revenue of the government from the south to less than one per cent of the whole amount paid, leaving the north to pay over ninety-nine per cent. How does the north like that kind of a "change?"

—Asparagus ice cream was a feature of a recent Saratoga bill of fare.

—Mr. Mackaye's play of "Hazel Kirke," with which the Madison Square theatre, New York, was opened in February last, is still being nightly played to good business at that theatre, in spite of the fact that it is midsummer, when other theatres are closed. "Hazel Kirke" has now attained the seventh month of its remarkable run, and on August 19th its 200th consecutive performance will be celebrated.

—A man was arrested a few days ago for having the delirium tremens. He whooped around, frightened a train off the track and scared a woman into convulsions. As he was a leading member of the church the neighbors pitied him, and all sorts of sympathies were fired at him. It was finally ascertained that two bees had got down his back and were trying to bore a new button-hole in his vest.

HUTCHINSON'S.

Cured of Drinking.

"A young friend of mine was cured of an insatiable thirst for liquor, which had so prostrated him that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst; took away the appetite for liquor; made his nerves steady, and he has remained a sober and steady man for more than two years, and has no desire to return to his cups. I know of a number of others that have been cured of drinking by it."—From a leading R. R. Official, Chicago, Ill.—*Times.*

—The latest and worst case of lovers' revenge comes from Australia. A young man whose affianced went back on him and broke off their engagement received a note from her asking him to return the lock of her hair which he had. He locked over his trunk; he collected a heap of tresses, culled from various sources during his love-making career, and forwarded them in a bundle to his lady love, inclosing a note to the effect that he had really forgotten which was hers, but she might select it from those forwarded, and return the rest at her earliest convenience. The story got out, and the neighborhood felt so warm for her that she went on a prolonged visit to her country cousins.

A Reliable Wine.

Mr. A. Speer, New Jersey, whose Port Grape Wine has has such a wide reputation, and which physicians prescribe so generally, the first in this country to introduce the art of making wine from the Oporto Grape, which is now the best wine to be had, and has become a great favorite among the most prominent physicians of New York and Philadelphia, who have visited persons benefitted by it.

For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

—The last piece of rustic laziness encountered by out of town correspondents is that of the man who, being asked what ailed his eye, answered, "Notkin; I shut it coz I can see well enough with one. Sometimes I shut one, sometimes t'other."

A nourishing agent for the weak, emaciated and dyspeptical,—Malt Bitters.

Old Oaken Bucket Division, No. 2, S. of T.—Each Monday evening at Hall corner of Lafayette and Market streets.

Facts for the Northern Greenbacker.

Gen. Weaver, the greenback candidate for president, came back from the south convinced that the democratic party of that section is not only hostile to the north, but intolerant and unscrupulous. Representative Rhodes Martyr, another greenback apostle, corroborates the story. The democrats of that section have not changed. They may not murder their political opponents, but they will make their voting of no effect. And now Mr. Ramsdell, the editor of the *National View*, the greenback organ at Washington, comes back and relates his experience. Mr. Ramsdell is not a republican. He did not go to Alabama and Mississippi to advocate the election of a republican president, but quite the reverse. As a greenbacker, he would probably prefer the election of a democratic congress, because the section which sends democrats to congress is more or less imbued with the inflation heresy. Mr. Ramsdell, moreover, is one of those editors who have labored to make northern republicans believe that their leaders in congress are responsible for keeping alive the sectional strife.

With the conviction that the republicans had been misrepresenting southern sentiment and southern action, Mr. Ramsdell went south to proclaim the greenback heresies. His meetings were advertised, but when he appeared to speak, these peaceable democrats whom he has defended against republican slanders appeared at his meetings and demanded a "division of the time" in order that they might make "bloody shirt" speeches. Not content with this trenching upon the rights of the greenback speaker, the Hancock party began to disturb his meetings. At one place a band was stationed near the platform, and the Ramsdell theory of finance was overwhelmed with democratic music.

At last Mr. Ramsdell arrived at Shubuda, Mississippi. His fame had preceded him. Imagine his surprise when he was accosted as "the Yankee greenbacker who ought to be killed," coupled with the proposition to "give threecheers for Hancock," and to "give the greenbacker h—l." Then Mr. Ramsdell was handed a note, which was a notification to "pack his duds and git out of this town in thirty-five minutes." Ramsdell at first thought this was a boyish ebullition. A carpet-bagging republican or a negro orator might be treated in this manner, but could it be possible that a greenbacker, with a national reputation, was really ordered to leave a town to escape personal violence? The directness of the bulldozers' speech, however, soon opened the eyes of the greenback leader, and not wishing a coat of tar and feathers, a whipping, or to be shot in a strange land, he left Shubuda without enlightening its denizens with that theory of finance which will make everybody a millionaire by a government fiat and a printing machine.

Comment on Ramsdell's experience is unnecessary. We simply call attention to it; and particularly the attention of those greenbackers who have been republicans, and who now have no sympathy with southern bulldozing. Such men are asked to vote in Maine for a fusion state, congressional and electoral ticket. If they so vote, and are successful, the victory will be claimed by these men who drove Ramsdell out of Shubuda and cheered for Hancock, as a democratic triumph and a victory for the bulldozers of the south. Moreover, every fusionist nominated for congress in Maine will act, if elected, with the democratic party. Representative Murch, it is asserted, has promised to vote for Hancock. If re-elected, he will sustain that party in congress whose majority represents a section which drove a member of the national greenback organization from Mississippi. Does the greenbacker of republican antecedents who has been led to honestly entertain the greenback financial theories propose to be made an ally of the solid south by sustaining the fusion programme in Maine or elsewhere? —*Boston Journal.*

—The Brassey family in England, must, next to Mr. Vanderbilt, be about the largest holders of securities, other than real estate, in the world. Their father left them over $30,000,000 in personal property, and they do not own more than $75,000 a year real estate. This looks as though they foresaw the depreciation that is possibly impending.

Dr. Pierce's Extract of Smart-Weed is a compound fluid extract of smart-weed, or water-pepper, Jamaica ginger and other ingredients known to be efficacious in curing colic, diarrhœa, dysentery, bloody flux, and kindred affections. It also breaks up colds, fevers and inflammatory attacks.

—The "15" puzzle has been brought to the attention of so learned a body as the Royal Society, Edinburg. At the meeting on June 8th Prof. Tait sent in a note on the theory of the puzzle, and gave a rule for determining whether a particular arrangement was solvable or not.

Intense sufferings from Kidneys cured.

MONTGOMERY CENTER, VT., Feb. 25th, 1880.

Gentlemen: I feel it a duty and a pleasure not only to acknowledge my gratitude to you personally, but also to bring my case before the public, and testify after eight years intense suffering, what your Kidney-Wort has done for me. For the past year have been taking different remedies for kidney disease, but derived no benefit. Have had trouble with my kidneys for eight years, very bad by spells and for several months, able to do very little work, at times passing blood from the bladder, and experienced a prickly sensation all over. I was fearful of paralysis, and was dizzy, afraid to stoop over from fear of falling. At last in January commenced taking your Kidney-Wort and found almost immediate relief. One box made a new man of me. I feel almost as well as ever in my life, and I sincerely belive it will restore to health all who may be similarly afflicted.

—MICHAEL CORO.

ESSEX, WELLS, RICHARDSON & CO.

Gentlemen: The above named person has been in our employ the past three years, and we know him to be a man of truth and honor; we believe and know his condition and statement to be true. We know of others in this vicinity equally as thankful for the benefits derived from the use of this medicine.

Respectfully Yours,
SHERMAN, BRADSHAW & CO.

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Cholera,
AND ALL THOSE NUMEROUS TROUBLES OF THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON.
No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *there is seldom danger of a fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and will then, the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

THE BEST EVIDENCE:

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not on any account be without it. When Cholera was last epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider I should not be doing my duty to the community did I not say this much. If I were attacked by the Cholera to-day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

E. E. BERGENSENN,
Galena, Illinois.

MESSRS. PERRY DAVIS & SON:

I know you need no testimonial to convince you that your medicine is all that you claim for it, but I cannot refrain the pleasure of to communicate to you the fact that in my family it has truly done wonders. I administer it to my children (twelve in number, from the age of three years old) with perfect success. It regulates their bowels, and stops all diarrhœa. Myself and wife use it for it is all cases, both for internal and external use. I've used it in my family for five years, and *will not be* without it. Feeling myself under much obligation to you, in many times being relieved from pain, I am very truly yours, L. F. MOORE,
Baugall, Dutchess Co., New York.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never do without it.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

KIDNEY-WORT
THE ONLY MEDICINE
That Acts at the Same Time on
THE LIVER,
THE BOWELS,
and the KIDNEYS.
These great organs are the natural cleansers of the system. If they work well, health will be perfect. If they become clogged, dreadful diseases are sure to follow with
TERRIBLE SUFFERING.

WHIPS! All qualities and prices; at LAKEBIE'S, 26 Congress St.

Appledore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.
The staunch and reliable steamer APPLEDORE, Capt. Hand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:20 P. M. in season for the afternoon trains west and north.
Baggage destined for these hotels is transported between the Boston railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.
This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.
Since last year extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.
The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for boating at all times for ladies and children. The drives to the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade of over 1000 feet in length, while the view is unexcelled in beauty and grandeur.
An orchestra of twenty selected musicians, under the direction of Julius J. Braham, has been engaged for the season.
The house is furnished throughout in black walnut, has the best of beds, its sleeping rooms are of ample size, well ventilated, and from *all* sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
—THE—
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.
TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. The GAZETTE is in many localities the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

New Advertisements.

WANTED Agents. Illustrated Life of Garfield by War Correspondent "CARLETON." "*Most popular man in the country to write it.*" *Important proof sheets read by Gen. Garfield.* J. H. EARLE, Boston.

THE BONANZA FOR BOOK AGENTS is selling our two *splendidly illustrated* books,
Lives of
Hancock and Garfield,
the first written by his life-long friend, Hon. J. W. FORNEY, an author of *national fame*, and an *ardent* admirer of the "superb soldier;" the second written by his comrade-in-arms and *personal* friend, GEN. JAS. S. BRISBIN, an author of *wide celebrity.* Both authentic, fascinated, immensely popular, and selling beyond precedent. Agents double profits *by selling both.* Outfits 50c. each. Act quickly and earn money. Address HUBBARD BROS., Springfield, Mass.

XX COT (not painted, White Duck) $2.
Patented Feb. 3, 1880. Patented Feb. 3, 1880.
XX COT
FOR WOOD, WIRE OR WEBBING BEDS.
Makes a perfect bed. No mattress or pillows required. Better than a hammock, as it gives the sleeper a pleasantly, and lies *straight.* Folded or opened instantly. Self-fastening. It is just the thing for hotels, offices, cottages, camp-meetings, sportsmen, &c. Good for the lawn, piazza, or coolest place in the house. Splendid for invalids or children. Sent on receipt of price or C.O.D. For 50 cts. extra, with order, I will prepay express on any R.R. station north of Baltimore River and north of Mason and Dixon's Line. For 75 cts. to Mississippi River.
HERMON W. LADD, 108 Fulton Street, Boston; 207 Canal St., New York; 105 North Second St., Philadelphia; 194 Market St., Chicago. SEND FOR CIRCULARS.

STONES IN THE KIDNEYS
and BLADDER Expelled--Long Suffering of one of TROY'S
A LUCKY MAN.
Mr. James Andrews, of No. 10 Marshal Street, Troy, N. Y., had suffered for several years from the burning pain of stones in the Kidneys and Bladder, and had doctored with many of the best Physicians without receiving any benefit. He was induced to try Dr. Kennedy's "Favorite Remedy," and the following extract from Mr. Andrews letter tells the whole story.
TROY, N. Y., April 8th, 1880.
Dr. D. Kennedy, Rondout, N. Y.:
DEAR SIR,—I received you letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have been a great sufferer to the end of my days. The stone that passed from me has a small piece broken off, but the large one I enclose so that you can see for yourself of what it is composed.
I am quite willing to testify under oath to all I have written in regard to my sickness and recovery, and would feel in duty bound to fully express my feelings of gratitude to you for my great deliverance from so terrible a disease.
With a real grateful heart I remain yours most respectfully, JAMES ANDREWS.

taug27 54 Broad St., N. Y.

RUPTURE
DR. J. A SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 15 years or more for his successful method of treating Rupture without the annoyance and injury trusses inflict, may now be consulted at his office, 251 Broadway and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such he calls attention, life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressing from bad to worse, and he is wise who takes the necessary steps to be effectually relieve of it before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
HIS BOOK ON RUPTURE
gives the most reliable proofs from distinguished men of unquestionable veracity, of the success of treating Rupture without the annoyance and injury trusses inflict, may now be consulted at his office, 251 Broadway and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.
No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once flattered himself that it was but a trifling ailment; and every man who now suffers from it and the injury of trusses, to such he calls attention, life has no enjoyments, once regarded it as unworthy special attention. It is not a stand-still affliction; it is steadily progressing from bad to worse, and he is wise who takes the necessary steps to be effectually relieve of it before the day of suffering and gloom comes upon him.
Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.
It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of the great demand for Dr. Sherman's personal attendance at his Boston office, it will hereafter divide his time between his New York and Boston offices as follows: Saturday, Monday and Tuesday may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is
Dr. J. A. SHERMAN
251 Broadway, cor. Murray St., N. Y.,
—AND—
43 Milk St., Boston.
Beware of certain confidence men and impostors who represent themselves as Dr. Sherman.

AGENTS WANTED to sell the LIFE OF
GEN. JAS. A. GARFIELD,
By his comrade in arms and personal friend, Gen. J. S. BRISBIN, an author of *wide celebrity.* This work is *complete, authentic, low-priced.* Fully illustrated. Positively the *best and cheapest* book. *Now other official.* Send 50c. at once for outfit. We give the best terms, and *quick chance* to make money. HUBBARD BROS., Publ., Springfield, Mass.

FACTS WORTH KNOWING.
Ginger, Buchu, Mandrake, Stillingia, and many other of the best medicines known are so skillfully combined in PARKER'S GINGER TONIC as to make it the greatest *Blood Purifier* and
THE BEST HEALTH AND STRENGTH RESTORER EVER USED.
So perfect is the composition of PARKER'S GINGER TONIC that no disease can long exist where it is used, if you have Dyspepsia, Headache, Rheumatism, Neuralgia, Bowel, Kidney, or Liver Disorder, or if you need a mild stimulant, or appetizer, the TONIC is just the medicine for you, as it is highly curative and invigorating but never intoxicating.
Remember! PARKER'S GINGER TONIC is not a rum drink, but the *Best and Purest Family Medicine* ever made, compounded by a new process, and entirely different from Bitters, ginger preparations, and all other Tonics. Try a 50c. bottle. Your druggist can supply you. tu14

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE,

In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

CANTERBURY SHAKERS' LIFE-INVIGORATING SARSAPARILLA.

The Great Blood Purifier, Kidney Remedy and Mild Laxative.

WE, the undersigned, having used DR. COLBETT'S SHAKER SARSAPARILLA SYRUP in our practice, and having examined the formula by which it is prepared, would cheerfully recommend it to the community as the cheapest, safest, and most efficacious of all the preparations of Sarsaparilla in the market. Its highly concentrated state, (there being in a given amount of Syrup twice the amount of Vegetation Extract than any other contains,) the care, skill, and cleanliness of its manufacture, are sure guarantees of its purity and effect. T. R. CROSBY, M. D., W. G. BUCK, M. D., S. BUNTON, M. D., J. S. ELLIOT, M. D., JAMES BABB, M. D., Z. COLBURN, M. D., M. G. J. TEWKSBURY, M. D., A. G. FRENCH, M. D., JOSIAH CROSBY, M. D., A. G. FRENCH, M. D., JOSIAH CROSBY, M. D., A. G. GALE, M. D., JAMES A. GREGG, M. D.

Those who have failed to be benefitted by other Sarsaparillas should not fail to make a single trial of the Blood Purifying and Life Invigorating Compound of Shaker Sarsaparilla, Dandelion, Yellow Dock, Mandrake, Black Cohosh, Garget, Indian Hemp, and the Berries of Juniper and Cubeb, combined with Iodide of Potassium made by the Society.

Prepared by the CANTERBURY SOCIETY OF SHAKERS, Shaker Village, N. H., and signed by Thos. Corbett, its inventor. Sold everywhere. Inquire for Corbett's Shakers' Sarsaparilla.

☞ Enclose Stamp for Shaker Manual.

Price, $1. Six Bottles to one address, $5.

Mrs. Pinkham freely answers all letters of inquiry. Send for pamphlets. Address as above.

No family should be without Lydia E. Pinkham's LIVER PILLS. They cure Constipation, Biliousness, and Torpidity of the Liver. 25c.

GEO. C. GOODWIN & CO., Boston.

Sold by Druggists.

SMITH'S MEDICATED PRUNES. LAXATIVE & CATHARTIC FOR CONSTIPATION & BILIOUSNESS

THIS Fruit preparation is as pleasant to the taste as a prime prepared for the table, and embrace the best medicinal agents known for the relief and cure of Constipation, Piles, and such Bilious disorders as affect those who are costive. They cause a gentle action of the bowels without nausea or griping and admit of continued use without the nauseating effects produced by cathartic pills, mineral waters, salts, senna, rhubarb and other drastic purgatives. The medication is *entirely vegetable and healthful.*

PRICE 50 Cts. PER JAR.

Recommended by leading Physicians who say "they should be always kept in the house."

All Druggists sell them.

The Smith Medicated Prune Co., Proprietors, Hartford, Conn.

DRAIN PIPE.

AKRON DRAIN PIPE, all sizes, for sale at No 3 Elm street.

SAMUEL CLEAVES & SON.

Daily Chronicle.

AN ICEBERG IN AUGUST.

"What shall I give you, my love, my own?"
Said the enraptured you to his lady fair;
"Bracelets and bracelets for your white arms,
Or jewels for your golden hair?"
A shawl from the looms of the far East,
Or silks of the Lyons or Florence?
What shall I give you, my love, my own?"
Said he to the maiden nearest his heart.
And the maiden's eyes, by a gladly shone,
With the light of joy and of love and truth,
And her breath on the speaker's cheek was
The honeyed words of the ardent youth;
Round her slender waist she had placed an arm,
As he toyed with the curls on her sunny head,
"What shall I give you?" repeated he,
"Not quite so much I'm sure," she archly said.

Born Without Teeth.

Reporters are popularly supposed to be the sharpest of mortals; nevertheless, they are sometimes effectually "taken in and done for," as the following will show: Some years ago, a careless youth who was then what was known as a suburban reporter, on the staff of one of the leading dailies of this city, rushed into the office one day, told the city editor that he had just heard of a family living in the town in which his duties most certainly lay, the younger members of which were born without teeth, and suggested that he could write up a first-class "special article," on the matter.

This just suited the city editor, who was very energetic in his search for odd and striking subjects for specials. He entered enthusiastically into the matter, gave the suburban man minute directions as to the manner in which it should be worked up, directed the young man to interview a member of the family, a certain Miss Blank, and suggested a thousand and one questions which were to be asked concerning the toothless people. The reporter went his way, and at intervals of the two or three days, reported progress, saying that he had not yet interviewed the aforesaid Miss Blank, but that he had obtained considerable information, etc., etc. It occurred to the city editor a few many days, that the young man had essayed a heavier task than he could fulfill; that perhaps he was diffident in the matter of the all-important interview with the lady afore mentioned. The editor, therefore, selected one of his city staff, who was somewhat noted for his assurance and easy address, or to put it more bluntly, for his "cool cheek," and directed him to go out in the suburbs to the rural young man, and tender his assistance in the matter. The reporter found that the editor had surmised correctly, and that the young man from the country was very glad to be relieved of the to him formidable affair of questioning a young lady concerning the state of her mouth. The suburban piloted the city man to the residence of the Blank family, exacting from him a promise that he would carry on the conversation. The door bell was rung, and a pleasant-faced lady of forty-five years or so answered the mons.

"Good afternoon, madam," said the reporter, lifting his hat; "Miss Blank resides here, does she not?"

"She does."

"Have I the pleasure of addressing her?"

"She is my daughter."

"Ah! indeed. Is she at home?"

"She is not; she has gone to Milton for the day and evening."

"Ah! very sorry; I particularly desired to see her."

"Can I do anything for you in her stead?"

"I think not," said the reporter in a disappointed tone. "Possibly you can," suddenly brightening and tendering his card. "Allow me to introduce myself. I must beg your pardon, in advance, for what I am about to ask, as I am well aware that it may be a tender spot to touch upon. We have been informed, madam—I really *beg* your pardon—that the younger members of your family, Miss Blank included, were born without teeth, and we thought that it would interest—"

And he stopped, for the expression of kindly interest which had at first marked the lady's face, had, as he progressed, changed to one of wonder, and this in turn had been chased away by a rippling smile, and before she had remarked, "people generally *are*, I believe," the reporter had "tumbled." He afterwards said that if he had thought a fraction of a second sooner, he would have changed the word teeth to feet, heads, noses, or ears, for this could be accounted for on the ground of erroneous information; but without teeth—Oh, horror! And the madam appreciated the joke only too well, and was having a quiet laugh at his expense!

Excuses were needless, and the interview terminated abruptly. The reporter wended his way to the city, with a burning sensation about his face and ears which did not at all coincide with his reputation for assurance and easy address. The city editor was informed in language more vigorous than elegant that the affair was a "gol-darned sell," or something of similar meaning. It afterwards transpired that the information was given to the guileless suburban reporter by a wicked young dentist, who thought to play a joke on him, never thinking that it would go any further. The story was kept very quiet for a number of years, but finally leaked out, and several attaches of that editorial office have invited several other journalists to "take something" on several occasions.—*Post.*

Dr. Kennedy

would have it understood that, while he is engaged in the introduction of his medicine ("Favorite Remedy") he still continues the practice of his profession, but confines himself exclusively to office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of Surgery.

Parties living at a distance, except in Surgical cases, by sending statement of their case can be treated at home. Address Dr. David Kennedy, Rondout, N. Y. Make no mistakes. The medicine is "Favorite Remedy," and the proprietor's name and address: Dr. David Kennedy, Rondout, N. Y. One dollar a bottle. All your druggists sell it.

—An Indianapolis man who went to Texas eight or ten years ago and made money there, returned home the other day to find his wife married to a man named Braden. The man took the new relationship coolly, and, after chatting with the woman for a time, left her to her newer husband.

Night sweats, coughs, emaciation and decline prevented by Malt Bitters.

—A Nebraska Indian contrived to swallow a lot of dynamite, and now he can stand around the corners and call a white man anything he chooses without being kicked for his insolence. They're shy of jarring him, even.

Don't hesitate, if your kidneys trouble you, for Day's Kidney Pad will surely cure.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

FRIDAY, AUGUST 20, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

News and Notes.

A carriage returning from a funeral at Elizabeth, N. J., on Thursday, was struck by a locomotive; one man and two women were fatally injured, and three others seriously hurt.

Elijah Alliger, a New York broker, is under arrest, charged with "irregularities" to a large amount.

Robert T. Lincoln, son of the great President, was a passenger on a train of the Pittsburg, Fort Wayne & Chicago railway, recently wrecked by a collision, and sustained bruises which made him unconscious for half an hour.

A new Atlantic cable company has been registered in London, with a Portuguese concession for a cable from England to the Azores, and thence to America. The financial contract has been concluded for laying a light cable for this route.

The American Bar Association met at Saratoga, N. Y., on the 8th inst., and was called to order by Luke P. Poland, chairman of the executive committee, who introduced the president, Benjamin H. Bristow, who read his annual report, communicating the most note worthy changes in the statutory law on points of general interest made in the several states and by congress during his presidency. He expressed the hope that out of the various laws proposed in congress some equitable national bankrupt law may be evolved. Regarding attempts to regulate railroad rates, he said the problem is one needing attention. He thought railroads unhampered by competition can do much better for the country if they choose than where there is a brisk competition. A large number of new members were elected. The secretary reported that the association had over 400 members last year, and over 500 now, with new ones just elected, from thirty-one states and territories.

Rev. Paul Sterling, who recently married the eldest daughter of Gen. Banks, has for the present suspended his intention to go as a missionary to China, since it appears that the location he had selected is very unhealthy, and unsafe as a place of residence.

Lark Edwards, a drunkard, boasted in a bar-room at Somerset, Ohio, that he had murdered a man eighteen years before. He described the exact spot where he had buried the body. He was a notorious liar, and nobody believed his story; but soon afterward human bones were unearthed at the spot he had indicated. He has been arrested, and there is evidence enough to probably convict him.

Seven men were arrested at Pittsburg, Pa., on the 18th inst., charged with the murder of an unknown man who was driven into the river and stoned to death for stealing grapes from a Mrs. Rivers. The arrested men say no stones were thrown by anybody but the woman.

Indian Agent Cook, at Rose Bud agency, reports to the commissioner of Indian affairs, under date of August 9th, that about the 23d of July six Brule Sioux named Turning Ben, Bear Man, Grey Dog, Bad Thunder, Horned Horse and Two Calf, left the agency on a horse stealing expedition, or, as they expressed it, "to recover Indian horses." They went towards Nebraska and stole seven horses, and killed a white man, name unknown. They returned to the agency, and boasted of what they had done. Spotted Tail hearing of it reported the facts to the agent, and volunteered the restoration of the property and the surrender of the guilty Indians. The latter were thereupon arrested by the Indian police and the stolen horses brought to the agency, where they were subsequently claimed and identified by the owners, and restored to them. The offending Indians were sent under guard to Fort Randall. Agent Cook speaks highly of the conduct of Spotted Tail and the members of his band, and considers it a good evidence of his intention to adhere faithfully to the terms of the treaty.

Thaddeus Hildreth of Gardiner, Me., a highly respectable physician, through mistake recently took a dose of tincture of aconite root, from the effect of which he died in about an hour and a half. He was fifty-five years of age.

A furious thunder storm, accompanied with hail, passed over the towns of Oakfield and Dyer Brook, in Aroostook county, Me., Monday afternoon, Aug. 9th. Its track was about three miles wide, and all growing crops were completely destroyed in its path. Two farmers in Dyer Brook lost fifty acres of crops, and all who live in the path of the storm lost every growing thing. Two years ago the same day of the month and week, a similar storm passsed over the same track.

Mrs. Lucy Harding, wife of William Harding of Bridgewater, Mass., is supposed to have eloped with a young man named Frank B. Johnson. The couple were last seen on the 16th inst., on the cars, since which time nothing has been heard from either; the woman left a letter, in which she stated that she was going away, and probably her husband would never see her again. She also stated as soon as she got settled she should send for one of her three children, whom she left behind.

River Pirates.

At Ashport, Tenn., a little place near which the steamer Vicksburg recently sank, a party of river pirates were on the night of the 17th inst. discovered at work on the wreck, stealing cargo, and were fired upon by the crew of the wrecking boat T. T. Eckert, which was lying near the steamer. One of the pirates was wounded, and fell overboard from their skiff. The watchman of either the wrecking boat or the Vicksburg, who was found to have been in collusion with the pirates, was on the 18th taken before a justice of the peace and held in $1,000 bonds. Later a band of masked men appeared, rescued the watchman, captured the wrecking boat, placed Mr. Bedard, who was in charge of the wrecking party, under guard on the boat, and took others of the crew ashore, and placed them under guard. Great excitement existed among the friends of the thieves. Considerable crowds of them came in from the country, and dire vengeance was threatened the crew of the wrecking boat. Telegrams received in St. Louis on the night of the 18th from T. W. Bedard, captain of the wrecking boat, were to the effect that the excitement was still high among the friends of the thieves who attempted to plunder the Vicksburg, and that the sheriff did not seem able to maintain peace. H. A. Burris and William Howard, divers of the Eckert, and James Jones, another of the crew, were still under guard on shore, and Capt. Bedard remained under surveillance on the boat. The mob would not allow the wrecker to be moved, nor would they permit the wrecking of the Vicksburg to proceed. Capt. Dugan, superintendent of the Underwriters' Wrecking company, Capt. Barnard, secretary of the Board of Marine Underwriters, and Capt. Scudder, president of the St. Louis & Vicksburg Packet company, owners of the sunken Vicksburg, telegraphed to Gov. Marks of Tennessee, asking for military and other aid to protect their men and property. Fears were entertained that the mob would lynch Burris, Howard and Jones, or at least Burris, who, they assert, shot the man who fell overboard from their skiff.

Naval Gazette.

The Powhatan left Port Royal for New York on the 16th inst.

The Despatch, Lieut. Comdr. Francis A. Cook commanding, is lying in Boston harbor. She has on board the first class of cadet-engineers of the Annapolis naval school.

Political Notes.

Consider what Lee and Jackson would be were they alive. These are the same principles for which they fought for four years. Remember the men who poured forth their life blood on Virginia soil, and do not abandon them now. Remember that upon your vote depends the success of the democratic party.—*Wade Hampton.*

The democrats of Connecticut on the 18th inst. nominated James E. English for governor, and Charles M. Pond of Hartford for lieutenant governor.

The New York *Sun* is getting anxious about New York, and exports the Tilden and anti-Tilden men to "consolidate their forces without delay and turn all weapons upon their republican opponents." The Tammany plan of consolidation is to call a state convention, seize upon and run the machinery, and let the other wing tag on behind.

The Staunton Valley (Virginia) *Virginian*, which reported the recent speech of Wade Hampton, says: "We do not know what was in General Hampton's mind when he delivered his speech in Staunton, but we do know what his language meant. He declared that the democratic party, under Hancock's lead, was fighting for the same principles that Lee and Jackson fought for, and for which the southern soldiers died. There was no qualification in the terms used. His appeal was for harmony in the democratic party in Virginia, and to make it effective he brought up the war remembrance to touch the feelings of the audience, and in that connection announced the principles which were at issue in the contest now being waged between the two great parties of the country."

—A man at Hackensack has a cat that devours cucumbers. Imagine the midnight melody of that cat.

—"Yes; I am to be married, my dear. The young lady is pretty and very clever, yet she can not play the pianoforte; that is her only failing." "Why, I should call that a blessing. It is certainly no fault?" "Here me through. She can not play the pianoforte, and yet she always insists on playing."

—Josie Langlet was a remarkably handsome St. Louis girl. Being about to commit suicide with a pistol, she dressed herself in an elaborately embroidered wrapper, carefully dresses her hair, and arranged herself in agraceful posture on a lounge, so as to be attractive in death.

Of the first stain or speck beware
That on your teeth you may espy,
There is by far more danger there,
Than at the moment meets the eye.
Use SOZODONT without delay,
And thus arrest the first decay.

COUGHS.—"*Brown's Bronchial Troches*" are used with advantage to alleviate Coughs, Sore Throat, Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

THE THROAT.—"*Brown's Bronchial Troches*" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when relaxed, either from cold or over-exertion of the voice, and produce a clear and distinct enunciation. *Speakers and Singers* find the Troches useful.

A COUGH, COLD, CATARRH OR SORE THROAT requires immediate attention, as neglect often times results in some incurable Lung Disease. "*Brown's Bronchial Troches*" will almost invariably give relief. Imitations are offered for sale, many of which are injurious. The genuine "*Brown's Bronchial Troches*" are sold *only in boxes.* Tu,th&f,&c

Capt. Thos. Ward of 1st U. S. Artillery writes from Fort Independence, Boston Harbor, "Some time ago I purchased a lot of Smith's Medicated Prunes. They are the best medicine I have ever been able to find for the purpose intended. Please send me three jars by express." A laxative and cathartic, pleasant to the taste, free from nausea or griping. Smith's Medicated Prunes are a certain cure for Constipation and Biliousness. They are prescribed by Physicians and are for sale by all Druggists.—*Advertiser.*

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Leighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C.* D&WsJan81

AROUND HOME.

Private theatricals at Rye beach on Monday night.

Col. Simon R. Marston of this city is in charge of the "Merrimac river improvements" under the direction of Gen. Thom of Portland.

Quite a large party, composed of citizens of Rye and visitors to the beaches, had an excursion to the Shoals on Thursday in the steamer Appledore.

The three handsome prizes to be given to the winning boats in the race to-morrow afternoon, can be seen in the window of Mercer Goodrich's bookstore.

The barkentine Henry Norwell arrived at the Concord railroad wharf on Thursday with eight hundred tons of coal, to be reshipped by rail to Manchester and Concord.

Hon. Frank Jones has purchased the fine mowing fields formerly owned by the late Wm. Simes, on the new road to Newington. This road ought to have a proper designation.

The shoe factory is overrun with orders. The whole force of employes has been working extra hours for the last three weeks, but are unable to keep even with the demands of trade.

The old well near the Eastern railroad depot, which supplied water in year long gone by to the distillery then in operation in that vicinity, is to be brought into requisition for filling the new tank with water.

The late Rev. Elisha Adams, who in 1844-45 was a Methodist clergyman in this city, was at the time of his death a member of Piscataqua Lodge and Strawberry Bank Encampment, I. O. O. F., and of St. John's Lodge of Masons, in this city.

President E. B. Phillips of the Eastern railroad, and President Frank Jones of the Portsmouth & Dover railroad, were in Dover early this week, to look over the ground preparatory to erecting a new depot, probably of brick, to take the place of the present structure there.

The democrats of Hampton raised a campaign flag in front of Whittier's hotel on the evening of the 18th inst. They had music by the Rye cornet band, a Boston lady sang the "Star-spangled Banner," and Isaac A. Bradford of Exeter made a speech. Hon. Uri Lamprey presided.

A lady patron insists that the crossings upon which dust has so long accumulated and which are deluged by the watering carts, should occasionally be swept, and especially invites attention to the crosswalk at the corner of State and Middle streets, and the one near Alderman Hall's residence.

It is stated that the National Mechanics and Traders' bank have purchased the building occupied by the bank and by the Trust and Guaranty Co., and will make improvements upon the same, needed by the loss of light occasioned by the extension of Pickering building on the other side of Commercial alley.

The training ship Portsmouth was towed up to the navy yard from the lower harbor on the 18th inst., by the government tug Leyden. Just as the first line from the ship to the navy yard was made fast, the Leyden was disabled by the breaking of both the followers of her piston; no other harm was done.

Thursday evening at about eleven o'clock, as a party of ladies and gentlemen who had been on a moonlight ride to the Wentworth were coming up the hill this side of the Sagamore bridge on their return, in a two-horse beach-wagon, a trace chain broke and let the horse to which it was attached swing around facing his mate, to the great astonishment of the pair. The wagon commenced running back down the hill, the brake being unable to stop it, and a single team just behind had to make a lively flank movement to get out of the way. The ladies of the party behaved with the utmost coolness, and the cramping of the wheels stopped the retrograde movement before any damage was done.

Dover claims that over 100 vessels have visited the Cocheco thus far this season.

Landlords at Hampton beach say that the present is the most successful season for four years.

Lieut. Emory H. Taunt, formerly stationed at this navy yard, is attached to the U. S. S. Portsmouth, now in port.

James Gleason of Dover, a reform school graduate, was arrested in Boston this week for a forgery committed in April last, when he and George Emery of Dover obtained from the Savings Bank for the county of Strafford about $180 belonging to Albert J. Burnham, on a forged order. Emery was arrested some time ago.

Case of Pickering and wife vs. De-Rochemont; before Samuel C. Eastman, referee. Plaintiff closed his evidence and rested, when the defence was opened by C. E. Batchelder. Several depositions were read by the defence to prove the price of board in Demarara and the commissions allowed guardians, and the examination of the defendant was commenced. C. H. Smith for pltf.; Rollins and Batchelder for deft.

At an adjourned meeting, held by the members of the Heavy Artillery on Thursday evening of this week, it was decided to have a street parade, accompanied by the Dover cornet band, commencing at half-past five o'clock next Wednesday evening, to be followed by a supper at the Rockingham house at half-past eight o'clock. Messrs. Willard J. Sampson, Michael Crowley and Shirley B. Cunningham were chosen a committee on finance. The silk flag which was presented to the company is to be given to the city. The committee on invitation are Messrs. F. J. Magraw and W. J. Sampson. All of the furniture, pictures, etc., were sold at auction to the members of the company. In the breaking up the boys mean to distinguish themselves by a break-down.

CIRCUIT COURT OF THE UNITED STATES.

THURSDAY, Aug. 19th; *Clark, J.*

Case Goodyear Dental Vulcanite Co. vs. Severance; application for injunction continued to the third Tuesday of September. Browne, Holmes & Browne for pltf.; Frink for deft.

Goodyear Dental Vulcanite Co. vs. Folsom; application for injunction allowed to stand open until the third Tuesday of September Browne, Holmes & Browne for pltf.; Hatch for deft.

CAUGHT SOME FISH.

The flags were flying gaily at Doane's wharf on Thursday morning last, on the occasion of the arrival of three vessels with full fares of mackerel—the Daniel Marcy with four hundred barrels, the Anna M. Nash with three hundred barrels, and the Velocipede with two hundred and fifteen barrels. The Anna M. Nash met with a mishap in the breaking of her seine, by which she lost probably two hundred barrels, and the Velocipede gave way a fifty barrels, not having salt enough to dress them. The mackerel are greatly improved in size and quality, over the early catch.

POLICE COURT.

On Thursday, 19th inst., in the police court, Patrick Kanney was fined $11.04 for brawl and tumult; Brentwood. Michael Brady, drunk, was assessed $11.04; Brentwood. James Flynn, Frank Anderson, Thomas Cowper, Chas. Smith and Patrick Conley, drunk, were each assessed $9.90; Brentwood.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, Aug. 19th:

Bond of city marshal wes received and approved.

Daniel Trefethen asked leave to encumber corner of State and Water streets, for building purposes; granted.

Frank Cole and Charles A. C. Gray were elected assistant marshals.

Peter Pray, Joseph B. White, William Nowell, John Turner, Charles P. Abbott, and Charles H. Besselievre were elected night watchmen, constables and police officers.

James W. Marden, Chas. W. Roberts, Michael E. Long, Edwin R. Underhill, Samuel Taylor, Walter S. Gray, Daniel McDonald, James F. Shannon, George Stringer, Henry Wallace, John Sullivan Rand, John T. Mortimer and James Walley were chosen supernumerary police.

Chas. H. Keniston was elected special police officer at Music hall, and Robert Anderson at navy yard landing, without pay.

Committee on claims, to whom was referred the request of John Kelly, for abatement of taxes, reported recommending that the petitioner have leave to withdraw; accepted and adopted. Same committee, to whom was referred the claim of Joseph Spinney, for damages, reported submitting the city solicitor's opinion that the city was not liable, recommending that the opinion be adopted; accepted and adopted.

On bill of B. F. Thorndike for printing done over six years ago, which was referred to same committee, they reported that the claimaint have leave to withdraw, as the bill was outlawed; report accepted and adopted. Voted that the bill be laid on the table until the facts in the case can be ascertained.

Adjourned.

CONTRACTS AWARDED.

Government contracts awarded at Portland, Aug. 17th:

Lake Winnipisaukee—No bids received.

Portsmouth Harbor—2000 tons rubble stone—Curate & Bowen 77 cents per ton; Joseph R. Holmes, Portsmouth, 98 1-2 cents; Hamilton & Floyd, $1; Joseph H. White, Hyde Park, Mass., $1.05. Contract awarded to Curate & Bowen.

Portsmouth Harbor—(Gangway Rock)—700 cubic yards—Isaac Sylvester, $27.—90 per cubic yard; Geo. W. Townsend, Boston, $39; James Andrews, Biddeford, $40; Geo. L. & Hiram W. Phillips, Quincy Point, Mass., $40; Chas. A. Trumbull, Lawrence, Mass., $42.37; Hamilton & Floyd, $47. Contract awarded to Sylvester.

"WEST WIND."

Mrs. Celia Thaxter has a poem with the above title in the *Atlantic Monthly* for September. It begins—

"The barley bows from the west,
Before the delicate breeze."

We bet on that. It is probably an allusion to the great staple brought over the western lakes in propellers destined for Frank Jones' malt houses, and shipped by rail from Ogdensburg, though in later days steam takes the place of the "caressed sail" upon the great lakes.

REAL ESTATE CONVEYANCES.

The following are the conveyances of real estate in Rockingham county for the week ending Aug. 17th, as left for record in the office of the register of deeds:

EXETER.

William H. Belknap, adm., to Charles W. Young, 2nd., land, $21.81.

SALEM.

Geo. C. Gordon to Charles Austin of Methuen, land, $1.

EPPING.

Ezra F. Barber to Hedding Camp-Meeting Association, land, $5.

GREENLAND.

Charles E. Myers of Portsmouth, to Nathaniel Wiggin, land, $1.

Nathaniel Wiggin to Mary E. Adams, land, $450.

PORTSMOUTH.

Benjamin F. Webster to James M. Slater, land, $250.

NORTH HAMPTON.

Arthur Batchelder to James Lane of Hampton, land, $150.

BRENTWOOD.

John A. Rowell to Ephraim Flanders, land, $25.

John G. Dudley to George W. Senter, land, $170.

NOTTINGHAM.

Colcord Winslow to Lydia M. Maynard, of Manchester, land, $700.

YORK COUNTY AFFAIRS.

The yacht Qui Vive, belonging to Mr. Decatur of Kittery, arrived home from Boston on Thursday.

The Marshall house at York harbor has had a most successful season, and further enlargements are contemplated in this admirably located hotel.

The Sea Cottage at York beach has been visited this season by several families from Chicago. The ocean view in front of the Sea Cottage is magnificent.

Andrews & Co. of Biddeford are building an apple-curing factory at Cornish. They will be put in two machines, giving employment to about fifty people, and will be ready for work in about three weeks.

The steamer Mystic took a party of seventy-five persons from Kittery foreside to "the point," Wednesday evening of this week, to attend a republican flag-raising. The steamer James Sampson also took down a party from this city.

—The fellow who picked up the hot penny originated the remark, "All that glitters is not cold."

Made from Grape Cream Tartar.—No other preparation makes such light, flaky, hot breads, or luxurious pastry. Can be eaten by dyspeptics without fear of the ills resulting from heavy indigestible food. Sold only in cans, by all Grocers.

ROYAL BAKING POWDER CO., New York.

Defensive Medication

Is a precaution which should never be neglected when danger is present, and therefore a course of the Bitters at this season is particularly desirable, especially for the feeble and sickly. As a remedy for biliousness, dyspepsia, nervousness and bowel complaints, there is nothing comparable to this wholesome restorative.

For sale by all Druggists and Dealers generally.

CUTE ADVERTISING. It is an easy matter to write an advertisement; but to get busy men and women to read it is another and more difficult thing. Here, for instance, is Hunt's Remedy which has proved to be a positive cure for kidney, bladder, liver and urinary complaints—Bright's disease included. Hunt's Remedy deserves the attention of every reader; for who suffers may be saved if he will try Hunt's Remedy, the great kidney and liver medicine. Sold by all druggists. Trial size, 75 cents.

Thomas Russell, of New York, a shareholder in the *Graphic* Newspaper Co. for $42,500, has entered two actions in Montreal against the company for $30,000, and another against Sir Francis Hincks, Geo. Stephen, R. J. Reekie and John Rankin, directors, for alleged maladministration of the affairs of the company.

A Free Acknowledgment.

I hereby certify that I habitually use Dr. Kennedy's "Favorite Remedy" in my family in all those cases in which a domestic medicine is needed, and that it has never yet failed to accomplish the purpose desired. We look upon it as an anchor to windward that is sure to hold in every instance mentioned on the doctor's bill of particulars. I make this acknowledgment freely, in hope of doing good to others, feeling that a medicine that is near at hand and to be implicitly trusted, is worth more than it costs.

REV. G. C. ESRAY,
Formerly associate editor of the Rondout *Freeman*.

Emil Florang of Burlington, Iowa, while playing with a supposedly unloaded pistol, shot his wife dangerously in the lungs. Thinking he had killed her he attempted suicide.

Vitalizing, nourishing and stimulating, without intoxicating, are Malt Bitters.

A cable dispatch from England says Col. McNeill, equerry to the queen, who accompanied Prince Leopold on his visit to Canada and the United States, was knighted by her majesty upon the return of the prince.

New Hampshire Items.

The Manchester *Mirror* ingeniously suggests that if the republican party in the state have any apprehension that they cannot elect a governor, it can call upon Manchester, who will name a candidate. Thanks!

The house of Michael Odus, at Franklin Falls, was burned on the 18th inst.; contents mostly saved. Insured.

The farm buildings of E. Kenerson, at Wadley's Falls, Lee, were burned on the 18th inst.; loss $1200; insured $900; cause of fire, defective flue.

A meeting of the members of the executive republican state committee was held at Concord on Wednesday evening, the 18th inst. Hon. Samuel W. Hale, of Keene, whose name had been somewhat prominently mentioned as a candidate for governor, gave notice of his intention to withdraw from the contest. Hon. Daniel Barnard of Franklin will be invited to preside over the state convention.

Perley Knapp, a well known and respected citizen of Stewartstown, died very suddenly, Monday evening, August 9th, being engaged in pitching hay in his barn, when, it is supposed, he ruptured a blood vessel near the heart.

The state board of equalization held a session at Concord on the 18th inst., and heard counsel in relation to the taxation of railroads. The matter went over to the next meeting to await the decision of the court upon a certain legal point involved under the tax law. Only two express companies have made returns as required by law, and the rest were doomed by the board. Adjourned to September 7th.

A meeting of the governor and council was held on Wednesday, the 18th inst. A petition for the pardon of Martin Kelley of Manchester was refused. A long conference was held with the prison commissioners and Ex-Gov. Prescott, with reference to the transfer of the new prison to the state, and the attendant exercises, and Gov. Head, Ex-Gov. Prescott and Hon. John Kimball were appointed a committee of arrangements. It is probable that the transfer will be made Sept. 21st, but the day is not definitely fixed.

Capt. H. B. Atherton of Nashua advocates the nomination of O. C. Moore of that city as the republican candidate for congress. He is backed up by sundry other republicans whose names are printed, and yet we fail to see the familiar names of several men who are accredited with having a voice in Nashua politics. But perhaps they were not invited to sign!

Proposals for Belting and Rubber Packing,

PAYMASTER'S OFFICE,
U. S. NAVY YARD, PORTSMOUTH, N. H.,
AUGUST 11th, 1880.

SEALED PROPOSALS for the articles described below will be received at this office until 11:15 A. M., August 28th, 1880, at which time and place they will be opened in presence of bidders.

The Belting to be white oak tanned, sewed. Samples may be seen on application to the Naval Constructor.

Blank forms with specifications to be had at this office.

The right is reserved to reject any or all bids.

H. T. WRIGHT,
aug12,14,17,20 Paymaster U. S. Navy.

IT MAKES NO DRUNKARDS,

Breaks no Hearts, Excuses no Crimes.

Dr. David Kennedy's FAVORITE REMEDY is not a disguised enemy of the human race; where it cannot help, it does not harm. FAVORITE REMEDY is a combination of vegetable alteratives. It does not heat nor inflame the blood, but cools and purifies it. In all cases of Kidney troubles, Liver complaints, Constipation of the Bowels, and the delicate derangements which afflict women, the action of FAVORITE REMEDY is beyond praise. Thousands of grateful people voluntarily testify to this, in letters to Dr. Kennedy; and with a warmth and fulness of words which mere business documents and certificates never possess. It makes no drunkards—excuses no crimes—breaks no hearts. In its coming there is hope, and in its wings there is healing. We challenge a trial and are confident of the result. Dr. Kennedy would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to Office practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery.

JAMES PYLE'S

PEARLINE

THE GREAT INVENTION
FOR WASHING AND CLEANSING

In hard or soft water, WITHOUT SOAP, and without danger to the finest fabric.

SAVES TIME and LABOR AMAZINGLY, and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but PEARLINE is the only safe article. Always bear the name of James Pyle, New York.

KIDNEY-WORT

THE ONLY MEDICINE
That Acts at the Same Time on
THE LIVER,
THE BOWELS,
and the KIDNEYS.

These great organs are the natural cleansers of the system. If they work well, health will be perfect; if they become clogged, dreadful diseases are sure to follow with

TERRIBLE SUFFERING.

Biliousness, Headache, Dyspepsia, Jaundice, Constipation and Piles, or Kidney Complaints, Gravel, Diabetes, Sediment in the Urine, Milky or Ropy Urine; or Rheumatic Pains and Aches,

are developed, because the blood is poisoned with the humors that should have been expelled naturally

KIDNEY-WORT

will restore the healthy action and all these distressing evils will be banished, and neglect them and you will live but to suffer.

Thousands have been cured. Try it and you will add one more to the number. Take it and become a happy, healthy, vigorous man.

Why suffer longer from the torment of an aching back?

Why be made miserable by distress from Constipation and Piles?

Why be so fearful because of disordered urine?

KIDNEY-WORT will cure you. Try a package at once and be satisfied.

It is a dry vegetable compound and

One Package makes six quarts of Medicine.

Your Druggist has it, or will get it for you. Send upon having it. Price $1.00.

H. H. WARNER & CO., Proprietors,
Rochester, N. Y. Burlington, Vt.
(Without postage.)

PERFECTLY SAFE IN THE MOST INEXPERIENCED HANDS!
For Diarrhœa, Dysentery, Cramps, Cholera,
AND ALL THOSE NUMEROUS TROUBLES OF THE STOMACH AND BOWELS SO PREVALENT AT THIS SEASON.
No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS' VEGETABLE PAIN KILLER.

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE FOR ALL SUMMER COMPLAINTS

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; *but with a safe remedy at hand* for immediate use, *there is seldom danger of its fatal result* which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and *sometimes costs a life.* A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have followed its use.

THE BEST EVIDENCE!

I have long used the medicine known as PERRY DAVIS' VEGETABLE PAIN KILLER in my family and would not on any account be without it. When there was that epidemic here, I used no medicine of any sort but the Pain Killer, and although myself and several members of my family were attacked severely, I am happy to say that the Pain Killer was equal to every emergency. I consider I should not be doing my duty to the community did I not say this much. I was attacked by the Cholera to-day, Pain Killer would be the only remedy I should use. I have thoroughly tested it, and know it can be relied on.

F. E. BERGISSEND,
Galena, Illinois.

No family can afford to be without it, and its price brings it within the reach of all.

The use of one bottle will go further to convince you of its merits than columns of newspaper advertising. Try it, and you will never be without it.

Price 25c., 50c., and $1.00 per bottle. You can obtain it any drug store or from

PERRY DAVIS & SON, Proprietors, Providence, R. I.

Appletore and Oceanic Hotels,
ISLES OF SHOALS.
Laighton Brothers & Co.

The staunch and reliable steamer APPLEDORE, Capt. Rand, makes two trips each way daily (Sundays excepted) between Portsmouth and the Isles of Shoals. Steamer leaves Jones' wharf, near foot of Deer street, at eleven A. M., after arrival of the morning trains from Boston and Concord, and at six P. M. Returning leaves the Islands at seven A. M., arriving at Portsmouth in season to connect with the 8:20 train for Boston, and the trains for the White Mountains via Conway and the Notch, and at 3:30 P. M. in season for the afternoon trains west and north.

☞ Baggage destined for these hotels is transported between the Eastern railway station and the hotels *free of charge.* The wharf of the steamer is a short distance from the railway stations, and there is ample time to walk thither between the arrival of trains and the departure of the boat.

THE "WENTWORTH,"
Newcastle, N. H.

This Hotel will open June 26. It has accommodations for 400 guests, and offers more attractions for pleasure and comfort than any other seaside resort in the country. Its high situation affords beautiful views, both inland and seaward, its healthful atmosphere, the easy manner in which it can be reached, its advantages for boating, bathing and fishing, excellent drives and attractive walks, all combine to make it one of the most charming places on the coast of New England.

Since last season extensive additions have been made, among them one hundred and fifty sleeping rooms, a spacious Music Hall for dancing, theatricals and concerts, bowling alleys, billiard room, a passenger elevator operated by steam, a large and commodious stable for private equipages, the grounds lighted by the electric light, steam yacht for excursions, &c., &c.

The temperature of the bathing at the "Wentworth" is especially inviting to those unable to endure the shock incident to more exposed localities. An enclosed body of salt water, covering an area of fifty acres, affords a safe and pleasant place for bathing at all times for ladies and children. The drives in the neighboring beaches and other points of attraction in this vicinity are unsurpassed. The veranda, fifteen feet in width, surrounding the house, gives an extended promenade or over 1000 feet in length, while the view is unexcelled in beauty and grandeur.

An orchestra of twenty selected musicians, under the direction of Mr. John J. Brabant, has been engaged for the season.

The house is furnished throughout in black walnut, has the *best of beds*, its sleeping rooms are of ample size, well ventilated, and from all sides of the house affords fine views. Its cuisine will be found of an unexceptionable character. The "Wentworth" is situated three miles from Portsmouth, N. H., in the ancient town of Newcastle, and is reached from Boston in two hours' ride over the Eastern Railroad. Address

SPEER'S
PORT GRAPE WINE!

SPEER'S PORT GRAPE WINE,
FOUR YEARS OLD.

This Celebrated Native Wine is made from the juice of the Oporto Grape, raised in this Country. Its Invaluable

Tonic and Strengthening Properties

are unsurpassed by any other Native Wine. Being the pure juice of the Grape, produced under Mr. Speer's own personal supervision, its purity and genuineness are guaranteed. The youngest child may partake of its generous qualities, and the weakest invalid use it to advantage. It is particularly beneficial to the aged and debilitated, and is suited to the various ailments that affect the weaker sex. It is in every respect A WINE TO BE RELIED ON.

Speer's P. J. Sherry,

A delicate, fine flavored Sherry, from the Spanish grape, equal to the finest brands imported from Lisbon.

SPEER'S P. J. OR PEDRO J. BRANDY.

This noted Brandy is a pure distillation from the grape and is equal to the finest Hennessy or Otard Brandies; for medicinal purposes it can be relied upon as strictly pure.

Speer's Sambuci Wine!

celebrated for its beneficial qualities, highly esteemed by eminent physicians, used in European and American Hospitals and by the first families in Europe and America.

Excellent for weak and debilitated persons, the aged and infirm; improving the appetite and benefitting ladies and children.

AS A DIURETIC,

it imparts a healthy action to the Kidneys and Urinary organs, very beneficial in Dropsy, Gout and Rheumatic affections.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

ALFRED SPEER, Proprietor,
Office, 34 Warren Street, New York.
Mt. Prospect Vineyards, Passaic, New Jersey.

American and Foreign PATENTS.

[ESTABLISHED 1865.]

GILMORE & CO., Successors to CHIPMAN, HOSMER & CO., Solicitors. Patents procured in all countries. *No fee in advance.* No charge unless the patent is granted. No fees for making preliminary examinations. No additional fees for obtaining and conducting a re-hearing. Special attention given to Interference Cases before the Patent Office, Examinations before Congress, Infringement Suits in different States, and all litigation appertaining to Inventions or Patents. Send stamp to GILMORE & CO., for Pamphlet of sixty pages.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,897,500 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. GILMORE & CO. pay cash for them. Send by registered letter. Where Assignments are imperfect we give instructions to perfect them.

Arrears of Pay and Bounty.

Officers, Soldiers and Sailors of the late war, or their heirs, are in many cases entitled to money from the Government of which they have no knowledge. Write full history of service, and state amount of pay and bounty received. Enclose stamp to GILMORE & CO., and a full reply after examination, will be given you free.

Pensions.

All Officers, Soldiers and Sailors wounded, ruptured or injured in the late war, however slightly, can obtain a pension by addressing GILMORE & COMPANY.

Cases prosecuted by GILMORE & Co. before the Supreme Court of the United States, the Court of Claims and the Southern Claims Commission.

Each department of our business is conducted in a separate bureau, under the charge of the same experienced parties employed by the old firm. Prompt attention to all business entrusted to GILMORE & CO. is thus secured. We desire to win success by deserving it. Address

No. 9 CONGRESS STREET.

KNOW THYSELF.

The untold miseries that result from indiscretions in early life may be alleviated and cured. Those who doubt this assertion should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, or SELF-PRESERVATION.

Exhausted vitality, nervous and physical debility, or vitality impaired by the errors of youth or too close application to business, may be restored and manhood regained.

Two hundred-th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. Three hundred pages, more than 50 valuable prescriptions for all forms of prevailing disease, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in French cloth; price only $1, sent by mail post-paid.

The London Lancet says: "No person should be without this valuable book. The author is a noble benefactor."

The Tribune says: "The author has had unprecedented success in dealing with nervousness of all kinds and its affections, whether due to peculiar habits or inherited. He is a Nervo specialist, and therefore knows whereof he writes with such power and ability."

An illustrated sample sent to all on receipt of 6 cents for postage.

The author refers, by permission, to Hon. P. A. Hi—ll, M. D., president of the National Medical Association.

Address Dr. W. H. PARKER, No. 4 Bulfinch Street, Boston, Mass. The author may be consulted on all diseases requiring skill and experience.

STONES IN THE KIDNEYS
and BLADDER Expelled--Long Suffering of one of TROY'S best People.

A LUCKY MAN.

Mr. James Andrews, of No. 10 Marshal Street, Troy, N. Y., had suffered for several years from the formation of stones in the Kidneys and Bladder, and had doctored with many of the best Physicians without receiving any benefit. He was induced to try Dr. Kennedy's "Favorite Remedy," and the following extract from Mr. Andrews letter tells the whole story.

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR—I received your letter to-day, and you are welcome to use any part of my letter as may seem best. Had I not used the "Favorite Remedy" I should have been a great sufferer to this day. The stone that passed from me has a small piece broken off, but the large one I enclose so that you can see for yourself what it is composed.

I am quite willing to testify under oath to all I have written in regard to my sickness and recovery, and words fail to fully express my feelings of gratitude to you for my great deliverance from so terrible a disease.

With a real grateful heart I remain yours most respectfully, JAMES ANDREWS.

RUPTURE

DR. J. A. SHERMAN—AND THE ONLY DR. SHERMAN known to the public for the past 35 years or more for his successful method of treating Rupture without the annoyance and injury of a truss, or the pain and loss of time by confinement at his New York and Boston offices. Dr. Sherman is the discoverer of the only known cure for Rupture by local external treatment.

No man is safe who has a Rupture, no matter how insignificant he may consider it, for every man who has died from it once thought in the off chance that it was but a trifling ailment; and every man who has suffered from it and the injury of trusses, to such an extent that life has no enjoyments, once regarded it as unworthy special attention. It invariably grows worse, and is always progressive, even unto death, and he is wise who takes the necessary steps to be effectually relieved of it before the day of suffering and gloom comes upon him.

Patients from abroad can receive treatment and leave for home same day. During treatment any kind of active exercise or labor can be performed without interfering with the treatment, and with safety from the dangers of strangulated Rupture.

HIS BOOK ON RUPTURE

gives the most reliable proofs from distinguished professional gentlemen, and our leading merchants of his successful practice and popularity therefrom throughout this country and the West Indies. The testimonials are from all parts of the United States and Canada.

It is illustrated with photographic likenesses of extremely bad cases before and after cure, and mailed to those who send 10 cents. In consequence of Dr. Sherman's absence from his personal services, he will, till further notice, divide his time between his New York and Boston offices as follows: Saturday, Sunday and Monday he may be consulted at his New York office, and Wednesday, Thursday, and Friday, at his Boston office, each week. Remember, in writing or calling, the address is

Dr. J. A. SHERMAN

Popular Monthly Drawing of the

Commonwealth Distribution Co.,

AT MACAULEY'S THEATRE,

In the City of Louisville, on

TUESDAY, AUGUST 31st, 1880.

These Drawings, authorized by the Legislature of 1869, and sustained by all the courts of Kentucky, according to a contract made with the owners of the Frankfort grant, will occur regularly on the last day of every month, Sunday and Friday excepted, for the period of five years, terminating on June 30th, 1885.

The United States Circuit Court on March 31st rendered the following decisions:

1st. That the Commonwealth Distribution Company is legal.

2d. Its drawings are fair.

The management call attention to the liberal scheme which has met with such popular favor heretofore, and which will again be presented for

August Drawing.

Daily Chronicle.

Books, Magazines, Etc.

The September number of the *Atlantic Monthly* is full of interest. The table of contents shows an unusual variety; indeed, we have not for a long time taken up a magazine which contains so much of readable and interesting matter. Without time or space for an extended recital of the entertainment afforded, we unhesitatingly advise our readers to peruse the September *Atlantic*, as they will be amply repaid. Mr. James T. Fields has a poem; Poore's reminiscences of Washington life give an interesting sketch of Gen. Harrison's brief presidential career; a notice of Lockhart's life of Sir Walter Scott, by Thos. S. Perry, is well worth reading; indeed, the number is in every way interesting, as it is creditable to the publishers and its able editor.

Messrs. Roberts Brothers, the publishers of Jean Ingelow's poems, have during the past seventeen years paid this gifted writer of verse eighteen thousand dollars as copyright dues, though of course the firm was under no legal obligation to make any of such a liberal payment. The Boston publishing house have always published the author's editions, and are now offering these books to the trade at greatly reduced prices, to meet a competition developed by one of Miss Ingelow's own countrymen, who, forgetting the moral obligation in this respect, can afford to issue these works at low prices.

Harper's for September contains: The American Graces, illustrated; Fish and men in the Maine islands, the Family of George III, By-paths in the Mountains, The Seven Sleepers' paradise beside the Loire, Amid the grasses (a poem,) and Squatter life in New York, all profusely illustrated; continuations of "White Wings" and "Washington Square;" and other articles, with the usual editorial departments well filled. The magazine maintains its high reputation for ability to meet the popular wants. Myers and Moses Brothers have it.

—Why is a Zulu belle like a prophet of old? Because she has not much on'er in her own country.

Wicked for Clergymen.

Rev. ——, Washington, D. C., writes: "I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article made of valuable remedies known to all, that all physicians use and trust daily we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them."—*N. Y. Baptist Weekly.*

—A curious sight in St. Louis is that of a bearded, intelligent-looking man of forty playing with great zest at marbles, rolling a hoop, flying a kite, or walking stilts with the children of his neighborhood. In spite of his imposing head, he is scarcely the equal in mental developement of the children with whom he plays.

Consumptives gain in flesh, strength and spirits under a daily use of Malt Bitters.

—There is a young and handsome woman at Saratoga who wears a large diamond ring on each of her eight fingers whenever she is seen, whether at breakfast or by gas-light. She also wears diamonds in her hair, large solitaires in her ears, bracelets and pins set with these rare jewels, and one night she wore a diamond cross five or six inches long. A saucy letter-writer says she is suspected of also having anklets and garters clasped with diamonds, as well as shoe buckles. Who she is is a mystery, and she is popularly referred to as "the diamond princess."

Intense sufferings from Kidneys cured.

MONTGOMERY CENTER, VT., Feb. 25th, 1880.

Gentlemen: I feel it a duty and a pleasure not only to acknowledge my gratitude to you personally, but also to bring my case before the public, and testify after eight years intense suffering, what your Kidney-Wort has done for me. For the past year have been taking different remedies for kidney disease, but derived no benefit. Have had trouble with my kidneys for eight years, very bad by spells and for several months, able to do very little work, at times passing blood from the bladder, and experienced a prickly sensation all over. I was fearful of paralysis, and was dizzy, afraid to stoop over from fear of falling. At last in January commenced taking your Kidney-Wort and found almost immediate relief. One box made a new man of me. I feel almost as well as ever in my life, and I sincerely belive it will restore to health all who may be similarly afflicted.

MICHAEL CORO.

ESSRS. WELLS, RICHARDSON & CO.

Gentlemen: The above named person has been in our employ the past three years, and we know him to be a man of truth and honor; we believe and know his condition and statement to be true. We know of others in this vicinity equally as thankful for the benefits derived from the use of this medicine.

Respectfully Yours,
SHERMAN, BRADISH & CO.

Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N.H., as second-class matter.]

SATURDAY, AUGUST 21, 1880.

FOR PRESIDENT,

James A. Garfield,

OF OHIO.

FOR VICE PRESIDENT,

Chester A. Arthur,

OF NEW YORK.

Veterans' Reunion.

The fourth annual encampment and reunion of the Veteran Soldiers and Sailors of New Hampshire, will be held upon the grounds of the association, at Weir's Landing, during the week commencing Monday, August 30th. The camp is named in honor of one of the "rank and file," a color corporal of the eleventh New Hampshire, who gave his life in battle at Spottsylvania,—"Camp Corporal James K. Lane."

Ample arrangements have been made for a comfortable and jolly time. Extra trains will be run on most of the roads, and fares will be greatly reduced. Music, subsistence, etc., have been abundantly provided for. Invitations have been extended to the President, Governor Head and staff, and to a large number of prominent military men, and on Wednesday there will be a reception of distinguished guests, and exercises comprising a poem by Prof. Geo. W Gay, of Concord, addresses by several distinguished individuals, and other features which will be duly announced in *The Veteran's Knapsack.*

A Wonderful Gain.

The complete returns of the census in South Carolina have come to hand, and give the state a total population of 981,-402, an increase of 295,279, or more than *forty-three per cent*, since the census of 1870.—*Democratic exchange.*

The state of New York has gained but *sixteen per cent* in the same time; the state of Illinois, with its fertile prairies, and rapidly multiplying industries, has increased but *twenty-four* per cent; and Wisconsin, with all its immigration, but *twenty-three* per cent.

It is not even pretended that there has been any appreciable immigration into South Carolina, and there can be but one solution to its pretended immense increase of population, viz.: that the census was taken on the tissue-ballot plan, with especial reference to the next apportionment of members of congress.

And from the enormous prosperity of the whole south, as indicated by the census returns, it is evident that in nearly every southern state the census has been taken with the same object in view—to secure to the south, by fraud, a preponderance in the councils of the nation to which it is not entitled by population.

By this plan Virginia has been made to gain *thirty* per cent, North Carolina *thirty-one*, and Missouri *thirty-three*; and while the entire north has gained but about *twenty-six* per cent, the solid south has gained *thirty-one* per cent during the past decade.

Can any one pretend to believe the census of the southern states has been honestly taken?

News and Notes.

The list of deaths from the railroad collision at May's Landing, N. J., on the 11th inst., now foots up twenty-one.

The Boston theatre opens its regular season on Monday with Herne's "Hearts of Oak." The Park theatre in Boston also opens on the same evening, with "Sparks."

The paymaster of the Dwight mills at Chicopee, Mass., paid out $33,000 in gold last pay-day; many of the employes hardly knew what to do with it, and it took considerable argument to convince some of them that it was all right, and real money.

Last January, at Norfolk, Va., Chief of Police Benson committed suicide. On the 19th inst. his mother, a very aged lady, cut her throat with a table knife, and then jumped into a hogshead of water; she was dead when found.

At Nashville, Tenn., on the 19th inst., Milton Carter was killed by John Holcomb. Carter, who four months ago killed Holcomb's brother, was drunk and had been searching for Holcomb, whom he threatened to kill. He was overheard by Holcomb to say he would send him to hell as he had sent his brother, whereupon Holcomb levelled a double-barrelled shotgun and fired the fatal shot. To make sure work, he afterward fired two pistol balls into Carter's body, though the first shot killed him.

Stephen Miner, a man nearly eighty years of age, living with his son-in-law, Jay Blake, near Miltonboro', Vt., recently committed suicide by hanging. The motive for the deed is unknown.

An attempt at suicide was made at the depot in Springfield, Mass., on the 18th inst., by John Patterson of East Hartford, who was being taken through to Hartford by Connecticut officers, under arrest for a murderous assault on his wife. Patterson attempted to poison himself with laudanum before he reached Springfield, but the bottle was taken from him, and when he got there he tried to throw himself under the wheels of a train, but was prevented by the officer having him in charge. He was finally carried safely to Hartford and taken to jail.

A young man named Waldrop ran away from Sunnyside, Ga., some weeks ago, and went to Atlanta, taking with him a girl twelve years old, his wife's sister. Returning home on the 19th inst. he was arrested by the sheriff, but was taken from officer's custody by a mob, who cut his head off.

A despatch from Brenham, Texas, says that Rube Caruthers, colored, on trial for stealing cattle, was under guard Thursday night, when the guards were overpowered by forty disguised men and the prisoner was lynched.

Sherburne S. Sleeper and Geo. R. Sleeper, the republican and democratic candidates for county treasurer of Waldo county, Me., are brothers.

A steamer which arrived at Memphis on the 19th inst. reported everything quiet at Ashport, Tenn., the scene of the trouble between a crowd of river pirates and a wrecking crew, the sheriff, aided by the law-abiding portion of the population, having succeeded in restoring order. The wrecking crew had resumed operations on the steamer Vicksburg.

New Hampshire Items.

There will be a temperance meeting under the auspices of the Woman's Christian Temperance Union of New Hampshire, at the camp ground in Epping, on Friday and Saturday, Aug. 27th and 28th. Speakers from abroad and from the vicinity are expected to be present and take part in the exercises.

Taylor Durgin's house and barn at Compton were burned, with most of their contents, on the night of the 17th inst., by a supposed incendiary fire; no insurance.

One James Morgan hired a house at Keene and bought goods, paying in checks on the National Exchange bank, getting considerable money in each case in exchange, and left town via the Ashuelot railroad. He duped two parties, and perhaps others. The officers are on his track.

The republicans of Deering, Me., near Portland, had a rally on Thursday evening, when there was a torchlight procession, flag raisings, etc., many organized clubs being in line. Ten carloads of people went to Deering from Portland in a special train. As the republican clubs of Portland were returning home they were assailed by crowds of democratic ruffians with showers of stones, clubs, etc., and several of their number severely hurt. This method of making democratic votes works all right in the south, but seems not well suited to the latitude of New England.

—It is a tight squeeze for lemons this season.

—The pagoda-hat monstrosity is still perpetuated on the heads of children whose mothers have lost or never had an eye for the beautiful. If these children go to the hall, don't blame them too severely. A grown person could never be a Christian under such heathenish headgear.—*Transcript.*

A Reliable Wine.

Mr. A. Speer, New Jersey, whose Port Grape Wine has has such a wide reputation, and which physicians prescribe so generally, the first in this country to introduce the art of making wine from the Oporto Grape, which is now the best wine to be had, and has become a great favorite among the most prominent physicians of New York and Philadelphia, who have visited persons benefitted by it.

For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

—A New Bedford policeman, who, while in his shirt-sleeves, had a fight with his wife and got the worst of it, put on his coat, with the star symbolical of his authority, and essayed to arrest her. She resisted this effort also, and, having no fear of either law or husband, again polished him off handsomely.

The great popular remedy of the day, for coughs, colds, asthma, and all lung difficulties, is Adamson's Botanic Balsam. Inexpensive, reliable, pleasant to take, cures as by magic, and gives universal satisfaction. A trial is the best testimonial. Price, thirty-five cents. Trial size, ten cents.

—A clergyman named Hoyle was so indiscreet as to register his name at a hotel in Omaha. Within half an hour no fewer than fourteen persons sent their cards to his room to ascertain if a flush royal couldn't beat four aces.

—The Abbe Liszt told Theodore Thomas, during a recent interview, that he had written his last composition. "My pen is tired," said the venerable musician; "I have done."

Of the first stain or speck beware
That on your teeth you may espy,
There is by far more danger there,
Than at the moment meets the eye.
Use SOZODONT without delay,
And thus arrest the first decay.

A Down Town Merchant

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and the little fellow awoke next morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering, crying babies and restless night have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudice of the mother. Sold by all Druggists. 25 cents a bottle. 6

See a Woman!

In another column, picking grapes for SPEER'S WINE. It is an admirable article, used in hospitals and by the first-class families in Paris, London and New York, in preference to European or California Wines. For sale by A. P. Preston, David Kimball, F. B. Coleman, druggists; H. F. Gerrish, C. E. Laighton & Son, grocers.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. JOSEPH T. INMAN, *Station D, New York C.* D&W1JanS1

IT MAKES NO DRUNKARDS,

Breaks no Hearts, Excuses no Crimes.

Dr. David Kennedy's FAVORITE REMEDY is not a disguised enemy of the human race; where it cannot help, it does not harm. FAVORITE REMEDY is a combination of vegetable alteratives. It does not heat nor inflame the blood, but cools and purifies it. In all cases of Kidney troubles, Liver complaints, Constipation of the Bowels, and the delicate derangements which afflict women, the action of FAVORITE REMEDY is beyond praise. Thousands of grateful people voluntarily testify to this, in letters to Dr. Kennedy; and with a warmth and fulness of words which mere business documents and certificates never possess. It makes no drunkards—excuses no crimes—breaks no hearts. In its coming there is hope, and in its wings there is healing. We challenge a trial and are confident of the result. Dr. Kennedy would have it understood that, while he is engaged in the introduction of his medicine, "Favorite Remedy," he still continues the practice of his profession, but confines himself exclusively to *Office* practice. He treats all diseases of a chronic character, and performs all the minor and capital operations of surgery.

JAMES PYLE'S

PEARLINE

THE GREAT INVENTION

FOR WASHING AND CLEANSING

In hard or soft water, WITHOUT SOAP, and without danger to the finest fabric.

SAVES TIME and LABOR AMAZINGLY, and is rapidly coming into general use. Sold by all Grocers; but beware of vile counterfeits. Its great success brings out dangerous imitations, but PEARLINE is the only safe article. Always bears the name of James Pyle, New York.

Wanted.
